DESIRABLE ESTATE FOR SALE.

THE undersigned is authorized to offer for sale upon favorable terms, the House and Land of WILLIAM H. LOVELL, formerly of A. Coburn Hoyt, on North-West Street, at Pleasant Point on the Piscataqua River. The house is of modern build, has parlors, dining room, kitchen, etc., on the first floor, with five sleeping rooms. The cellar is high and unusually dry and well ventilated. It has a Magee furnace, heating two stories, and cistern from which water is supplied for the bath room. Hot water is carried by pipe to this room from the kitchen. Facilities for salt water bathing are at hand. The house is situated on a high elevation, and is in excellent repair. Every room commands a fine prospect, while the tide renders the situation in summer both cool and healthful. The drainage is perfect. The lot measures 142 feet on the river in front, inside of fences, and 225 feet on the west side. There is a large variety of choice fruit trees in bearing condition, with grape vines, strawberry beds, &c. A convenient stable and carriage house is also on the premises. Telephone in the house. The sale is made solely because the owner has accepted a position in another city, to which he is to remove. The terms of payment will be satisfactory to the purchaser. May be seen at any time upon application to WILLIAM H. HACKETT.

MANHOOD

KNOW THYSELF.

A Book for Every Man! Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be wholesomely cured. Those who doubt these assertions should purchase the most medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

238th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the best medical work on physiology that published. There is nothing what ever that the married either require or wish to know but what is explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

MEDICAL.

HEART DISEASE

IS YOUR
HEART SOUND?

Many people think themselves sick and doctor for kidney or liver troubles, or dyspepsia, while if the truth were known, the real cause is at the heart.

The renowned Dr. Cornelisung, startlingly says "one-third of my patients show signs of heart disease."

The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.

Dr. Greene's celebrated physician has prepared a specific for all heart troubles and kindred disorders. He is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Greene's thorough and exhaustive treatise.* 6d

Bad Luck.

Major C——is exceedingly fond of the game of whist. On one occasion he was speaking of the way in which adverse luck will sometimes pursue a man, and remarked that he once played a whole season at the White Sulphur Springs and never held a trump. Some one in the company suggested that that was impossible, because he must have held at least one trump every time he dealt the cards. But the major replied, "Every time I dealt, it was a misdeal."

He illustrated the same idea in another way. He said he was once in a party when the proposition was made to throw dice for drinks and cigars. He threw several times, and every time the dice came out ace, deuce. He was vexed, and threw them with all his might against the wall of the room. When he went to pick them up from the floor he was confronted with the same one and two spots. He went to the window and pitched them as far as he could into the yard.

The next day he felt like trying his luck again, and having no other pair of dice, he went out into the yard to hunt them up. Stooping down and peering closely into the grass, his eyes finally rested upon the ace. He was so mad that he made a mental resolution that if the other dice was found with the deuce up he would swallow them. He found them at last, and it was the deuce. He swallowed them both forthwith. Five minutes later, he became dreadfully alarmed at what might be the consequences of his rash act, and took a strong emetic. The dice were soon deposited on the grass again. "And as sure as you are alive," the major, "there lay the same old ace, deuce."—*Harper's Magazine*

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier, SULPHUR BITTERS. Why suffer with Boils, Why have your face covered with Blotches? Why have that terrible Headache? Why feel dull and drowsy? Why have your nerves all unstrung and need quieting? Why have Rheumatism and need to repair the damage which your excesses have caused. It is composed of the purest and most valuable medicinal ingredients that can be obtained, and is so compounded as to unite with the blood, Liver and Digestive Organs, and to act on all three at the same time. It is a positive cure for Poor Appetite, Biliousness, Dyspepsia, Nervous Headache, Nervous Debility, Rheumatism, Neuralgia, Sleeplessness, Blotches, Boils, Pimples, Humors, Costiveness, Female Complaints, Chills and Fever, Ague, Malaria, Fever and Ague, Intermittent Fever, Dropsy, Jaundice, Kidney Complaints, Gravel, Diseases of the Urinary Organs, Diabetes, Bright's Disease, Loss of Appetite, Dizziness, Sick Headache, Nervousness, Sleeplessness, Dyspepsia, Biliousness, Chronic Diarrhœa, Constipation, Piles, Female Weakness, Irregularities, Dragging Pains, Nervous Prostration, Dyspepsia, Sick Headache

Fright in the Farm House.

Family all taken sick at night. Unusual symptoms. Seemed like poisoning. What could it be? What had they eaten? Was it arsenic in the soup? Was it strychnine in the coffee? Was it rats'-bane in the pie? None of these. The cistern had not been cleaned for a long time. The family had been drinking impure water. They might have died, only that they took Perry Davis's Pain Killer. Family well. Farm-house happy. Everybody pleased.

The crop prospects for New Hampshire continue excellent in all sections, except as to apples, of which the supply will be unusually small. Corn and potatoes have flourished luxuriantly in all sections, and wheat is generally reported as first-class, wherever it has been cultivated. From thirty to forty bushels per acre is the product already reported by some farmers.

"Rev. G. W. Offley, New Bern, S. C., says "I have taken Brown's Iron Bitters and consider it one of the best medicines known."

A town picnic held Wednesday, Aug. 8th, at Roxbury, in Cheshire county, was attended by 600 residents of Roxbury and adjoining towns. Rev. Daniel Clark presided, and speeches were made by Rev. Cyrus Richardson and others. It was the largest public gathering ever held in the town.

A petition to the New Hampshire legislature is being circulated in the vicinity of Lake Sunapee, and extensively signed, asking that the provisions of the charter to the Sunapee dam corporation be annulled or modified. The charter was granted in 1820, and allows the corporation to draw water from Lake Sunapee to the alleged damage of public interests.

One voice all over the land goes up from mothers, that says, "My daughterp are so feeble and sad, with no strength, all out of breath and life at the least exertion. What can we do for them?" The answer is simple and full of hope. One to four weeks' use of Hop Bitters will make them healthy, rosy, sprightly, and cheerful.

The damage to crops and land in Stewartstown by the recent phenomenal hail storm will exceed $25,000, and that to roads and bridges over $2,000. The loss falls heavily in several instances by reason of a similar accident last season.

Dr. Green, Jay Gould's president of the Western Union Telegraph Co., recently went to England to have the Western Union stock listed at the stock board. He succeeded well as far as the dinner given in his honor and presided over by Mr. John Pender, our recent illustrious visitor, was concerned. Indeed, the post prandial remarks were quite complimentary. But when Dr. Green came to feel his patient's pulse upon the subject of being bled by Jay Gould, the careful John Bull declined the chance to be taken in. The Western Union must remove the cloud from the title to its shares, and stop the ill effects of the strike, before the cautious Englishman will step on board Mr. Gould's fast boat and be taken out into deep water.

Beer drinkers are hereafter to know all the ingredients used by beer brewers in the brewing of beer. The new forms under which the brewers are to report to the collectors of internal revenue require a sworn monthly statement of all details on the subject, and the penalty against fraud is heavy enough to make it very dangerous. We have from time to time heard alarming stories about the harmful ingredients put into beer by some of its manufacturers, but it will be well for them now to take warning and refrain from evil practices.—*Exchange.*

If all the brewers would use the kind of ingredients which the Portsmouth brewers carefully select for their ales, the confidence in beer would not be impaired by a knowledge of its ingredients.

There is much discussion among the democrats of Massachusetts as to whether Gov. Butler is to be re-nominated or not. They may save themselves all trouble on that score; he will be renominated if he thinks best; not otherwise. There is also a diversity of opinion as to whether he made any political capital for himself out of his Tewksbury performance. We don't believe he did. His best hold with the masses—such masses as attended the opening of Sullivan's saloon—has been his reputation as the champion bulldozer; he was sent to Congress on it at least once, by the republicans, to "stir up the rebel brigadiers." But in the Tewksbury investigation he met more than his match on his own particular plane, and lost much of his prestige; the comparatively young counsel for the defence not only showed that he was not in the least afraid of the great Ben Butler, but that he could repeatedly trip him up—and he did repeatedly trip him, too, and kept the "old man" in a chronic state of astonishment and ill temper all through the investigation. If Butler depends for a re-election on the capital he made out of the Tewksbury matter, he will not be the next governor of Massachusetts.

New Hampshire Legislature.

On the 8th inst. the senate passed a bill to incorporate Antrim academy. The house refused to order a roll call on each morning of the session, to determine the absentees. The following passed the house in the afternoon: Bills relating to the payment of damages happening on highways and bridges which two or more towns are bound to maintain; incorporating the Keene Guaranty Savings bank; incorporating the Granite State Mutual Aid society; in aid of purity of elections. The house adjourned on account of the absence of a quorum. The senate concurred with the house in the passage of the bill requiring annual statements to be made to the insurance commissioners by certain beneficial associations and societies doing business in this state. The committee on education reported a bill reviving the teachers' institute, which was read twice.

The house railroad committee was in session all day, on the 8th, considering various measures referred to them. The Colby bill as introduced was rejected unanimously. The majority voted to report the same in a new draft on the 9th. The committee bill empowers railroads to consolidate, unite and lease at the pleasure of stockholders, and authorizes the construction of lines by the general law, giving the supreme court power to determine public exigency for any new corporation. The minority of the committee will report recommending the indefinite postponement of the measure. The committee recommend indefinite postponement of the Hobbs general railroad law bill also; they recommend the passage of the bill to establish a railroad commission, with an amendment giving the board power to regulate fares and freight.

The house ordered to a third reading the bill authorizing the extension of the Newcastle town wharf; also the bill in relation to nuisances. To a second reading the bill making all waters in the state of a certain area, public waters for fishing.

The old ship New Orleans is soon to be sold by auction. The house which was built over it at Sackett's Harbor, N. Y., at the close of the war of 1812, was blown down three years ago. Since than the vessel has been the sport of storms. To-day it stands a sad, weatherbeaten object, awaiting its final destruction at the fall of the auctioneer's hammer. Many of its timbers have walked off in the shape of canes. The ship was built in sixty days from the time the timber stood in the forests, and would have been launched in thirty more had not peace been declared. All the rigging was conveyed from New York city at great expense and under great difficulties. There were no railroads, and the government road that ran out of and into Sackett's Harbor was a very rude affair. The anchor chain of the New Orleans, weighing from 6,000 to 8,000 pounds, was carried from Utica on the shoulders of 300 men, who traced their way by means of blazed trees. The New Orleans was built as a countermatch on Lake Ontario for the British ship St. Lawrence.

The caterpillar pest in Maine seems to be unprecedented. These ravenous worms made a similar visit in great numbers in 1868. During the intervening fifteen years scarcely any of the kind have been seen.

The Bangor, Me., board of trade, on Wednesday, the 8th inst., adopted a resolution that the contemplated lease of the Eastern railroad to the Boston & Maine railroad company will be, if consummated, prejudicial to the interests of Bangor and eastern Maine, and that a committee of three be appointed to communicate this expression of opinion to the meeting of the stockholders of the Maine Central railroad at Augusta on the 14th.

The Court street Christian society and Sunday school had a picnic at Jenness' beach, Rye, on Thursday last.

Sergeant Ira W. Cotier, U. S. M. C., attached to the barracks at this navy yard, is to leave the service, in which he has been for many years.

—"Jerry and I," is the title of a new song, but we doubt if it will go down as well as Tom and Jerry.

If you suffer with Sick Headache, Constipation, Sour Stomach, or Bilious attacks, **Emory's Little Cathartic Pills** will relieve you.—25 cts.

Of the many remedies before the public for Nervous Debility and weakness of Nerve Generative System, there is none equal to Allen's Brain Food, which promptly and permanently restores all lost vigor; it never fails. $1 pkg., 6 for $5.—At druggists.

RAILROAD NOTES.

At a meeting of the directors of the Portsmouth & Dover railroad, held after the adjournment of the annual meeting of stockholders on the 7th, Hon. Frank Jones was re-elected president; Calvin Page, Esq., clerk; and George L. Treadwell treasurer.

At the Eastern railroad station in Beverly, Mass., on the morning of the 8th inst., an accident which would possibly have been a terrible disaster was averted by the presence of mind and prompt action of a switch tender. At quarter past eight o'clock an east-bound passenger train was in the depot, the signals being set to warn the Gloucester express train, bound the other way; but suddenly the latter dashed around a curve at a high rate of speed, the airbrakes failing to work. A serious collision seemed inevitable, but when within fifty feet of the depot the runaway train was switched on a side track by Switchman Williams, and all danger was averted.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be readily overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE *Admiration* OF THE *WORLD.* *Mrs. S. A. Allen's* WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, August 9th, Mayor Treat in the chair:

Present the full board, except Ald. Sampson.

The records of the last meeting were read and approved.

The committee on accounts reported bills as follows: School houses $199.89, repairs city building $586.33, public library $10.80, printing $155.83, health department $25, salaries $516,66, sheep killed by dogs $29.50, contingent $256.-93, fire department $241.97, streets $808.-46, street lights $445.37, sewers $338.31, sidewalks $101.76, roads $647.48, bridges $110.68, police $151.64, watch $406.06; total $5032.67. Sundry other bills, for lamplighting, etc., were also ordered paid.

Claims of A. W. Tucker, for damage done by fireworks on Market square, $35, and of Hett Bros., $25, for clearing stable after fire in Vaughan street by order of health officers, were referred to the next city government.

An ordinance prohibiting the sending off of fireworks in the compact part of the city was read the first and second times.

Notice was received that the Common Council was in session, and ready to meet the board of mayor and aldermen and count the votes given for mayor.

The board met the common council, and canvassed the vote for mayor, the result showing that Hon. John S. Treat received a majority of the votes cast, and was duly elected.

The convention then rose, and the aldermen resumed.

The ordinance concerning fireworks in the compact part of the city was passed under suspension of the rules, and was concurred in its passage by the common council.

Bills of S. Philbrick, $88.41, Mr. Webber, $19.50, John Shannon, $10, F. E. Foster, $3, and D. E. Earing, $12, were ordered to be paid.

Ordinance exempting Portsmouth Machine Co. from taxation was passed, with an amendment that the exemption shall apply only to real estate and capital used for manufacturing purposes.

Release from Marcus P. Norton of his claim for damages was read, and ordered to be filed.

Stephen L. Marston's resignation as chief engineer of the fire department, to take effect on the 11th inst. or when his successor is appointed, was accepted.

Wardens and vestry of Christ church asked leave to enter a drain near the church; granted.

Request of Mrs. Lyman for relay of sidewalk on Austin street, and of Firemen's Muster committee for use of buildings (ward rooms, Spring market, etc.,) during the muster, were referred to the next city government.

On Mr. Carter's request for use of Spring market, leave to withdraw was voted.

Ald. Hackett offered the following:

Voted, that the thanks of the board be and hereby are presented to Hon. John S. Treat for the faithful and impartial manner in which he has presided over the deliberations of this board during the past year.

Unanimously adopted.

The mayor responded briefly.

Edw. W. Hilton's request to encumber Cabot street was granted.

Adjourned.

ROBBERY.

Burglars entered the residence of Thomas B. Yeaton at the Rockingham trotting park, on the Sherburne road, some time during the night of Wednesday, the 8th inst. There were apparently two men, well acquainted with the house, as the bar-room door was opened with a key, and everything overturned in that room; every cent of change in the drawer was taken out, and there were also two glasses and a bottle of liquor on the bar, the burglars having deliberately taken a drink. Mr. Yeaton's room was entered, and over $300 in money, a gold watch and chain which he had just purchased, and a valuable pin taken away. An attempt was made to enter other rooms in the house, but it failed.

THE KITTERY FERRY.

A hearing was had before the committee on incorporations in the senate on Thursday, upon the bill to charter the Portsmouth & Kittery Ferry Co. Mr. Augustus Stevenson of Kittery appeared for the grantees, who ask for a charter, and propose under a capital of $30,000 to run a steam ferry to Kittery, in boats capable of carrying horses, carriages and cattle as well as passengers. Col. Wm. H. Hackett appeared for Messrs. Keen and Trefethen, who own the boats now running to Kittery. Col. Hackett offered sundry amendments to the bill, and stated to the committee that the time in which the stock should be subscribed for should be limited to one year in order that his clients might know if their business was to be imperilled or not. He also proposed an amendment as to obligations to run suitable boats, providing for a commission to fix rates, and for taking land for wharves, etc., in Portsmouth. The bill will doubtless be amended in several respects.

GOSSIPS SAY

That a large number of Portsmouth people took passage on the Taurus for the Hub on Thursday.

That the islands at the mouth of this harbor were well covered with picnic parties on Wednesday.

That an excursion party from Peabody, Mass., will come to this city on the 16th inst.

That a large school of porpoises were sporting in the lower harbor on Wednesday and Thursday of this week.

That Col. Marvin will have charge of one of the shore batteries in the sham fight which will take place during the firemen's muster.

That Col. Piper's battery of Manchester has also been invited to participate.

That so anxious were the democrats of ward four to disown any responsibility for Major Urch's raid against the biennial election bill that they insisted on re-electing Mr. Henry F. Wendell as assessor, although that gentleman had been defeated in the nominating caucus.

That a number of campers out have pitched tents at Gerrish's island.

That Ex-Alderman Green signed the remonstrance against the biennial election bill, and it was supposed he did not wish to be continued in office—and he wasn't.

That the Hotel Wentworth, at Newcastle, was on Thursday last full to overflowing, and cots were being laid in the parlors for new arrivals.

That a similar state of affairs existed at the Appledore house, Isles of Shoals, and the Oceanic had a large number of guests.

That the hotels at Foss' beach, Rye, were over-crowded, and the private houses in the vicinity had many guests, who roomed in the houses and ate in the hotels.

GROUND FOR PRIDE.

Two excursionists from Boston by the steamer Taurus, one day this week, were passing along Water street, and stopping in front of a store addressed the proprietor, who was standing in the door-way, with "What state is this in?" "New Hampshire," was the reply. "New Hampshire! What in —— part of New Hampshire is *this?*" responded the gentleman from Sullivanville. "Why, Ben Butler was born only about fifteen miles from here," explained the storekeeper, and with an apologetic "Oh!" the seekers after information passed on, apparently entirely satisfied with Portsmouth's claim to distinction.

Mr. G. B. Griffith, state agent for the "New Hampshire Poets," is in town, and will canvass the city for this very popular work. Forty-six Portsmouth authors are represented in the volume, this being the "banner town" in the list of poets. Mr. Griffith has already taken 1300 orders for the volume in a canvass of twenty-seven towns.

By invitation of Commodore Wells, commandant of the navy yard, a party of about 150 ladies and gentlemen went to the Shoals in the tug Leyden, Thursday.

The Methodist society of Ipswich, Mass., had a picnic at Dover point on Wednesday of this week, coming in an extra train consisting of nine well filled cars. The Catholics of Newburyport had a picnic at the point on Thursday.

The Taurus had 1050 passengers from Boston to this city on Thursday last.

President Arthur is expected to visit this region about the 18th of September.

Several hundred people visited the house of Mr. George Hayes on Prospect street, Christian Shore, Wednesday evening of this week, the attraction being a night-blooming cereus. The plant produced three flowers, which commenced to expand about six o'clock in the evening, and at ten o'clock were fully open; they were each about nine inches across.

Mr. Charles E. Hodgdon, the ice-dealer, was on the 8th reported to be very ill with typhoid pneumonia.

The steamer James Sampson failed to make her morning trip on Thursday, owing to the unexpected absence of the engineer. Another man was procured to run the engine, and the other regular trips of the day were made in accordance with the time table.

Naval Constructor Boush is ordered from this navy yard to Washington, temporarily, on special duty.

THE FIREMEN'S MUSTER.

Veteran Engine Co. of Marlboro', Mass., and Alert Hose Co. of Concord, entered for the muster on the 9th.

The South Berwick band has been engaged by the committee of arrangements.

All citizens who can take boarders or lodgers, outside of firemen, are requested to notify the Committee of Arrangements by a postal card, giving prices. No one except respectable people will be sent to any house whose occupants send such cards.

The Best Baking Powder.

The best baking powder is made from pure Cream of Tartar, Bicarbonate of Soda, and a small quanity of flour or starch. Frequently other ingredients are used, and serve a purpose in reducing the cost and increasing the profits of the manufacturer.

We give the Government Chemist's analyses of two of the leading baking powders:

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour,
Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.
Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above analyses indicate a preference for "Cleveland's Superior Baking Powder," and our opinion is that it is the better preparation.—*Hall's Journal of Health.*

DESIRABLE ESTATE FOR SALE,

THE undersigned is authorized to offer for sale upon favorable terms, the House and Land of WILLIAM H. LOVELL, formerly of A. Coburn Hoyt, on NorthWest Street, at Pleasant Point on the Piscataqua River. The house is of modern build, has parlors, dining room, kitchen, etc., on the first floor, with five sleeping rooms. The cellar is high and unusually dry and well ventilated. It has a Magee furnace, heating two stories, and closets from which water is supplied for the bath room. Hot water is carried by pipe to this room from the kitchen. Facilities for salt water bathing are at hand. The house is situated on a high elevation, and is in excellent repair. Every room commands a fine prospect, while the tide ripples in the situation in summer both cool and healthful. The drainage is perfect. The lot measures 143 feet on the river in front, inside of fences, and 320 feet on the west side. There is a large variety of choice fruit trees in bearing condition, with grape vines, strawberry beds, &c. A convenient stable and carriage house is also on the premises. Telephone in the house. The sale is made solely because the owner has accepted a position in another city, to which he is to remove. The terms of payment will be satisfactory to the purchaser. May be seen any time upon application to WILLIAM H. HACKETT.

"THE
ELLIS' HORSE REMEDIES
ARE THE BEST."

Solidly Endorsed by the "Spirit of the Times," and Leading Veterinary Surgeons.

"ELLIS'S SPAVIN CURE.—Of course, it is generally regarded as impossible to completely" cure a bone spavin and remove the enlargement" but *it is positively astonishing* what curative" properties exist in the mixture known as Ellis's" Spavin Cure, and those who have given it a fair" trial say *it is the best remedy* that they ever applied. In many cases it has not only removed" the lameness, but also the lump, and *we recommend it* as far superior to the ordinary blisters" prescribed by the faculty. We also learn that" Ellis's condition, colic, worm, and heave powders are *the best of their kind*, and just what every" horse owner should have at hand ready for use. *May 12th, 1883.*"

Sold by all druggists and harness men.

☞ Our $5 and $10 assortment of Ellis's horse remedies should be in every stable.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and physical debility, premature decline of man, or vigality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

26th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. The startling whatsoever that the married or single either require or wish to know but what is explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and became incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and pronounced a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

THE WISE PREVENT SICKNESS.

SANFORD'S GINGER
A Delicious Combination of Imported Ginger,

Choice Aromatics, and the best of **French Brandy.** Vastly superior to all other gingers, all of which are made with the strongest **Alcohol.**

Cures Colds, Chills, Feverish and Rheumatic symptoms, Ague Pains and Malaria.

Cures Dyspepsia, Sick Headache, Sea Sickness, Flatulency, Cramps, Cholera Morbus, Dysentery, and ills incidental to change of climate.

A Fruit Stimulant with alcoholic reaction, delicately flavored, purely medicinal. **Sanford's Ginger** overcomes exhaustion, allays nervousness, promotes sleep, eradicates a craving for intoxicants, and strengthens those reduced by disease, debility and dissipation.

Beware of all Gingers said to be the same or as good as **Sanford's Ginger.** Unprincipled dealers, who for a few cents extra profit try to force upon you their own or others when you call for **Sanford's Ginger.** Sold by druggists, grocers, etc.

Potter Drug and Chemical Co., Boston.

For the relief and prevention, **the instant it is applied,** of Rheumatism, Neuralgia, Sciatica, Coughs, Colds, Weak Back, Stomach, and Bowels, Shooting Pains, Numbness, Hysteria, Female Pains, Palpitation, Dyspepsia, Liver Complaint, Bilious Fever, Malaria and Epidemics, use **Collins' Plasters** (an **Electric Battery** combined with a **Porous Plaster**) and laugh at Pain. **25c.** everywhere.

HEART DISEASE

IS YOUR HEART SOUND?

Many people think themselves sick and doctor for kidney or liver troubles, or dyspepsia, while of the truth were known, the real cause is at the heart.

The renowned Dr. Clendinning, startingly says "one-third of my patients show signs of heart disease."

The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and kindred disorders. He is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggist, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise.* (1)

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on improved farms (accepted only after careful personal inspection of the premises by our agents), worth from three to five times the amount of loans; run from two to five years; and the interest, payable semi-annually, is collected and paid by the Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans exceedingly more profitable than either Government, State, City or Mining Securities. They pay a large interest, and are perfectly safe for the reasons stated above.

On application we will take pleasure in sending references to leading Bankers East and West. Address, for pamphlet and full information,

Canon Bernard's Embezzlement.

A despatch from Tournay, Belgium, says that in the trial of Canon Bernard, who was recently extradited from the United States, charged with abstracting papers and securities representing several millions of francs from the episcopal palace of the diocese of Tournay, counsel for the defendant declared that his client had a document from the pope which empowered him to take the measures he deemed best to conceal the treasure. He could not have supposed that such an order meant that he was only to conceal it in Tournay. Canon Bernard, he said, had been made a scapegoat for Bishop Rousseaux, who had written to him while in New York, virtually ordering him to continue to conceal the funds. Bishop Rousseaux believed that he could avoid meeting the claims in court of Mgr. Dumont, the former bishop of the diocese, by sending the funds beyond the reach of the judicial power; if he had been successful he would have indemnified Canon Bernard, who had merely attempted an evasion of the civil law, and had not committed a criminal offence. The case it is said has caused a very painful feeling in religious circles in Belgium.

Great Storm.

A terrible storm of wind, rain and hail swept over Cass, Shelby, Crawford and Mills counties, Iowa, on the 9th inst., destroying the crops in a belt from two to five miles wide, killing several persons, and causing an estimated loss of $500,000. It is reported that the hail in some places was five feet deep on the ground!

Dr. E. H. Babbitt, Hickory, N. C., says "Brown's Iron Bitters give great satisfaction."

Richard Collins, a workman in the machine shop of the Pacific mills at Lawrence, Mass., was torn to pieces by machinery on the 8th inst. He was badly hurt about a year ago, by being caught in a belt.

"Buchu-Paiba."

Quick, complete cure, all annoying kidney, bladder and urinary diseases. $1. Druggists.

A fire Tuesday night, the 7th inst., destroyed the warehouses, stables and wharves of the Knickerbocker Ice company at Philadelphia, on the river front. Forty-three horses and four mules perished. The Philadelphia & Reading railroad freight depot adjoining was damaged. Loss $50,000.

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?—

And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malaria! fever, ague, &c.,"

and they will tell you:

"Mandrake! or Dandelion!"

Hence, when these remedies are combined with others equally valuable

Fright in the Farm House.

Family all taken sick at night. Unusual symptoms. Seemed like poisoning. What could it be? What had they eaten? Was it arsenic in the soup? Was it strychnine in the coffee? Was it rats'-bane in the pie? None of these. The cistern had not been cleaned for a long time. The family had been drinking impure water. They might have died, only that they took Perry Davis's Pain Killer. Family well. Farm-house happy. Everybody pleased.

Mrs. Sally Goodrich of Nottingham will be 101 years old the 8th of October next. She is now quite feeble, her eyesight being totally gone, and her hearing greatly impaired. She resides with her son, N. G. G. Goodrich, Esq., who is seventy-three years of age.

One voice all over the land goes up from mothers, that says, "My daughterp are so feeble and sad, with no strength, all out of breath and life at the least exertion. What can we do for them?" The answer is simple and full of hope. One to four weeks' use of Hop Bitters will make them healthy, rosy, sprightly, and cheerful.

Tilton village was raided by burglars Wednesday night, Aug. 8th. Several private residences were entered and sums of money taken, besides numerous articles of jewelry. The largest amount was at the residence of Russell P. Noyes; nearly $200 in money, a pocketbook with valuable papers, and a gold watch were taken. The work was evidently done by professionals. No arrests.

A Brave Act.

A correspondent of the Boston *Traveller*, writing from Beverly, Mass., on the 9th inst., says:

The all absorbing topic of conversation in town to-day is the brave act of Isaac Williams in averting a collision between two passenger trains at the Eastern railroad station on Wednesday morning, the 8th. It seems that the train to Portland came into Beverly depot a few moments late, and signals were set warning the Gloucester express, then due, but the engineer of the express did not notice them quite as soon as he would had he not known that the road, by right, was his.

When he did see them he at once applied his air brakes and reversed his engine, but the suddenness of the act broke the connections of the air brake and they would not hold the train. The engine, with wheels reversed, was rushing onward, pushed by the train. Danger signals were shown to man the brakes, but nothing could stop the mad career of the train under such headway.

Among those who saw the incoming train rushing to its sure destruction was Ike Smith, as he is familiarly called by his friends, and he at once sprang to the switch to turn the train off its course, but to his horror he found the Portland train had run on to the switch. At once calling to the engineer to back off he stood by while men were calling him to get away or he would be killed. Well knowing it was his life or a hundred others, and perhaps both, he stood firm, and the instant the Portland engine was off the switch he gave it a turn just as the incoming engine struck it, the engines passing within a few inches of each other, and away went the express on to a side track.

Smith is usually employed on a gravel train, has seen many narrow escapes, but never loses his head. This week he is employed to fill the place of Mason, who is on a vacation, and right well has he filled it. The express had on board a large number of the wealthy shore residents, who were perfectly wild over Williams and his daring exploit. A large sum of money was at once made up for him on the train, and more is in store for him. He certainly deserves promotion.

Williams, who is about twenty-eight years old, and a son of Joseph Williams, a bricklayer, living on Rantoul street, is the hero of the day.

A staging at the third story of a new building on Washington street, Boston, gave way on Friday while five men were on it, letting four of them fall to the pavement, the fifth being caught by a fellow workman and pulled into a second story window. Frank Roberts was fatally hurt, and two others were so badly injured that it was feared they could not recover.

The steamship Pathan arrived at Sydney, N. S. W., Aug. 9th, having on board Kavanagh, Hoelan, Joseph Smith and the other Irish informers in the Phenix park murder cases, who were prevented by the authorities at Melbourne, Victoria, from landing at that place. The informers have been transferred to the ironclad Nelson, by order of the British government.

The Haytien revolution appears to be gaining ground all the time. The town of Jacmel has pronounced in favor of a revolution, and a pronunciamento is expected at Cape Haytien. The government has raised the siege of Miragoane, and concentrated its troops to defend Port au Prince and Leogane from threatened attack.

Capt. I. H. Dodd, of the schooner E. G. Irwin, which arrived at Richmond, Va., Aug. 4th, from a New England port, was arrested on the 8th on a charge of attempted violation of the neutrality laws. The vessel was also seized, and put in charge of a deputy United States marshal. The charges are that the vessel had on board suspicious war material, which was not to be unloaded at Richmond. It consisted of 150 stands of Winchester and repeating rifles and carbines, pistols, cartridges, boxes of ammunition in large quantities, and two cannon, with wheels, axles, etc., all new. The information which led to the arrest and seizure was given by one of the crew. Capt. Dodd was bailed.

The acting secretary of the treasury on the 8th inst. received a telegram from the collector of customs at Tacoma, Washington territory, stating that his officers, with the assistance of the revenue steamer Walcott, had captured a sloop engaged in running Chinese across the line from British Columbia. Two smugglers were arrested, but nine of the Chinese passengers escaped. The collector also said that nearly 100 Chinamen had landed at various points on the northern frontier in boats and Indian canoes within the past few days, and that he is powerless to prevent them landing unless his force is largely increased. Acting Secretary French said he did not feel authorized to increase the force of the collector at present. He expected Secretary Folger back in a few days, and the subject would be brought to his attention at once.

The New York *World* says of Mrs. Langtry: "The news that Mrs. Langtry is to take her former position in society while in England shows that a person may hold two different social positions, one on one side of the water and the other on the other side. In England Mrs. Langtry's position is that of a lady who has been presented at court, and who is consequently acceptable in any society. In this country Mrs. Langtry's position is that of an actress who has left her husband and who attracts notice by accepting conspicuous attentions from another man. Mrs. Langtry is reported as saying that she is fond of all Americans. This is certainly very kind, as she has yet to find the first door of a lady's house opened to her."

Tom Buchanan, who was arrested in this city last winter and sent to Rockland, Me., at which place he had broken out of jail, and who was afterward sent to the Maine state prison, was shot in the leg by an officer on the 9th inst., while attempting to scale the prison walls.

Portsmouth is not the only city which has to bear an unbearable nuisance in the shape of a body of foul-smelling water. A correspondent of the Providence *Journal* remonstrates against the city improving the railways and parks while the citizens "are obliged to shut their windows and endure the heat of a close room, rather than to inhale the murderous air that arises from our river."

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

About seventy-five persons were entertained at a picnic dinner in Kittery on the 9th inst., by Mrs. Eunice M. Young, aged ninety-eight years. It was announced that a grove meeting in the old lady's honor would be held on Sunday, the 12th.

C. B. Mahan, alias the "Granite Agricultural Works of Lebanon, N. H.," a notorious swindler, died suddenly at Binghamton, N. Y., on the 26th ult. Few tears will be shed over the demise of this tricky and dishonest scoundrel by the many farmers of York county on whom he worked his swindling schemes six or eight years ago, though they may be sorry that he died suddenly, instead of at the end of a long and painful illness. It would be easy to name the place to which the plundered agriculturists hope Mahan has gone.

A gentleman in this city from York beach, last Friday, reported the hotels and boarding houses as more than full of guests, cots and field beds being in requisition at nearly all of them. A grand illumination of the houses at Union bluff and Concordville was announced for Saturday evening, the 11th inst.

Camp Grant, at Old Orchard, was visited by robbers Wednesday night of this week, and $20 and a gold watch were stolen from one tent, and a chain worth $26 from another. No trace of the robbers has been found.

The raliroad commissioners of Massachusetts have rendered their findings in the case of the narrow escape from a collision, on the Eastern railroad at Beverly, recently. Mr. John Savage, engineer of the Portland train, and Mr. Isaac S. Williams, switchman, are both commended for their prompt actions, which averted the collision. No blame is attached to any of the train hands. President Jackson, of the Eastern road, has written letters to Savage and Williams, commending their acts, and intimating that the matter will be brought before the board of directors.

Harper's Weekly of the 11th inst. has a very poor likeness of Senator-elect Pike.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

☞ Use HOOD'S TOOTH-POWDER.

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

GOSSIPS SAY

That the steamer Taurus brought 1600 passengers on her trip to this port Friday.

That the working girls of Boston are not as good looking as the working girls of Portsmouth.

That this is the opinion of nearly three thousand people who crowded our river front to see them arrive on Friday.

That it is conceded that the Iron Steamboat company offers the most popular excursion out of Boston.

That "Johnny" Whittem, a Portsmouth boy and a typo in the Boston *Herald* office, is considered one of the best amateur ball-tossers in the Hub.

That two score of Portsmouth people occupied seats at the Boston museum on Thursday evening last.

That the falling of a staging from the third story front of a block opposite Cunningham's carpet emporium on Washington street, Boston, whereby one man was killed and two fatally wounded, on Friday morning last, was witnessed by three Portsmouth gentlemen.

HON. ELISHA H. JEWETT

Died at his home in South Berwick, Me., on the 8th inst., at the age of sixty-seven years. He was an active, shrewd and reliable business man, and served as a director of the national bank of South Berwick, a trustee of the savings bank, and as president and a director of the Portsmouth Manufacturing company. During the late civil war, in company with the late John Trickey, under the firm of Trickey & Jewett, he was a large contractor for furnishing timber for the Portsmouth and Charlestown navy yards. He served two terms in the Maine senate, in 1865 and 1866; was a delegate to the convention which nominated Garfield and Arthur, and was a presidential elector the same year. In social life he was courteous and pleasant, and he was as generally liked as he was widely known.

FARM TALK.

The crops in the suburbs of Portsmonth are promising well. Corn is looking unusually flourishing, and if we continue to have slight rains, and frost keeps off until the corn gets well eared out, there will be an abundant yield. Potatoes also indicate a good crop. If the rot don't strike them, there will be more potatoes raised hereabouts this season than have been produced for years. Fruit that promised so well in the spring by an unusually large blowth, will be generally a failure. A fair yield of apples may be looked for, however, if the high winds don't blow them all off before they get ripe. Vines are doing well; plenty of cucumbers are grown, and lots of pickles will be gathered. Last year the entire crop of everything except that of hay, was a failure, on account of the almost unprecedented drought. Potatoes, corn, and everything that ripened late in the season, all dried up, much to the chagrin of the helpless farmer. This year the season has been remarkably wet up to within a few weeks, and the contrast is pleasant and profitable.

Many not in the business of agriculture are quite inclined to envy the farmer, and think he leads an independent life. These is no class of toilers, however, that are less sure of a fair compensation for their labor. In the first place, they are more exposed to cold and wet, work harder and get less renumeration for it than the average lumper in the city. Add to this the dread uncertainty of a failure of harvest, and the farmer's life is not at all smooth sailing. Taxes, too, are onerous, and fall unequally on this class. The schedule blank (which is supposed to be gotten up to make taxation more equal) comes 'round every spring for a just rendering of the property one may possess. The farmer looks it over, marks each item at what he judges it is fairly worth to him, (not at what he will sell it for, because perhaps he don't want to sell it,) and sends it to the astute board of assessors, who are expected to and in fact *do* know everybody's business. They look it over with a granny's gaze, and knowing no more about farming and values of farm items than individuals having no experience would be likely to know, conclude that it is too low, and raise it as their judgment dictates. The farmer protests against such outrageous taxation; the farm is visited, but the wise men are rarely convinced that their figures are to high, and pay the poor farmer must or doomage results. Of course, there are are exceptions, but as a rule a farmer's taxes are larger proportionally than those of any other class of individuals who contribute to the expenses of running the state and towns throughout. THE REUNION.

The following explains itself:

BOSTON, July 24, 1883.

Colonel William H. Sise, chairman citizens' committee, Portsmouth, New Hampshire.

Dear Sir:—At a regular meeting of the executive committee of the Sons of Portsmouth, resident in Boston and vicinity, it was

Voted, That the unanimous thanks of this committee be extended to Colonel William H. Sise, chairman, and the members of the citizens' committee of Portsmouth, New Hampshire, for the most gratifying and acceptable reception given to the Sons and Daughters of Portsmouth resident abroad, upon the occasion of the return of the visiting delegation, on July Fourth, 1883.

From the records. A true copy.
Attest: ARTHUR S. GERRISH,
Sec. of Ex. Com.

It is intimated that the Boston committee contemplate issuing at an early date a limited number of pamphlets giving a history of the late reunion.

Grass is growing around the old Spring market. It didn't use to be so.

Capt. Orlando G. Robinson of New Bedford, Mass., formerly of this city, and later a resident of Greenland for some years, is here on a visit, with his family. Since his removal from Greenland to New Bedford he has served two terms in the Massachusetts legislature, notwithstanding which he is as genial and frank in his manner as ever.

William Sheilds, engaged in fishing with Elvin Newtons's gang at "Lunging" island, Isles of Shoals, made a trip to this city on Thursday last, and reported that eight Georgesmen were balted at the island the previous week, at a cost to them of about $500.

The steamer Startled Fawn brought an excursion party to this city on Friday last, from Haverhill and Newburyport.

William A. Meloon, Esq., wife and daughter, and Mrs. R. D. Smart and son, of this city; Mr. and Mrs. Charles F. Kimball of Winchester, Mass., and Miss Edith A. R. Adams of Cambridgeport, Mass., are sojourning at Riverview cottage, Newcastle.

Mr. Lemuel B. Caswell, of Smuttynose island, Isles of Shoals, reports that nothing worth mentioning has been done at the islands this year in the way of catching mackerel, and that fish of all kinds have been unusually scarce.

A large crowd of people assembled on Commercial wharf, Friday afternoon, to see the steamboat load of working girls brought down from Boston by the steamer Taurus on a free ride. One gentleman assured us that the girls must have numbered at least two thousand, but as the number of free tickets was limited to five hundred, his estimate was no doubt an exceedingly liberal one. The officers of the steamer said there were over 1000 paying passengers, making the whole party number over 1500; and on the wharf and in its immediate vicinity there must have been at least twice as large a number of spectators.

We had a very pleasant call on Friday from B. P. Shillaber, Esq., who is as jovial as ever, though older than he used to be, and no lighter in weight. He speaks derisively of his old enemies, gout and rheumatism, having conquered them both.

The post-office at Greenland was entered on the night of the 9th inst., by some person who removed a pane of glass in a rear window, and then pried off the window band. How much plunder, if any, was secured, our informant did not state.

Workmen were on Friday engaged in putting the tanks and other gear in the brick building erected near the Jones brewery for the production of gas to light the brewery and the Rockingham house, and commenced trenching for the pipes.

THE FIREMEN'S MUSTER.

All citizens who can take boarders or lodgers, outside of firemen, are requested to notify the Committee of Arrangements by a postal card, giving prices. No one except respectable people will be sent to any house whose occupants send such cards.

The Best Baking Powder.

The best baking powder is made from pure Cream of Tartar, Bicarbonate of Soda, and a small quanity of flour or starch. Frequently other ingredients are used, and serve a purpose in reducing the cost and increasing the profits of the manufacturer.

We give the Government Chemist's analyses of two of the leading baking powders:

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.
Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.
Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above analyses indicate a preference for "Cleveland's Superior Baking Powder," and our opinion is that it is the better preparation.—*Hall's Journal of Health.*

DESIRABLE ESTATE FOR SALE.

THE undersigned is authorized to offer for sale upon favorable terms, the House and Land of WILLIAM H. LOVELL, formerly of A. Coburn Hoyt, on North West Street, at Pleasant Point on the Piscataqua River. The house is of modern build, has parlors, dining room, kitchen, etc., on the first floor, with five sleeping rooms. The cellar is high and unusually dry and well ventilated. It has a Magee furnace, heating two stories, and cistern from which water is supplied for the bath room. Hot water is carried by pipe to this room from the kitchen. Facilities for salt water bathing are at hand. The house is situated on a high elevation, and is in excellent repair. Every room commands a fine prospect, while the tide renders the situation in summer both cool and healthful. The drainage is perfect. The lot measures 142 feet on the river in front, inside of fences, and 220 feet on the west side. There is a large variety of choice fruit trees in bearing condition, with grape vines, strawberry beds, &c. A convenient stable and carriage house is also on the premises. Telephone in the house. The sale is made solely because the owner has accepted a position in another city, to which he is to remove. The terms of payment will be satisfactory to the purchaser. May be seen at any time upon application to WILLIAM H. HACKETT.

Those who desire a correct understanding should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

26th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homœopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, and at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. RAYRE HINKLE.

HEART DISEASE

IS YOUR HEART SOUND?

Many people think themselves sick and doctor for kidney or liver troubles, or dyspepsia, while it is the heart were known, the real cause is at the heart.

The renowned Dr. Cundmann, startingly says "one-third of my subjects show signs of heart disease."

The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and kindred disorders. This is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise.* (1)

Another One.

It is stated that Captain J. D. Rhodes, a swimmer of some note and proprietor of a life-preserving armor patented by himself, who in 1877 dived from a staging 100 feet high, near Ferry landing, Niagara river, writes to Superintendent Neilson, of Prospect park, Niagara Falls, that he will use his armor and give $1,000 bonds to swim the whirlpool any time between September and November 25th. He desired to make arrangements with the Park company, offering to deposit $1,000 with them as security. Neilson wrote declining to be a party to the suicidal attempt. Rhodes then replied that he should come to the Falls, and if the authorities would not give him an opportunity he would cross to the Canada side, from Captain Webb's starting point, and show to the world what his life-saving armor will do. He says: "It is not for any notoriety or money that I shall attempt it, but purely to demonstrate that my armor will, with my additional strength, carry me safely through. I shall come to the falls within nine days, and take my points and carry out my plans, and the first person who shall endeavor to retard my progress I will take under my arm and give him a bath." An oil barrel half filled with water, headed tight and decorated with flags, went safely through the rapids on a recent morning, and at no time was it entirely submerged.

Didn't Want a Girl.

Last summer my wife's health was all run down, and she wanted me to hire a girl to do the work. In a little while I found one I thought would suit her, when to my surprise she said I need not hire any one, as she felt better, and thought another bottle of Sulphur Bitters would cure her. Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. This original Nutrient and Tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

John Fisher, a young man, and Winifred Butler, a girl of sixteen, were drowned off Quincy, Mass., Aug. 8th, by being knocked out of a boat through the swinging of the boom.

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?—
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"

The Railroad Bill.

The following is the "new draft" of the Colby railroad bill, submitted to the house last week:

STATE OF NEW HAMPSHIRE.

IN THE YEAR OF OUR LORD ONE THOUSAND EIGHT HUNDRED AND EIGHTY-THREE.

AN ACT providing for the establishment of Railroad Corporations by general law.

Be it enacted by the Senate and House of Representatives in General Court convened:

SEC. 1. Any number of persons not less than twenty-five, a majority of them being inhabitants of this state, may associate themselves together, by written or printed articles of agreement, for the purpose of forming a railroad corporation, and, upon complying with the provisions of this act and of such of the general laws of the state as relate to the formation and organization of railroad corporations not inconsistent with this act, shall, with their associates and successors, be and remain a corporation, with all the powers and privileges, and subject to all the duties, liabilities and restrictions, set forth in this act, or in the laws of this state applicable to railroad corporations, and incident to corporations of a similar nature.

SEC. 2. The articles of the association shall state the name of the corporation, the termini of the railroad proposed to be built, its length as near as may be, and the name of each city, town and county through or into which its route extends, its guage, the amount of the capital stock of the corporation, which shall not be less than fifteen thousand dollars for each mile when the guage is more than three feet, and not less than six thousand dollars for each mile when the guage is three feet or less, and shall be divided into shares of one hundred dollars each, and the names of at least seven persons to act as a board of directoss until others are chosen by the corporation. Each associate shall subscribe to the articles his name, residence, post office address, and the number of shares of stock which he agrees to take, but no subscriber shall be bound to pay beyond ten per cent. of the amount of his subscription unless the corporation is established.

SEC. 3. The corporate name assumed shall be one not in use by any other corporation in this state, and shall be changed only by act of the legislature. The associates may from time to time, at any meeting called for the purpose, reduce the amount of the capital stock, but not below the limit prescribed in the preceding section, and not to reduce the par value below $100 per share; and they may in like manner change the guage of the road. The directors shall be subscribers to the articles of association, and a majority of them shall be inhabitants of this state. They shall appoint a clerk, who shall be an inhabitant of this state and shall be sworn to the faithful discharge of his duties, and who shall record the doings of the directors and the proceedings of the association. They shall also appoint a treasurer of the association, who shall give bond to their satisfaction for the faithful performance of his trust. The clerk and treasurer thus appointed shall hold their respective offices until clerk and treasurer of the corporation are duly chosen or appointed. The directors may fill any vacancy happening in their own board or in the office of clerk or treasurer previous to the establishment of the corporation. The directors shall cause a copy of the articles of association to be filed with the clerk of each city or town through or into which the railroad is proposed to be located, with a plan of line showing the termini and the length of railroad in each town, and also shall cause the articles of association to be published in some newspaper in each county in which said railroad is proposed to be located; and the certificate of the clerk of the association, or the affidavit of any other person upon or annexed to the articles of association, shall be evidence of such publication.

SEC. 4. Whenever the full amount of the capital stock, as provided in section 2, has been subscribed in good faith by responsible persons, such association may apply to any justice of the supreme court, who shall appoint a time and place of hearing, give such notice thereof as justice may require, and when it shall be made to appear to such justice that the requirements of this act and such of the general laws of the state as relate to the formation of railroad corporations have been complied with, such justice shall annex to such articles of association a certificate that these requirements of the law have been complied with.

SEC. 5. The directors shall thereupon cause the articles of association, with all the certificates endorsed thereon or annexed thereto, to be recorded in the office of the secretary of state, who, upon the payment to him of his reasonable charges therefor, shall record the same in a book kept for that purpose, and shall issue a certificate, substantially in the following form, to be annexed to said articles of association:

THE STATE OF NEW HAMPSHIRE.

Be it known, that whereas have associated themselves together with the intention of forming a corporation under the name of the , for the purpose of locating, constructing, maintaining, and operating a railroad [description of road, as in articles of association] and have complied with the laws of the state relating thereto, therefore, I, secretary of state, do hereby certify that the persons aforesaid, their associates and successors, are legally established as a corporation under the name of the , with all the powers and privileges, and subject to all the duties, liabilities, and restrictions, of the laws of this state applicable to railroad corporations.

In witness whereof I have hereunto subscribed my name and affixed the seal of said state, this day of in the year

[state seal]

Secretary of State.

The certificate so executed shall be recorded by the secretary of state, and the same, with the articles of association and certificates annexed thereto, shall also be recorded in the books of the corporation; and the original, or a duly certified copy thereof, shall be evidence of the establishment of the corporation at the date of such certificate.

SEC. 6. Upon the issue and record of such certificate the directors may call the first meeting of the corporation at such time and place in this state and for such purposes as they may think the interests of the corporation require, which shall be notified by the clerk of the association by depositing in the post office, prepaid, to the place of their destination, written or printed notices of the time, place, and objects of such meeting, by him signed, seven days at least prior to the day of such meeting, addressed to each stockholder or subscriber for stock, at his post-office address; and said clerk shall make a record of his doings in notifying such meeting in the records of the association. At such first meeting, or any adjournment thereof, the corporation may adopt by-laws, choose directors, and all necessary officers and agents, and transact any other business of which notice has been given in the notification of the meeting.

SEC. 7. When the corporation has been duly organized as herein provided, the directors may apply by petition to the supreme court, at the law term or adjourned term thereof, setting forth the facts relating to the establishment and organization of the corporation, its termini, and the route on which it is desired that said railroad shall be located, to determine whether the public good requires the laying out and construction of such railroad. Said court shall forthwith give such notice as justice may require, and if no sufficient objection is shown may refer said petition to the railroad commissioners, or to three referees to be appointed by it, who shall give notice, hear the parties as county commissioners are required to do in cases of petitions relating to highways referred to them, at which hearing any person whose business or property may be affected by such laying out and construction shall be heard.

SEC. 8. Such commissioners or referees shall report to the court whether, in their opinion, the public good requires the laying out, construction, and operation of such railroad on the route set forth in such petition, and shall locate the same in the same manner as that provided by the general laws for the location of a railroad: *Provided*, that such location shall not be made on or over any portion of any of the routes for which charters have already been granted to any existing railroad corporation not yet located, unless such corporation shall fail to file a location of its route, as now provided by law, on or before December 31, 1884, and that no location shall be made upon or over any portion of the location of any railroad except when necessary for connections and crossings. *Provided*, that this act shall not prevent the location and construction of a railroad from North Stratford to Canada line by any railroad corporation after the expiration of the time limited in the charter of the Boston, Concord & Montreal Railroad.

SEC. 9. Any person aggrieved by the decision of the court or referees may file his objection, in writing, with the clerk of the court, and be heard thereon at the term of the court at which such report is made; and said court may render judgment on said report, or make such order therein as justice may require; and the location of the route of said railroad, as fixed by the decision of said court, shall be recorded by the secretary of state, and said route may be changed in the mode now prescribed by law.

SEC. 10. If said court shall render judgment laying out said railroad, the directors may apply to the railroad commissioners to assess the damages to landholders and other parties interested, as provided by law.

SEC. 11. If the capital stock fixed in the articles of association, upon the filing of which the certificate of establishment was issued, is found to be insufficient for the construction or equipment of the railroad, the corporation, at a meeting called for the purpose, may increase the same from time to time to the amount necessary for the purpose aforesaid, giving to existing stockholders the right to take the new stock in proportion to their old stock before offering the same to new subscribers.

The corporation may in like manner reduce the amount of its capital stock, reducing the stock of each stockholder *pro rata*, provided the stock shall never be reduced below the limit prescribed in section two, and the par value shall not be reduced below $100 per share, and may in like manner change the gauge of of the road; but if any such increase or reduction of capital or change of gauge is made, a certificate of the fact, signed by the president and clerk of the corporation, shall, within thirty days thereafter, be recorded in the office of the secretary of state as provided for the original location.

SEC. 12. If such corporation does not begin the construction of its road and expend thereon at least twenty per cent. of the amount of its original capital stock within two years after the date of its certificate of establishment, and does not complete its road and open the same for use within four years from said date, its corporate powers and existence shall cease, except as to such parts of said railroad below then shall have been completed for use.

SEC. 13. No railroad corporation shall enter upon any land or other property for the purpose of constructing a road until an amount equal to at least twenty per cent. of the par value of each share of the capital stock has been actually paid in; nor shall any corporation commence running its trains until its paid-up capital stock shall be equal to at least one half its cost, including equipment.

SEC. 14. Any railroad corporation, now or hereafter in operation in this state, may build branches or extensions by complying with the provisions of sections seven, eight, nine, ten, and thirteen of this act, and to such of the general laws of the state as apply thereto; may issue stock solely for the construction and equipment of such branch or extension, provided that such new stock shall be entitled to dividends only at the same rate as may by law be divided on the stock of the corporation before such issue, or without additional capital stock if its indebtedness is not thereby increased.

SEC. 15. No corporation organized to construct its road on a gauge of three feet or less shall change such gauge to more than three feet without complying with all provisions of law in relation to the capital stock of roads of the gauge last named; and the fact that such provisions have been complied with shall be shown to the satisfaction of one of the justices of the supreme court, and endorsed by him upon the certificate of such change of gauge, before recording the same in the office of the secretary of state.

SEC. 16. Whenever the railroad of any corporation organized under this act shall be finished and opened for use, the corporation shall, within one year thereafter, cause a map and profile thereof, with tables of grade and curvature, and a statement of other characteristics of the road, in such form as the railroad commissioners may prescribe, to be certified by its engineers, and filed in the office of the secretary of the state. Every such railroad corporation shall hold at least one meeting in each year for the choice of such number of directors as the by-laws may prescribe, which shall be called the annual meeting; and this and all other corporate meetings shall be holden at such time and at such convenient place in this state as the by-laws may prescribe or the directors appoint.

SEC. 17. Two or more railroad corporations may contract that either corporation shall perform all the transportation of persons and freight upon and over the road of the other, or any road leased or operated by it, and any railroad corporation may lease its road, railroad property, and interests to any other railroad corporation, upon such terms and for such time as may be or may have been agreed to by the directors, and as may be or may have been approved by a majority in interest of the stockholders of each corporation, at meetings called for the purpose, at which stockholders may in person or by proxy cast votes upon the full number of shares owned or represented by them. And two or more railroad corporations may unite and form a new corporation, which shall have all the powers, privileges, franchises, property, and rights of every kind, assume and be subject to all the duties and liabilities of the corporations forming such union, or either of them, and of railroad corporations, under the laws of this state and under their several charters, upon such terms and conditions and with such guaranties as may be or may have been agreed upon by votes of a majority in interest of the stockholders of each corporation, at meetings called for the purpose, at which stockholders may in person or by proxy cast votes upon the full number of shares owned or represented by them; and with such view either corporation may purchase and hold stock in the other, may adopt by-laws providing for the number and manner of choosing its directors and other officers, and define their duties and the time and manner of holding meetings of the corporation, and for such other purposes as its interests may require: Provided, that the rates for fares and freights existing August 1, 1883, shall not be increased on any part of the road of said new corporation; but no competing railroad now prohibited by law from leasing or uniting shall have a right under the provisions of this act to unite with or lease each other unless said roads, or one of them, have heretofore leased or united with some other road or roads for the purpose of forming a continuous line, or shall hereafter, or at the time of such lease or union, unite with or lease some other road for such purpose. When any railroad is leased under the provisions of this act, said lease shall be recorded by the secretary of state; and when a new corporation is formed as provided in this section, the terms of such union shall be recorded by the secretary of state, and it shall file a map and profile of its road as required by section sixteen of this act; when such railroad within this state has been organized or formed by a lease or union of roads organized under the laws of the state, the principal place of business of the corporation, and the offices of the superintendent or general management, shall be located therein, unless otherwise provided by the legislature. The first meeting of a new corporation formed by the union of two or more existing railroad corporations shall be called by the presidents of the corporations comprising such union, or either of them, and seven days' notice shall be given of the time and place of said meeting by publication in one or more newspapers in each county where either of said railroads is located; but nothing in this act shall impair the right of the state to hereafter take any or all of the roads that may be leased or united under it, according to the provisions of their several charters, or the general laws of the state.

SEC. 18. Railroad corporations created by the laws of other states, operating roads within this state, shall have the same rights for the purposes of operating, leasing, or uniting with other roads as if created by the laws of this state.

SEC. 19. Such new railroad corporation may, if necessary to perfect such union, procure the assent of all the stockholders

COLORLESS AND COLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the rosiest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying to her friends.

—When Seneca Haines of Shandakin, N. Y., became the father of twenty children by one wife, a fellow townsman offered to deed 500 acres of land to him if he was blessed with another heir. Subsequently the prolific Mrs. Haines presented her husband with twins, and the 500 acres were added to Haines' real estate.

Of course, if Sam lied—well, one doesn't like to say anything against the clergy, but Mr. Beers ought to have known better than to see the fish.

Catarrh.

The remarkable results in a disease so universal and with such a variety of characteristics as catarrh, prove how effectually Hood's Sarsaparilla, acting through the blood, reaches every part of the human system. A medicine, like anything else, can be fairly judged only by its results. We point with pride to the glorious record Hood's Sarsaparilla has entered upon the hearts of thousands of people it has cured of catarrh.

—"Will you please tell me what is proper for a lady to do when she is serenaded?" The custom is to light the gas, in order to give the serenaders the satisfaction of knowing that the fair lady is awake. Of course the curtains, which have been left open to let in the summer air, should first be closed, but nine times out of ten the girl gets flustrated and forgets the curtains until the room is illuminated. Than she gives a little yell and crawls under the bed.

The Prize of Beauty

would never have been awarded to Venus if her teeth had been yellow. Frail mortals, unlike the deities of fables, have perishable teeth, but these may remain unimpaired to an advanced age, if they will use Sozodont, which keeps the teeth free from impurities which destroy them and renders them objects of admiration. It is pure, refreshing leaves an agreeable flavor in the mouth, and sweetens the breath.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward she doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

of the several corporations to the terms of union, and they may exchange their shares of stock in the former corporation for shares in the new corporation on such terms as have been agreed to by the votes of the corporations as aforesaid. If from any cause such new corporation shall be unable to procure such consent, such corporation or person holding stock may, if legally necessary to perfect such union, apply to the supreme court to determine whether the public good requires the union of such corporations, and to have the value of the interest of such stockholder in the corporation, over and above its debts and liabilities, appraised by said court or referees appointed by it.

SEC. 20. In like manner said corporation may, if legally necessary, procure the assent of any bondholder or person holding a lien on the property of the corporation. If from any cause said new corporation is unable to agree with the person holding such bond or other lien, either party may, if legally necessary so to do, apply to the supreme court to determine whether the public good requires the union of such corporations, and to have the value of such interest in the property of the corporation appraised in the same manner as provided in section 19 of this act.

SEC. 21. On the payment or tender of the amount of such appraisal, with interest to the date of such tender or payment, to the party holding such stock, bonds, or lien, the interest of such holder of stock, bonds, or lien shall cease.

SEC. 22. Said corporation may issue new stock or bonds, and sell the same to an amount sufficient to make such payment or tender, and such bonds may be secured by a mortgage of its road if the corporation shall so vote.

SEC. 23. Said corporation may fix the amount of its capital stock and bring the stock of the united corporation to a common basis, but the capital stock of said new corporation shall not exceed the aggregate capital stock of such new corporations at the time of such union.

SEC. 24. No dividend shall be made by such united corporation to any greater amount in the aggregate than such separate corporations are allowed by law to make at the date of such union.

SEC. 25. Any railroad corporation organized or united under the provisions of this act may issue its bonds for the purpose of constructing, completing, improving, or equipping its road, and for the purpose of liquidating the indebtedness of the corporation to an amount not exceeding its capital stock actually paid in at the date of such issue, and may mortgage its road to secure the same if the corporation shall so vote.

SEC. 26. The directors of railroad corporations shall from time to time establish reasonable rates for the transportation of passengers and freight over their railroads, and when two or more railroads, organized under the laws of this state, are authorized by law to connect in any city or town in this state, each of them shall at reasonable times and for reasonable compensation draw over its road the cars, passengers, and freight delivered to it by any railroad which is authorized to enter on and use the same, or which is authorized to use any connecting railroad having such authority; and each of them shall, for a reasonable compensation, provide upon its road convenient and suitable depot accommodations for the passengers and freight of the other corporation passing to, from, and over it. If the corporations cannot agree upon the terms and conditions upon which such accommodations shall be furnished for the passengers and freight of the other, or if two corporations operating roads of different gauges cannot agree as to the requisite terminal accommodations, or as to the manner in which passengers and freight shall be transferred from one road to the other and forwarded, the supreme court, upon the petition of either party, and after notice to the other, shall hear the parties, and determine [having reference to the convenience and interest of the corporations and of the public to be accommodated thereby,] the terms and conditions upon which such accommodations for passengers and freight, or requisite terminal accommodations and manner of transferring passengers and freight as aforesaid shall be furnished, and upon the application of either party shall determine all questions between the parties in relation to the transportation of passengers and freight; and the award of said court shall be binding upon the respective corporations for one year, or until said court shall revise and alter the same.

SEC. 27. No railroad corporation shall charge or receive for the transportation of freight to any station on its road a greater sum than is at the time charged or received for the transportation of the like class and quantity of freight from the same original point of departure to a station at a greater distance on its road in the same direction. Two or more connecting railroads in this state shall not charge or receive for the transportation of freight to any station on the road of either of them a greater sum than is at the time charged or received for transportation of the like class and quantity of freight from the same original point of departure to a station at a greater distance on the road of either of them in the same direction. In the construction of this section the sum charged or received for the transportation of freight shall include all terminal charges, and the road of a corporation shall include all the road in use by it, whether owned or operated under a contract or lease.

SEC. 28. A railroad corporation which violates any provision of the preceding section, in addition to liability for all damages sustained by reason of such violation, shall be liable for each offence to a penalty of two hundred dollars, to be recovered in an action of tort to his own use by the party aggrieved, or to the use of the state by the attorney-general, or the solicitor of the county in which such violation was committed; but no such action shall be maintained unless the same is brought within one year from the date of such violation.

SEC. 29. The legislature may alter, amend, or repeal this act when the public good may require the same.

SEC. 30. This act shall take effect upon its passage.

The British steamship Brantford City was ashore near Lockport, N. S., Aug. 11th, with twelve feet of water in her hold. The steamer Ludwig, from Europe for Montreal, is six weeks overdue; she had about eighty people on board, and was insured with her cargo for $500,000.

A company has purchased the steamship Great Eastern for the coal trade between the Firth of Forth and the Thames. Twenty thousand tons of coal can be stowed away in her, in sacks. The use to which she has come may not be without pathos to those who recall the dreams of her designers, but it may be a compensating remembrance that so notable an historic memorial as Capt. Cook's "Resolution" was also employed in the coal traffic.

A man who gave his name as Robert Westman was arrested last week for burglary at Enfield, Me., and placed in Bangor jail. Wednesday, the 8th inst., he was recognized as Robert Ackley, who committed extensive burglaries at Machias, and escaped from the jail at that place recently. The man who recognized Ackley was in the state prison at the same time with him.

Some Plain Talk.

We find in an exchange, which claims to be an advocate of purity and decency in politics, this paragraph:

"William E. Chandler, who left his duties at Washington under the pretence that he wanted to see his sick mother, and hurried to New Hampshire to force himself into the senatorial fight there, still hangs about Concord so as to be near a brother who is accommodating enough to be indisposed."

And this is a very fair specimen of the comments upon Mr. Chandler's visit to New Hampshire which have appeared during the past four weeks in nearly every democratic and independent paper in the country. Within a week after Mr. Chandler reached Concord, he followed his mother to her grave; and a few days later his brother, who had come from Baltimore to attend the funeral, was stricken down by a disease which the physicians pronounced fatal, and has been steadily sinking ever since. Under these circumstances for him to have staid away except upon the most imperative call of duty would have been heartless, beastly, yes, damnable, and by doing it he would have forfeited the respect of every man, woman and child whose head and heart are better than a brute's. And all this is known in every editorial room from Concord to Galveston.

William E. Chandler is no political pet of ours. He generally supports men, and often measures, to which we are opposed, and it is sometimes difficult to keep on good terms with him, but in the name of fairness, humanity and common decency we protest against the malignancy which, in order to serve political ends, mocks at his family afflictions, and makes his bereavements the subject of insinuations, sneers and jests. When it comes to that, that a man cannot bury his dead mother or remain by the bedside of a dying brother without being pursued and howled at as a hypocrite and a fraud, nay, when a man's relations cannot sicken and die without being denounced as tricksters and conspirators for doing it, by the organs of purified politics, it is time that people who make no claim to being better than their neighbors spoke their minds, and this we do when we say that this systematic and persistent pursuit of Mr. Chandler to the sick chambers of his relatives is as wicked, as atrocious, as repulsive as anything ever known in American politics.—*Manchester Mirror.*

A Whistling Fish.

One of the most singular of the fish family is, doubtless, the whistling sucker, which is sometimes caught in Walker lake. The fish when caught emits a plaintive whistle which will almost persuade an angler with any tenderness of heart to throw it back into the water. Charley Kimball has one which was caught in a net when quite young. He keeps it in a tank, and has taught it to know him and whistle when it is hungry. When its master approaches, the fish pushes its nose and mouth barely out of the water, and making a pucker with its lips which the human pucker does not nearly equal, whistles some shrill notes. It appears to have some of the parrot characteristics, and Kimball thinks that in time he can teach it to whistle part of some simple tune.—*Nevada paper.*

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of billiousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD. Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

GOSSIPS SAY

That if the "working girls" had had their way in the matter, they would have been made very beautiful.

That as they were not consulted in that particular it was not very gallant to say that they were "plain," etc.

That "handsome is that handsome does"—and as the officers of the Taurus say that the excursion party of last Friday was one of the best behaved that they have ever carried on that boat, it is certain enough that the party was not gathered "from the streets."

That the steamer Fearless went to sea early on Saturday morning with a party of gentlemen boarding at Newcastle, who have piscatorial inclinations.

That a very large supply of lemons, sugar, Jamaica ginger, etc., were taken along.

That mackerel have struck in along shore, and schools of them were seen playing about the wharves on Saturday.

That Shirley B. Cunningham, Esq., of St. Paul, Minnesota, is in town, on a brief visit to his old home and friends in this city.

That a party of ladies and gentlemen from Keene, numbering about a dozen persons, are domiciled at the Duncan cottage, Badgers' island, for a few weeks.

That a party of young ladies leave this city this morning for a four days' trip over like Winnipesaukee and the surrounding country.

That Commercial wharf is daily thronged with people when the Boston steamer arrives.

That a frightened horse, or a panic among the people at that time, might easily cause a terrible accident, as there is deep water on both sides of the wharf, and a strong current.

That in case such a disaster should happen, the wharf would probably be fenced off and kept clear of the crowd thereafter.

That a pound of prevention is better than an ounce of cure.

GAIETIES IN KITTERY.

KITTERY POINT, ME., Aug. 11th.

The cool and airy parlors and halls of the Pepperell house have resounded with gaiety this week, two charming festivities having taken place, which although they were ostensibly children's entertainments, gave great pleasure to all the harmonious household assembled at this pleasant summer retreat.

The first was a concert entirely arranged and carried out by the children, of whom there were seven who sang, of ages from seven to twelve years, assisted by one of the ladies as accompanist. Song after song, sentimental and grotesque, from Pinafore and other sources, charmed the roomful of listeners, and the fresh young voices delighted the ear no less than the beaming, youthful faces gave joy to the eyes of the audience.

Last evening (Friday) a much gayer affair took place, being a party given to the children by some of their kind older friends. The new dining room was marvellously transformed into a delightful dancing hall, and looked very attractive with its decorations of bunting, green boughs, golden rod and other flowers. All the children, from the little cherubs of four to those who no longer call themselves little girls, appeared in full dress; and who can describe or forget the rosy cheeks and floating hair, and sweet faces bubbling over with happiness as the moments flew by, while dancing and games of old and new fashion were indulged in with a life and zest which proved beyond a doubt what a good time they were having. Kind and loving friends had arranged a supper in a room adjoining the dining room, and the ice cream and bonbons were thoroughly appreciated,—and all were quite ready to echo the verse the children sang as they were marched off from waltzes, games and banquet.

"We'll give three cheers and one cheer more,
For the pleasant hotel at Kittery shore."

Yours truly, W.

AN UNMERITED SLUR.

The Taurus brought 1500 passengers, including the 500 so-called shop girls of Boston. Most of them appeared more like a crowd picked up from the streets, and very plain at that.

Mr. Editor: The above paragraph, taken from the *Times* of Friday evening last, struck me as being not only unkind but cruelly unjust to the 500 working girls of Boston who were so kindly given a day's excursion on Friday by the managers of the steamer Taurus. I saw them land, and as they strolled about the city; and I never saw a more modest-appearing, well-behaved body of young women, of any class, than they seemed.

True, there was not a startling amount of personal beauty among them, nor many rich toilettes; there were more calicoes and ginghams than silks and satins; but they were clean and neat, and if many of them had hollow cheeks and pinched features, it should be remembered that long and weary hours of labor in close rooms, a bitter struggle to "make both ends meet," and oftentimes poor and scanty food, are not conducive to the development of womanly charms.

To me there was something very pathetic in the eager, childlike wistfulness to be seen on many of their faces, as though they were half dazed to find themselves having such a good time, and so far away from home; and I have no doubt that scores of them drank in more of God's fresh air and bright sunshine that day than they ever before enjoyed in the same length of time in their lives. Certainly they were not of the class to be "picked off the streets;" that class wears silks and jewels, ostrich feathers and gaudy ribbons, and cares nothing for an excursion merely for its own sake.

With the motive of the managers of the steamer in giving the free excursion—whether it was wholly a desire to do a generous deed, or a shrewd plan to advertise their splendid boat, or a mixture of the two—I do not trouble myself; the act itself was a kind and praiseworthy one, and no doubt let a brief ray of light and happiness into many a dark and cheerless life. MATELOT.

The family and a few friends of Mr. J. H. Thacher, of this city, are enjoying a very pleasant season at their Harborview cottage, at the cape, in Newcastle.

Notwithstanding this is the month of August, we are to have, it is predicted, cold weather next winter, and now is the time to put in a new furnace if one is needed. Mr Sweetser has the "Perfect return-flue furnace," which it is said comes nearer perfection than anything else of the kind ever invented.

The steamer Taurus was three-quarters of an hour late in arriving from Boston on Saturday, owing to a head wind and quite heavy head sea; she brought a party of about 600 persons.

Schooner yacht Lancet, of New York, was towed to an anchorage near Kittery on Saturday by the Mystic.

Mr. and Mrs. J. A. Johnson, of Lynn, Mass., are spending a short but pleasant season at the Riverview cottage, Newcastle.

Capt. James E. Ford of this city on Saturday received a letter saying that 400 men, representing fourteen G. A. R. posts in Plymouth county, Mass., will attend the veterans' reunion at Weirs early next month, bringing with them a band, and probably the department commander of Massachusetts and his staff.

The Newmarket *Advertiser* of last week says: "The Newmarket cornet band are hard at work practicing for the firemen's muster, which they will attend with the Granite engine company week after next. They have received a lot of new music, and we have no doubt they will make a fine appearance at Portsmouth, and do honor to our town."

The widow of Hon. Elisha H. Jewett of South Berwick is a sister to Mrs. Helen Cross Knight of this city.

In the police court at Saco, one day last week, "Tad" Timony was fined $47 and costs for taking a principal part in promoting a dog fight some months ago; he was arrested at the time, but cleared out while on bail, and was caught in Great Falls last week. In Dover, last Friday afternoon, Pat Cassidy and Pat McFadden were arrested for assaulting Timony's wife.

A gentleman who was playing a game of tenpins in the bowling alley of the Gorham house at Old Orchard, on the 8th inst., hung his coat on a hook while he played. At the close of the game he found his coat all right, but his pocket book, containing $800, had disappeared.

When Reeve, the comedian, was once accosted by an elderly female with a small bottle of gin in her hand, with "Pray, sir, I beg your pardon, is this the way to the work-house?" John gave her a look of great dignity and pointing to the bottle gravely said, "No, ma'am; but that is."

THE FIREMEN'S MUSTER.

All citizens who can take boarders or lodgers, outside of firemen, are requested to notify the Committee of Arrangements by a postal card, giving prices. No one except respectable people will be sent to any house whose occupants send such cards.

FRED B. HARADEN, *Asst. C. S.*

Ex-Mayor Robert Morison, now of Northwood, was in town on Saturday last. He is eighty-seven years old, but though venerable in looks his movements are brisk, and he displays none of the infirmities of age. Mr. Morison's first visit to Portsmouth was in 1810, when his brother brought him here in a sleigh. In 1817 he came here to study penmanship for a while; at a later period he taught school in the old schoolhouse on the site of the Bartlett schoolhouse in School street. May he continue in years and in health.

Last week two gondolas, loaded with sub-marine granite, taken from the Gangway and Badger's point sub-marine quarries, discharged their cargoes at the Newcastle breakwater. There is still room enough for a great deal more of the same kind of material to improve this already very decided improvement in the tide-water of our river.

Newmarket Hose Co., No. 1, of Newmarket, has disbanded, and a new company has been formed of employes of the Newmarket Manfg. Co. The name of the new organization is the Newmarket Mills Hose Co.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT.
WASHINGTON, June 21, 1883.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Monday, September 24, 1883, at which time and place they will be opened, for the purchase of certain vessels which have been stricken from the Navy Register, under authority of an act of Congress approved March 3, 1883, and which it is deemed for the best interests of the United States to sell.

The vessels offered, their appraised value and their locality are, the Congress, $25,400; Guard, $2,800; Kansas, $4,100; Grand Sachem, $10,400, at Portsmouth, N. H. Iowa, $44,600; Niagara 22,000; and Ohio, $16,700, at Boston. Blue Light, $500, and Lordon, $640, at New London, Conn. New Orleans, $200, (on the stocks), at Sackett's Harbor, N. Y. Susque anna, $9,000; at New York. Burlington, $5,000; Gibson, $400; Supply, $1,200; Sorrel, $200, and Dictator, $33,500; at League Island, Pa. Frolic, $8,000; and Relief, $2,600, at Washington, D. C. Wyoming, $2,400; Shawmut, $5,300, and Savannah, $10,600, at Norfolk. Roanoke, $37,300, at Chester, Pa. Pawnee, $5,000, and Seaweed, $500, at Port royal, S. C.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed "Proposals for the purchase of vessels," so as to distinguish them from other communications. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest prices therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check), of not less than ten per cent. of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two or more sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent. of the amount of such offer or proposal, within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cent., or any part thereof, within that time, said cash deposit of ten per cent. shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels; also forms of bids and bonds which must be used by bidders. The vessels can be examined at any time by applying to the Commandants of the Yards.

The purchasers must remove the vessels purchased from the limits of the Yards or Stations within such reasonable time as may be fixed by the Department.

WILLIAM E. CHANDLER,
Secretary of the Navy.

MANHOOD

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who desire the prescription that purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

26th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homœopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everyth ing that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

From Col. J. Maidhof, of New York: "I have suffered severely for the last ten years from Hay Fever in early and mid-summer and in the fall. I desire in the interest of my fellow sufferers to testify in favor of Ely's Cream Balm. My short use of it demonstrated its efficacy. J. MAIDHOF, 401 Broadway.

I recommend Ely's Cream Balm to relieve all persons suffering from Rose Cold and Hay Fever. I have been a great sufferer from these complaints and have used it. —Drowning men catch at straws, and so do thirsty men.

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affection, etc? It is simply because they will not come and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin- watery and impure. Insure blood carries weakness and distress to every part of the body. Supply this lack of Iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains and general ill-health.

THE

New Hampshire GAZETTE !

Established 1756.

THE GAZETTE IS PUBLISHED EVERY THURSDAY AND SENT TO SUBSCRIBERS AT THE LOW PRICE OF $1.50 PER YEAR, PAID IN ADVANCE, OR $2 AT THE END OF THE YEAR.

It contains full accounts of all of important transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic, editorials upon current topics; New Hampshire items, carefully prepared marine news, containing reports of vessels owned at the port, or collected by men from Portsmouth or its neighborhood, and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it.

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE, THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

— THE —

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find it an economical medium. The Gazette is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Official List of Patents

Granted to citizens of New Hampshire, for the week ending August 7th.

[Compiled weekly expressly for this paper.]

John A. Knight, Marlborough, rotary steam engine.

Stephen B. Scruton, assignor to E. G. & E. Wallace of Rochester, burnisher and beader-head for polishing heels.

Weak lungs, spitting of blood, consumption, and kindred affections, cured without physician. Address for treatise, with stamps, World's Dispensary Medical Association, Buffalo, N. Y.

The American frigate Vandalia is now cruising in the gulf of St. Lawrence, and there is some excitement at Montreal, as she is expected to pay Montreal harbor a visit after the 16th inst. Montreal citizens propose getting up a grand entertainment for the officers.

The Ham family is probably not so numerous as the Smiths, Browns, and Jones. Mr. N. Ham, of Sutton, Vt., is a well informed, astute, and appreciative man, as any one man may infer from the following extract from one of that gentleman's recent letters. Mr. H. goes on to remark that "Dr. Graves' Heart Regulator is the best remedy for the heart ever offered." These are strong words but strictly true.

At Chicago, Ill., Aug. 11th, Frederick W. Thayer and George Wright of Boston, who claim to own the right to manufacture the safety masks used by base-ball catchers, began suit against Spalding Brothers of Chicago, for damages to their patent rights, and an injunction restraining them from manufacturing the masks was issued by the United States court.

Could not Keep

Shop without them. I consider your Sulphur Bitters a remarkable blood purifier. I know of several people whose cases were considered hopeless, that have been entirely cured by your medicine. The sale of Sulphur Bitters is so large here that I could not keep shop without them. E. S. YATES, Pharmacist, 99 Essex street, Lawrence, Mass.

Charles Davis fell from a team at North Adams, Mass., Aug. 10th, and broke his neck, while driving up Florida mountain.

Hood's Sarsaparilla

Is designed to meet the wants of those who need a medicine to build them up, give them an appetite, purify their blood, and oil up the machinery of their bodies. No other article takes hold of the system and hits exactly the spot like Hood's Sarsaparilla. It works like magic, reaching every part of the human body through the blood, giving to all renewed life and energy. $1 a bottle; six for $5.

William Gould, fifty years old, was killed in a mill at Shirley, Mass., Aug. 10th, by being caught in the machinery.

"Rough on Corns."

Ask for Wells' "Rough on Corns," 15c. Quick, complete, permanent cure. Corns, warts, bunions.

It is positively asserted that Cetewayo, the Zulu king, is not dead.

Don't Die in the House.

"Rough on Rats" Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

Owen Dorris, John Kirwis and James Cannon were killed on the Baltimore & Ohio railroad track, near Dommler station, Friday night last.

The Secret.

The Baltimore *News*, says it is preposterous to speak of substantial success without intrinsic, unquestioned merit. St. Jacobs Oil, the great pain-cure, is a most pronounced example. Its immense sale is due to its merit.

A farmer named Joe Tulford has been lynched by citizens of Miller county, Ala., for the murder of his wife, in which he was aided by negroes.

COLORLESS AND COLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the roslest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying to her friends.

At Huntsville, Ala., August 10th, James, son of City Clerk Matthews, was instantly killed by the discharge of an old army musket in the hands of Blain Bannister, son of Rev. J. M. Bannister.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

Alfred Doyall, a near relative by marriage to Ex-Gov. Smith and Ex-Gov. Berton of Georgia, has been sentenced to be hanged on Sept. 15th for the murder of Policeman Hancock.

"My horse was very lame with Navicular Joint disease," says W. E. Peterson, of Waltham, Mass., "Ellis's Spavin Cure has cured him." It never disappoints.

A despatch of Aug. 11th from Laredo to the *News*, of Galveston, Texas, says: "A report comes direct from Queretaro, Mexico, which is about 100 miles below Laredo, that Cortina was in that place last Tuesday with 300 revolutionists. From reliable reports it is probable that the northern states of Mexico will be in a state of revolution before the year is out. The complaint seems to be against the manifest usurpation of power by the general government at the city of Mexico. Only a few days ago the mayor and city council of New Laredo were fined in a large sum because of their removal of city officers against the wishes of the government."

The Prize of Beauty

would never have been awarded to Venus if her teeth had been yellow. Frail mortals, unlike the deities of fables, have perishable teeth, but these may remain unimpaired to an advanced age, if they will use Sozodont, which keeps the teeth free from impurities which destroy them and renders them objects of admiration. It is pure, refreshing leaves an agreeable flavor in the mouth, and sweetens the breath.

A mass meeting will be held at Cooper Institute, New York, on the 27th instant, for the purpose of raising funds for the defense of O'Donnell, who killed the informer Carey.

Twelve men were killed Friday in the Bozeman tunnel, which is the first of the big tunnels on the Northern Pacific line, and is located just beyond the town of Bozeman, Arizona, at the foot of the rocks. It is now in course of completion.

A. McGinnis, an explorer, just returned from Itaska County, Minn., reports that smallpox is making terrible work among the Indians in that country. They are entirely without medical aid, and the disease has full sway. In two small towns eighty-five deaths are reported.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave her FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

"I ate some Soft-Shell Crabs."

This is what Captain Hodgden said when speaking of an unpleasant experience he had on board ship, near Washington. He added: "The bad effects of which I soon felt." Then he went on to say had he severe pain, followed by a terrible attack of dysentery. Those wicked crabs would have been the death of him but for the fact that he always carried Pain Killer on board his vessel. A Sunbeam.

The New York *Sun*, a paper somewhat given to the study of the careers of statesmen, has caused the "Congressional Record" to be carefully examined to see if Mr. Pike has ever been concerned in any jobbery in Congress.

If there can be found in the political service of any public man, living or dead, any act which is liable to criticism, the *Sun* has unequalled facilities for stating it. In the case of the senator-elect, the *Sun* has the manliness to show that Mr. Pike's congressional service is free from attempts to hoodwink the ingenuous democracy by the introduction or advocacy of improper measures in Congress. We are glad to note this fact, as it argues much in favor of Senator Pike's integrity and high character.

The *Sun* was considerably exercised lest the country should lose the valuable services of Mr. Chandler in the navy department, and hence was of the opinion that it was better that he should not be chosen senator. It was also to no small degree disturbed because a few misguided members of the legislature cast their votes for a man named Patterson, living somewhere in the back part of the state, whose public career had not been, as the *Sun* held, in accordance with the proper standard of a Christian statesman.

But the *Sun* shines serenely upon the statesman from the birth-place of Webster, in the recollection perhaps that his early political ideas were taken from hearing the illustrious defender of the constitution talk politics with Judge Nesmith, when he spent those pleasant summer days at the scenes of his childhood.

Death of George H. Chandler.

Major George Henry Chandler, of Baltimore, Md., youngest brother of Hon. Wm. E. Chandler, died at the residence of another brother, John K. Chandler, in Boscawen, on Sunday, Aug. 12th, in the 45th year of his age.

He was graduated from Dartmouth college in 1860, and read law with his brother William until August, 1862, also holding the office of deputy secretary of state for New Hampshire from June, 1861, to that time. In August, 1862, he became adjutant of the 9th Reg't N. H. Vols., and in October, 1863, was promoted to be major. At the battle of Spottsylvania he received a musket ball in the right thigh, but shortly rejoined his regiment. He was afterward detailed on court-martial duty, and then to aid the navy department. In April, 1865, he returned to his regiment with the rank of lieutenant-colonel, and with it was mustered out of the service shortly afterward.

He resumed his legal studies at the Harvard law school, from which he received the degree of LL. B. in 1867. He was afterward employed in important legal work by the government, and then settled down to a successful professional career in Baltimore.

It is announced in a despatch from Ottawa, Ont., that the British government has decided to officially undertake to aid Irish immigration to Canada on a colossal scale. A special conference was summoned at the Mansion house, and after a long discussion an elaborate scheme of assisted emigration was resolved upon, based on the principle of the United States homestead laws. The details of the scheme are not yet ready to place before the public, but it has been decided to move from Ireland and settle in Canada 200,000 Irish families. The lands will be divided into sections of 100 acres. Each section is to be provided with all buildings, equipments and animals, seed and food necessary for beginning farming upon unbroken land. Each settler will be given his homestead free for the first three years, and after that will be required to pay as rent three per cent upon $500, but may, at any time, acquire absolute title upon payment of the latter sum.

Among the passengers by the steamer Parthia, which arrived at Boston on Saturday, were the Earl of Lathorn, who owns a large cattle ranch in Manitoba, Prince Hohenlohe, his brother Count Gleichen, and Lord Elphinstone.

The village of Vineyard Haven, three miles from Cottage City, was almost wiped out by fire on the night of Aug. 11th, all the hotels and stores, about fifty dwellings, and several small manufacturing establishments, being destroyed. The total loss is placed at $190,000, with $64,000 insurance. Most of the sufferers are poor, and many of them lost their all. One old lady died from excitement.

Charles Truesdale on the 10th inst. rowed through the upper Niagara rapids from the American shore, starting from the hydraulic canal and rowing to Goat island. This foolishly-reckless feat is one of the results of the craze inspired by Capt. Webb's fatal attempt to swim the whirlpool rapids.

The deaths from cholera in the Egyptian provinces on Friday last numbered 956, including 235 in the province of Dakalieth, 150 in the province of Garbieh and 235 in Gizen and Atfe. On Saturday there were 789 deaths, including thirty in Cairo, 141 in Gizeh and Atfe, thirty-two at Alexandria, (including five Europeans,) and 265 in Siout. Hundreds of people have fled to Cairo from Alexandria. Cherif Pasha, president of the Egyptian council of ministers, arrived at Cairo from Alexandria on Saturday.

The late session of the Concord School of Philosophy was its fifth annual one, and the last; it was announced by the managers on the closing day of the session that it had been determined to close the school altogether, the death of Mr. Emerson and the illness of Mr. Alcott no doubt having something to do with it.

The exercises of the reunion of Union and confederate soldiers took place on Wilson creek battle ground, Missouri, Friday. From 15,000 to 20,000 people were present. Lieut. Gov. Campbell, acting governor of Missouri, delivered the welcoming speech, the response being made by Gov. Berry of Arkansas, Col. W. Merritt of Iowa, and others, made speeches, Union and confederate soldiers uniting in applause.

A student's edition of Scott's Lady of the Lake, edited by notes by Mr. Rolfe, has been issued by Messrs. Osgood & Co., and, neatly bound with red edges, is sold at seventy-five cents; to teachers and school officers, for examination, forty-five cents. The notes, and index of words and phrases explained, comprise nearly a hundred pages. The beautiful illustrations and the extensive matter in the notes makes this really the cheapest book of value that has appeared for many a day. All the bookstores have it.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Sixty-two years ago a Madbury youth of seven years old was sent to Portsmouth on horseback with a message. He was struck with the amount of shipping on the river, and expressed a desire to go on a voyage, telling the captain he was a homeless orphan. The captain consented to take him. The boy remounted the horse, and halfway home dismounted, and starting the horse homeward he himself returned to the ship, and next day sailed for China, and for years remained with the captain, finally locating in New Orleans where he settled. On his being missed by the parents a search was instituted, and the river in the vicinity was dragged, but of course without success. He was mourned for dead until seven years later he wrote home. He never returned to Madbury, however, until Wednesday, and he is now nearly seventy years old.— *Foster's Democrat.*

The man who has been committing robberies on the camp ground at Old Orchard was captured on the night of the 10th inst., and made a full confession. He gave the name of Samuel B. Mr. William Furbish of Beech Ridge has splendid prospects for an immense crop of pumpkins this year—the vines not growing so rapidly as they did two years ago, consequently more *fruit* on them. The greatest growth this year in any one night was August 3d, when one vine showed in the morning a growth of 19 feet 7 1-2 inches. This however dragged the young pumpkins on the ground, bruising them so badly as to cause decay.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE *Admiration* OF THE *WORLD.* *Mrs. S. A. Allen's* WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT,
WASHINGTON, *June* 21, 1882.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Monday, September 24, 1883, at which time and place they will be opened, for the purchase of certain vessels which have been stricken from the Navy Register, under authority of an act of Congress approved August 5, 1882, and which it is deemed for the best interests of the United States to sell.

The vessels offered, their appraised value and their locality are, the Congress, $25,400; Guard, $2,800; Saranac, $6,100; and Sabine, $10,400, at Portsmouth, N. H. Iowa, $44,600; Niagara 29,600; and Ohio, $15,700, at Boston; Blue Light, $500, and Florida, $64,400, at New York. Mississippi, New Orleans, $200, (on the stocks); at Sackett's Harbor, N. Y. Susque-anna, $9,000 at New York. Burlington, $3,000; Glance, $400; Supply, $1,200; Sorrel, $200, and Dictator, $53,800; at League Island, Pa. Frolic, $2,500; and Relief, $2,600, at Washington, D. C. Worcester, $25,400; Shawmut, $5,300, and Savannah, $10,800, at Norfolk. Roanoke, $37,200, at Chester, Pa. Pawnee, $5,000, and Seaweed, $500, at Port Royal, S. C.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed "proposals for the purchase of vessels," so as to distinguish them from other communications. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest prices therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check) of not less than ten per cent. of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent. of the amount of such offer or proposal within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cent., or any part thereof, within that time, said cash deposit of ten per cent. shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels; also forms of bids and bonds which must be used by bidders. The vessels can be examined at any time by applying to the Commandants of the Yards.

The purchasers must remove the vessels purchased from the limits of the Yards or Stations within such reasonable time as may be fixed by the Department.

WILLIAM E. CHANDLER,
Secretary of the Navy.

KILLED BY THE CARS.

Monday afternoon, between two and three o'clock, a man named Daniel Hurley, twenty-six years old, was so badly injured by the cars in the yard of the Concord railroad in this city that he died before he could be taken to his home in Brewster street. Shortly before the accident he was seen standing near the scales; and a few moments later, as a coal train was being shifted, the station agent, Mr. Dimick, saw a man's leg protruding from under one of the cars, and signalled the engineer to stop. It was found that the unfortunate man's right leg had been cut off below the knee, the right hand and arm terribly crushed, and the head and body bruised and jammed; he was breathing when taken from beneath the train, but lived only a few minutes. Just how the accident occurred is not known. The man has been employed on the north end coal wharves, and it is said was on his way home from the Concord wharf to change his clothes, preparatory to going to work loading a gondola, when he met his death.

POLICE COURT--BATCHELDER, J

MONDAY, Aug. 13th.

Lawrence Mitchell, Patrick Quinland and Patrick Tenney, for drunkenness, were each assessed $9.90, fine and costs; county farm in default of payment.

Robert Foster, drunk, promised to leave town if permitted, so he was allowed to go on probation.

GOSSIPS SAY

That the steamer City of Portsmouth took a large party of excursionists to York beach on Sunday.

That Neptune being in one of his frisky moods, the steamer's passengers were made to gracefully balance over the rail when off the Sisters.

That the New York yacht squadron rendezvoused at the Shoals on Saturday last.

That on Sunday the bay was very lively, being thickly dotted with these beautiful vessels skimming along under the magnificent breeze.

That among the passengers to York by steamer last Sunday were a half score of nice feeling young men of this city, whose prodigous bait-throwing kept a school of mackerel alongside from Whalesback to Nubble light.

That the immense vacuums in their several interiors were finally filled, after much tribulation and loss to the proprietor, at the New Hampshire house.

That the king-pin food-punisher of the crowd was a young man whose daily avocation is the driving of a store team belonging to a firm doing business on McDonough street.

That the ruins of the Vaughan street fire are still smoking.

That an out-of-town artist is making bird's-eye sketches about the city.

MATTERS IN YORK.

YORK, ME., Aug. 13th.

Messrs. S. W. Junkins & Co. are doing extensive repairing on the store at York Corner, now occupied by the "Co.," Mr. Charles H. Junkins. A new front, including very large windows, is to be put in; also ten feet in length, and heavy finish, is to be added. The whole to be newly clapboarded and shingled, and to be painted white. New counters and shelves for the whole are to be put in—all to be done in modern style, under the supervision of Mr. John P. Grant. The large two-story house on the premises is to undergo some repairs, be shingled, etc.

Some of our people are again on tip-toe about our narrow gauge railroad. It is stated by some in best position to know that Hon. Frank Jones will put his shoulder to the wheel, if the corporation will do certain things which he thinks would be for the good of the business, and that the corporation are disposed to do so. Hon. Josiah H. Drummond of Portland will endeavor to get the charter amended at the extra session of the legislature so as to allow the road to close business for eight months of the year if they see fit.

Mr. Nathaniel B. Freeman, of the firm of Mitchell & Freeman, blacksmiths, while handling a revolver on Saturday afternoon, met with an accident because he "didn't know t'was loaded," or rather because he thought the chambers had all been discharged. The bullet passed through between the little and third fingers of the left hand, about one inch from where the fingers join the palm; the wound on Sunday was very painful. He is attended by Dr. Hawkes.

In my last communication I was a "little too previous" as to Mr. Connell's going to Alfred and paying fine and costs. After mailing my letter I learned that he "skipped," and the steamer City of Portsmouth hauled him to Portsmouth on Sunday; and on Monday Mike sent word to Deputy Sheriff Stewart that if he (Stewart) wanted to see him, he must come to Portsmouth. We learn from good authority that Mike has demanded from Deputy Sheriff Roberts the seventy-five dollars which he had deposited with Roberts as a guarantee for his appearance. It will be some trouble to get it back, as the sheriff would demand a trial which might necessitate the appearance of Mike on Pine Tree soil, where he would doubtless find it very warm.

Everything is quiet on the beach, and "those two" need have no fears.

Dr. W. L. Hawkes lost a very valuable horse on Wednesday last. Cause unknown.

The private school kept at the village by Miss Florence Varrell closed on Friday. The school was a perfect success.

Mr. Willis G. Moulton, who has recently opened trade in the S. S. S. building at the village, is doing nobly, and far beyond his expectation. He has a fine, new, and clean stock of goods, and that as a rule will draw trade; besides, Mr. Moulton has a disposition to be obliging and accommodating, even in small things.

Yours, PLAISTED.

The new city government will be inaugurated in the court house at ten o'clock to-day.

The navy yard ferry steamer Emerald was hauled up on the yard for repairs on Monday, and the Mystic, Capt. Trefethen, is making the Emerald's trips as nearly as she can without interfering with her own time-table.

A westward-bound freight train was partially derailed at Butler's crossing in Kittery, last Saturday, four cars being smashed and several others injured. The track was blocked for about an hour.

Mr. William P. Gardner and wife started on Saturday for a two weeks' trip to the White mountains.

The fleet of the New York yacht club, accompanied by a number of boats of the Eastern yacht club, and several yachts unattached to any club, to the number of about sixty in all, left the harbor of Marblehead, Mass., for the eastward, about nine o'clock Saturday forenoon. Most of them put in at the Shoals on Saturday evening, and sailed again for the eastward on Sunday; several of them, including three large schooners, anchored in the lower harbor, and remained there until Monday morning.

Mr. John Whipple Smith, the bill poster, is reported to be very ill—so ill that it is feared he will never be out again.

The steamer City of Portsmouth had about a hundred passengers from Manchester and other places on the line of the Concord & Portsmouth railroad, on her Sunday trip to Concordville, York. There was considerable of a head sea on, but she went along in good style, and brought the excursionists back in time to take the evening train for Manchester.

The schooner Challenger, of Gloucester, Mass., came into the lower harbor for bait Saturday morning, and got ashore on the western end of Wood island. A cutter from the navy yard, manned by a crew from the Leyden and Tallapoosa, and commanded by Mate John L. Vennard, went to her assistance, carried out one of her anchors, and hauled her off apparently unharmed.

Among the yachts at the Shoals on Sunday were the Estelle, Intrepid, Montauk, and Wenonah, of New York; Gitana, of Philadelphia; Peerless, of New Bedford; Fortuna, of Gloucester; Foam, and Latona, of Beverly; Heron, and Vedette, (steamer,) of Boston. The steam yacht Ariel, of Boston, was at one of the wharves in this city on Sunday.

We have printed for the information of our readers what is known as the "Colby bill," which we presume will be acted upon this week by the legislature. While much has been said upon this bill by leading lawyers, we find in the newspapers which are subsidised by the state to give information as to matters before the General Court but little in relation to the proposed legislation. We are led to infer, therefore, that the prospect is, as the friends of the measure claim, good for its passage. The question for our legislators is, not what would be the effect upon this or that railway prospect, but how will the public be best served under the law. No one doubts that the result of consolidation and leasing will be to enable railways to do their business cheaper. The final question is, if they are allowed to do this, will they then remember the people from whom has been derived the power to save to their coffers such large sums by co-operation in the place of competition?

THE FIREMEN'S MUSTER.

The project of having the clambake at Langdon park has been given up, the gates of the south pond not being wide enough to admit the scows needed for the construction of a floating bridge across the pond. The bake will take place on Peirce's island, provided it can be procured.

The American Fire Hose Co., of Chelsea, Mass., will make an exhibit of the goods they manufacture, during the muster.

The City of Bath engine company, of Bath, Me., and the Col. Wm. R. Lee company of Marblehead, Mass., have asked permission of the authorities of their respective towns to attend the muster.

All citizens who can take boarders or lodgers, outside of firemen, are requested to notify the Committee of Arrangements by a postal card, giving prices. No one except respectable people will be sent to any house whose occupants send such cards.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

"THE
ELLIS' HORSE REMEDIES
ARE THE BEST."

Solidly Endorsed by the "Spirit of the Times," and Leading Veterinary Surgeons.

"ELLIS'S SPAVIN CURE.—Of course, it is generally regarded as impossible to completely cure a bone spavin and remove the enlargement; but *it is positively astonishing* what curative properties exist in the mixture known as Ellis' Spavin Cure, and those who have given it a fair trial say *it is the best remedy* that they ever applied. In many cases it has not only removed the lameness, but also the lump, and we *recommend it* as far superior to the ordinary blisters prescribed by the faculty. We also learn that Ellis's condition, colic, worm, and heave powders are *the best of their kind*, and just what every horse owner should have at hand ready for use. *May 12th, 1883.*"

Sold by all druggists and harness men.

☞ Our $5 and $10 assortment of Ellis's horse remedies should be in every stable.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be ameliorated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and physical debility, premature decline of man, or vitality impaired by the errors of youth, or too-close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, like best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—*London Lancet.*

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address,

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was his disease from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, Russian poultices, soaps, ointments, and in short every *thing* that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now becoming apparent on his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In one week there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and in time worn on, they began to disappear entirely, until at the present writing not only vestage of one small spot upon the forearm, scarcely visible unless closely examined, is left.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing our child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. KAYRE HINKLE.

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on improved farms (accepted only after careful personal inspection of the premises by our agents), worth from two and one-half to four times the amount of loans; run from two to five years; and interest, payable semi-annually, is collected by this Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than either Government, State, City or Mining Securities. They pay a large interest, and are absolutely safe for the reasons stated above.

On application we will take pleasure in sending references to leading Bankers East and West. Address, for pamphlet and full information,

The Spanish insurrection is reported to be spreading. Martial law has been proclaimed at Algesiras.

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affection, etc? It is simply because they will not come and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin- watery and impure. Imsure blood carries weakness and distress to every part of the body. Supply this lack of iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains and general ill-health.

"Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"—
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable

New Hampshire GAZETTE !

Established 1756.

THE GAZETTE IS PUBLISHED EVERY THURSDAY AND SENT TO SUBSCRIBERS AT THE LOW PRICE OF $1.50 PER YEAR, PAID IN ADVANCE, OR $2 AT THE END OF THE YEAR.

It contains full accounts of all of important news, foreign and domestic; editorials upon current topics; New Hampshire items, carefully prepared market news, containing reports of vessels owned in this port, or entered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE. THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

THE

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find it an economical medium. The Gazette is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

The French government it is said has made a formal complaint against the United States government for allowing American manufacturers to ship arms and ammunition to China pending the difficulties in Tonquin. The communication is understood to be based on the statement of large shipments recently made from San Francisco, and it is not known that the ministry has any other information than that cabled or American press statements. The American legation was unable to reply to the inquiries made by the French cabinet, but requested the latter to await an answer from Washington. The American legation officials in Paris say personally that they have no knowledge either of the truth or falsity of the reports, and that that fact is understood by the French foreign office.

"A Drop Of Joy In Every Word."

Dr. R. V. Pierce, Buffalo, N. Y.: Three months ago I was broken out with large ulcers and sores on my body, limbs and face. I procured your "Golden Medical Discovery" and "Purgativ Pellets" and have taken six bottles, and to-day I am in good health, all those ugly ulcers having healed and left my skin in a natural, healthy condition. I thought at one time that I could not be cured. Although I can but poorly express my gratitude to you, yet there is a drop of joy in every word I write. Yours truly,

Admiral Cooper, commanding the North Atlantic squadron, reports that the officers of the flagship Tennessee took part at Caracas in the ceremonies of the "Apotheosis of Bolivar," and were received with great enthusiasm by the Venezuelans. Great preparations were being made for unveiling the statue of Washington, which has been erected in a public square of Caracas by the government of Venezuela, which ceremony was to take place July 31st. The Tennessee was to sail for LaGuayra on Aug. 1st, and then direct to Portland, Me.

COLORLESS AND COLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. A GOOD INVESTMENT.—One of our prominent business men said to us the other day: "In the spring my wife got all run down and could not eat anything; passing your store I saw a pile of Hood's Sarsaparilla in the window, and I got a bottle. After she had taken it a week she had a rousing appetite, and did her everything. She took three bottles, and it was the best three dollars I ever invested." C. L. Hood & Co., Lowell, Mass

Hay Fever.

From Col. J. Maidhof, of New York: "I have suffered severely for the last ten years from Hay Fever in early and mid-summer and in the fall. I desire in the interest of my fellow sufferers to testify in favor of Ely's Cream Balm. My short use of it demonstrated its efficacy.

J. MAIDHOF, 401 Broadway.

I recommend Ely's Cream Balm to relieve all persons suffering from Rose Cold and Hay Fever. I have been a great sufferer from these complaints and have used it. I have recommended it to many of my friends for Catarrh, and in all cases where they have used the Balm freely they have been cured. T. KENNET, Dry Goods Merchant, Ithaca, N. Y.

The Prize of Beauty

would never have been awarded to Venus if her teeth had been yellow. Frail mortals, unlike the deities of fables, have perishable teeth, but these may remain unimpaired to an advanced age, if they will use Sozodont, which keeps the teeth free from impurities which destroy them and renders them objects of admiration. It is pure, refreshing leaves an agreeable flavor in the mouth, and sweetens the breath.

CERTAIN SHAMS.

Swindlers and their Victims---How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the best witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that

BENSON'S CAPCINE HOROUS PLASTERS

are pursued by a host of miserable and worthless imitators, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPCINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPCINE POROUS PLASTERS have stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPCINE is cut in it.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves !

Postmaster General Gresham having made a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of Prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, L. M. Wescoat, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,555

Paid to Germania National Bank, Jules Cassard, President	30,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	13,150
Paid to Mutual National Bank, Jos. Michel, Cashier	8,200
Total paid as above	$2,233,655
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,027,410
Total paid by all	$4,881,065

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

"I ate some Soft-Shell Crabs."

This is what Captain Hodgden said when speaking of an unpleasant experience he had on board ship, near Washington. He added: "The bad effects of which I soon felt." Then he went on to say had he severe pain, followed by a terrible attack of dysentery. Those wicked crabs would have been the death of him but for the fact that he always carried Pain Killer on board his vessel. ACCIDENT.

As the schooner City of Augusta was being towed to sea by the steamer Clara Batemen off Tuesday, one of the seamen, named Fred. Johnson, while loosing the mainsail fell through the main hatch into the hold, a distance of sixteen feet, striking on the keelson, and badly breaking one of his thighs near the hip. He was brought back to this city and placed in the marine hospital on Hunking street, which is in charge of Mrs. Tendell.

RAILROAD MEETING.

A special meeting of the Maine Central railroad was held in Augusta on the 14th inst., to see if the stockholders of the road would instruct the directors of the road to institute legal proceedings to prevent the execution of the proposed lease of the Eastern railroad to the Boston & Maine road. Many prominent railroad men were present. A preamble and resolution concerning the proposed lease were offered, the resolution being as follows:

Resolved, That the Maine Central railroad company directors are hereby directed to adopt such means, including legal proceedings in behalf of and in favor of the corporation, as may be necessary to prevent the execution of said lease.

A substitute was proposed, appointing a committee "to confer with the officers of the Eastern and Boston & Maine railroads, and to procure such modifications of contract for a lease between said corporations as may be essential for the protection of the interests of the Maine Central railroad and the individual stockholders in the company, and in event of their failure to procure such modifications to report at an adjourned meeting of this corporation, to be held at a time and place fixed by said committee," and this was adopted, 13,239 shares held by the Eastern railroad being cast in favor of the substitute.

The committee were instructed to report to the directors at least two days before their next meeting, and an adjournment was taken to the 24th inst.

GOSSIPS SAY

That Sargeant Patrick Gallagher, who for eighteen years has been ordnance sergeant at Fort McClary in this harbor, has been ordered to a station in Montana territory.

That the efforts of the sergeant's many friends to have the order countermanded have not been successful, Gen. Hancock in a letter saying that the orders for the transfer emanated from higher authority than himself.

That Hon. Frank Jones, Judge Fage, Col. Sinclair and Daniel E. Leavitt, Esq., with their wives, are sojourning for a brief season at a club house four miles in the woods beyond Wolfeboro' junction.

That the enterprising ex-congressman finds the sylvan retreat rather too quiet for him, and consequently makes almost daily excursions to this city.

That work upon the Hotel Wentworth extension will commence Oct. 1st.

That the contract for the building of a boiler-shop on the Kearsarge mill lot was given out Tuesday to A. B. Trefethen of this city, whose bid was $5000.

That Black, the Boston photographer, has been taking numberless views about Newcastle, among them being about twenty beautiful pictures of scenes in and around Fort Constitution.

That the steamer James Sampson took a select party outside the harbor Monday evening, to enjoy the moonbeams and the dancing waters.

That the romance slid out of the occasion and the suppers slid out of the excursionists, just below Wood island.

That the young ladies of Smith's academy will picnic at Wallis' sands on the 16th inst.

The steamer Sirius, a boat very similar in size and appearance to the Taurus, took the latter's place on the line between Boston and this city on Tuesday, and made the down trip in about the same time as the other boat has consumed; she brought about 700 passengers.

Mr. William F. Fernald will next week lay the keel of a schooner of about 700 tons carrying capacity, for Capt. Richard H. Seaward of Kittery Point.—*Times.*

The republican municipal caucus was held Tuesday evening, and it is stated that a candidate for street commissioner was agreed upon, but no decision was reached as to a candidate for chief engineer of the fire department.

An excursion of Odd Fellows from Salem, Beverly, Ipswich, Peabody, Marblehead and Danvers, Mass., is to come to this city on Thursday in a large steamer. They will spend an hour at the navy yard, and then come to this city for the rest of the day, landing at the gas house wharf. The Salem band, Ralph Reinewald leader, will accompany them.

Ship Chocorua, of this port, while bound from Hiogo for Manila, struck June 10th on an unknown shoal in Mendoro straits, and was got off with the loss of anchors, hawsers, etc. The vessel being apparently damaged, the captain decided to proceed to Hong Kong, where she arrived June 30th.

The practice-ship Constellation, which left this navy yard recently after a stay of ten days, arrived at Hampton roads on the 11th inst.

Keeper Lowry, of the United States quarantine station at Wood island, on Sunday morning last saw a large seal, pure white, basking on the rocks, and got a long shot at the creature, but was too far away to secure it.

A flag will hereafter be displayed from the hall of Storer Post, No. 1, G. A. R., on days when meetings are to be held in the evening.

Alderman Lucas is now agitating the building of some schooners for the brick trade in the Cocheco river. He says the brickmakers down there are very much inconvenienced this year, as there are not a sufficient number of schooners to carry away the bricks to Boston and other points. He thinks schooners of sufficient size, and drawing but six and one-half feet of water, could be built for $8000 each, and would pay twenty per cent per annum. He will take one-quarter of the stock in one or more schooners that will be built or bought within a year.—*Dover Democrat.*

The summer business of the Eastern railroad is so heavy that the demand for rolling stock is greater than can be easily supplied.

The earnings of the Maine Central railway company for the nine months of its fiscal year ending June 30th, show an increase over the earnings of the same period last year of $176,935.

There was a brilliant spectacle at Old Orchard on Monday evening. One hundred electric lights were displayed along the extensive beach by the American Electric & Illuminating company, throwing their radiance upon wave and shore, and there was a grand display of fireworks, producing a magnificent scene. It is estimated that 15,000 people were present to witness it. Excursion trains from all quarters brought people to see the sight, and three bands and the skating rink amused the crowd till near midnight.

President Arthur and the Anglers.

While in Louisville, the President remarked, "that in making two of his best appointments he was influenced by the fact the gentlemen were expert fishermen." Now everybody need not go fishing, expecting an appointment, but every one may, by sending $2 for a ticket in the Commonwealth Distribution Co.'s next drawing, Aug. 31st, in Louisville, Ky., CATCH a big prize. 1,960 prizes, amounting to $112,400. Capital prize, $30,000. Tickets only $2. Address all orders to R. M. Boardman, Louisville, Ky.

Geo. William Ballou & Co. Suspend Payment.

The great banking house of George William Ballou & Co., New York and Boston, suspended payment on Tuesday. There was great excitement "on the street" in both cities when the announcement was made that the New York house had suspended; the Boston house, it was claimed by the managers, was all right, but it of course would have to go down with the others. Later in the day it was asserted that the suspension would be only temporary.

The centennial anniversary of the incorporation of the city of Charleston, S. C., was celebrated Aug. 13th. A salute of 100 guns was fired at sunrise, and the city was decked with bunting. The civic ceremony took place in the presence of the governor and leading state officials. Mayor Courtenay delivered the centennial address, and an ode written for the occasion by Paul Hayne was read. A marble bust of Robert S. Hayne, executed by Valentine, the Virginian sculptor, at the order of the city government, was unveiled.

At Hutchinson, Kansas, Aug. 12th, a man named Emerson, but generally known as Texas Bill, shot and killed a baker named Denger. Emerson was arrested. About midnight sixty masked men went to the jail, hammered down the doors, and were about taking the murderer out to hang him, when the sheriff with a posse arrived and drove them off. Emerson is known as a desperado, and is said to have killed several men.

James G. Parker, of the law firm of Parker & Bentle, of Williamsport, Pa., has absconded with $30,000 and a young lady, leaving a wife and son in Williamsport. Parker was a graduate of Harvard, and was librarian of the Episcopal Sunday school in Williamsport.

Lewis N. Steele of New Britain, Conn., has been held in $800 bonds for attempting to wreck a New York & New England freight train a few days ago. He placed ties on the track, but they were discovered just in time to prevent an accident. A passenger train would have been due in a few minutes, and a terrible accident would have been certain had the obstruction not been removed.

On Tuesday, July 10th, the (158th) Drawing of The Louisiana State Lottery in New Orleans, Gen'ls G. T. Beauregard of La., and Jubal A. Early of Va., (whose integrity and veracity are unassailable,) had, as usual, the entire management, and announce over their own signatures the result. Ticket No. 37,248 drew the first capital prize—Lieut. Josiah Chance (a good name, by the way, to win,) of the U. S. Army, at Fort A. Lincoln, Dak., drew $30,000, two fifths, at cost of $2, and he was paid by the Bismarck Nat. Bank; Messrs. A. T. DeBlanc & Co., of Cairo, Ill., took another $15,000, costing $1; Messrs. Gus Botte, of Cairo, Ill., and A. B. Gibson, of Carmi, Ill., another $1 worth, or $15,000. Ticket No. 6,267 drew the second prize of $25,000, and one-fifth, or $5,000, went to Theodore Voigt, 25 Avery st., Boston, Mass.; another to J. T. Moore, of Bright, Ky., through the Farmers' Nat. Bank, Danville, Ky.; and others in Toronto, Canada, Gainesville, Tex., and elsewhere. Ticket No. 6,763 drew the third prize of $10,000, held by Mr. Charles D. Thompson, of No. 22 East 14th st., New York city. Any one applying to M. A. Dauphin, New Orleans, La., can hear all about the honest workings of this institution, which gives $1,000,000 to the Charity Hospital of New Orleans alone, and has distributed millions of dollars. The next (the 160th) drawing takes place Tuesday, Sept. 11.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of Hood's VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (average) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vicility and luxurious quanity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

BOARD OF INSTRUCTION.

The regular meeting of the school board was held Monday evening at the city building, the whole board, with the exception of three members, being present. This being the annual meeting of the board for organization, John Pender was elected secretary, and the different subcommittees were appointed as follows:

Salaries, Knight, Garrett and Vaughan.
Text Books, Mrs. Wilson, Pender and Vaughan.
Examination of Teachers, Gardner, Batchelder and Mrs. Knight.
Truancy, O. M. Knight, George and Sherburne.
Purchases, Locke, Gardner and O. M. Knight.
Grammar Grade, O. M. Knight, Gardner and Goodrich.
Int. Grade, Batchelder, George, Mrs. Wilson.
Primary Grade, Mrs. Knight, Pender and Locke.
Suburban Grade, Sherburne, Garrett and Vaughan.
Dist. 1, Mrs. Knight and Mr. George.
Dist. 2, Pender, Mrs. Wilson and Mr. Batchelder.
Dist. 3, Gardner, Sherburne and Goodrich.

Daniel J. Vaughan was elected a member of the High School committee for three years, and Mrs. Anna B. Wilson a trustee of the public library.

It was voted that the Mayor be authorized to fill the vacancy in the Dist. No. 1 committee, occasioned by the resignation of John Locke. It was voted that the schools commence on Monday, Sept. 3d, instead of August 27th, on account of the firemen's muster. The Mayor stated that Mr. C. E. Walker had been awarded the contract for furnishing wood to the Overseers of the Poor, and that he had said that he would like to furnish it for the schools at the same rate. No action on this matter was taken.

Adjourned.

THE INAUGURATION.

The newly elected city government met at the Court house Tuesday forenoon at 10 o'lock, for inauguration. The meeting was called to order by James A. N. Rugg, and Mr. William G. Billings appointed temporary chairman. The board of aldermen then met the council in convention, and the oath of office was administered to Mayor Treat by D. J. Vaughan, and to the members of both branches of the city government by the mayor. The convention then arose, and the Council formed a permanent organization by the election of President and Clerk. Messrs. Clough and Blaisdell were appointed tellers. The vote for president of the council was as follows:

Whole number of votes	15
Necessary for a choice	8
O. H. Cook	2
Albert R. Junkins	13

and Mr. Junkins was declared elected.

The vote for clerk of the council was:

Whole number votes	15
Necessary for choice	8
N. K. Raynes	2
James A. N. Rugg	13

and Mr. Rugg was declared elected.

The two boards then met in convention for the purpose of electing a city clerk, Alderman Anderson and councilman Jarvis being appointed to count the votes.

Whole number of votes	23
Necessary for a choice	12
Daniel J. Vaughan	23

and Mr. Vaughan was declared elected.

Prayer was offered by Rev. Wm. E. Gaskin of the Universalist church, and the mayor delivered his inaugural address, which will be of interest to all citizens, as it contains important suggestions and wise counsel.

Gentlemen of the City Council:—In entering upon this, a second term of office, I may be pardoned the expression of a sense of high indebtedness to my fellow citizens, for the exceedingly complimentary bestowal of confidence with which I have again been honored at their hands, and on looking around and seeing so many familiar faces, it seems as if our constituents were not far from satisfied with the manner in which the affairs of the city have been conducted during the past year, and I trust in the future, as in the past, that all our deliberations will be pleasant and harmonious, and in the end that the results will be satisfactory to all our citizens.

FINANCES.

As our financial condition is of the utmost importance, in which all are interested, I would state that during the year great care has been exercised to keep within the appropriations, and our chief aim should always be to make them sufficient for all expenditures in the different departments. The appropriations for 1882 were inadequate, consequently a deficiency bill was passed, the amount of which, with other unforeseen expenses, had to be added to the appropriations for 1883, which again were made larger by the fact that the Sagamore and Christian Shore bridges, and many of the city buildings were in need of repairs. To accomplish this, $3800 more were appropriated than in 1882. For these and other reasons there was a considerable increase in the rate of taxation this year, and our total bonded indebtedness, aside from the bonds issued to pay for the Portsmouth & Dover R. R., for which the city holds its shares, was on the 31st day of last December, $134,000. On the first of last April there fell due $19,500 of the city debt incurred in 1853, and it was proposed to sell a part of the city farm above what was needed for agricultural purposes, to meet the sum required for the payment of these bonds. This project I favored, knowing the utter inability of city governments to compete successfully with private individuals in any pursuit. Considerable time was spent in obtaining statistics as to the production of the land, but the council were not inclined to pass the requisite ordinance necessary for its sale. Another proposed measure was to sell a portion of the P. & D. R. R. stock owned by the city which would bring a premium in the market. The objection to this course was that we were still liable to pay 6 per cent. on our indebtedness for the stock, while new bonds could be negotiated at 4 per cent. Should this stock be sold in anticipation of the maturity of the bonds issued for its purchase and payable in 1893, a sinking fund should be established so that at the maturity of the bonds, payment might be made from the sale of shares. This could be accomplished by the establishment of a board of commissioners, who should have such legal control of the proceeds of the shares as would prevent the use of the money for any other purpose. Sales might be made from time to time and the whole indebtedness provided for without any loss to the city. The amount of debt, $6,000, which falls due in September, was provided for in the appropriation of this year.

SEWERAGE—THE NORTH MILL POND.

In common with many of our New England cities, situated upon tide water, we are troubled to a great extent with our sewerage, the presence of which makes itself felt by its disagreeable odors. Some of these cities have spent immense sums of money in the attempt to overcome this difficulty, but the cases of success are rare indeed. The effluvia of the North Pond, unpleasant as it may be to our sensitive nostrils, is by no means the worst in our section of the country, and engenders no disease. The conformation of our city is such that much of our sewerage must find an outlet through the North and South ponds, and it has been my endeavor to discover some way whereby without the expenditure of a large amount of money, we could obtain this end. I have called in the assistance of one of the best sanitary engineers in this country, who has submitted various plans for the eradication of the evil, but all these plans call for time, patience, and money. Last April the city obtained from the Eastern railroad the lease of the North pond, since which time the gates have been kept open and the purity of the water largely increased, and I now think that should a series of traps and filters with a canal extending beyond the E. R. R. round house be adopted, we would soon rid ourselves of its disagreeable odors, and its beautiful scenery be preserved as of yore.

STREET DEPARTMENT.

The large extent of territory embraced in our streets, even with the utmost economy, annually calls for the expenditure of a good deal of money. Still when we think of the large amount of travel to which they are subjected and the stringency of the laws in case of accidents occuring upon them, I am sure you will see the necessity of maintaining them in their present excellent condition. The extensive repairs made upon them the past year have been thorough, and as a consequence the results will be lasting. And believing that in the very near future our city is destined to be one of the first watering places in this country, I think we should use our utmost endeavors to hasten that time, and certainly good roads, and streets well shaded, graded, and lighted, and some of the many places with which our city abounds—beautified—would do much to forward that time—and to this end I would suggest that a small amount each year be appropriated to establish such desirable and attractive spots in various portions of our city. These places or small Parks, as you might see fit to call them, named perhaps after some of our honored citizens, would be in time a source of pleasure to ourselves and summer visitors.

FIRE DEPARTMENT.

During the past year $1600 was appropriated for a new Hook & Ladder truck, the old one having been pronounced not only unserviceable but unsafe; and the apparatus of our Fire Department, after receiving the same, will be in excellent condition. The Vaughan street fire fully demonstrated the efficiency of the department, and that the care which the city has ever had for its firemen was not misplaced, for had it not been for their almost superhuman exertions the central portion of our city would to-day be a blackened ruin. That their efforts are appreciated no one who has heard the encomiums passed since that conflagration can have a doubt.

Twelve years ago this department managed a Firemen's Muster to which a vast concourse of firemen from the different sections of New England gathered, and it proved not only a very enjoyable occasion to this department but to the people of our city. A repetition of this pleasure is in anticipation the last of this month, and I feel safe in saying that they will receive all necessary encouragement from our citizens to make it a grand success. The indications point to an immense gathering of people, and the well known hospitality of our city must again be extended, as every resource will be taxed to its fullest capacity to provide for the feeding and lodging of those who favor us with their presence in order to see our city with its numerous attractions on that occasion.

The horses which are worked by the street department are used to draw the engines to fires. These horses are nearly useless for the purpose, the grays having been purchased too young to stand the hard work to which they have been subjected, and bays from age and other causes; and although they might continue to do some work on the streets, yet in case of a fire both pairs are too uncertain to be depended on. I would recommend their sale, and that two pairs of sound, servicable horses, suited for the work required of them, be purchased in their stead.

STREET LIGHTS.

The street lights in the outskirts of the city have given entire satisfaction, and all the old oil lamps with chimneys will soon be replaced with the new tubular street lanterns. The expense of these lights, as compared with ones burning gas, is comparatively small, and the results equally good; and the matter has suggested itself to me whether or not it would be economy to adopt such lights in place of those burning gas; this matter I will also leave to your consideration.

SCHOOLS.

Our system of free and universal education is the glory of our country, and upon its continuance rests the permanence and stability of our free institutions. No money expended gives better returns than that spent for the education of our youth. For statistics and the condition of our schools I will refer you to the full and comprehensive reports of the different committees of the Board of Instruction.

SUPPORT OF POOR.

The furnishing of relief to the poor is committed to the Board of Overseers, and the expense should be cheerfully borne. Private benevolence is constantly at work in our city relieving the necessities of those whom misfortune has overtaken, but public charity must also come to the rescue of the friendless and helpless, and give medicines to the sick and warmth and comfort for the alleviation of their bodily wants. While no unusual demands were made upon this department during the past year, the necessary expenditures were large, and form a considerable item of the appropriation bill.

THE POLICE FORCE.

Our Police Force during the past year has been decreased by the discharge of one of the assistant marshals, whose place we have never attempted to fill, feeling that possibly a saving might thus be made to the city; consequently the duties of the force have been largely augmented, and I would say that their increased duties have ever been performed cheerfully, and I think satisfactorily. Robberies have not been frequent, and in most cases the perpetrators have been brought to justice.

In conclusion I will only ask your hearty co-operation in so conducting the affairs of the city as shall best promote its welfare and prosperity; this course consistently followed cannot fail to meet the approbation of our constituents.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

MEDICAL.

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everyt ing that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was so loathsome upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a ma ked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestiges left are a small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affection, etc? It is simply because they will not come out and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin- watery and impure. Insure blood carries weakness and distress to every part of the body. Supply this lack of iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains and general ill-health.

The GREAT REMEDY for every kind of BOWEL DISORDER.

Captain Ira B. Foss, of Goldsborough, Maine, says: "One of my sailors was attacked severely with cholera morbus. We administered Pain Killer, and saved him."

J. W. Simonds, Brattleboro, Vt., says: "In cases of cholera morbus and sudden attacks of summer complaints, I have never found it to fail."

Vital Questions!!

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?—

And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"

and they will tell you:

"Mandrake or Dandelion!"

Hence, when these remedies are combined with others equally valuable

And compounded into Hop Bitters, such a

New Hampshire GAZETTE !

Established 1756.

THE GAZETTE IS PUBLISHED EVERY THURSDAY AND SENT TO SUBSCRIBERS AT THE LOW PRICE OF $1.50 PER YEAR, PAID IN ADVANCE, OR $2 AT THE END OF THE YEAR.

It contains full accounts of all of important that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marble news, containing reports of vessels owned at this port, or officered by men from Portsmouth or his neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE. THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find it an economical medium. The Gazette is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Daily Chronicle.

It is announced from Newport, R. I., that Capt. T. O. Selfridge, U. S. N., commandant at the torpedo station, has received plans for a complete plant for the manufacture of gun cotton, and expects within three months to have the intricate machinery in position and be able to supply the whole demand of the navy. There is no private manufactory of gun cotton in this country, and the government has been obliged to depend upon foreign makers and dealers.

Humor in the Stomach.

Much of the distress and sickness attributed to dyspepsia, chronic diarrhœa and other causes is occasioned by humor in the stomach. Several cases, with all the characteristics of these complaints, have been cured by Hood's Sarsaparilla. Other cures effected by this medicine are so wonderful that the simplest statement of them affords the best proof that it combines rare curative agents and when once used secures the confidence of the people.

Mrs. Angie A. Howe, whose death occurred in Cambridge, Mass., a few days ago, was (with the exception of Mrs. Chapman) the last of the band of devoted women who, with Mrs. Garrison, were years ago assaulted by a proslavery mob comprising the ultra respectability of the Boston of that day.

The Ham family is probably not so numerous as the Smiths, Browns, and Jones. Mr. N. Ham, of Sutton, Vt., is a well informed, astute, and appreciative man, as any one may infer from the following extract from one of that gentleman's recent letters. Mr. H. goes on to remark that "Dr. Graves' Heart Regulator is the best remedy for the heart ever offered." These are strong words but strictly true.

Bismarck hates the American pig as bitterly as a Jew does the whole species. The latest and most ridiculous manifestation of his hostility is the notification that pork from Austria must be warranted not to be American.

Could not Keep

Shop without them. I consider your Sulphur Bitters a remarkable blood purifier. I know of several people whose cases were considered hopeless, that have been entirely cured by your medicine. The sale of Sulphur Bitters is so large here that I could not keep shop without them. E. S. YATES, Pharmacist, 99 Essex street, Lawrence, Mass.

Reform is needed in "My Maryland" about as badly as anywhere, according to the revelations by the democratic governor of the doings of a democratic ring which has controlled the state finances and "mismanaged" them to the extent of half a million.

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affection, etc? It is simply because they will not come and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin, watery and impure. Insure blood carries weakness and distress to every part of the body. Supply this lack of iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains and general ill-health.

Charles Wheeler, aged twenty-four years, was killed by the cars at Moscow, Pa., Aug. 14th. The arms and legs were torn from the body, which was found some 300 yards below the station. One leg was found near the station.

COLORLESS AND COLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the roslest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying to her friends.

At Lexington, Mich., Aug. 11th, William Garwood, a white man, was taken from his house and tarred and feathered. He then fled, and has not been heard of since. He had married a negro girl, while having a white wife and two children in Cleveland, Ohio.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

Near Killarney, Ireland, a farmer named Michael Conner has been shot and badly wounded by a party of supposed agrarians. Two of the men have been arrested.

"My horse was very lame with Navicular Joint disease," says W. E. Peterson, of Waltham, Mass., "Ellis's Spavin Cure has cured him." It never disappoints.

Ivory P. Hanscom had the end of one finger taken off by machinery in a mill at Fall River, Mass., two weeks ago, and died of lockjaw Aug. 14th.

A company of capitalists has been formed, with a capital of $10,000,000, to open a new line of railroad between Boston and New York. The new line is to be called the New York, Danbury & Boston railroad.

Don't Die in the House.

"Rough on Rats" Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

The details for a consolidation of all the telephone companies of New England have been arranged. The new company is to have a capital stock of $16,000,000.

Andrew C. Warren of Stanford, N. Y., fell from the foundation of a haystack to the ground, a distance of three feet, Aug. 13th, broke his neck, and died instantly.

At Trenton, N. J., Aug. 14th, Charles A. Knoblack pushed his wife into a canal and drowned her.

E. M. Mooney, city marshal of Helena, Ark., was waylaid and murdered in front of his office on the morning of Aug. 14th, by some person unknown.

Captain Lewis Sponagle, of the brig Ubaldeina, of Baltimore, says that he used the great pain-cure, St. Jacobs Oil, for pain in the back, and his steward also for rheumatism in the legs, and both were cured by a few applications.

Commander Harrington, commanding the Juniata, reports, under date of Pondicherry, India, July 7th, that the officers and crew were cordially received at every port. The Juniata joined the English squadron at Trincomalee, June 28th, in celebrating the anniversary of the Queen's coronation.

Dr. R. V. Pierce's" Golden Medical Discovery" cures every kind of humor, from the common pimple or eruption to the worst scrofula.

Four to six bottles cure salt-rheum or tetter.

One to five bottles cure the worst kind of pimples on the face.

Two to four bottles clear the system of boils, carbuncles, and sores.

Five to eight bottles cure corrupt or running ulcers and the worst scrofula.

Rear Admiral Crosby, commanding the Asiatic station, reports under date of Yokohama, Japan, July 18th, the following movements of the vessels in that squadron: The Richmond left Shanghai on June 30th for Nagasaki, in good condition; the Monocacy was at anchor off Rose island, Corea, during the whole month, and is in good condition; the Palos was at Hong Kong during the whole month, undergoing repairs.

The Prize of Beauty

would never have been awarded to Venus if her teeth had been yellow. Frail mortals, unlike the deities of fables, have perishable teeth, but these may remain unimpaired to an advanced age, if they will use Sozodont, which keeps the teeth free from impurities which destroy them and renders them objects of admiration. It is pure, refreshing leaves an agreeable flavor in the mouth, and sweetens the breath.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves !

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescott, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Charlaron, Cashier	64,450
Paid to Citizens' Bank, E. L. Carriere, President	57,000
Paid to Germania National Bank, Jules Cassard, President	30,000
Paid to Hibernia National Bank, Chas. Pairrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	11,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,027,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our loyalty and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

"I ate some Soft-Shell Crabs."

This is what Captain Hodgden said when speaking of an unpleasant experience he had on board ship, near Washington. He added: "The bad effects of which I soon felt." Then he went on to say had he severe pain, followed by a terrible attack of dysentery. Those wicked crabs would have been the death of him but for the fact that he always carried Pain Killer on board his vessel. Have Perry Davis' Pain Killer at hand by day and by night for sure relief.

Joel Harriman of Warner fell and broke one of his shoulders on the 9th inst., and it is feared the injuries will result fatally.

The Sheriff of Marshall County, Iowa, Mr. Ben O. Rhoads, says: "I have used Brown's Iron Bitters as a tonic with excellent results."

Rev. A. J. Hopkins, of the Baptist church, Hopkinton, has resigned. He has received a call from the church in Franklin.

Physicians recommend as a fine Bourbon Whiskey the G. O. Taylor brand bottled by the old and honorable house of Chester H. Graves & Sons, Boston. For purity and excellent this Whiskey is unsurpassed. To be obtained of Druggists and Grocers.

The *Despatch*, of Richmond, Va., a leading democratic paper of that section, says: "We propose to carry out civil service reform to the letter, and that will not have been done until the last republican office-holder is turned out."

Didn't Want a Girl.

Last summer my wife's health was all run down, and she wanted me to hire a girl to do the work. DONALD GREY, 41 Worcester square, Boston.

Portsmouth Chronicle.

THURSDAY, AUGUST 16, 1883

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

☞ Copies of the GAZETTE and of the DAILY CHRONICLE can be had of Moses Brothers, at their Newspaper Store in Congress Block.

Rear Admiral Nichols, who is acting as secretary of the navy in the absence of Secretary Chandler, will leave Washington in a few days for Richfield Springs. It is understood that Commodore English, chief of the bureau of equipment and recruiting, will be designated to act as secretary after the departure of Admiral Nichols.

Commodore English has long been a prominent How-not-to-do-it in the navy. If there is nothing to be done the Commodore can do it, and postpone all action pending the return of the Secretary, better than any of the Barnacle tribe that are moored at the department.

General William C. Wickham, a member of the so-called straight republican committee of Virginia, has accepted a democratic nomination for state senator, and announces his purpose of joining hands with the democracy to aid them in carrying the state. As Gen. Wickham has for several years rendered all the aid possible to the Bourbons, while calling himself a republican, his acknowledgement that he is a democrat does not carry any great political weight with it.

New Hampshire Legislature.

The house was in session four minutes on the evening of the 15th inst., and twenty minutes on the forenoon of the 14th, no business being done at either session from the lack of a quorum. Chairman Quint of the railroad committee announced that he should call up the "Colby bill" for the general railroad law in the forenoon on the 15th, and press it to passage.

In the house, at eleven o'clock A. M. on the 15th, the consideration of the Colby railroad bill in the new draft began, Mr. Quint of Dover advocating it. The discussion is expected to be a long one.

The senate concurred with the house in the passage of bills incorporating the Portsmouth & Kittery Steam Ferry Co., and the Monadnock Fire Ins. Co.; and relating to licensing peddlers, and transient traders. A bill to enable the city of Portsmouth to provide for funding its debt was read and referred.

Democratic Corruption in Maryland.

Governor Hamilton of Maryland has given to the press a five-column address to the people of the state, making startling disclosures about the last three democratic legislatures, and showing improper expenditures of state funds aggregating over $500,000. After speaking in the most bitter manner of an oligarchy of bosses controlling the Maryland democracy, meaning thereby United States Senator Arthur P. Gorman, and his followers, the governor says that since 1879 in several instances the taxes and revenues of the state have not been paid over by the collection officers; that hundreds of thousands of dollars have been annually due them for years; and that looseness, disorder and confusion everywhere prevailed. Instead of yielding a revenue, or even maintaining themselves, the oyster and the tobacco services were serious charges upon the treasury. The delinquent officers, many of them well-known politicians, now owe the state $773,738.08.

A Notable Family.

There are living at present five generations of the Lambert family, as follows: Mrs. Lambert, aged seventy-five years, residing at South Boston; her daughter, Mrs. Clapp, aged fifty-three years, wife of Amos Clapp, who has been for many years connected with the Boston *Journal*; her granddaughter, Mrs. Ella Plumer, aged thirty-seven, whose husband, Joseph A. Plumer, has been clerk of the Boston assessors' department during nearly eighteen years past, and for ten years previous was in the register of deeds office; her great-granddaughter, Mrs. Mary Ballard, aged twenty-one, residing in Gloversville, N. Y.; her great-great-grandson, child of the last named, who was born Friday, Aug. 10th, and has not yet been named. Mrs. Clapp and Mrs. Plumer each gave birth to a child at the age of about sixteen years. It is seldom that a woman aged only thirty-seven years becomes a grandmother, as is the case with Mrs. Plumer; and still more rare that a woman of thirty-two is a grandmother, as was the case with Mrs. Clapp when Mrs. Plumer's daughter was born.

"The United Service" for September contains, among other articles, papers on "The role of artillery in the modern drama of battle;" "Some notes concerning the origin of ships," by Rear Adm. Preble; "The Italian fleet; its character and organization," a translation; "Lad Hawke, the father of the British navy," and other writings of special interest to the two arms of the national defence. L. R. Hamersly & Co., Philadelphia; $3 per year, single number twenty-five cents.

Messrs. James R. Osgood & Co. have just published a very pretty little pamphlet, containing Col. George E. Waring's famous horse story, "Vix," which the London *Spectator* characterized as "genuinely pathetic," and of which Col. Higginson said, that "all Col. Waring's horses are like Dr. John Brown's dogs—genuine and half humorous creatures." Price ten cents.

The "Season" for September is more than usually attractive. Its illustrations are profuse and elegant, and it contains all that a lady can possibly need to know regarding the details of a toilet. Price thirty cents per number. For sale by booksellers and newsdealers.

Chief Naval Constructor Theodore D. Wilson made an official visit to the Boston navy yard on the 14th inst., and received the regulation commodore's salute from the navy yard battery. He made a thorough inspection of the U. S. S. Shenandoah.

John Allen, M. D., the first physician to attend President Lincoln after he was shot, died in New York a few days ago, at the age of eighty-two years.

The *Essex Statesman* gives as a reason why Gov. Butler should be re-elected the following: "He has sought to maintain the independence of the executive from legislative control." The *Traveller* thinks this extract from what Gov. Butler said of Andrew Johnson in 1866 a sufficient answer: "The president, as an executive officer, has no right to a policy as against the legislative department of the government." But that was seventeen years ago, when the governor was a stalwart republican. Surely a man ought to be allowed to change his political principles when he changes his party.—*Boston Post.*

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. eodtjan9,84

The Milk Law.

The milk bill has passed both branches of the legislature. It provides for the appointment of an inspector in each town and city, who is to keep a list of all persons engaged in the sale of milk. These inspectors are authorized to enter any place or carriage, where it is kept, and have it analyzed, to give licenses to all milk dealers, which shall not be sold or assigned, all violations being subject to a fine of not more than $30 nor less than $100 for the first offense; for second offense, not less than $50 nor more than $300; and for subsequent offences $50 and imprisonment for not less than thirty nor more than sixty days. For selling milk adulterated with water or any other foreign substance or liquid, the penalty is not less than $50 more nor than $200 for the first offense; from $100 to $300 for the second, or imprisonment from thirty to sixty days; and for subsequent offenses $50 fine and not less than thirty nor more than sixty days' imprisonment. Whoever sells "skim milk" as pure milk is subject to all the last named penalties. If any importer connives at any such forbidden sales he is to be fined and imprisoned. If, on alalysis, it is proved that milk contains more than eighty-seven per cent of watery fluid, it shall be considered adulterated, and the offense punished accordingly. This act is to go into effect only in those towns and cities which adopt its provisions. It was got up specially for Manchester, which will, probably, adopt it. In most places in the state it will not apply, as milk usually sold does not contain more than half water.—*Nashua Gazette.*

—Scene: Newport. Tom (to neighboring coachman:) "Yes, we married our second girl last winter. We are now down here to place our eldest. We'll trot her out for a month or so here, and if it's no go we'll coach her up to Saratoga and gallop her there."

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the Best Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of Hood's VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (Averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars.

THE Admiration OF THE WORLD. Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

R. H. EDDY, Solicitor of Patents.

Testimonials.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870. R. H. EDDY, Esq.—*Dear Sir:* You procured for me in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Your truly, GEORGE DRAPER.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
August 15, 12:00 A. M.

Probabilities for New England:—

Partly cloudy weather and local rains, winds easterly, falling barometer, stationary or rising temperature.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 51 degrees above zero.

Sky clear.

THE FIREMEN'S MUSTER.

The committee of the firemen's muster are desirous of obtaining all the torches that are scattered about the city to use in the procession, and those who have any stored in their premises are respectfully asked to send them to headquarters or notify the committee by postal card and they will be called for, as it will save much money and they are of no use to anybody in their barns.

Mr. M. H. Gregg has been selected to start out Thursday morning to wait on the subscribers to the muster, and collect the money already subscribed. Mr. Gregg will also take any additional subscriptions that friends of the muster are disposed to give, to aid in the muster.

Quite a number of citizens have subscription circulars yet at their homes. A committee of the fire department have been all over the city, and quite a number of occupants of houses were not at home. It is of course impossible for them to know now where to go to take up these circulars and those who feel disposed to aid are respectfully asked if they will drop their papers in the post office, or signify by postal card their desire for the committee to call at their houses, it will be cheerfully done.

A change has been made in the men-of-war boat races by the muster committee, to which attention is called.

Ranch 10.

The bill boards and an advertisement in our paper announce the presentation of the above named comedy drama at Music hall on the evening of the 20th inst. The hall will be opened on this occasion for the dramatic season. Ranch 10 is a sensational American drama, which attracted large audiences at the Boston Theatre for a month in June and July. The play is a border drama, the scene of action being located on a prairie in the far West. The leading man is Harry Meredith, who appears in the dual role of the Twin Brothers. The piece is full of trying situations and daring exploits.

POLICE COURT--BATCHELDER, J

WEDNESDAY, Aug. 15th.

Amos B. Carkin, for drunkenness, was assessed $9.90, and paid up.

Richard Rogers, who had only been out of jail about twenty-four hours, was given another dose thereof, not having $9.90 to pay for one grand drunk with which he celebrated his liberation.

GOSSIPS SAY

That Mr. Martin of the Portsmouth shoe factory has entered his horse Messenger Boy in the 2:40 and 2:50 classes in a race to come off in Haverhill, Mass., next week.

That there is much complaint at the west end because of the limited supply of water furnished by the Aqueduct Co.

That there seems to be a plenty of water at the fountain head, but it is not allowed to run through the pipes.

That thirty stacks of sea moss, nicely dried and ready for shipment, were counted on the shore between the Seaward and Blake farm houses, Gerrish's island, on Tuesday of this week.

That the steamer Taurus will be seen no more in these waters, having been called back to New York by the press of business.

That the Sirius is a splendid substitute.

That the tug Ann, with Ex-Senator Rollins and party from Dover on board, went to Boar's Head on Wednesday.

That a wholesale meat market is to be opened in the store on Congress street recently vacated by James R. Yeaton & Co.

That in August, 1814, the new sloop-of-war "Warrior," 128 feet long and thirty-two feet beam, and pierced for twenty-two guns, sixteen and thirty-two pounders, was launched here.

That twenty days before she was launched her timbers were growing in the woods, and that from the time her keel was laid until she was launched was just two weeks.

The Aqueduct Co. are digging a large reservoir at a place in Sherburne's woods where a new spring has been discovered, not far from the old spring; the flow of water from the new spring is copious, and it is expected it will prove a valuable source of supply.

Mr. Robert B. Henderson of Boston, formerly of this city, made three round trips between the two places by steamer this week, the last one being made on Wednesday, when his daughter, who has been visiting relatisves here, returned to Boston with him.

It is reported that the crew of the schooner Addie & Hattie, of this port, Capt. Davis, recently fastened to a swordfish at seven o'clock in the morning, and worked hard until five in the afternoon before securing it. The fish, which was sold in Portland, weighed 1387 1-2 pounds after the head was off, and is said to have been the largest sword-fish ever captured, so far as the fishermen's records and traditions extend.

The steamer Sirius was delayed for some minutes in getting down the river on the 15th inst., through having to avoid a large three-masted schooner which was being swung in the tideway near Gangway rock by a tug, preparatory to being towed to sea.

At a special town meeting in Rye, on the 14th inst., to decide whether the town would accept the Sleeper legacy for the founding of a public libray, a good many speeches were made on both sides of the question, some of them being quite spicy; and then the meeting voted nearly three to one, not to accept the legacy.

A large party of ladies and gentlemen from Kittery had a picnic at Rye beach on the 15th inst., crossing the river by steamer and taking barges from this city.

There was a display of expert swimming in the waters near Commercial wharf on the 15th inst., by Willie Beckwith, champion swimmer of England, and his sister, who came down from Boston by steamer Sirius, and returned in her. They appeared entirely at home in the water, and performed some remarkable feats, Miss Beckwith swimming with apparent ease with her hands and feet tied. It is said they will give daily exhibitions here on the arrival of the steamer, for a week.

Capt. John L. Amazeen, commander of the steamer Rosa, running in the Merchants' Line of St. John's river steamers in Florida, arrived in Portsmouth on Wednesday of this week, accompanied by his wife, to spend a brief vacation. Capt. J. W. Fitzgerald, of the same line, is expected home shortly.

Bond's Brigade band, of Boston, was on board the steamer Sirius on the 15th, and it was the intention of the managers to have had music while the steamer was here, but there were so many people and teams on the wharf that it was feared some accident might occur through the horses becoming frightened, so the order was given for the band not to play.

Rain is very badly needed, vegetation requiring it, and the springs and wells in many places being very low. Unless there is a speedy fall of water, bush fires will be likely to prevail: there were two or three small fires noticed on the line of the Eastern railroad within a couple of miles of this city, Wednesday afternoon of this week, in one place a fence beside the track being merrily blazing. There has really been but a small amount of rain-fall this season, notwithstanding the showers have been so numerous; there has been, until recently, all that was needed by the growing crops, but it has only been sufficient to moisten the surface; deep wells and springs have hardly been affected at all, and there is but a scanty supply in the ground to stand a protracted dry spell.

"Seeing the steamboat come in" is a recognized daily amusement for many hundreds of people, and Commercial wharf is daily crowded. The next wharf to the southward is just as good a point from which to view the boat and her passengers, and ladies can be sure of a courteous welcome from the proprietors, Messrs. Randall & Caswell.

A Boston gentleman writes us as follows: "With so many good shots as there must be in Portsmouth and the vicinity, is it not a little singular that interest enough has never been felt to form a rifle club, and to establish a good rifle range? It ought to be done to encourage military practice, if nothing more. There are also many, like myself, who would like to avail themselves of it for amusement and practice when in town as visitors."

About one hundred members of the Maine Veteran Association of Massachusetts, accompanied by the Maplewood band, passed through this city on the Eastern railroad, Tuesday of this week, on an excursion to Farmington, Me.

The fishing schooner Celia, of this port, has been doing well sword-fishing in the vicinity of Boon Island.

Boston *Post* of Wednesday, 15th inst.: "A Paris-built tally-ho coach will leave Amesbury, Mass., to-day, with a party of sixteen for a two days' trip to Hampton and Rye beaches, the Wentworth, Newcastle and Portsmouth. The party will include William P. Sargent and M. W. McCue of Boston, and J. S. Poyen of Merrimac. The coach will be driven by Enoch Dresser, and Charles Robinson will go as bugler."

Had Heard Him.

A hard-featured man, dressed in a new suit of cheap black, called at the house of a well-known minister, and upon giving his name, was invited to a seat in the gentleman's study.

"I have a few days to spend in the city," said Mr. Prickle, the visitor, "and I did not want to leave without calling and paying my respects to you. I have heard you preach many a time."

"Yes," said the minister, beginning to take an interest in the visitor.

"I like your preaching, and, though I do not belong to your church, yet I must say that you preach the best sermons I ever heard."

"Yes," said the minister.

"There are so very few preachers now, so very few in whose uprightness we can place trust, that when me meet one of the right kind we like to express our appreciation."

"Yes," the good man repeated, and as a bell tinkled, he arose and said, "Come out and take dinner with me."

Mr. Prickle went out, received an introduction to the preacher's family, and began to eat with an avidity that attracted attention.

"You say that you have heard me preach many a time?" remarked the minister.

"Oh, yes," the man replied, shoving a fork full of mashed potatoes into his mouth.

"I don't remember ever having seen you at my church. I suppose you heard me in the country?"

"No," said the visitor, chewing a mouthful of green peas, "not in the country."

"Certainly not in town?"

"Well, sorter yes and sorter not. You know you preached at the penitentiary for some time. I was there for stealing a wagon, and finished my time to-day. Thank you for the bread."

A Question of Money.

A young American prima donna, who has just arrived home from Italy, tells this pleasant story of herelf, and laughs over it. She says that American girls have all the titled lovers they want in Italy, and that she herself had seventeen offers, notwithstanding she regarded herself as an ordinary person. She had a curiosity to test her last lover, so she allowed him to call several times; and the count, imagining he had everything his own way, finally said to her, "Signora, how much money have you got?" "Well," she replied, "after all my debts are paid, I may have two francs and a half left." She has not seen his count-ship since

The Government Chemist Analyizes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

ARE THE BEST."

Solidly Endorsed by the "Spirit of the Times," and Leading Veterinary Surgeons.

"ELLIS'S SPAVIN CURE.—Of course, it is generally regarded as impossible to completely cure a bone spavin and remove the enlargement" but *it is positively astonishing* what curative properties exist in the mixture known as Ellis's Spavin Cure, and those who have given it a fair trial say *it is the best remedy* that they ever applied. In many cases it has not only removed the lameness, but also the lump, and we recommend it as far superior to the ordinary blisters prescribed by the faculty. We also learn that Ellis's condition, colic, worm, and heave powders are *the best of their kind*, and just what every horse owner should have at hand ready for use. *May 15th, 1883.*"

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every respect than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N.B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homœopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everyt ing that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation in the use of your CUTICURA REMEDIES. In ONE WEEK there was marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and at time were on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. BAYRE HINKLE.

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA
LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on improved farms (occupied only after careful personal inspection of the premises by our agents,) worth from two and one-half to four times the amount of loans; run from two to five years; and the interest, payable semi-annually, is collected and paid by the Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than either Government, State, City or Mining Securities. They pay a large interest, and are absolutely safe for the reasons stated above.

Why We Are Sick.

No device that can add to the comfort and convenience of a dwelling is omitted in our modern architecture, and money is not regarded when the luxury of clothing or beauty of personal adornment is in question. Hence we all live in better houses and wear better clothes than did our forefathers. Why should dyspepsia, and the train of diseases that follow it, almost unknown in the olden time, be so prevalent now? Simply because of the poisonous and indigestible trash which in these days is forced upon the public as genuine food, or used to adulterate those articles that go to make up the daily bill of fare of every household. Our forefathers were content to make money by plain and honest methods; but the hot competition of the present day and the strife for rapid riches have called forth all the ingenuity of modern science to devise cunning deceptions that shall enable the avaricious dealer to more rapidly increase his profits, even though he destroy the health of the public thereby. The consequence is adulterated, impure, poisonous and bogus food on every hand.

The people buy these adulterated articles of food because they are cheap, entirely ignorant of their poisonous qualities. A few years ago this evil had reached such alarming proportions in England that the public sentiment demanded legislative interference, and parliament enacted the most severe repressive laws. Dr. Small, U. S. A., after an examination recently made under the direction of the War Department, concludes that the adulteration of food is as great in this country to-day, and of as dangerous a character, as it was in England at the time referred to. No article entering so generally into the food of every family has been found more adulterated than baking powder. For the purpose of underselling an absolutely pure powder like the "Royal"—which has become the standard for purity and strength in baking powders—hundreds of dealers are putting up baking powders with cheap and adulterated cream of tartar containing lime, earth, etc., adding strength by the free use of alum. These powders are sold cheap, but their use is expensive, for they are one of the chief causes of the dyspepsia from which the American people are suffering. This species of adulteration, at least, can be avoided by following the advice of Prof. Mott, the chemist to the goverment, who recommends consumers "when purchasing baking powders to select one standard powder, as the Royal Baking Powder, rather than to risk purchasing adventurous compounds put upon the market by persons who have no higher motive than dollars and cents."

We hope to see Congress take hold of this important matter in a sufficiently vigorous manner to put an end to the whole nefarious busines. In the mean time, if people will be as careful to buy the purest food as they are to wear the best clothes and build the most comfortable houses, it will not be necessary to ask so frequently the question. "Why are we sick?" Every scientific test has proven the "Royal" to be pure and wholesome.

POETRY OF THE SHORE.

YORK BEACH AND NUBBLE LIGHT.

The Beauties of Nature, of the Seaside Bath and of Chowder as Sung by Mr. Shillaber.

[From the Hartford Evening Post.]

The moon is calm, the billows rhythmic roar,
Measured to time the sounding shore,
Rings in grand cadence o'er the sounding shore,
And foaming surges, with unwinding feet,
Press on the silver sands the, evermore,
Resistless attack with a persistence meet,
Back are assailants continual, compelling,
Whose ranks are ever with reinforcements swelling.

Sublime a scen like this! as here I stand,
Confronting nature's domestic bathe,
Although the sea has no fear my feet on the land,
And its deep voices but rise and praise;
But when the wings wave in a vast grand
Assault the shores to make the windows rattle,
I fear is the time—though very few that do!—
To come a thousand miles, or less, to view it.

And what a view is this, at morning hour!
The deep sea stretching to the blue,
Heaving in vast sublimity and power,
But i the gentle air, with breath subdued,
Half awed and half repelled; lower,
Settles placidly, in peaceful mood,
Meeting the sea, as o'er the distant Nubble
It comes, a force, huge, but obsequious bubble.

A beauteous change! The waves now sparkling bright
Beneath the presence of the jocund sun,
Dancing like jubilant bands of merry joyous light,
While Sol looks down, benignant, on the fun;
And the matchless ocean smiles outright,
Rolls on, as sad to do so every one,
From Byron down, and morning's gentle sponges
Become transmuted into play full splurges.

Here at York Beach may the sojourner find
More happiness than anywhere assists
Those who love old Neptune and his mind,
Dressed in his bathing suit, who circulates
He follows lavishly to please such mind,
To hold or limit, and the heart easier
To own a fardom (how'er independent),
To the old York sovereign of the sea, regardant.

See the horizon into distance dim,
The heavens there hanging upon earth's far margin,
And the faint outlines of receding ships,
(Or schooners) small, in seeming, as a barge:
While the night's mist before the morning slips,
Like to some ghost, permitted at large—
For instance that ole one of *Hamlet's* father,
Who came it o'er his "cranky" offsing rather.

Boon Island, but a candle-stick by day,
Stands pointing upward with resistent will,
Like those who strive on points and unusual way,
But which, nevertheless, are more below,
And give the seals decided applecy
Of those there waiting, curious to know
Just what we'd finding, on a search denied,
Of luxuries that we have to bestow,
Until they find, the epicurean sensory,
That they've without their jackets, for our dinners.

It may be cruel in a humane sense,
But just like other things of man's device,
There's room in it for some pleasure,
And though it may be naughty, it is nice;
And Mr. Beach may talk from now till hence,
Mourning the fish's untoward demise—
He'd quite forget the cruelty to hook 'em—
To taste the way in which Louise doth cook 'em.

Talk of your brook trout from your mountain stream!
They're well enough to those who can't get these
Here is the height of epicurean dream,
The culmination of the art to please;
The acme of all hope, as all must deem
Whose appetite is cultured to ease,
And the impossibility to match 'em
Is in accordance with the fun to catch 'em.

The tempting surf to bathing now invites,
And naiads seek the beach in queenly array,
To revel in the breakers' fierce delights,
And in abandon give themselves away;
Tis not the most delectable of sights,
To see such objects in the light of day,
And I can't think a wife was ever close on
A beach with such abominable clothes on.

And I have seen a dude with horror held,
Standing before a party in the wave,
When every sensing faculty dispelled,
His outspread hands applied his eyes to save,
Shocked to forgetfulness as dress revealed,
When in the surf the wearers fair did have,
And only left the complicated dinity,
When apprehensive of a boot's proximity.

The tide goes out. The watery line retreats
As if about relinquishing attack,
But still the surf, in hieroglyphic savor, beats
Upon the shore such decidedness back,
And, though subdued in myriad defeats,
Twill still press on, with power in no wise slack,
Banging away with a success as futile
As man's engaged in some emprise inutile.

What time five roamed along the sounding shore,
The breakers thundering at my very foot,
All irrespective, in their equal roar,
Of favor, as to days of King Canute;
Minding the monarch not one fraction more
Than yonder dog, a half amphibious brute,
Who in the rolling waves defies disaster,
And plunges into follow his young master.

Oh, restless evermore majestic sea!
Thy monotone, like music fills my brain,
My heart in deepest sympathy with thee,
Catches the cadence of thy grand refrain,
That saddens as it sounds, a mystery
Of feeling seemingly akin to pain,
And yet not quite, a sense of something louder
An earnest longing, waked by smell of chowder.

This gives the ocean its most piquant charm,
A fragrancy of combinations rare,
That all the senses rouses to arms,
And the triumphant onion fills the air,
That true seasiders greet with feeling warm,
But make the landlubbers to exercise back,
The onion, in integrity when active,
Of all the vegetables is most attractive.

Yon is a storm, and far there o'er the main,
The entranced clouds descend the view to hide,
A mist pervades the air, and distant rain
Sends with the breeze above the ruffled tide;
The yachtsmen douse their sail, who deem it vain,
With canvas full, the gathering winds to hide,
And then drop anchor in the billows' bosom,
Letting the fierce winds blow as it shall choose you.

Like those philosophers of ancient Spain,
Who, we are told, when a great deluge poured,
Magnanimously chose to let it rain,
With good cigars and other matters stored;
And others, too, at such times should be fain,
When they can't help a thing, how'er deplored,
To let it happen, with a mind contented,
The more because it cannot be prevented.

Twas but a squall—the clouds to seaward sweep.
The sails are up again, and the bright sun
Shines on the vapor that the clouds still keep,
And the fair bow of promise spans the dun;
The waves again in gay exuberance leap,
As though exultant, with a playful run,
And everything is for the moment more glowing,
Even the grand old waves seem brighter flowing.

Now Night, in calm benignity, "comes down,"
With stars and silence its paternal "tip,"
The lighted cottages the darkness crown,
And mirthful cadences, from many a lip,
Plainly reveal, as shadows deeper frown,
That sea shore votaries won't give up the ship.
And there's a saying here, of those who've stayed out,
It is not late till Nubble's Light is played out.

The Nubble light sheds forth its lurid gleam,
Succeeded by the starlike ray of Boon,
And sea and shore seem but a mystic dream,
A summer phantasy set to the tune
Of gentle zephyrs, that enchantment seem
When, on the dreamer's eyes, outfashing soon,
A flame appears, by the wide ocean glaring,
Proclaiming that a clambake is preparing.

Now, of all groundnuts that are dug by man,
The clam has precedence, and old and young
Have gustatory longings as they scan
The luscious morsel, scenes like these among,
Where a wierd circle, like those under ban
Of furies, as the light is round them flung,
Sit patiently and sing, or, eager looking,
Waiting for clams that are in seaweed cooking.

And such was this wherein my palate took
An active part—more active than my feet—
And, as the bivalves in their shells did cook,
My watering mouth and eyes, with zeal repleto,
Took in the situation like a book,
And scene and seasoning made the feast more sweet,
Needing but this *al fresco* expoition
To give supreme delight to deglutition.

Ah, old York Beach! I'll bear away from thee
A rich remembrance of thy sovereign worth,
Whose scenes sublime, and hospitality,
Made it you, the queen of all the earth;
Where the deep music of the summer sea
Blent with the tones of human song and mirth,
Where cunners fried, the best of little fishes,
And chowder ruled, the monarch of all dishes.

And long within my inner ear shall sound,
The plaints of thy billows as they roll,
In memory's eye appear their wild rebound,
As they fall back before the land's control;
And I shall pray the season be brought round
When I again may bathe with earnest soul,
In thy grand tide, needing no bathing garment,
And, as 'tis only soul, there'll be no harm in't.

B. P. SHILLABER.

SEA-MOSS COTTAGE, York Beach.

Extreme Tired Feeling.

A lady tells us "the first bottle has done my daughter a great deal of good, her food does not distress her now, nor does she suffer from that extreme tired feeling which she did before taking Hood's Sarsaparilla." A second bottle effected a cure. No other preparation contains such a concentration of vitalizing, enriching, purifying and invigorating properties as Hood's Sarsaparilla.

—"I'm so alarmed, Lizzie," exclaimed a St. Louis girl, who was engaged to be married to a young army officer. "He hasn't written me in three days." "There is no occasion to get excited," was the reassuring reply; "he is out of the reach of the Indians, there is no epidemic prevailing where he is stationed, and when he last wrote you he was in perfect health." "Oh, yes, I know all that, Lizzie," said the timid, agitated creature, "but then there's the army worm."

COLORLESS AND COLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the roslest and healthiest girl in the town, with vivacity and cheerfulness of mind gratifying to her friends.

—Mrs. Homespun, who has a terrible time every morning to get her young brood out of their beds, says she cannot see why children are called the rising generation.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

—It is said that nature has written a letter of credit on some men's faces which is honored everywhere it is presented. Perhaps that's the reason why a barkeeper always sets out a bottle before a rednosed man without asking any questions.

"My horse was very lame with Navicular Joint disease," says W. E. Peterson, of Waltham, Mass., "Ellis's Spavin Cure has cured him." It never disappoints.

—The artesian well throws up its water because it has a spring bottom.

"Rough on Corns."

Ask for Wells' "Rough on Corns," 15c. Quick, complete, permanent cure. Corns, warts, bunions.

—In a summer hotel kitchen: "Good gracious! here is another order for chicken salad, and there is not an ounce of veal left in the house."

The Hop Plaster will cure back ache, and all other pains instantly. 25 cts at druggists.

—A Pennsylvania editor calls Sullivan a paradox. If he lived within hitting distance he never would use such words twice.

Weak lungs, spitting of blood, consumption, and kindred affections, cured without physician. Address for treatise, with stamps, World's Dispensary Medical Association, Buffalo, N. Y. 5

—As a dude passed down Merrimac street in Lowell, the other afternoon, a small boy who saw him at once called out to a friend on the other side. "Hi, Jimmie, d'yer see that? Where's the hand-organ he belongs to?"

Don't Die in the House.

"Rough on Rats" Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

—It is said that Mr. Lorillard has named one of his horses "Tin Tag," after a brand of his chewing tobacco. To the well informed the title would indicate that the animal is a "plug."

Captain Lewis Sponagle, of the brig Ubaldeina, of Baltimore, says that he used the great pain-cure, St. Jacobs Oil, for pain in the back, and his steward also for rheumatism in the legs, and both were cured by a few applications.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC!

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescout, Manager	$1,386,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100

Paid to Germania National Bank, Jules Casaurd, President	50,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	11,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,627,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

"I ate some Soft-Shell Crabs."

This is what Captain Hodgden said when speaking of an unpleasant experience he had on board ship, near Washington. He added: "The bad effects of which I soon felt." Then he went on to say had he severe pain, followed by a terrible attack of dysentery. Those wicked crabs would have been the death of him but for the fact that he always carried Pain Killer on board his vessel. Have Perry Davis' Pain Killer at hand by day and by night for sure relief.

S. H. Johnson, employed in the Laconia car shop, was dangerously injured on the 15th inst. by falling from a ladder. He will probably die.

The Sheriff of Marshall County, Iowa, Mr. Ben O. Rhoads, says: "I have used Brown's Iron Bitters as a tonic with excellent results."

Davis island, the largest island in Lake Winnepesaukee, has been leased to Stilson Hutchins, editor of the Washington *Post*, and a syndicate of nine other Washington capitalists, for ninety-nine years, at a yearly rental of $1,000, with the privilege of buying within twenty-four years at $20,000. It is proposed to build a number of cottages for the accommodation of Washington people, and a large hotel.

Daughters, Wives, and Mothers.

We emphatically guarantee Dr. Marchisi's Catholicon a Female Remedy, to cure Female diseases, such as ovarian troubles, inflamation and ulceration, falling and displacement or bearing down feeling. Irregularities and barrenness, change of life, leucorrhœa, besides many weaknesses springing from the above, like headache, bloating, spinal weakness, sleeplessness, nervous debility, palpitation of the heart, &c. For sale by druggists. Prices $1.00 and $1.50 per bottle. Send to Dr. J. B. Marchisi, Utica, N. Y., for Pamphlet, free. For sale by Andrew P. Preston, Druggist.

The Montreal express passenger train for Boston, over the Concord railroad, struck a portion of a steel rail two miles below Manchester on the evening of the 15th inst., which had been placed across the track by train wreckers. The locomotive struck the rail with force enough to throw it beneath the engine, where it entered the fire box, one end reaching near the furnace door. The disabled engine reached Nashua with the train thirty minutes late.

Physicians recommend as a fine Bourbon Whiskey the G. O. Taylor brand bottled by the old and honorable house of Chester H. Graves & Sons, Boston. For purity and excellent this Whiskey is unsurpassed. To be obtained of Druggists and Grocers.

At Lowell, Mass., Wm. Noyes became exasperated because his horse got stuck with a heavy load of stone at the foot of the hill on East Merrimack street, and to move him he built a small bonfire under the animal. An observant policeman chanced along and took William to the police court, where Judge Crosby promptly fined him $20 and costs.

How to mitigate the toil of wash day during these hot summer months is worth knowing; we are assured that James Pyle's Pearline does it effectually, without the slightest danger to the finest fabrics.

New Hampshire Legislature.

The house railroad committee on the 15th held a public hearing upon bills extending the charter of the Forest Valley Line railroad, and in regard to ratifying the lease of the Nashua & Lowell to the Boston & Lowell road.

The house in the afternoon on the 15th passed bills extending the charter of the Farmington & Rochester railroad, and incorporating the Contoocook Valley savings bank. The Lisbon election case was discussed, and made a special order for three o'clock P. M. on the 16th. A bill to enable the classed towns of Albany and Madison to elect a representative to the legislature, was referred to a third reading. The senate passed an act for the better registration of births, marriages and deaths.

The senate on the 16th adopted a concurrent resolution to adjourn on the 25th.

News and Notes.

In Cincinnati, on the evening of the 15th inst., Albert Anderson, a light mulatto, stabbed and killed Charles Marshall, another mulatto, at a sixth ward voting precinct during the progress of a republican primary election. Anderson's name was on the ticket, and Marshall began to abuse Anderson for keeping his (Marshall's) name off. Marshall drew a pistol, and before he could use it Anderson stabbed him with a pocket knife, and he died on the way to the hospital. Marshall killed policeman Karch three years ago, and a colored man two years before that.

It is related that Senator Edmunds was once urged to join a Congregational church. He requested to see the articles. After several days' deliberation he returned them, and agreed to become a member if ten out of twenty-seven clauses were omitted, six modified, and two new ones added. The result may be inferred from the fact that he is now a pewholder at the Episcopal church of the Epiphany in Washington.

An open letter has been addressed to Capt. J. D. Rhodes by the Canadian authorities, stating that any attempt by him or any other person to swim the whirlpool rapids will be looked upon as coming from an insane person, and that they will be prevented from carrying it out, as far as taking the water from the Canadian shore is concerned.

At Luting, Tex., Aug. 14th, Laurence Denman shot Rev. R. G. Sewell dead on the street. Domestic difficulties are the alleged cause.

Alfred F. Chapman, who has been chosen at Denver, Col., as general grand high priest of the royal arch chapter of the United States, is a resident of Boston. He has been grand high priest of the grand chapter of Massachusetts and Rhode Island, and grand recorder of the grand commandery of Knights Templar of those states. He is also the editor and publisher of the *Liberal Freemason*, issued monthly at Boston.

A special courier from the headquarters of the army operating against the Indians in Opposura, Sonora, Mex., says: "The Apaches on July 30th made an attack on the village of Nacori, where Lieut. Moreno is stationed with a small picket of state troops, killing five of the guards. Several of the Indians were killed, and Lieut. Moreno was slightly wounded. After the skirmish the savages had things all their own way, and drove off large herds of cattle."

There are alarming signs of another earthquake in Serrara, on the island of Ischia. The springs are drying up, and smoke is issuing from fissures in the ground. The minister of public works has issued an order for the immediate erection of huts for the accommodation of the people, in case they are compelled to vacate their houses.

Dr. George L. Tiffany, who left Stonington, Conn., last March, to escape arrest on a charge of procuring an abortion on Mary L. Giddens of West Hartland, returned unexpectedly last week, and was arrested on a complaint made by his own friends. The state being unprepared, the case was dismissed. There is much feeling, and further prosecution is probable.

William J. Mack, stage manager of Gus Williams' dramatic company, was arrested in Boston on the 15th inst., charged with larceny of $600 in money and a check for $38, the property of Jane M. Mooney of Long island, Boston harbor. May E. Mack, his wife, was held on suspicion of complicity in the crime.

At Lawrence, Mass., the Essex savings bank has foreclosed its mortgage on St. Mary's (Catholic) church, and will sell the edifice and land Thursday, September 6th, to the highest bidder. The society which was organized recently under the name of the St. Mary's Church society, will, it is thought, buy in the property.

The U. S. S. Tennessee arrived at Portland on the 16th inst.

—Henry Crawford Tucker, who has just died in Georgia, was a Primitive Baptist minister, who did much toward furnishing his own candidates for baptism, for he had thirty-one children.

—Even some savages are polite. An English officer dining with a cannibal king was asked what religious denomination he affiliated with, as it might be more agreeable to him to have the missionary about to be served, of another faith.

—A California journal referring to a distinguished political visitor in that state as a railroad dog, a contemporary remarks that the statesman's name will resound through fame's eternal camping-ground long after the memory of country editors has been lost in the waste-basket of time.

For seven years Allen's Brain Food has stood the strongest tests as to its merits in curing Nervousness, Nervous Debility and restoring lost powers to the weakened Generative System, and, in no instance, has it ever failed; test it. $1; 6 for $5.—At druggists.

The "North American Review" for September is an admirable number. First comes "State Regulation of Corporate Profits," by Chief-Justice T. M. Cooley, of Michigan; John A. Kasson, M. C., writes on "Municipal Reform;" Richard Grant White treats of "Class Distinctions in the United States," a subject that is destined to occupy more and more the attention of the American people, as great fortunes increase; "Shooting at Sight" is the subject of some pertinent reflections by James Jackson, chief-justice of the state of Georgia. In "Facts about the Caucus and the Primary," George Walton Green unveils the tricks practiced by political managers in large cities. The well-known English essayist, W. H. Mallock, contributes "Conversations with a Solitary," in which he sets forth with much ingenuity the arguments adverse to popular government. Rev. Dr. D. S. Phelan contributes an article on the "Limitations of Freethinking," and Grant Allen discourses on "An American Wild Flower." Published at 30 Lafayette place, New York, and for sale by booksellers generally.

While thirteen men were being hauled to the surface at a mine, near the town of Redruth, Cornwall, England, Aug. 15th, the rope attached to the car in which they were standing broke. Twelve of the men were precipitated to the bottom of the shaft, and instantly killed.

MEDICAL.

PROBABLY NEVER
In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.
Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of billousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?
An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."
Each dollar bottle contains one hundred (average) doses. Sold by all druggists.
Price one dollar, or six for five dollars.
Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.
☞ Use HOOD'S TOOTH-POWDER.

THE Admiration OF THE WORLD.
Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!
Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.
COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.
"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

For Chief Engineer of Fire Department, 8 votes were thrown; Ira C. Seymour had 2, Willard Sears 6.

Four Assistant Engineers were chosen, namely: William S. Hazel, George P. Philbrick, Benjamin F. Winn, William H. Deverson.

Thomas Entwistle was elected City Marshal without opposition.

James L. Parker was elected Clerk to Board of Engineers.

Franklin Cole and Joseph B. White were elected Assistant Marshals.

The committees were announced, Ald. Caswell and Hackett, and Councilman Grogan, being the committee on accounts. Ald. Caswell declined serving. Ald. Hackett expressed a hope that Ald. Caswell would not be excused, and the board took no action.

Mrs. Lyman's request for relay of sidewalk on Austin street was referred to com. on streets, with power.

Request of Firemen's Muster committee for use of streets was referred to committee on streets, with commissioner added, with power. Request of same for use of certain city buildings, was referred to com. on city lands and buildings, with power.

Adjourned for one week.

DEATH OF GEN. HAINES.

Gen. Thomas J. Haines, U. S. A., a native of this city, died at Hartford, Conn., Aug. 14th, at the age of fifty-five years. Gen. Haines graduated at West Point in 1849, and was first attached to the second artillery. At the commencement of the rebellion he was a lieutenant at Fortress Monroe, and for a time was acting assistant adjutant general on the staff of Gen. B. F. Butler. Transferred to the commissary department, he was chief purchasing commissary for the southwestern department, and stationed at St. Louis for the remainder of the war, with the rank of colonel of volunteers. At the close of the war he was mustered out of that service with the rank of brevet brigadier general, and resumed his rank of major in the regular army. For several years he was chief commissary at Boston, and since that time has been on duty as first assistant commissary general at Washington, until he was granted sick leave of absence over a year ago. At the time of his death he was senior major in the commissary department.

A HARD VOYAGE.

The steamer Twilight started from Salem for this port on Thursday last, with about 1000 persons on board, Odd Fellows and their ladies from Salem, Beverly, Ipswich, Marblehead and other places in that section of Massachusetts, the intention of the party being to spend an hour or so at the navy yard, and then cross to this city to spend the rest of the day. The Sirius, which arrived from Boston promptly at two o'clock, reported having passed the Twilight a short distance this side of Thatcher's island, but the latter did not get here until nearly four o'clock, after a passage of about seven hours. The steamer was too deeply laden for speed, even in smooth water; and the water she found herself in outside was far from smooth. Then a cold rain caused the passengers to crowd to the lee side, burying the paddle-wheel on that side to the guards, and lifting the weather one almost out of water, so that only slow time could be made. Many of the passengers were seasick, and on getting ashore were half-famished, and had a hard time to get enough to eat; about half of them, it is said, took the cars for home, having had all the sea they wanted for one day. The steamer started on the return trip about half-past five o'clock, and no doubt made good weather of it going back. The Salem brass band, Ralph Reinewald leader, was on the boat, and had arranged to give an hour's concert on Market square; but owing to the late hour of the arrival this had to be given up.

The lighthouse steamer Iris arrived at the navy yard at two o'clock Thursday afternoon last.

The hull of the old schooner which has been lying on the beach at Noble's island, inside the bridge, since last fall, is being broken up.

The schooner Royal Arch, in getting under way from the Eastern railroad wharf on the 15th inst., was forced by the wind and tide against the wharf, carrying away her martingale and causing some other slight damage.

W. J. Sampson & Co. on Thursday last had men at work on the cupola of the high school building, giving it a coat of paint.

John I. Lamprey of Hampton, about seventy years of age, was on the 15th inst. lodged in jail in this city, having been bound over in $1500 to the supreme court on a charge of feloniously assaulting a girl six years old.

The train due here from Dover at half-past two o'clock last Thursday afternoon was delayed by an ice-car which jumped the track while being shifted, and the engine came down without it, the conductor and several lady passengers being in the cab, the baggage master and brakeman of the train on the cow-catcher, and a number of gentlemen on the tender.

Workmen were engaged in strengthening Commercial wharf on Thursday.

A pleasant little episode occurred at the police station last Thursday afternoon, it being the presentation of a beautiful Masonic ring to our efficient city marshal by a few of his many friends. It would be the correct thing to say that he bore his blushing honors well, but some people might question that he ever blushed.

The Eastern railroad pay-car passed through this city on the 16th inst.

At the annual meeting of the stockholders of the Swampscot Machine Co., held on Thursday, the 16th inst., Amos Paul, Samuel H. Tarlton, Patrick Quinn, Geo. O. Paul and Charles H. Sanborn were chosen directors. Amos Paul was chosen president and treasurer, and S. E. Williams clerk,—all of South Newmarket. Two dividends have been declared the past year. The affairs of the company appeared from the directors' report to be in good condition.

The schooner Albert Woodbury, Capt. Downs, arrived at the Shoals on the evening of the 15th inst., with about twenty barrels of mackerel on board, taken at three hauls of the seine. The water in the vicinity of the Shoals was alive with mackerel on the morning of the 16th, but the fish were very wild, going down at the slightest noise.

Mr. Carl Berrer, from the office of Col. Blunt, U. S. Engineer, in charge of river and harbor improvements in this district, has for some days been engaged in making surveys in the vicinity of Franksfort, below the junction of the Cocheco and Piscataqua rivers, for the dam proposed to be thrown across the river at or near that point to retain the water at a high level, and thus enable vessels to go up the small rivers at all times of the tide. The survey is being made by order of Congress, and it is said the report will be ready when Congress meets in December. It has been stated that such a dam would improve the navigation of Portsmouth harbor, by diminishing the flow of the tide; this might be the case in summer, but in the winter there would probably be no navigation of the harbor at all, as it would be very apt to freeze over.

Fred A. Wiggin of South Boston, a young fellow sixteen or seventeen years old, who stole a team in Sanford several weeks ago, was taken from Boston to Sanford on the 15th inst. in custody of an officer.

Nearly all the land at Kennebunkport available for the location of seaside cottages and hotels has been brought up by the "Boston & Kennebunkport Seashore Co.," who own between 600 and 700 acres, mostly high land, well wooded and interspersed with beaches, coves, headlands and rocky points. It has all been surveyed and laid out into lots, divided by streets and avenues. The Ocean Bluff house is owned by this company, and leased to its present managers.

Elliott Coues, the eminent naturalist, writes to the District of Columbia authorities at Washington, advising the repeal of local laws and regulations protecting the English sparrows, and the placing of a bounty of say two cents on each dead sparrow, making the heads of dead sparrows receivable also for taxes. He says he knows that all naturalists of experience in this regard agree with him that the sparrow is a nuisance which ought to be abated.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.51 per cent, equivalent to 113.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

250th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and pronounced a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the joyous satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

Hay Fever.

From Col. J. Maidhof, of New York: "I have suffered severely for the last ten years from Hay Fever in early and mid-summer and in the fall. I desire in the interest of my fellow sufferers to testify in favor of Ely's Cream Balm. My short use of it demonstrated its efficacy.
J. MAIDHOF, 401 Broadway.

I recommend Ely's Cream Balm to relieve all persons suffering from Rose-Cold and Hay Fever. I have been a great sufferer from these complaints and have used it. I have recommended it to many of my friends for Catarrh, and in all cases where they have used the Balm freely they have been cured. T. KENNEY, Dry Goods Merchant, Ithaca, N. Y.

—Embarrassing: DePayne (who has donned his Knickerbockers for a call at the neighboring hotel)—"My good man, can you tell me if I am on the right road to the Sunnyside pavillion?" Native—"Yes, stranger, you be, but ye'd better roll down yer pants before ye come in sight of the house, 'cos ye mought shock the wimin folks."

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affection, etc? It is simply because they will not come and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin- watery and impure. Imsure blood carries weakness and distress to every part of the body. Supply this lack of iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains and general ill-health.

—One fellow might hang around a surf swimming place for weeks, and never have a chance to rescue a rich man's daughter from a watery grave. Another would grapple a millionheiress the very first day, and be invited to her house to dinner. It is all luck.

The Prize of Beauty

would never have been awarded to Venus if her teeth had been yellow. Frail mortals, unlike the deities of fables, have perishable teeth, but these may remain unimpaired to an advanced age, if they will use Sozodont, which keeps the teeth free from impurities which destroy them and renders them objects of admiration. It is pure, refreshing leaves an agreeable flavor in the mouth, and sweetens the breath.

Perry Davis's Pain Killer
The GREAT REMEDY for every kind of BOWEL DISORDER.

Captain Ira B. Foss, of Goldsborough, Maine, says: "One of my sailors was attacked severely with cholera morbus. We administered Pain Killer, and saved him."

J. W. Simonds, Brattleboro, Vt., says: "In cases of cholera morbus and sudden attacks of summer complaints, I have never found it to fail."

Vital Questions!!

Ask the most eminent physician
Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly
"Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.," and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable
And compounded into Hop Bitters, such a

COLORLESS AND COLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the rosiest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying to her friends.

A letter has been received at the navy department from Sec. Chandler, stating that he will not return to Washington until September, unless his presence is absolutely necessary.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

The hardware store of Mead Hopkins, on the "Berwick side" of Great Falls, was burned early in the morning on the 16th inst., the house of W. A. Wooster, and the livery-stable of Z. W. Slater, being also considerably damaged. The buildings were all owned by Mr. Wooster; loss $2000, with no insurance. Hopkins lost about $900, and had $600 insurance. The fire is supposed to have been incendiary.

"My horse was very lame with Navicular Joint disease," says W. E. Peterson, of Waltham, Mass., "Ellis's Spavin Cure has cured him." It never disappoints.

Willie C. Davis, about eight years old, son of the late Charles W. Davis of Dover, was drowned by falling from a dam across the Bellamy river at Knox Marsh on the 15th inst. He was going for the cows in the evening, and attempted to cross on the dam, instead of going around by the bridge.

"Rough on Corns."

Ask for Wells' "Rough on Corns," 15c. Quick, complete, permanent cure. Corns, warts, bunions.

—A lady recently married, was detailing to the girl she wished for a servant the advantages of the place. "The work is very easy. There are but two of us, and we have no children." "Oh, madam," cried the girl, "I pray you will not inconvenience yourself on my account. I adore children."

Human Blood.—On the purity and vitality of the blood depend the vigor and health of the whole system. Disease of various kinds is often only the sign that nature is trying to remove the disturbing cause. A remedy that gives life and vigor to the blood, eradicates scrofula and other impurities from it as Hood's Sarsaparilla undoubtedly does, must be the means of preventing many diseases that would occur without its use. Sold by dealers.

—The editors in Springfield, Illinois, are getting into a terrible rage. The *State Register* calls the editor of its contemporary "the blear-eyed dam-phool who edits the vile and venal hand-me-round." He has probably begun to practice shooting at the barn door with his little gun.

Don't Die in the House.

"Rough on Rats" Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

—Julia Ward Howe has preserved one specimen of the fashionable notoriety-hunter, like the fly in amber. A well-known New York woman, so the story goes, took her out on her Newport piazza the other day and begged her to "say something brilliant about it, that would always be quoted." Mrs. Howe looked at her a moment and then replied, "Really, I can't think of anything except that it's a bully old piazza, anyhow."

Why is it so many suffer from rheumatism, aches, pains, kidney diseases, liver complaints, heart affection, etc? It is simply because they will not come and be healed. All diseases begin from a want of iron in the blood. This want of iron makes the blood thin- watery and impure. Imsure blood carries weakness and distress to every part of the body. Supply this lack of Iron by using Brown's Iron Bitters and you will soon find yourself enjoying perfect freedom from aches, pains and general ill-health.

—It is said that nature has written a letter of credit on some men's faces which is honored everywhere it is presented. Perhaps that's the reason why a barkeeper always sets out a bottle before a red-nosed man without asking any questions.

The Ham family is probably not so numerous as the Smiths, Browns, and Jones.' Mr. N. Ham, of Sutton, Vt., is a well informed, astute, and appreciative man, as any one man may infer from the following extract from one of that gentleman's recent letters. Mr. H. goes on to remark that "Dr. Graves' Heart Regulator is the best remedy for the heart ever offered." These are strong words but strictly true.

—Embarrassing: DePayne (who has donned his Knickerbockers for a call at the neighboring hotel)—"My good man, can you tell me if I am on the right road to the Sunnyside pavillion?" Native—"Yes, stranger, you be, but ye'd better roll down yer pants before ye come in sight of the house, 'cos ye mought shock the wimin folks."

Could not Keep

Shop without them. I consider your Sulphur Bitters a remarkable blood purifier. I know of several people whose cases were considered hopeless, that have been entirely cured by your medicine. The sale of Sulphur Bitters is so large here that I could not keep shop without them. E. S. YATES, Pharmacist, 99 Essex street, Lawrence, Mass.

—Cincinnati paper says the audience grew enthusiastic over a pasteboard lion that did duty in one of the Roman plays last week. This lion probably looked something like a goat, and was mistaken for a bock beer sign.

"A Drop Of Joy In Every Word."

Dr. R. V. Pierce, Buffalo, N. Y.: Three months ago I was broken out with large ulcers and sores on my body, limbs and face. I procured your "Golden Medical Discovery" and "Purgativ Pellets" and have taken six bottles, and to-day I am in good health, all those ugly ulcers having healed and left my skin in a natural, healthy condition. I thought at one time that I could not be cured. Although I can but poorly express my gratitude to you, yet there is a drop of joy in every word I write. Yours truly,

JAMES O. BELLIS, Flemington, N. J.

"Discovery" sold by druggists. c

—As a dude passed down Merrimac street in Lowell, the other afternoon, a small boy who saw him at once called out to a friend on the other side. "Hi, Jimmie, d'yer see that? Where's the hand-organ he belongs to?"

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. This original Nutrient and Tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

—In a summer hotel kitchen: "Good gracious! here is another order for chicken salad, and there is not an ounce of veal left in the house."

CERTAIN SHAMS.

Swindlers and their Victims---How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the best witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that

BENSON'S CAPCINE HOROUS PLASTERS

are pursued by a host of miserable and worthless imitators, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPCINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPCINE POROUS PLASTERS have stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPCINE is cut in it.

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 39 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1882.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescoat, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Charlaron, Cashier	64,450
Paid to Citizens' Bank, E. L. Carriere, President	57,000
Paid to Germania National Bank, Jules Cassard, President	50,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	13,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,627,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

"I ate some Soft-Shell Crabs."

This is what Captain Hodgden said when speaking of an unpleasant experience he had on board ship, near Washington. He added: "The bad effects of which I soon felt." Then he went on to say had he severe pain, followed by a terrible attack of dysentery. Those wicked crabs would have been the death of him but for the fact that he always carried Pain Killer on board his vessel. Have Perry Davis' Pain Killer at hand by day and by night for sure relief.

Two houses in Biddeford, belonging to Luther Bryant and Carlos Head, were burned on the night of the 15th inst. Loss about $1500, with insurance of $1000, on each house.

The Sheriff of Marshall County, Iowa, Mr. Ben O. Rhoads, says: "I have used Brown's Iron Bitters as a tonic with excellent results."

A case of yellow fever appeared in the marine guard of the Pensacola navy yard, Aug. 15th. The man was isolated, and the entire marine guard removed to Cape Anson, six miles from the yard. Two other men were sick, but their cases had not been decided to be yellow fever. Additional medical aid has been ordered from New Orleans.

The Telegraph Service.

If the reports of the matter sent over the wires are true, the great strike of telegraph operators is liable to end shortly, in a defeat of the strikers. But the assertions of the Western Union officials to the effect that they are now able to efficiently handle about all the business offering, is absolutely false, if we may judge from the following statement, made to us on the 17th inst. by a prominent business man, who has used the telegraph less of late than usual. His experience for the previous ten days was as follows:

From an important point in Canada, on the shore of Lake Huron, he telegraphed his wife at an interior town in Maine. The lady, like many others, is somewhat startled at receiving telegrams; and this message was delivered to her *four* separate times, so that she had four "half-scares." A message subsequently sent, from another northern point, was received by her *by mail from Portland*.

A message sent from Clifton (Niagara falls) to the interior of New York state, requesting a meeting with a gentleman next day, was received after the sender had passed the appointed meeting place.

A despatch sent from Elmira, N. Y., to an important Michigan town, for a man to immediately come to New York on business, was not delivered at all; and two days delay at New York, with four days uncertainty, were thus occasioned, until the Michigan man personally answered a letter luckily sent at the same time as the telegram.

Messages sent to correspondents here are stated to him to have been "veritable nonsense" when received. In one sent from Brooklyn within three days the important word of the message was so totally changed as to make the telegram of worse than no effect.

With the exception of the first named message, that was delivered four times, his entire experience has been vexatious as well as expensive. *No* good results have been effected, and his opinion is that the latterly-boasted 50,000 New York messages daily by the Western Union will rapidly diminish, as soon as correspondents find how this important, expensive, guaranteed business is done.

New Hampshire Legislature.

The house on the 16th passed the senate bills to incorporate the Upper Coos and Lake Shore railroads, and to enable the Boston, Concord & Montreal railroad to build a branch from Groveton Junction to the Connecticut river. The Colby railroad bill came up, and Mr. Stone of Laconia strongly opposed it. Mr. Kent of Lancaster offered an amendment providing that the supreme court shall be the authority to determine whether the public exigency demands the union or consolidation of railroads, which was adopted. Gen. Marston said the bill should be further amended, or defeated, and then called up the Lisbon election cases, pending the consideration of which the house adjourned.

In the senate, on the 17th, the bill to aid in suppressing repeated violations of the law relating to offences against police was passed. In the house many committee reports were accepted. Both branches adjourned to the evening of the 20th.

Good music will be provided on the boat.

The judges of the Supreme court of New Hampshire finished their conferences at the Sea View house, Rye, on Friday morning, and all left by the Concord train except the chief justice and Judge Allen, who went to call upon Judge Morton at Little Boar's head. It is stated that Judge Allen is to hold the term of the court to begin in this city October 17th.

Designs and samples, with prices, sent by mail upon application.

—At a station on the Michigan Central road near Kalamazoo, the other day, a strapping youth boarded the train, leading by the hand a blushing rustic maid. Taking his stand in full view of everybody he orated: "Ladies and gentlemen, this is my wife, Mrs. Heuffer. Ain't she a daisy?" He proudly exhibited his prize to the observers through a fifty-mile ride, with an explification of the enticements he had used to win her. Arrived at Buchanan, the happy pair alighted in the presence of a large crowd assembled to greet them. Again the groom announced: "Ladies and gentlemen, my wife. Ain't she a darling?" Bystanders and passengers united in greeting them with cheers and waving of bandkerchiefs.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT,
WASHINGTON, August 14, 1883.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Tuesday, November 20, 1883, at which time and place they will be opened, for the purchase of certain vessels at the Navy Yard, Mare Island, California, which have been stricken from the Navy Register, under authority of an act of Congress approved March 3, 1883, and which it is deemed for the best interests of the United States to sell.

The vessels offered and their appraised value are, the Monadnock, (old), $11,200; Alaska, $18,500; Benecia, $17,000; Tuscarora, $9,900; Narragansett, $8,900; Nyack, $4,900, and Saco, $5,000.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed "proposals for the purchase of vessels," so as to distinguish them from other communications. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest prices therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check) of not less than ten per cent of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two or more sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent of the amount of such offer or proposal within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cent, or any part thereof within that time, said cash deposit of ten per cent shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels; also forms of bids and bonds, which much be used by bidders. The vessels can be examined at any time by applying to the Commandant of the Mare Island Yard.

The purchasers must remove the vessels purchased from the limits of the Yard within such reasonable time as may be fixed by the Department. ED. T. NICHOLS.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Hair Restorer

IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

A LOCAL EDUCATIONAL INSTITUTION.

A gentleman from a neighboring town called upon us recently to enquire as to the proper place in our city to send a boy for the acquirement of useful education. We were glad to be able to endorse Smith's Academy & Commercial College, the fall term of which commences Sept. 3d. Mr. Smith's success in establishing a school where boys intending to become men possessed of practical knowledge, can secure their ends, is assured. Here are to be found boys not only from our own city, but from Kittery, Eliot and other towns, the result of whose education reflects credit upon the school. Mr. and Mrs. Smith are abundantly qualified for the positions they fill, and their personal attention is given toward encouraging and teaching every pupil. Parents appreciate the beneficial effects of this school, if we may judge from the manner in which new pupils constantly succeed graduates.

BURGLARS IN DOVER.

The house of C. A. Pitman, Dover agent for the Singer Sewing Machine Co., was entered through a rear window of the kitchen on the night of the 15th inst., and a number of rooms were visited by the intruder. Mrs. Pitman was awakened soon after midnight by a light shining in her face, and gave the alarm, when the burglar escaped by the same way in which he entered, carrying with him only a silver fruit-knife as plunder. The sitting-room and parlor carpets were found to be sprinkled with burnt matches. A one-armed man named Jack Goddard was arrested on suspicion.

The Episcopal church was entered on the night of the 14th, through a window, and the poor-box in the vestibule broken open and robbed. The Advent church was also broken into, but nothing is said as to anything having been stolen.

LOBSTER-CATCHERS BEWARE!

The "close season" for lobsters, under the laws of New Hampshire, commenced on the 15th inst., and will continue until (and including) the 15th of October, during which time there is a heavy penalty for catching or having in possession any lobster, of any size or kind whatever. The game and fish wardens are looking around for violators of this law, and any such detected will be prosecuted without fear or favor.

MOONLIGHT EXCURSION.

The hotel population and cottagers at Union Bluff and Concordville, York, are to repeat this evening their grand illumination of last Saturday night; and to enable Portsmouth people to enjoy it, the steamer City of Portsmouth will make an extra trip back to this city after the illumination. The boat will leave Appledore wharf at 6:30, which will give the passengers an opportunity to see the illumination from the water. There will be good music on the boat.

As this will probably be the only chance to take a moonlight ride on the water this season, those who enjoy such a trip should not forget it.

GOSSIPS SAY

That the excursionists to this port by the steamer Twilight are of the opinion that that boat is a tub.

That the finest piece of Chinese carving in America is in the possession of a retired sea captain of this city.

That the yacht Hawley made a trip to sea on Wednesday, the 15th, with a large gander party on board.

That there was an earnest discussion among the party as to what the exact conversation was between the governor of North Carolina and the governor of South Carolina, when they went on a picnic once.

That by a strange coincidence the same subject agitated the minds of the excursionists on boat the tug-boat Ann, the same day.

That Major Urch is now earning the gratitude of the citizens of Peterborough.

That although the major was in a minority of one to eight on the committee on banks, he succeeded in having the report of that committee set aside, and the bill to establish another bank at Peterborough advanced to a third reading.

That a large fleet of coastwise vessels came into the lower harbor on Thursday, and sailed Friday.

That ten picnic parties chowdered at Gerrish's island on Friday.

That a large number of yachts will visit this harbor next week, there being nearly three hundred between this port and Salem, in readiness to participate in the grand race under the auspices of the Beverly Yacht club off Marblehead today.

That Col. Sise had an amusing bout with the Rev. Mr. Quint of Dover in the legislature on the 15th inst., over the railroad question.

That the Portsmouth Athenæum is the possessor of a very rare copy of a Dutch and English dictionery, published in Rotterdam in 1648.

That there are on the shelves of the same library splendidly preserved copies of bibles published in 1578, 1618 and 1635.

THE FIREMEN'S MUSTER.

Mr. John H. Wells has been awarded the contract for furnishing the refreshment supplies for the muster.

Mr. Frank W. Hidden, of Star island, Isles of Shoals, has entered for the dory race on the 29th inst., and whoever wins in that race will have to possess both wind and muscle, as well as skill at rowing a dory.

The following named persons were elected by the city councils in convention on Thursday evening, notice of their election being omitted in our report of Friday morning:

Weighers, Arthur W. Walker, Benjamin Russell, William P. Pickett, Charles Edward Newman, Gardner J. Greenleaf, James W. Salter, Otis F. Philbrick, Robert Green.

Lamp Lighters, Oliver W. Ham, Levi W. Prior, George W. Hutchins.

On the 15th inst a raft of logs 300 feet long—the raft was 300 feet long, not the logs, though many of the logs were of unusual length—came down from Newington for Mason's mill. The unwieldy craft was moored in the mill dock without accident, though no steamboat was employed to assist, as was the case with the previous raft from the same place, which was broken up against Portsmouth bridge.

Mr. Editor: We hope that our new city government will turn their attention to the condition of the north mill-pond, and give our citizens a relief from the foul odors that arise almost daily from its filthy waters. It is useless to stop and discuss who or what is the cause of the stench; the duty of the city councils is to abate the nuisance, and we hope our present city officers will have the good sense to put the pond in good sanitary condition. W.

Two new passenger coaches were put on the rails of the Eastern road this week.

Mr. George Lane, proprietor of the White Hart hotel, and family, left this city on the 15th inst. for a visit to relatives in a town on Long Island, N. Y.

It is a common occurrence for wheels to be broken by getting caught in the rails at the diagonal crossing on Noble's island bridge. Within a few days a Kittery man broke a wheel there; and a team from Exeter, bound to York beach, was so much injured as to be obliged to return for repairs.

In the window of a provision store on Market street is a potato weighing two and one-half pounds, raised by Mr. John S. Tuckerman of this city, and one raised in York weighing one and one-half pounds.

Sergeant Gallagher, U. S. A., who has served for eighteen years in charge of Fort McClary at Kittery Point, leaves on Thursday, the 23d inst., for Montana, where he is to report for duty.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.
Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.
Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.
Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.
NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

238th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES, saw one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA
LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on Improved farms (accepted only after careful personal inspection of the premises by our agents,) worth from two and one-half to four times the amount of the loan; are for three, five years; and the interest, payable semi-annually, is collected and paid by the Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than either Government, Municipal, City or Mining Securities. They pay a large interest, and are absolutely safe for the reasons stated above.

On application we will take pleasure in sending references to leading Bankers East and West. Address, for pamphlet and full information,

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find an economical medium. The Gazette is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

A rusted iron rope attached to the elevator in John C. Provost's coalyard at Hunter's Point, L. I., broke last Thursday, killing John Downey instantly.

The fact that good health, strong muscles and sound nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

William Black of the Salvation Army was held for trial last Thursday at Trenton, N. J., on a charge of assault and battery on a citizen named Samuel B. Fish.

Catarrh.

The remarkable results in a disease so universal and with such a variety of characteristics as catarrh, prove how effectually Hood's Sarsaparilla, acting through the blood, reaches every part of the human system. A medicine, like anything else, can be fairly judged only by its results. We point with pride to the glorious record Hood's Sarsaparilla has entered upon the hearts of thousands of people it has cured of catarrh.

The ball tendered at San Francisco, Cal., to the Knights Templar last Thursday night, was attended by 700 persons. The building was handsomely decorated. The object of the triennial committee in giving this ball in advance of the official proceedings was to raise money to provide for after expenses. The receipts are estimated at $7,000, representing about $4,000 net.

Hay Fever.

From Col. J. Maidhof, of New York: "I have suffered severely for the last ten years from Hay Fever in early and mid-summer and in the fall. I desire in the interest of my fellow sufferers to testify in favor of Ely's Cream Balm. My short use of it demonstrated its efficacy. J. MAIDHOF, 401 Broadway.

I recommend Ely's Cream Balm to relieve all persons suffering from Rose Cold and Hay Fever. I have been a great sufferer from these complaints and have used it., I have recommended it to many of my friends afflicted with Catarrh, and in all cases where they have used the Balm freely they have been cured. MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 39 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves !

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, T. M. Wescoat, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Chararon, Cashier	64,450
Paid to Citizens' Bank, E. A. Carriero, President	57,000
Paid to Germania National Bank, Jules Cassard, President	30,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	13,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums under $1,000 at the various offices of the Company throughout the United States	2,027,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

Notorious Offender Arrested!

The Chief of Police in Hartford has arrested and effectually brought to a standstill that old offender, "Cramps." "Cramps" was "known to the police" for a long time; in fact, the Chief had him in his bowels. "Cramps" came unexpectedly and at inconvenient times, with severe griping and neuralgic pains. Perry Davis's Pain Killer proved to be more than old "Cramps" could stand. The notorious villain surrendered, and acknowledged himself beaten.

Nellie A. Hall, aged seventeen years, of Greenfield, tookcorrosive sublimate on Sunday, the 12th inst., and died last Friday. Trouble with her lover was the cause.

Dr. Jas. B. Mills, Saltmarsh, Ala., says: "Several of my patients have used Brown's Iron Bitters for chronic indigestion with benefit."

At Weirs the New Hampshire State Temperance Camp Meeting association brought their seventh annual session to a close last Friday. There was a great deal of spirit in the meetings, which was noticeable to the last, the closing meeting being very enthusiastic.

Daughters, Wives, and Mothers.

We emphatically guarantee Dr. Marchisi's Catholicon a Female Remedy, to cure Female diseases, such as ovarian troubles, inflamation and ulceration, falling and displacement or bearing down feeling. Irregularities and barrenness, change of life, leucorrhœa, besides many weaknesses springing from the above, like headache, bloating, spinal weakness, sleeplessness, nervous debility, palpitation of the heart, &c. For sale by druggists. Prices $1.00 and $1.50 per bottle. Send to Dr. J. B. Marchisi, Utica, N. Y., for Pamphlet, free. For sale by Andrew P. Preston, Druggist.

Job McDuffee, aged twenty years, employed at Haley's livery stables in Wolfeboro, has been missing since Wednesday of last week. His hat, coat and vest were found in a pasture near the house, and the river has been dragged but no trace of his body has yet been found. A revolver is missing from his residence, and it is feared that he has committed suicide by drowning or shooting.

Physicians recommend as a fine Bourbon Whiskey the G. O. Taylor brand bottled by the old and honorable house of Chester H. Graves & Sons, Boston. For purity and excellent this Whiskey is unsurpassed, To be obtained of Druggists and Grocers.

In the police court at Dover, Friday forenoon, James Goddard, on suspicion of having committed burglary at Miss Hallum's residence, was arraigned and pleaded not guilty. Very strong testimony was produced against him, and he was held in $2,000 bonds for his appearance for trial at the September term of the supreme court.

The Strike Ended.

The great strike of telegraph operators collapsed on Friday, the head officials of the Brotherhood of Telegraphers on Friday afternoon announcing to the branch assemblies all over the country that "the strike is a failure. Members may return to work immediately." From the time that the operators became convinced that the Western Union officials cared nothing for the inconvenience of the public and the disarrangement of business, their hope of succeeding in the contest with the $80,000,000 of the Western Union company was dim; and now their utter defeat is acknowledged. They had the general sympathy of the press and the business men, but that was not enough with which to fight Jay Gould and the enormous capital at his back.

One result of the strike, and the manner in which it has ended, will probably be to give the price of Western Union stock a send-up; another will be to make the condition of the operators worse than it was before. And another result, which was not thought of by either party to the contest at the time it commenced, has been the convincing of thousands of business men, before opposed to the scheme, that the establishment of a telegraph service by the government is a necessity of the near future.

Anybody can readily understand that it's easy enough to find some shameless wretch to stand up and father lies about eminent men for the sake of the notoriety thus to be obtained. And it is a favorite trick of the republicans to bring forward such people.—*Boston Post.*

This probably accounts for the zeal with which the *Post*, the New York *Sun* and other democratic papers have given circulation to Dorsey's repeatedly-exploded charges of corruption against the dead President Garfield. Dorsey was a reckless liar and wholesale thief in their estimation until he commenced to slander eminent republicans, living and dead, since which time all his utterances are accepted by them as gospel truth.

News and Notes.

An attempt at a general jail delivery was made at Council Bluffs, Ia., Thursday afternoon of last week. Eight of the nineteen prisoners escaped through a hole cut in the floor of a cell. Four were soon recaptured.

Mrs. Sarah Justice of Philadelphia tried to commit suicide Thursday, Aug. 16th, by taking laudanum. When the drug was pumped out of her she severed the veins in her wrist with a table knife, inflicting fatal injuries.

At Cobleskill, N. Y., Aug. 16th, Frank Blood, aged twenty-six years, was bitten on the wrist by a dog. The wound was trifling, but Blood asserted that he would die from it. He died in the evening, showing none of the usual signs of hydrophobia.

Joe Payne, a negro, was hanged at Oakland, Miss., Aug. 15th, for the brutal murder of Thomas Sayle, a young merchant, July 26th. The mayor of Oakland presided over the informal "court" which condemned the murderer to death.

Isaac H. Potter, aged about seventy years, residing in Jamestown, R. I., was found dead in his back yard Friday morning by his wife, who had returned from a visit to a neighbor's. Beside him was an old flint-lock gun, which accidentally or intentionally was fired, the ball entering Potter's side and coming out of his back. It is undetermined whether the case is one of accident or suicide, but the authorities think probably the latter.

Martin Bradley, colored, charged with criminal assault, was hanged by a mob at Terrell, Texas, Aug. 16th.

Daniel McRae, twenty-six years old, an employe of the Brush Electric Light Co., while working on the roof of a building in Boston on the 17th inst. touched an uninsulated wire, and was instantly killed. Such deaths will be common if electric light wires are not better protected.

Ann Kennedy, an elderly woman, dropped dead in Worcester, Mass., Aug. 17th.

Five masked burglars entered the residence of W. B. Hill in Fairfield, Conn., through a window at twelve o'clock on the night of the 16th inst., and handcuffed Mr. Hill and the hired men, then took a fifteen year-old daughter from bed and tied her with ropes, and ransacked the house. Mrs. Hill escaped through a front door and ran down the road to alarm the neighbors. One of the burglars overtook her, brought her back and stood guard over her with a pistol during their stay. They broke the door to a safe, but found nothing of value inside. All they secured was a lady's gold watch and a few dollars in money. Mr. Hill usually has considerable money about him, but had deposited it in the bank the day before. Considerable cash was secreted in the house which the burglars did not find. They remained until three o'clock, when they went to the barn, took a horse and carriage and drove to Bridgeport, Conn., where the team was found the next morning.

Mr. Howell's Heroine wants Work.

In the August *Century*, Helen Harkness, the heroine of "A Woman's Reason," continues her efforts at self support—first by writing for the newspapers, and afterward by millinery. The capable, self-supporting Miss Root, of whom she takes counsel, asks her if she is willing to prepare herself for teaching and to wait for a situation. Helen's answer and Miss Root's rejoinder contains the kernel of the question of women's work as stated by the novelist: "No," she sighed; "I couldn't wait for any length of time," she said innocently, with the thought of Robert's return in her mind; "it might be only for a period."

"That's what I supposed," said Miss Root. "That's the great trouble. If a man takes a thing up, he takes it up for life, but if a woman takes it up, she takes it up till some fellow comes along and tells her to drop it. And then they're always comp'ainin' that they aint paid as much as men are for the same work. I'm not speakin' of you, Miss Harkness," she said, with a glance at Helen's face; "and I don't know whether I want to join in any cry that'll take women's mind off of gettin' married. It's the best thing for em, and it's about all they're fit for, most of 'em, and it's nature; there's no denyin that. But if women are to be helped along independent of men—and I never was such a fool as to say they were,—why, it's a drawback. And so most of 'em wait to prepare themselves for anything, because they don't expect to stick to anything; they turn book-agents, or they try to get a situation in a store."

"Mens sana in corpore sano:" "A sound mind in a sound body" is the trade mark of Allen's Brain Food, and we assure our readers that, if dissatisfied with either weakness of Brain or Bodily powers, this remedy will permanently strengthen both. $1.—At druggists.

William's Shanty.

Vanderbilt's house on Fifth avenue, in New York, is a curiosity. The doors are some of the features. Why shouldn't they be? They are of bronze and gold, and cost $30,000, were made in Munich, and polished up by college graduates. The visitor first enters a grand vestibule, which is a gorgeous chamber of carvings and artistic upholstery in stone. This vestibule separates the departments of Mr. Vanderbilt from those of his wife. If you press the electric button on the left, a door opens as if by magic, or a high-priced genii attended it. Then you enter and another door opens, disclosing a well-dressed servant in citizen's clothes, who receives your card. If you want to borrow ten dollars you will get it, but not on that day. If you wish to see the lady of the house, press the button on the other side of the vestibule, and a nice looking fellow in page's costume receives your card on a jeweled salver. If you are a tramp, and want a cold lunch, you are requested to send in your letters of reference. This system of doing business prevents confusion, and keeps the household expenses from getting mixed up with the quarterly earnings of the New York Central.—*Washington Capital.*

—Leadville clergymen are becoming very particular. One of 'em got mad at a funeral where he was to officiate, because the master of ceremonies notified him to begin by remarking: "Now, old hoss, it's your play."

MEDICAL.

PROBABLY NEVER
In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.
Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?
An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."
Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.
Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD.
Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!
Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.
COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.
"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

SATURDAY, Aug. 18th.

Thomas Philbrook was brought before the court on a charge of being a common drunkard, but was let off with a fine of $5, costs being taxed at $6.90; jail in default of payment.

FREIGHTS.

Coal freights last week were reported as follows: One schooner, 900 tons, from Perth Amboy to this port at $1.30 per ton; two schooners, same voyage, at $1.25; one from Port Johnson, at $1.20; one from Hoboken, to discharge at Dover, at $1.15 net.

RANCH TEN.

The season at Music hall will open this evening, when "Ranch 10" will be presented by the company which has been playing it to large houses in other places, the author, Mr. Harry Meredith, taking a prominent part. The plot of the piece is as follows:

The play is in three acts and three tableaux. The first scene is laid at "Ranch Ten." Miss Coriander Lucretia Smalley, an old maid, has under her charge a beautiful neice, named Annie Smalley, and "Silver Bud," a young Indian maiden, who previous to the action of the play has been rescued from the persecution of Joseph Kebrook, a heavy villain. The rescuer was Al McClelland, who is betrothed to Annie. McClelland has a twin brother, Tom, who looks so much like him that they cannot be told one from the other, when apart. Tom comes from afar to attend his brother's wedding with Annie. Kebrook pursues the Indian maiden to the ranch, and being rejected by her, swears vengeance. Silver Bud, it seems, is in love with Al, and artlessly confesses it to him; and when he says he is to marry Annie, she impetuously denounces him. This seeming quarrel is overheard by Kebrook. Al goes off to shoot a hawk, leaving Silver Bud alone, and in his absence Kebrook shoots her dead. Al comes back with his empty gun still smoking, and is accused of the murder by Kebrook. He does not propose to be lynched, and so makes his escape. Tom entering a moment later, is mistaken for Al, and believing the latter really guilty, is prompted by his fraternal affection to take his place in the jail. After this is shown the growing love of Tom for Al's betrothed; an attempt to lynch him; his and Annie's escape from the burning ranch; the marriage of Annie and Al in the mountains; Al's death; the trial of Tom; his acquittal, and the fastening of the guilt upon Kebrook by the discovery that he is the only person in the neighborhood who uses a copper bullet such as is found in the murdered girl's body produced in court. A few lines then inform the audience that Tom is to marry his deceased brother's widow.

The schooner Hattie Lewis has had a new grub-beam put in by Warren Keen, and she went up river on Friday evening to load bricks for Boston; the Triton was already up the river, loading, having gone up early in the day. The D. K. Ham and G. W. Raitt came down on Friday, loaded, and sailed for Boston.

The model of the new schooner to be built by Mr. Wm. F. Fernald is on exhibition in the store of Messrs. George T. Vaughan & Co. She is now being laid down in the loft over the Spring market, and is to be 133 feet keel, thirty-four feet Beam, and twelve feet in the hold, with centreboard. She will be commanded by Capt. Richard H. Seaward of Kittery Point, an energetic, pushing, careful and successful skipper.

A team from Newington, racing with another, came over the north millbridge early Saturday morning on the way into town; the driver at first turned into Vaughan street, but suddenly changing his mind sheered the horse toward Elm street again, the quick turn causing one of the hind wheels to go to pieces like the Deacon's one-hoss shay, leaving only the hub attached to the axle. The two men in the wagon did not appear to feel very badly over the disaster, and after picking up the wreck of the wheel drove off down street apparently in the best of humors.

The new schooner Alice B. Phillips is nearly ready for sea. She will sail for the Kennebec river, to load ice for a southern port.

Mr. G. Alexander Emery, who has for some months been undergoing treatment at the Massachusetts Eye & Ear Infirmary in Boston, for an affection of the eyes, has to a great degree recovered his sight, and will shortly resume business as a chiropodist.

The schooner W. B. Keen on Thursday last took a party of ladies and gentlemen, mostly summer boarders, from Kittery on a fishing excursion to the Shoals. Several of the party landed on Smuttynose island, and spent some hours in roaming over the rocks, with intervals for dinner, lunch, etc. Mr. Wm. B. Keen of Malden, Mass., the owner of the vessel, was one of the party, and assisted much in making the occasion a pleasant one. The schooner was on her homeward passage at five o'clock, the excursion having been highly enjoyed by all.

Forty of the newly invented street-lanterns, which burn kerosene without the use of chimneys, are being put in place of the chimney-using lanterns originally placed on the streets.

Mr. Jefferson D. Cook, son of Mr. Leonard C. Cook of Kittery, and formerly a pupil at Smith's academy in this city, has accepted a clerkship in a tea store at Lynn, Mass.

Capt. Robert F. Bradford, U. S. N., commanding the flagship Tennessee of the North Atlantic squadron, arrived in town last week. The ship is at Portland, Me., having just arrived from a cruise in the West Indies and to Central America.

Hartley W. Mason arrived from Liverpool on the 11th inst. by steamer Brittania. During his absence he made an extended tour of Europe, going as far south as Naples. Mr. Mason enjoyed his time to the fullest extent, and is now taking a rest at the seaside in York.

Constructor Philip Hichborn, U. S. N., was in town on Friday.

B. F. Clark, clerk of the United States District court of New Hampshire, and Eugene O. Locke, clerk of the United States courts of Florida, met on the steps of the United States court house in this city on Saturday last. Mr. Clark had arrived by carriage from Manchester, en route to York beach. Mr. Locke, who was formerly resident in Manchester, is visiting relatives in Kittery.

Commodore T. D. Wilson, U. S. N., chief of the bureau of construction and repair, is at the navy yard.

The Boston *Traveller* of Friday stated that a purse of $2500 has been raised for the brave switchman who prevented the collision on the eastern railroad at Beverly, Mass.

Quite a crowd collected on Daniel street, Saturday morning, to superintend the reeving of the halyards on the flagstaff for the display of the storm signals.

Mrs. William F. Libbey, of Berwick, aged about forty-five years, attempted suicide Friday morning. At her usual hour of rising she was missed, and was found in the cellar with her throat cut from ear to ear, and much exhausted from loss of blood; it was supposed her injuries would prove fatal.

Among the noted guests at the Hotel Wentworth the portly figure of Dr. Orlando Tompkins, of the Boston theatre, is conspicuous.

From the 1st of June to the 15th of August the Eastern railroad checked 43,295 pieces of outward-bound baggage at the station in Boston.

Mr. James F. Jenness, who has been ill for many months, and at one time was supposed to be within a very brief period of his death, is reported to be recovering.

THE FIREMEN'S MUSTER.

Triumph Engine Co. of Biddeford, Me., and Eagle Hose Co. of Peabody, Mass., entered for the muster on Saturday.

Chief Marshal E. G. Pierce, Jr., has appointed George E. Hodgdon, Esq., chief of staff—a very judicious selection.

The Portsmouth Artillery company having voted to parade with the firemen in procession, there will be a meeting for drill in the armory of the Portsmouth Cavalry, on South street, this (Monday) evening at half-past seven o'clock. A few able-bodied men are needed to recruit the company to its maximum number.

The mayor and chief engineer of Nashua will be here with Torrent Engine Co.

It is expected that United States Senators Blair and Pike will both be here as guests of the muster committee.

The committee on reception of distinguished guests are requested to meet at the mayor's office on Friday evening, at 7:30 o'clock.

The bureau of information is receiving a large number of names of parties who will take boarders, and they are all to be published as far as location is concerned.

The Spring market loft is to be used for a lodging place for companies, as are also all the ward rooms, while the Court house is to be used for collation purposes.

The flag-staff at Fort Washington will be placed in position to-morrow, and it will certainly be a novel sight when this old fort is armed with cannon and the American ensign floating over it. Hardly a gray-haired veteran walks our streets that can remember the days when soldiers moved about these old earth works, and things looked like war.

Citizens along the route, as well as on the streets where the procession is to be formed, are earnestly requested to arrange for having plenty of water in front of their residences in tubs for drinking purposes, and there cannot be too much, as the people in the procession suffered on the Fourth of July for lack of this forethought.

NEW BOOKSTORE.

Mr. O. M. Knight this morning opens a new bookstore at No. 37 Congress street, recently occupied by Mr. J. Howard Dodge. The store is conveniently situated and arranged for the business, the stock is all new, and the proprietor proposes to keep on hand, beside all the standard and popular books, a full line of stationery and such fancy goods as are looked for in a first-class establishment of the kind, which he will sell at the lowest prices that will allow a living profit. Call in at the new store, and take a look around.

IN ANOTHER ROW.

"Major" George B. Wentworth, whose name is periodically brought before the public by reports in the papers that he has either just got into another row or has just got out of an old one, one day last week assaulted Alderman Joseph B. Quaid of Dover with a cowhide, in the Kimball house in that city. Mr. Quaid is a reporter for *Foster's Democrat*, and something in an account written by him of an affair between the doughty major and Mr. Jefferson Canney incensed the major, who thereupon swore vengeance, and went hunting for the reporter as related. Wentworth struck Mr. Quaid several times before the fracas could be stopped by other persons in the room. In the police court, Wentworth was fined $10 and costs, the total being $16 or $17, and was ordered to give bonds to keep the peace for one year.

The major's last previous row, if we remember aright,—or at least the last row he was in that the papers made any special report of,—was when he went to a railroad station to "clean out" the station master, Nowell, and his son, who are relatives of the major's, on which occasion young Nowell put a bullet into him, and knocked all the fight out of him for that special occasion. We believe he was in jail for a year or so after that, for refusing to pay the fine imposed.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT,
WASHINGTON, June 21, 1883.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Monday, September 24, 1883, at which time and place they will be opened, for the purchase of certain vessels which have been stricken from the Navy Register, under authority of an act of Congress approved August 5, 1882, and which it is deemed for the best interests of the United States to sell.

The vessels offered, their appraised value and their locality are, the Congress, $25,497; Guard, $2,816; Kansas, $6,10; and Sabine, $10,400; at Portsmouth, N. H. Iowa, $44,600; Niagara 20,000; and Ohio, $15,700, at Boston. Blue Light, $500, and Florida, $64,400, at New London, Conn. New Orleans, $200, (on the stocks), at Sackett's Harbor, N. Y. Susque anna, $9,000 at New York. Burlington, $3,000; Glance, $400; Supply, $1,200; Sorrel, $200, and Dictator, $33,800; at League Island, Pa. Frolic, $8,600; and Relief, $2,600, at Washington, D. C. Worcester, $25,400; Shawmut, $5,200, and Savannah, $10,600, at Norfolk. Roanoke, $37,300, at Chester, Pa. Pawnee, $5,000, and Seaweed, $500, at Port Royal, S. C.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed, "proposals for the purchase of vessels," so as to distinguish them from other communications. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest prices therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check) of not less than ten per cent. of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two or more sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent. of the amount of such offer or proposal within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cent., or any part thereof, within that time, said cash deposit of ten per cent. shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels; also forms of bids and bonds which must be used by bidders. The vessels can be examined at any time by applying to the Commandants of the Yards.

The purchasers must remove the vessels purchased from the limits of the Yards or Stations within such reasonable time as may be fixed by the Department.

"ELLIS'S SPAVIN CURE.—Of course, it is generally regarded as impossible to completely cure a bone spavin and remove the enlargement; but *it is positively astonishing* what curative properties exist in the mixture known as Ellis's Spavin Cure, and those who have given it a fair trial say *it is the best remedy* that they ever applied. In many cases it has not only removed the lameness, but also the lump, and *we recommend it* as far superior to the ordinary blisters prescribed by the faculty. We also learn that Ellis's condition, colic, worm, and heave powders are *the best of their kind*, and just what every horse owner should have at hand ready for use. *May 12th, 1882.*"

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and physical debility, premature decline of man, or vigality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Sixth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25, by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—(London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—(Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In one WEEK there was a marked change; the raw and angry sores began to grow pale and heal, and the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing there is not even a small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before the dreadful disease with its miserable scabs had.

Sincerely yours,
CHAS. EAYRE HINKLE.

Vital Questions!!

Ask the most eminent physician
Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable
And compounded into Hop Bitters, such a

The fact that good health, strong muscles and sound nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

The Kearsarge, now at the New York navy yard, having passed a most creditable inspection, will soon leave that port for the European station.

Didn't Want a Girl.

Last summer my wife's health was all run down, and she wanted me to hire a girl to do the work. In a little while I found one I thought would suit her, when to my surprise she said I need not hire any one, as she felt better, and thought another bottle of Sulphur Bitters would cure her. DONALD GREY, 41 Worcester square, Boston.

At Lowell, Mass., on Saturday, H. M. Stevens, superintendent of the Middlesex Electric Light company's system, narrowly escaped death at the company's new generating headquarters on Middlesex street. He slipped on the oily floor, and caught hold of a wire to save himself. The wire broke, and his hands fell into the machinery, a full charge of electricity for fifty lights passing through his body. He was taken up for dead and carried to a hotel, where a physician after a half-hours' labor succeeded in restoring him.

"Beating around the bush," signifies circumlocution, or the use of many words to express one idea. The proprietor of Dr. Graves' Heart Regulator adopts no such methods in telling the public, as he does, that "this medicine is a certain cure for heart disease." In these days of hoaxes, "biggest on earth" adv'ts, etc., this simple, straightforward style is impressive and convincing. We should like to see more of it.—*Indiana Sentinel.*

Mr. Thomas Oakes, formerly a Boston boy and employe of the Boston board of trade, has just been elected president of the Northern Pacific Express company. During the war Mr. Oakes was a telegraph operator under Gen. N. P. Banks.

Mr. Foster A. Roper, of Springfield, Mass., says that his mother had been troubled with a lame knee, and could not walk. She made one application of the magical pain-reliever, St. Jacobs Oil, and was cured.

Capt. Rhodes, the swimmer, in an interview last Saturday, stated that he would surely swim the Niagara whirlpool rapids, but would not give the date, and stated that no one except his wife and brother should know the date when the attempt would be made. He stated that his main object was to obtain the government prize of $50,000, and if he were successful in the attempt he would build a monument to Capt. Webb's memory to cost $5,000, and that the widow of Capt. Webb should have an equal amount. The captain and Herman Burchardt swam five miles in the Niagara river Saturday afternoon as an exhibition. Rhodes was quite ill, but would not back out, fearing that the papers would call him a fraud. They both evinced considerable skill in the water, and wore nothing but ordinary trunks. The captain it was said would send a dummy through the rapids on Monday.

Hood's Sarsaparilla

Is designed to meet the wants of those who need a medicine to build them up, give them an appetite, purify their blood, and oil up the machinery of their bodies. No other article takes hold of the system and hits exactly the spot like Hood's Sarsaparilla. It works like magic, reaching every part of the human body through the blood, giving to all renewed life and energy. $1 a bottle; six for $5.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. she says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster-General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, T. M. Wescott, Manager	$1,366,360
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Charlaron, Cashier	54,450
Paid to Citizens' Bank, E. L. Carriere, President	57,000
Paid to Germania National Bank, Jules Cassard, President	30,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	14,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,627,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legility and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

Notorious Offender Arrested!

The Chief of Police in Hartford has arrested and effectually brought to a standstill that old offender, "Cramps." "Cramps" was "known to the police" for a long time; in fact, the Chief had him in his bowels. "Cramps" came unexpectedly and at inconvenient times, with severe griping and neuralgic pains. Perry Davis's Pain Killer proved to be more than old "Cramps" could stand. The notorious villain surrendered, and acknowledged himself beaten.

On the trial of William Henderson, for the murder of William Clark, at Grayson, Carter county, Ky., the prisoner was found guilty of murder in the first degree, and the jury affixed the death penalty. This is only the second case in Carter county in which the death penalty has been affixed for murder.

Dr. Jas. B. Mills, Saltmarsh, Ala., says: "Several of my patients have used Brown's Iron Bitters for chronic indigestion with benefit."

Charles Langmaack was fatally shot Saturday night at One Hundred and Fifty-sixth street, New York, by two masked highwaymen, who robbed him of $17.

A Defiant "Home Ruler."

During the session of the British house of commons on Saturday, Mr. Gladstone took occasion to rebuke what he termed the habitual violence of the language used by Mr. Healy, home rule member for Monaghan county, Ireland. He said M. Healy's utterances deserve the severest reprobation, as they were calculated to stimulate the national hatred which it has been his (Gladstone's) desire to mitigate, and if possible extinguish. He regretted that Mr. Healy had pleaded the wrongs of Ireland as an excuse for his remarks. While Gladstone was speaking he was frequently interrupted by Biggar, home rule member for Cavan county, Ireland. The chairman finally notified Biggar that if he did not desist from interruptions he would "name him to the house." Healy in response to the remarks of Mr. Gladstone was very defiant. He declared that there was a state of war between England and Ireland, which would become physical warfare if the Irish had the power to engage in the struggle. Ireland, he said, wanted justice, and not appeals to fine sentiment.

News and Notes.

In December, 1872, the brig New Dominion sailed from Cow Bay, Cape Breton, for Yarmouth, Nova Scotia, with a cargo of coal, and nothing was heard of her afterwards. A diver at work on the wreck of the Cedar Grove, near Torbay, N. S., has discovered her hull on the bottom, making her name out plainly on the stern. She is supposed to have run on the same reef as did the Cedar Grove, and to have slid off and sunk with all hands.

Judge Jeremiah Sullivan Black died at his home in York, Pa., early Sunday morning, in the 74th year of his age. As secretary of state under President Buchanan he strongly opposed secession, and strongly advocated the reinforcement of Fort Sumter. He was a lawyer of great ability, an earnest member of the Campbellite (or Christian) church, a man of pronounced opinions, and an extremely partisan democrat. No hint of dishonorable conduct ever attached itself to his name.

William Wirt Sykes, United States consul at Cardiff, Wales, died at that place on Saturday, Aug. 18th. He was born Nov. 23d, 1836, in Watertown, N. Y. He early gave promise of great talent, and he began an honorable career in journalism in his sixteenth year. If his contributions in fiction, poetry, philosophy, history, politics and art, to the daily weekly, monthly and quarterly press were gathered in book form they would fill fifty good sized volumes. In 1876 Gen. Grant appointed Wirt Sykes consul to Cardiff, and immediately on arriving at his post he began that series of papers on Welsh history, archaeology and social conditions which has attracted attention in Harper's *Monthly*, Appleton's *Journal* and other prominent publications. In 1871 Mr. Sykes was married to Miss Olive Logan, the well-known writer, the ceremony being performed at his house in New York by Rev. Robert Collyer of Chicago.

An unknown schooner is reported to have sunk off Beach Haven, N. J., last Friday morning, and the affair is surrounded with considerable mystery. She was about 300 tons burden, and is said to have been pursued by a steamer. Reports say that both vessels were putting in shore under full sail and steam, and when about five miles out the schooner suddenly sank, and all on board were supposed to be lost. The steamer remained at the spot where the schooner sank about a half hour, and then steamed away to the eastward out to sea. The schooner is said to have carried a black flag.

The body of Nicholas Sherret, a wealthy man of San Francisco, was found in one of his unoccupied houses on Ellis street last Saturday in an advanced stage of decomposition. He was last seen entering the house with three Nevada men, who were proposing to purchase it, on the previous Monday. He was undoubtedly murdered. The affair is a mystery, and detectives are endeavoring to unravel it.

The engine and tender of a passenger train on the Mobile & Montgomery division of the Louisville & Nashville railroad went through an open draw eleven miles from Mobile, Ala., last Saturday, and the engineer, Edward Brown, was drowned. The firemen saved himself by jumping. The engineer could have escaped, but he stuck to his post, and succeeded in preventing the train from following the engine through the draw. Brown was a resident of Montgomery.

J. W. Patten and E. E. Hartsook, sub-professors in the Virginia Military institute, were arrested at Lynchburg, Va., last Saturday, on suspicion of their being about to engage in a duel. They were bound over to keep the peace.

The San Francisco grain exchange committee has issued a statement showing a wheat yield in the various counties of California the present year of 53,000,000 bushels, an increase of 14,000,000 over last year. The barley yield this year is 15,000,000 bushels, an increase of 2,500,000.

The Princess of Wales has succeeded in her crusade against pigeon shooting, and the bill making the sport illegal has been read a third time in the House of Commons, and passed. Her royal highness may now turn her attention to another cruel sport, battue shooting, and especially at Sandringham, where thousands of pheasants, brought up by hand and as tame as barn-door fowls, will be shot next October for the amusement of the royal owner and his friends.

Particulars of a Yosemite stage robbery state that one passenger, a Knight Templar, was robbed of $326 and a gold watch. The Templar requested the return of the latter, but the robber replied, "You are a Mason and know how to get along without it."

The new house to be built by J. C. Flood on California street, San Francisco, will be the finest private residence in this country. It is to cost about $6,000,000 without the furniture, which will cost perhaps $2,000,000 more. Every room is to be frescoed by artists brought from Italy for thatpurpose.

American beef received a strong vindication in the British parliament last Friday evening, when the government reported as the result of its inquiries that it could find no reasonable ground for discriminating legislation against the importation of American cattle. The British stock raisers now have the alternative of submitting or acknowledging that their sole purpose in keeping out American cattle was to destroy competition and so get higher prices for their beef. They might with as much reason demand a tariff on American grain because British wheat could not stand the competition.

Thomas Fanning, twenty years old, giving his residence as New York city, was arrested in Chicago on the 19th inst. on a charge of stealing a quantity of jewelry valued at between $300 and $500 from the room of Stephen R. Niles at the Parker house, Boston, on the evening of June 8th last. Fanning at the time was a bell boy at the Parker house, having held that position about three weeks previous to the robbery, and it is alleged that on the night in question he secured the pass-key to the room, and between six and seven o'clock, during Mr. Niles' absence, entered the apartment and helped himself. Among the property stolen were a number of valuable coins of ancient date made into scarf-pins. Fanning has already been indicted by the grand jury.

At Old Orchard, on the afternoon of Sunday, Aug. 19th, a party of roughs from Saccarappa entered Hildreth's store, and after buying cigars, began using profane language. The proprietor interfered, and was attacked by the roughs with a dirk. With the aid of his brother, Hildreth kept them at bay until help arrived. The officer who arrested them got some ugly cuts, and one of the roughs was considerably injured. Hildreth was severely bruised, and had his face cut.

—A New Hampshire dog is sick from biting a tramp. One cannot be two careful what he eats this warm weather.

—Watering the stock of a leather-making company is a new form of hide-ranllcs. It is now positively known why some of the New England leather firms have "gone to the dogs." In several instances the reason is given "they had too much bark."

—A certain little three-year-old likes very much to go to church, and especially enjoys the singing. One day the choir sang "Rock of Ages Cleft for me," and after she got home the little one was heard singing very seriously, "Rock the babies kept for me."

—A New York merchant, who lost patience while waiting for an answer to a message which he entrusted to the wires, remarked that the company had had ample time to get him an answer by mail, and he could account for so long a delay only by assuming that the company was waiting to take advantage of the reduction in postage which goes into effect in October.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of Hood's VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
August 21, 12:00 A. M.

Probabilities for New England:—

Fair preceeded by partly cloudy weather and light local rains, southwesterly winds, stationary or falling barometer and temperature.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 70 degrees above zero.

Sky clear.

POLICE COURT--BATCHELDER, J

MONDAY, Aug. 20th.

Nellie Parks, for drunkenness, was sent to the county farm for thirty days, costs being taxed at $6.90.

Edward Evans, a Laconia man who came to this city on Sunday on the excursion from Manchester, was fined $3, costs $6.90, for drunkenness; county farm in default of payment.

THE FIREMEN'S MUSTER.

Co. F, of the 6th Mass. regiment, will have the lower line of earthworks at Fort Washington, and the battery of artillery will occupy the works nearest the centre of the Island.

The cannon to be used at Fort Washington are to be taken from Fort Constitution on Thursday next.

The Committee on Reception are requested to meet at the Mayor's office on Friday evening at 8 o'clock.

Veteran Engine Co. of Marlboro, Mass. will arrive here on Tuesday by steamer.

Hon. Frank Jones is to furnish an elegant span of horses for Engine Co. No. 4, to draw the engine, and the Eldredge Brewing Co. are to furnish the Kearsarge Engine Co. with the fine pair recently purchased by them for use at the brewery. Both spans are said to be the finest specimens of horseflesh seen in this vicinity for a long time.

Citizens should at once arrange for the decoration of their houses, not only for the day of the procession, but also to arrange for Chinese lanters to decorate their houses and grounds the night of the torch light procession, as the latter are more effective than to use gas.

The Committee have finally decided to make a charge of five cents for crossing the pontoon bridge, to go to Pierce's Island on the day of the Sham Battle, as also on the day of the clam-bake. On the latter day, those who purchase tickets will not be allowed to pass at the same time the procession does through the gates, but must do so before it arrives or after it has passed. The tickets are to be on sale after Wednesday, in stores all over the city.

The Cocheco engine company of Dover has made arrangements to come to this city during the muster, also the hook and ladder company, without their apparatus.

One company of the 5th Massachusetts regiment will come here during the muster.

Citizens who intend making contributions of food for the collation to be given the visiting military and firemen, are earnestly requested to fill out the cards which have been left at their houses as soon as possible and throw them in the post office. This will enable the committee to ascertain how much provision is to be donated, as they must buy the balance necessary.

The Mayor has decided that the public interest will not allow any stands or booths to be erected on Market Square, and will grant no permits, except for side streets, where travel will not be obstructed.

The Portland (Me.) Cadets will be at the upper tier of earth works at Fort Washington, and will be assisted by the First N. H. Cavalry (dismounted) during the Sham Battle.

The committee are flooded with all sort of applications for booths, tents, etc., as also for privileges for eating tents, but have refused all applications from everybody except citizens of Portsmouth.

The north mill is being fitted up as quarters for ninety men.

The Spring market was on Monday being fitted with tables and seats, for a restaurant during the muster, under the management of Mr. George H. Atkins. Mr. Atkins and his son, Willie Atkins, who is in business with Wm. Wallace Downs, have a contract to feed 125 men during the muster, and expect to be able to furnish between 2000 and 3000 meals per day, if required.

GOSSIPS SAY

That the tide on Monday morning last was the lowest for several months.

That several yachts were aground at their moorings in Pepperell's cove.

That the yacht Ranger, of Boston, was caught by the ebb tide on the sandy flats at Gerrish's island.

That the steamer Sampson could not reach her wharf at Kittery Point, and her passengers had to be taken off and on in small boats.

That the Portsmouth Shoe factory will suspend work during the Firemen's Muster.

That the stone tower for the new Stedman cottage at Newcastle has reached the height of thirty feet.

That work upon the cottage is being pushed with vigor.

That Lewis B. Trask, formerly foreman cutter at the Portsmouth Shoe factory, is spending a few days in this city.

That Water street was blockaded by a perfect jam of teams during the time the Sirius laid at Commercial wharf last Saturday.

That a policeman should be stationed at the corner of Court and Water streets, while this steamer is in port, to keep teams moving along, and also to direct the excursionists the way up town.

That the sloop yacht Wenonah, which won the race off Marblehead last Saturday, attracted much attention while in the lower harbor a week ago from her peculiar model and British rig.

That Ex-Collector Shannon is on a visit to his native heath.

That a Market square bookkeeper on Saturday last electrified the crowd at Appledore wharf by the skill and speed with which he propelled a scull through the water.

That the interest rose to enthusiasm when he suddenly commenced to propel his own skull through the water.

That he is as lively as a cricket—wet one—and will try it again.

Mr. Joseph E. Adams, of Minneapolis, Minnesota, arrived in this city on Saturday on a visit to his parents, Samuel Adams, Esq., and wife. Mr. Adams has not visited Portsmouth before for nearly three years, though his wife and children but recently returned to Minneapolis after a stay of several weeks. Mrs. Eva (Adams) Blanchard, wife of Prof. J. W. Blanchard of Minneapolis, and daughter-in-law of Mr. Samuel Adams, is also on a visit to her former home, accompanied by her youngest daughter.

Mr. John D. Randall has opened a job printing office at No. 2 Market street.

Mr. Charles F. Sleeper of Boston, a well known architect, who was born in a house on Joshua street in this city in the year 1826, was in town for a few hours on Monday last, his first visit here for many years.

Mr. C. E. Boynton now has twelve persons at work in his bottling and ginger beer manufacturing establishment, the continued hot weather having caused a very heavy demand for the various delicious summer drinks made by him.

The swimming exhibition by the English experts travelling on the steamer Sirius was on Monday given in the dock to the northward of Commercial wharf, instead of on its southerly side as before.

The schooner Alice B. Phillips went to sea Monday afternoon, in tow of the tug Clara Batemen.

The apple crop of Newington this year will be inferior in quantity, but far superior in quality to the average for several years past.

Stephen R. Niles, Esq., and wife, of Boston, are at the Wentworth.

Mr. Frank Neal, formerly of Kittery and at one time employed in the steam fire engine house on the navy yard, was in this city on Monday. He is now employed on an Iowa railroad, having charge of the road repairs on locomotives on two hundred miles of line. Mr. Samuel W. Cole, music teacher, and Mr. Charles F. Shillaber, were also in this city on Monday.

The east bound trains on the Eastern railroad were very heavily laden on Saturday.

The steamer Emerald, after being hauled up for a week on the navy yard to have some repairs made on her keel condenser, was put in the water on Friday last, and recommenced her regular trips on Saturday morning. During the week, from Monday morning to Friday evening, the steamer Mystic made 172 round trips across the river, between this city and the navy yard and Kittery.

Mr. Dennett's hack, while standing near Franklin block on Monday afternoon, was hit by one of the Wentworth house four-horse coaches, and slightly damaged.

Mrs. Mary Ann O'Brien, a deaf woman, was struck by a locomotive on the Eastern railroad at Everett, Mass., last Monday morning, and knocked senseless from the track. The iron flag-staff on the front of the engine was broken short off by the shock, and yet it was thought possible the woman might recover.

Mr. D. M. Lenigan, brewer for the Portsmouth Brewing Co., it is reported will shortly go to Boston to take charge of a new brewing enterprise there.

A young son of Thomas B. Hoyt, of Newington, is in a very precarious condition, owing to a disease of the kidneys.

A correspondent of the Manchester *Union*, writing from Gonzales, Texas, says: "Among the attendants at the summer normal school for the eleventh senatorial district, recently held at Gonzales, were Prof. J. E. Dow, formerly of Pittsfield, N. H., and Charles C. Guppy, a Dover boy. Professor Dow is now principal of the Houston high school, and received the appointment from the state superintendent, as principal of the summer normal school at Gonzales. 'Charlie' Guppy, as he is familiarly known, is an old typo and newspaper man, at one time political editor of the Portsmouth *States and Union*. While there he became identified with school affairs, and was a regular attendant at the teachers' meetings, and gave a number of readings before them. His friends, from the eastern boundary of Maine to Minnesota—wherever the political battle was the hottest he was always found—will be glad to learn of his success. Professor Dow appointed 'Charlie' as his assistant, in charge of the department of English reading and elocution. The Texas papers say the 'Yanks' won another victory."

The fall term of school commences in Newington on Monday, Sept. 3d.

The brick schooners Triton, Capt. Freeman, and Ocean Eagle, Capt. Perkins, were towed to sea on Monday forenoon by the tug Ann, bound for Boston. The schooner Emily A. Staples, Capt. Coleman, from Boston, passed through the draw of Portsmouth bridge on Monday afternoon, on her way up river to load.

After a period of several weeks cessation we again experienced a series of thunder showers on Sunday afternoon and evening, although in this city we had only the edges, the centre moving to the north and south. At Hampton Falls the shower was very severe, and a barn belonging to John A. Brown was struck by lightning and totally consumed with its contents, including a large quantity of hay.—*Newburyport Herald.*

Gov. Butler passed the Isles of Shoals on Sunday, sailing to the eastward in his yacht America.

William F. Weld's yacht Gitana arrived at the Shoals on Sunday from Marblehead, Mass., bound on a cruise to the mouth of the Kennebec river.

A steamer and four schooners, with 3400 tons of coal to J. Albert Walker, arrived at this port on the 20th inst.

C. E. Mosher's black stallion "Onawa" will trot in the free-for-all race at Kenoza park, Haverhill, Mass., Wednesday, Aug. 22d. He is a great favorite in Essex county, and will attract a large attendance. His principal competitor in the race will be John Trout's bay mare Princess. There are six entries in all.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.
Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.
Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.
Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.
NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt their abilities should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE, OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, 125 engravings, 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice. Sent by mail, post paid, in sealed envelopes, only $1.25, or two sets for $2, which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt for relief. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. LAYRE HINKLE.

HEART DISEASE

Now — IS YOUR HEART SOUND?

Many people think themselves sick and doctor for Kidney or liver trouble, or dyspepsia, while if the truth were known, the real cause is at the heart. The renowned Dr. Cheesbro, startlingly says "one-third of my subjects show signs of heart disease." The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, ranging not from one mile, but thirty miles, daily. Surely this subject should have careful attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and kindred disorders. It is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1 per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise.*

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on improved farms (accepted only after careful personal inspection of the premises by our agents,) worth from two and one-half to four times the amount of loans; run from two to five years; and interest, payable semi-annually, is collected and paid by the Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than either Government, State, City or Mining securities. They pay a larger income, and are absolutely safe for the reasons stated above.

On application we will take pleasure in sending references to leading Bankers East and West. Address, for pamphlet and full information,

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women"—

And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.," and they will tell you:

"Mandrake! or Dandelion!"

Hence, when these remedies are combined with others equally valuable

THE

New Hampshire GAZETTE !

Established 1756.

THE GAZETTE IS PUBLISHED EVERY THURSDAY AND SENT TO SUBSCRIBERS AT THE LOW PRICE OF $1.50 PER YEAR, PAID IN ADVANCE, OR $2 AT THE END OF THE YEAR.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE, THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

— THE —

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find it an economical medium. The Gazette is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Daily Chronicle.

On Friday, August 10th, the sloop yacht Mystery, of the New Haven (Conn.) yacht club, sailed from New Haven for Nantucket, Mass., having on board Leicester Sargent, of New Haven; Rupert Sargent, of New York; Mr. Hawkins, of New Haven, and Mr. Bartlett, of New York; and has not since been heard from. It being their intention to report whenever they made a port, much anxiety is felt for their safety. Their families and many of their friends are spending the season at Nantucket. A despatch of Aug. 20th, from Patchogue, L. I., says: "The wreck of a large sloop was washed ashore, yesterday, on the beach opposite this place. There was nothing thereon to indicate her name or where she hailed from."

Hay Fever.

From Col. J. Maidhof, of New York: "I have suffered severely for the last ten years from Hay Fever in early and mid-summer and in the fall. I desire in the interest of my fellow sufferers to testify in favor of Ely's Cream Balm. My short use of it demonstrated its efficacy. J. MAIDHOF, 401 Broadway.

I recommend Ely's Cream Balm to relieve all persons suffering from Rose Cold and Hay Fever. I have been a great sufferer from these complaints and have used it. I have recommended it to many of my friends for Catarrh, and in all cases where they have used the Balm freely they have been cured. T. KENNEY, Dry Goods Merchant, Ithaca, N. Y.

The Paris correspondent of the London *Telegraph* says: "It is affirmed that the bombardment of Hue by the French was begun on Saturday. Admiral Peyron, minister of marine and of the colonies, has ordered six gunboats to be constructed for Tonquin. It is stated that France has informed the powers that any ships attempting to land arms in Annam will be liable to seizure. The *Soir* believes that this is a warning specially levelled at large exports of arms from American ports."

Mr. E. G. Reed, of Boston, Mass,, says: "One of my horses had Fistulous Withers, the ulcer being very large and deep. Ellis's Spavin Cure has cured him."

John H. Parnell's peach orchard at West Point, Ga., is the largest in the world. The trees are planted upon different slopes, so that when all are bearing a crop is certain in one place or another every year. There are 125,000 trees.

The fact that good health, strong muscles and sound nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

Two men have been put under heavy bail in Dublin, Ireland, for threatening Francis Carey, brother of the late James Carey, the informer. When Francis Carey was attacked he draw a revolver on his assailants and pursued them, and finally gave them into the custody of the police.

While hoisting a large stone in Bellows Falls Vt., canal, Sunday evening, the chain broke and the rock struck Joseph Rosebush, killing him instantly, and badly mutilating his body.

A GOOD INVESTMENT. — One of our prominent business men said to us the other day: "In the spring my wife got all run down and could not eat anything; passing your store I saw a pile of Hood's Sarsaparilla in the window, and I got a bottle. After she had taken it a week she had a rousing appetite, and did her everything. She took three bottles, and it was the best three dollars I ever invested." C. L. Hood & Co., Lowell, Mass

The Shaw Guards of Boston went on a picnic to Ting's island in the Merrimac river, four miles above Lowell, Mass., on the 20th inst. Two drunken and brawling women, a drunken officer and a number of drunken privates, made things lively, and were arrested by Lowell officers.

Mr. Foster H. Rober, Springfield, Mass., says that his mother had been troubled with a lame knee, and could hardly walk. She made one application of the magical pain-reliever, St. Jacobs Oil, and was cured.

In Newburyport, Mass., last Sunday evening, Policeman Frank Buckley had a cut six inches long and three inches deep made in his left side by a drunken French Canadian named John McCann, who has been arrested. Buckley may possibly recover.

TERRIBLE itching and scaly humors, ulcers, sores and scrofulous swellings cured by the Cuticura and Cuticura Soap (the great skin cures) externally, and Cuticura Resolvent (blood purifier) internally. Ask about them at your druggists.

Hon. Frederick G. Parker, of Presque Isle, Me., died in that town of heart disease last Saturday evening. Dr. Parker was the editor of the *North Star*, and quite a prominent business man and politician in the democratic-greenback combination. He was a member of the Garcelon executive council, and participated prominently in the counting-out conspiracy.

CLEAR HEAD and voice, easy breathing, sweet breath, perfect smell, taste and hearing, no cough, no distress. These are conditions brought about in catarrh by the use of Sandford's Radical Cure. Complete treatment for $1.

Right Rev. Archbishop Vaughan, Roman Catholic archbishop of Sydney, Australia, was found dead in his bed last Sunday morning at the residence of Mr. Blundell, near Liverpool, England. He had recently arrived from his arch-diocese, having been summoned to the vatican, and was on his way to Rome when he was taken ill. He was fifty years old.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

The vats of F. Shaw & Bros., at the Vanceboro (Me.) tannery, contain about 500 tons of leather, and the tannery at Forest about 350 tons. The estimate of leather in the vats of the seven Maine tanneries belonging to the firm is about 3,000 tons. If the leather be finished and sold at a fair market price, it would probably bring twenty cents per pound on an average, and that would amount to about $1,200,000.

Swindlers and their Victims---How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the bee witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that

BENSON'S CAPCINE HOROUS PLASTERS

are pursued by a host of miserable and worthless imitators, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPCINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPCINE POROUS PLASTERS have stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPCINE is cut in it.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.— Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave her FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescoat, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550

Notorious Offender Arrested!

The Chief of Police in Hartford has arrested and effectually brought to a standstill that old offender, "Cramps." "Cramps" was "known to the police" for a long time; in fact, the Chief had him in his bowels. "Cramps" came unexpectedly and at inconvenient times, with severe griping and neuralgic pains. Perry Davis's Pain Killer proved to be more than old "Cramps" could stand. The notorious villain surrendered, and acknowledged himself beaten.

At Franklin Falls, last Sunday afternoon, Ellery C. Martin, a dry goods clerk from Chelsea, Mass., was accidentally shot above the ankle. He was sent to Boston for hospital treatment.

Dr. Jas. B. Mills, Saltmarsh, Ala., says: "Several of my patients have used Brown's Iron Bitters for chronic indigestion with benefit."

Now is a good time for his satanic majesty to get in his work in Dover. Of the eleven churches there are three without pastors, four are closed for periods varying from two to six weeks, and four others have abandoned the afternoon service.

Another Murder in New Hampshire.

On the afternoon of Aug. 18th Mr. Edmund Woods, a farmer sixty years old, living in Deering, was fatally shot while riding home in his carriage from Hillsborough, and died at his residence in Deering on the 20th, having remained unconscious from the time he was discovered till his death, a period of nearly forty-eight hours. No clue to the perpetrator has been discovered, although everything possible is being done to apprehend the assassin. The community in which the crime was committed is an unusually quiet one, and the affair creates much excitement. At present it is difficult to assign a motive for the commission of the deed, as it is not known that he had recently had trouble with anybody in the vicinity.

News and Notes.

On the 17th inst., at Winchester, Ky., where the Kentucky Central and Chesapeake & Ohio railroads cross each other, a train on the former road was run into by a train on the latter. The Kentucky Central car that was struck contained 400 kegs of powder, which exploded, blowing to pieces the Chesapeake & Ohio engine and engineer, killing the two conductors and fatally wounding five other persons, shattering the Kentucky Central cars at each end of the powder car, wrecking the depot, and doing other damage. The noise of the explosion was heard five miles away.

Irving B. Smith, of Cleveland, Ohio, has been arrested in Portland, Me., charged with counterfeiting the cans, trade marks, etc., of a certain brand of baking powder, manufactured by the Royal Baking Powder Co. of New York. Smith has dealt extensively in these spurious goods, a large quantity of which have been seized. Two men connected with Smith have been arrested in the west. The first discovery of the spurious powder was in Detroit, said to have come from a firm in Cleveland. It was found where the plates were printed in Salem, Ohio, and a man named Walton arrested. The cans were found to be made by E. P. Breckenridge, of Toledo. Smith was followed through Massachusetts, where he visited several cities, until he was finally arrested in Portland.

At Estancia ranch, near Albuquerque, New Mexico, Aug. 17th, Joel P. Whitney of Boston and his brother-in-law, A. Fernandez, attempted to serve a writ of ejectment on Manceul Oebero. A fight ensued, and Oebero and Fernandez were both shot dead. Whitney was mortally wounded, and has since died.

A Nashville, Tenn., despatch says during a row between white and colored people at the colored camp meeting at Trimble springs, one white man was killed and several colored people were wounded.

The Weehawken, N. J. police have under arrest a young mulatto, James Andrews, aged twenty-five years, suspected of being the assailant of Miss Slocum, the Westchester county, N. Y., school teacher. He was arrested for poaching.

It is now stated that the vessel reported gone down off Beach Haven, N. J., while making for the shore with a steamer in pursuit, was flying a signal of distress at the time, instead of a piratical black flag as at first stated. The steamer in pursuit was an ocean steamer, undoubtedly attracted by the signal. She remained at the place where the schooner sank for half an hour, to rescue the crew of the sunken vessel, but it is not known with what result.

Despatches of Aug. 20th from San Francisco say: "The grand procession of Knights Templar, which took place this afternoon, was admitted to have been an unqualified success. The entire population of San Francisco and 70,000 strangers have declared so. Cheers were heard along the entire route." "Several accidents occurred in the Knights Templar procession here to-day. Three standard bearers fainted from exhaustion, and Sir Alexander Mead, aid to the grand commander of California, was thrown from his horse and had both legs broken."

Miss Cora E. Powers, matron of the smallpox hospital on Canterbury street, Boston, died Sunday, Aug. 19th. Her mother, who was formerly the matron, died quite suddenly last spring, and Miss Cora, who was but nineteen years old, has since filled the position very acceptibly.

A young man named Alfred B. Thayer was killed, Aug. 18th, on the New York & New England railroad in Cumberland, R. I. The youth seemed to be asleep on the track, with his head resting on the rail. It is said there was no sign of liquor about him. There would seem to be some mystery in the case, if the unfortunate man was not drunk, as a sane and sober man would not be likely to select such perilous lodgings.

At Saratoga, on one occassion, when sitting on the piazza of Congress hall, a somewhat over-dressed lady approached and claimed the acquaintance of the late Commodore Vanderbilt. The commodore rose and talked affably with her, while his wife and daughter sniffed the air with scorn. "Father," said the young lady, as the commodore resumed his seat, "didn't you remember that vulgar Mrs. B—— as the woman who used to sell poultry to us at home?" "Certainly," responded the old gentleman, promptly, "and I remember your mother when she used to sell root beer at three cents a glass over in Jersey, when I went up there from Staten Island peddling oysters in my boat."

A Boston gentleman who paid $10,000 for a house and grounds at Bar Harbor, Mt. Desert, some years ago, it is said is now offered $130,000 for the same.

Our advice to the "outside public" and to "investors" is to keep out of Wall street for a while. If they have money which needs to be laid out, let them put it into real estate. That remains the best "security," and for some time has been almost the only trustworthy one. Mining has caused loss to ninety-nine out of every hundred who put money into mines; petroleum has become mere gambling; "hog products" and grain have burned holes in the pockets of almost all who have touched them. And in the stock market, for now a long time, the big fish have gobbled the little fish, and of late have begun to feed on each other. They are very hungry, these big fish. We advise the little fish to keep out of their way.—*New York Herald.*

"Meno sana in corpore sano:" "A sound mind in a sound body" is the trade mark of Allen's Brain Food, and we assure our readers that, if dissatisfied with either weakness of Brain or Bodily powers, this remedy will permanently strengthen both. $1.—At druggists.

If most delicate persons enjoy taking **Emery's Little Cathartic Pills**, give a wholesome appetite, put new life in a broken-down body.—25 cents.

A Little Boston Barber blown up high.

Theodore Volgt, a little German barber, was shaving at the shop of Mr. Chas. Demmler, No. 25 Avery st., when a *Star* representative interviewed him. He said: "When I found that my ticket was the lucky one I did not dropped my razor and stop work. When finished I expressed my ticket to M. A. Dauphin, New Orleans, La., for collection. $3,000 cash was returned to me for my $1 invested." He is a sober, industrious, and prudent young man, who will make good use of his wealth; was born in Markisa, Germany; is aged 23. He has several brothers and sisters at home whom he will assist, and will probably open a barber shop of his own in this city.—*Boston (Mass.) Star, July 25th.*

At Old Orchard, last Sunday night, a team driven by John L. Peavey of Boston collided with one driven by a Mr. Broyer of Biddeford. The occupants of both teams were thrown out, and Peavey's left arm was badly sprained, and Broyer's knee badly injured and his back and head bruised.

A little girl named Bertha Nason, aged four years, daughter of Olive A. and the late Daniel G. Nason of South Berwick, while at play in the barn at her home on the 14th inst. got a kernel of corn in her throat, and has been a great sufferer ever since. She has been given up by the doctors, who say she must die.

Mr. McKenney, the Portland, Me., evangelist, held social meetings on the camp grounds at Old Orchard, during the day on Monday. The Portland Methodist district camp meeting commenced Monday night at seven o'clock with a prayer meeting, Elder C. T. Clarke presiding. Addresses were made by members of the association.

Old Orchard is to a have a grand carnival and illumination on Friday evening, Aug. 31st.

Dr. E. C. Page of Biddeford, himself a vegetarian, states that he has means of knowing of over 5,000 families in this country who adopted the vegetarian diet for curative purposes, after becoming diseased under the universal meat eating, and they rarely have occasion to call a doctor into their homes.

The sub-committee appointed by the Maine Central railroad stockholders to consult with the chief officers of the Eastern and Boston & Maine railroads, relative to the terms of the proposed lease of the Eastern road to the Boston & Maine, were in Boston on the 20th inst., and attended to that duty. They will report to the Maine Central stockholders at an adjourned meeting at Augusta, Me., on Friday next.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

☞ Use HOOD'S TOOTH-POWDER.

CATARRH ELY'S CREAM BALM

THE Admiration OF THE WORLD. Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

GOSSIPS SAY

That Col. Pender, accompanied by his eldest daughter, left this city on Tuesday morning for a brief visit to relatives and friends in Illinois.

That the colonel remained over in Concord for a few hours on business appertaining to our school matters, which subject is engrossing the attention of the legislature.

That the school bill which passed the house unanimously on recommendation of our entire delegation in that body, is by courtesy being smothered in the senate because of the absence of Senator Laighton.

That if the agent of the S. P. C. A. had been on Vaughan street, near Green, Tuesday morning, he would have found a case for investigation.

That a poor old white horse, nearly starved, tumbled all in a heap while being driven by his owner.

That his horseship was not able to regain his feet for nearly two hours, and then only on being generously fed with grass gathered by boys at the roadside.

That the horse afterward fell again, this time on Dennett street, near the house of his owner.

That Col. Marvin should proceed to Christian Shore at once with a revolver.

That Col. Sides with his family will enjoy cottage life for two weeks at York beach, commencing Sept. 14th.

That the frigate "Edgar Weston" will be attached to the naval squadron in the attacks on Forts Washington and Sullivan.

That the gunboat flotilla is requested to keep beyond the range of the "long armed" swordsmen of Portsmouth.

That Mr. Jos. F. Paul of Boston, who failed in the lumber business on Monday, is a native of Eliot, Me.

PORTSMOUTH ARTILLERY CO. ATTENTION.

A meeting of the company to make arrangements to participate in the parade of Muster Day with the firemen of the city and their guests, will be held at the Cavalry Armory to-night at 7:30 o'clock; a full attendance is desired.

PER ORDER.

THE FIREMEN'S MUSTER.

Hon. Frank Jones with characteristic generosity, Tuesday sent the treasurer of the firemen's muster a check for $500.

Twenty hogsheads of ice water have been arranged for in and about the Court house and engine houses.

The contract for straw has been awarded to Hett Brothers, who will distribute it at the headquarters which have been arranged for the several companies.

The Portland Cadets will be quartered in one of the ward rooms, and Co. F 6th Mass. Vols. in the South ward room. The captain of the former company is a son of Supt. Sanborn of the Eastern railroad.

It is said the navy yard will "shut down" one day during the muster.

CRUELTY TO CHILDREN.

The New Hampshire society for the Prevention of Cruelty to Children caused the arrest of Albert Young of Seabrook upon a complaint charging him with gross and habitual cruelty to his children, and the case was on Tuesday tried before Justice Lamprey of Hampton. The evidence exposed a shocking phase of social life in the ancient town of Seabrook, and illustrated the depths of degredation to which human nature can descend. The man has a wife and ten children; the eldest child is but twenty-one years of age, and is a helpless cripple; and all but two of the children are girls, the youngest being twins about two years of age. In the frequent disturbances that occur the wife and children are driven out of doors regardless of the weather, sometimes by day but more frequently by night, and have been seen sleeping under fences at late hours of the evening. Young was put under $200 for his appearance before the supreme court, and found the requisite sureties. Hon. T. E. O. Marvin conducted the prosecution; Calvin Page, Esq., appeared for the respondent.

BETTER THAN A SEA SERPENT.

A subscriber at Newcastle sends us the following:

"Fort Cottage, erected by the Osgoods of Suncook, is a neat wooden structure situated near Fort Constitution and about two hundred feet from the sea, upon a rough and craggy ledge of rocks from which a good portion of the walls of the old fort was taken. This is but one of many improvements made in Newcastle within a few years, and has been eagerly sought after and well patronized by worthy patrons. In the surf just in front of this house, during a southeast gale, as a few of the islanders were gathered near the beach to witness the effects of the storm, one of those nymphs of the sea, a mermaid, made her appearance three times on the top of huge waves, showing as is alleged to the not-at-all frightened crowd a head well crowned with long, heavy hair streaming over the shoulders and bosom, a pleasant face, and long, muscular arms; taking a long look on shore this daughter of the sea waved her fair hand and threw a kiss to the spectators on the strand, and departed again for her haunts in the depths of the ocean. This wonderful appearance, like that of the sea serpent in other places, it is said has quite a number of living witnesses to vouch for it, among them being our genial and veracious friend 'Capt. Zach,' whose fish stories not even the most incredulous profess to doubt."

As Mr. Daniel Mason was driving down Vaughan street Tuesday forenoon, accompanied by his wife, when near Congress street he attempted to pass between two teams which were standing on opposite sides of the street, the result being locked wheels on one side, and a broken shaft to Mr. Mason's wagon. Vaughan street is the most travelled street in the city, and one of the narrowest, and teams should not be allowed to stand upon it at all, much less for two to stand abreast.

Commander George H. Wadleigh, U. S. N., of this city, has been detailed as lighthouse inspector of the second lighthouse district, extending from Hampton river, N. H., to Gooseberry point, at the entrance to Buzzard's bay, Mass., with headquarters at Boston.

Secretary Chandler arrived in this city on Tuesday, and in the afternoon was taken to the navy yard in the President's barge. The U. S. S. Tallapoosa, with the secretary on board, sailed at a later hour for the eastward.

It was one of the York coaches, and not the Wentworth house coach, which collided with Mr. Dennett's hack in front of Franklin block on Monday. The hack had the pole broken and one of the axles sprung.

The schooner Clara E. Simpson, Capt. Swett, which arrived from Georgetown, D. C., on the 20th inst., brought 558 tons of coal for E. F. Sise & Co.

Three cows belonging to Wm. B. Hodgdon were killed by lighting in a pasture at Epping on Saturday last.

Minister Lowell's Story.

Minister Lowell, in his recent address to the boys of Dulwich College, England, said: "I shall not emulate the enthusiasm of a gentleman whom I once heard addressing an assembly of children at a school festival in my native town. A lunch had been provided—one of those combinations of cake and lemonade quite as sure to be the parent of indigestion as the boy is to be the father of the man.

The benches were extemporizations of rather slender strips of board, and in the middle of one of these stood the orator. He was a stoutish man; and there was so much of the boy left in me that as he rose upon his toes, and brought down the whole weight of his body upon his heels to mark the cadence of more impassioned sentences, I expected—shall I venture to say hoped?—that his platform would give away under him in a conclusive crash.

He was dilating on the remarkable fact that childhood was a period of life through which we were all of us called on to pass sooner or later, and addressing himself especially to the boys, he incited them to welldoing by reminding them that many famous persons, and especially Washington, had once been boys. This he dwelt on at some length, and then suddenly remembering that there were children of the other sex among his audience, he held up to them the example of eminent women who had begun life by being girls like themselves. Unable, however, to get his tongue out of the groove in which it had been running, he concluded with this startling announcement: 'Yes, my young friends, never forget that the mother of Washington was a boy.'"

Advices from Mt. Desert are to the effect that the travel over the Green Mountain railway is surpassing expectations. The original intention was to run four trains per day over the line, but the passengers are so numerous that six trips are being made daily, and then all are not accommodated. Another locomotive and more cars are to be built.

One of the inheritances from ancient times of the English monarchy is the Poet Laureate, who is paid to write verses on topics of interest to the sovereign. It cannot always be an agreeable task, and Mr. Tennyson has one set for him which must be uncongenial. The queen has ordered an ode to the memory of the late John Brown, the Scotch gillie, about whom there was more scandal than good told during his life, and this order revives the scandal in the minds of those who had forgotten it. It is not a pleasant theme over which the laureate is ordered to sing.

—The call-era—Getting a boy out of bed in the morning.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well ventilated rooms, furnished in black walnut, **with the best of beds**, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledge professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—(London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—(Author.

N. B.—YOUNG and MIDDLE-AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of so many various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the supreme satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. This original Nutrient and Tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

In Great Falls, between Friday evening and Sunday morning last, burglars broke into the *High* street Baptist church and smashed off all the doors in the Sunday school library, in the attempt, it is supposed, to get the communion service, but luckily the service was in another room, and was not molested.

Fast and Loose.

Decay loosens the teeth. Sozodont removes the cause of their destruction, and they retain there place in the dental process. After a few applications, it will be noticed that the natural identations in them, formerly filled with corroding tartar, present a spotless appearance and their enamelled surfaces glisten with becoming lustre. Thus beauty is heightened and health promoted.

THE

New Hampshire GAZETTE !

Established 1756.

THE GAZETTE IS PUBLISHED EVERY THURSDAY AND SENT TO SUBSCRIBERS AT THE LOW PRICE OF $1.50 PER YEAR, PAID IN ADVANCE, OR $2 AT THE END OF THE YEAR.

It contains full accounts of all of important that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea" it is the best means of keeping informed of what transpires at their native city, and of it.

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE. THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

— THE —

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find it an economical medium. The Gazette is in many instances the only paper taken by families, and it is read to a large extent in localities where it is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Humor in the Stomach.

Much of the distress and sickness attributed to dyspepsia, chronic diarrhœa and other causes is occasioned by humor in the stomach. Several cases, with all the characteristics of these complaints, have been cured by Hood's Sarsaparilla. Other cures effected by this medicine are so wonderful that the simplest statement of them affords the best proof that it combines rare curative agents and when once used secures the confidence of the people.

—Brinley is an eccentric chap, and often does strange things, eminently philosophical, but queer, you know. And so it was that upon becoming engaged to be married, he presented the young lady a ring, on the inside of which was engraved the motto, "In time of peace prepare for war."

"Beating around the bush," signifies circumlocution, or the use of many words to express one idea. The proprietor of Dr. Graves' Heart Regulator adopts no such methods in telling the public, as he does, that "this medicine is a certain cure for heart disease." In these days of hoaxes, "biggest on earth" advts, etc., this simple, straightforward style is impressive and convincing. We should like to see more of it.—*Indiana Sentinel.*

—A medical journal wisely remarks that no one should sit for more than half an hour. There are cases where it is even judicious to shorten the time, such as when you sit down on a hornet's nest by mistake, or stop to rest on a railroad track when the up express is coming along.

Could not Keep

Shop without them. I consider your Sulphur Bitters a remarkable blood purifier. I know of several people whose cases were considered hopeless, that have been entirely cured by your medicine. The sale of Sulphur Bitters is so large here that I could not keep shop without them. E. S. YATES, Pharmacist, 99 Essex street, Lawrence, Mass.

—New York girls form themselves into small clubs and go up the Hudson on picnics without gentlemen. As one puts it: "We have a much better time without them, and we don't quarrel or come to hating each other or burning with jealousy as we would if men were around."

Young men or middle aged ones, suffering from nervous debility and kindred weakness should send three stamps for part VII of World's Dispensary Dime Series of books. Address World's Dispensary Medical Association, Buffalo, N. Y. *a*

—The Brooklyn bridge seems to be a remarkably firm structure after all. The other day a writer on the New York *Nation* crossed it, and although he had the manuscript of an editorial in his pocket, it did not bend.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

GREENWICH, Feb. 11, 1880.

Hop Bitters Co.—SIRS:—I was given up by the doctors to die of scrofula consumption. Two bottles of your Bitters cured me. LEROY BREWER.

—"I shall soon be at rest," murmured the dying Bostonian. "I am ready to go, and should die supremely happy, were it not for one terrible stain upon my otherwise spotless reputation. The consciousness of this blot goes with me, and will, I fear, sadden heaven of its joys; but, my son, you can do this for me. You can prevent my name from being made a byword upon earth. Tell nobody that I was ever a member of the Boston common council." —*Boston Transcript.*

Mr. E. G. Reed, of Boston, Mass., says: "One of my horses had Fistulous Withers, the ulcer being very large and deep. Ellis's Spavin Cure has cured him."

—Mrs. Kimmel, of Washington, Iowa, recently received a visit from an old acquaintance. In fact he was her husband eighteen years ago. His name was Bridges, and he deserted her at that time. After four years had elapsed she married again, believing her recreant hubby to be dead. Bridges, not to be outdone, informed her that he had also taken unto himself another partner, thinking that his first wife had passed out of this life. So they called it square, and parted again.

The fact that good health, strong muscles and sound nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

—A time-honored court-room—The front parlor.

Flies and Bugs.

Flies, reaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on Rats." 15c.

—Sullivan says he never yet hit a man with all his might. If the writer of these lines has ever penned anything offensive to Johnny, he takes this occasion to apologize.

Catarrh of the Bladder,

Stinging irritation, inflamation, all kidney and urinary complaints, cured by "Buchu-paiba." $1.

—A Cincinnati spook medium has heard from Mr. Guiteau. He reports that he has not been well lately, and has suffered much from the heat this summer.

—Women do not suffer so much as they used to in olden times, from contraction of the chest. Just look at the size of the Saratoga trunks.

Be merciful to all dumb animals, says Josh Billings. No man can get to heaven on a sore-backed horse, when he knows one application of St. Jacobs Oil will cure it.

—Friends are like stones in a wall; the first one which breaks off carries away the rest.

—The latest agony is for a young lady to have a dog to match her dress. We'd like to see a crushed strawberry dog—in fact any kind of a crushed dog.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

—When the dog gets after the boy in a melon patch, and there are no trees handy, he sings: "Oh, for the garden wall.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and unjust:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescoat, Manager	$1,366,360
Paid to Louisiana National Bank, Jos. H. Oglesby, President	433,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Charlaron, Cashier	64,450
Paid to Citizens' Bank, E. L. Carriere, President	57,000
Paid to Germania National Bank, Jules Cassard, President	30,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	13,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,027,410
Total paid by all	$4,281,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

M. A. DAUPHIN, *President.*

Popular Monthly Drawing of the

COMMONWEALTH DISTRIBUTION CO.

In the city of Louisville, on

FRIDAY, AUGUST 31st, 1883.

These drawings occur on the last day of each month (Sundays excepted.) Repeated adjudication by Federal and State Courts has made the company beyond the controversy of the law. To this company belongs the sole honor of having inaugurated the only plan by which their drawings are proven honest and fair beyond question.

N. B.—The Company has now on hand a large capital and reserve fund. Read carefully the list of prizes for the

Notorious Offender Arrested!

The Chief of Police in Hartford has arrested and effectually brought to a standstill that old offender, "Cramps." "Cramps" was "known to the police" for a long time; in fact, the Chief had him in his bowels. "Cramps" came unexpectedly and at inconvenient times, with severe griping and neuralgic pains. Perry Davis's Pain Killer proved to be more than old "Cramps" could stand. The notorious villain surrendered, and acknowledged himself beaten.

J. M. Silloway's steam saw mill at Plaistow was burned Aug. 22d. Loss $3000; insurance $1000.

A rifle club has been formed at Goffe's Falls, Manchester.

Dr. Jas. B. Mills, Saltmarsh, Ala., says: "Several of my patients have used Brown's Iron Bitters for chronic indigestion with benefit."

There is much interest manifested in Dover over the location of the proposed new county court house.

In Barnstead, Aug. 18th, Hanson Tuttle, an elderly man, fell in his barn a distance of ten or twelve feet, striking on a pile of loose hay, but nearly breaking his neck by the jerk, and receiving injuries from which he died next day.

The Missing Yacht.

Intense interest is felt in the fate of the yacht Mystery of the New Haven yacht club, before reported as having sailed from New Haven for Nantucket on the 10th inst., with four gentlemen on board, and not since heard from. A report from New York, on the 21st inst., that the missing vessel had arrived at Newport, R. I., is unfortunately untrue. The yacht Mystery, which arrived at Newport on the date mentioned, is attached to the New York yacht club, and is about three times the size of the missing sloop, measuring thirty-eight tons; the tonnage of the New Haven yacht is not given in the treasury list of merchant vessels, showing that she was a small craft.

Two bodies were washed ashore at West Falmouth, Mass., on the 21st, having on yachting shirts, and one of them a life preserver marked "C. H. Northam." The crew of the Mystery borrowed four life preservers from the steamer C. H. Northam at New Haven before starting on their cruise.

New Hampshire Legislature.

In the senate on the 20th inst., the bill increasing the salary of the mayor of Manchester to $1800 was passed.

In the house a bill relating to the practice of medicine and dentistry was read and referred. The Lisbon election case was considered, but a resolution to unseat Cummings and Aldrich was refused a passage. Bills to extend the jurisdiction of police courts, and to amend the general laws in relation to dealers in old metals, were passed. The Colby railroad bill was brought up, but the house adjourned pending discussion.

In the senate, on the 22d, the house bill allowing the Newcastle town wharf to be extended was concurred in. Bills incorporating the New Hampshire association and the Lancaster & Kilkenny railroad were referred.

Naval Affairs.

The Saratoga arrived at New London, Conn., on the 19th inst.

Commodore English, acting secretary of the navy, received a telegram from the commandant of the Pensacola navy yard requesting that a court of inquiry be ordered to inquire into the origin of the yellow fever at that yard. In accordance with that request the following court was ordered: Lieut.-Commander William Welch, president; Lieut. David Whipple, U. S. M. C., and Assistant Surgeon William Marsin, with Gunner George Magruder as judge advocate. The court convened at Pensacola Aug. 22d. A telegram to the navy department dated Aug. 20th, from Pensacola, said: "Since last report no new cases. Woolsey, Case and Private Barger, in the hospital, died last night."

Commander J. C. Watson is detached from duty as inspector of the 11th lighthouse district, and Commander F. A. Cook ordered to that district.

Commander W. S. Schley is detached from duty as inspector of the 2d lighthouse district, and Commander G. H. Wadleigh ordered to that district.

Commander N. Mayo Dyer is ordered as inspector of the 10th lighthouse district, relieving Commander G. W. Hayward.

Passed Asst. Surgeon M. H. Crawford is detached from the Pinta, and placed on sick leave.

Passed Asst. Surgeon G. E. Wilson is detached from the Minnesota, and ordered to the Pinta.

Asst. Surgeon T. C. Craig is detached from the naval hospital in New York, and ordered to the Minnesota.

Passed Asst. Surgeon A. A. Austin is ordered to the naval hospital at New York.

Lieut. F. P. Gilmore is ordered to the Washington navy yard.

Commander C. M. Schoonmaker has been detached from equipment duty at the Norfolk navy yard.

Commander J. F. McGlensey has been detached from the Norfolk navy yard, and placed on waiting orders.

News and Notes.

W. H. H. Crane, a farmer of Littleton, Mass., was killed by lightning Aug. 20th, while in the cellar of his barn.

George B. Hadfield of Southington, aged eighteen years, visiting friends in Bridgeport, Conn., while bathing at Humiston's pavilion, Seaside park, on the 21st inst., made a dive from a springboard, striking on his head in the sand and breaking his neck. The body was recovered soon after.

At the Lowell, Mass., police court on the 21st inst., Thomas H. Smith of the Shaw Veteran corps of Boston was sentenced to six months in the house of correction for assaulting Officer Donahoe. Mary Smith and Sarah Johnson were each sentenced to four months for an assault.

Serious riots between the Orangemen and Catholics have occurred at Coatbridge, Scotland.

Joseph Davis, aged fifty-four years, mailing clerk of the Boston *Investigator*, fell down stairs on the night of Aug. 20th, and broke his neck. He was a sober man.

The *Enquirer-Sun*, of Columbus, Ga., gives the following record of a prolific family: "Eliza Baggs is a native of Scriven county, Ga. She went to Florida at six years of age, married at thirteen, and her first child was born when she was only fourteen. She is now thirty-one, and has had eighteen children (twins twice), fifteen of whom are now living. She is hale and hearty, and has the reputation of being one of the hardest working women in Florida. There were four sisters in her family. Three living have had eighteen children each, and the one dead had fourteen, and died at twenty-six years of age. Eliza lives near Sumterville."

The members of the Jewish race are said to have one advantage over Christians: They are comparatively secure from pestilence. In the Middle Ages, when the plague appeared, so few Jews were smitten that the suspicions of the ignorant people were aroused, and the Jews were accused of poisoning the wells and rivers. During the three great outbreaks of cholera in Algeria, the Jewish mortality was only about one-half that of the Gentiles, and at Pesth in 1857 it was only one-seventh. At Rome, in 1868, the cholera death-rate among the Roman Catholic population was three times as high as it was among the Jews.

At Breslau, Ger., a hotel keeper hanged his five children on the 20th inst., and then killed himself.

One hundred and forty British soldiers have died in Egypt of cholera.

At Selma, Ind., Aug. 20th, Mortimer Hill got drunk, and then shot his young wife dead.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. eod1jan3,84

—It was recently noticed that a robin went to a house in Virginia City, Nevada, to feed one of its young that some boys had carried off and placed in a cage that was allowed to hang out of doors. Thomas Prince, who lives on Carson river, above Dayton, tells of a circumstance still more singular. He says a pair of robins had their nest on a fence near his house, while in a bush near by a pair of catbirds had built their nest. The two pair of birds hatched out their young about the same time, and all went well for several days. Than the catbirds were seen no more, probably having been shot by some of the bee keepers of Dayton. The young catbirds were evidently starving. When the robins came with a worm or other insect for their young, they always alighted on the top rail of the fence before hopping down to their nest. Each time when a robin so came the catbirds opened their mouths, thrust up their heads, and made a great outcry. They were begging, to the best of their ability, for food. The robins appeared to understand the appeal, and began feeding the hungry little catbirds. They did not do what they had undertaken to do by halves. Each evening the female robin sat on her own nest and warmed with her body her own young, while the male robin took to the nest of the catbirds. In this way both broods were reared, the little orphans growing up as strong and lively as though they had been cared for all through by their own parents. Both broods are now able to fly, and the young robins and catbirds flock together, but presently the latter will probably leave and take up with their own kind.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

GOSSIPS SAY

That a change is apparent in the recent management of the steamer James Sampson, her cleanly condition for the past few days occasioning remark.

That Capt. Duncan of that boat has purchased a controlling interest in the Kittery Point line of seamers, and will immediately have the James Sampson and Fearless refitted in the best manner, with new carpets, campstools for the decks, and everything which can be thought of for the accommodation and comfort of the patrons of this popular route.

That hereafter no towage of scows or schooners will be allowed to interfere with the regular passenger trips.

That a most magnificent illumination of the Farragut house and grounds, at Rye, took place on the evening of the 21st inst.

That the dancing on the lawn under the light of several hundred Chinese lanterns was participated in by two hundred couples, and was witnessed by a great crowd of people.

That there will be an illumination and display of fireworks at Hotel Wentworth before the season is over.

POLICE COURT--BATCHELDER, J

WEDNESDAY, Aug. 22d.

George Burleigh, for drunkenness, was fined $3, costs $6.90; county farm in default of payment.

The Artillery Company met at the south arsenal, and had a pretty severe hour of drill, Wednesday evening of this week. The boys were full of enthusiasm and their prompt execution of many company maneuvres shew that they had not forgotten the training they received preparatory to duty on the 4th of July, when they participated in the grand celebration and reunion of the "Sons."

The company lacks but ten men to fill its ranks, and they will probably join today.

A drill meeting will be held at 7:30 this evening, at the arsenal, South street.

All persons having books belonging to the Public Library are requested to leave them at the store of C. Dwight Hanscom on Congress street. The Library will open again on Saturday afternoon, Sept. 1st, at three o'clock.

Mrs. Edwin R. Laighton and Miss Lizzie Cashman, of New Haven, Conn., are on a visit to friends in this city.

Mr. Fred. S. Wendell's building on the corner of Market and Deer streets is being painted in esthetic colors by Mr. Josiah Grover. It looks first-rate, and is an improvement to the neighborhood.

A telegram of Aug. 21st to Commodore English, acting secretary of the navy, from the Pensacola navy yard was as follows: "One new case to-day, child of Paymaster Brown; no deaths." On the 22d Commodore English received a telegram from Paymaster Brown stating that Surgeon Owen was dying, and that his own daughter had been stricken with yellow fever.

Work on the U. S. S. Marion, at this navy yard, will commence Sept. 1st.

Haying in Newington being finished, there was a "town picnic" at Fox point in that town on Wednesday afternoon, the 22d inst., and was attended by much the larger part of the population. The town festivals gotten up in Newington, in which everybody joins who wishes, are unique in their way, and productive of much pleasure; but they are only practiceable in small, old-fashioned places like Newington, where everybody knows everybody else, is in most cases related to everybody else by ties of blood or marriage, and has always lived there.

While the steamer Mystic was engaged in towing on the 21st inst. she had her awning damaged through its coming in contact with a schooner's head gear.

Miss Ida Shackley, of this city, is on a visit to her uncle, Mr. John Cousens of Kennebunk, Me., for a few weeks.

Twelve different vessels occupied berths at the Concord railroad wharf this week, up to Wednesday, on the afternoon of which day the steamer Williamsport sailed, having discharged her cargo of 1660 tons of coal. Two schooners were on Wednesday discharging at the Eastern railroad wharf, one of them having a cargo of coal for Hon. F. Jones, the second one received by him in two weeks.

The first load of salt hay seen on Market square this season was brought in on Tuesday of this week by Mr. E. A. Thomas of York. A big load of ladders, and painted chairs bottomed with ash splits, was brought in from York the same day by Mr. Henry Moulton.

Mr. William Hill of Eliot has recently supplied to Hon. Moses H. Goodrich fifty cords of bark, stripped from trees in Eliot.

The Eastern railroad has a large gang of men at work on the wells of the company near the plains.

Pinkham's grove at Dover point is a favorite resort for picnic parties, there having been four there this week, from Ipswich and Newburyport, Mass., Rochester and Dover.

Strawberry Bank Lodge of Good Templars had a picnic at Wallis' sands, Rye, on the 21st inst.

At the Farragut house, Rye beach, on the evening of the 21st inst., there was a brilliant illumination and display of fireworks, followed by dancing on the lawn. A very large number of persons participated, and a much larger number looked on.

Another effort is to be made to obtain the back pay due the navy yard workmen for being obliged daily to work two hours more than the law requires for a legal day's labor. A petition to the next Congress was circulated throughout the Boston navy yard on the 20th inst., and received the signature of almost every man. Congressmen Lovering and Cox are heartily in sympathy with the movement, and vigorous efforts will be made the coming winter to make amends for the long delay in this matter.

Mr. Wm. W. Jackson, of Boston, will be the political orator of the day at the "Salisbury beach gathering," which will be held this year Sept. 5th and 6th. On the first day of the meeting, at half-past two o'clock in the afternoon, he will deliver his great speech on a National Workingman's Party.

Swindlers and their Victims---How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the best witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that

BENSON'S CAPCINE HOROUS PLASTERS

are pursued by a host of miserable and worthless imitators, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPCINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPCINE POROUS PLASTERS have stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPCINE is CUT in it.

The Providence *Journal* thus in a succinct manner, states one cause of business stagnation: "It may be set down as true, whether the great public will bear or forbear to hear, that much of the depression in business is owing to the fact that fewer members of the family work than used to be producers, and that, notwithstanding the cost of living has very much increased because of the change of style. Not only do the boys leave the farm; not only are there no boys learning trades; not only are the girls contemptuous of handiwork, but the education of these, their clothing, their pleasures, are proving greatly more expensive. There are too many distributors of the products of the earth and machinery, and too many of them are clothed in purple and fine linen. The cities and the larger towns increase at the expense of the country, and the bread of idleness is too often eaten. The non-producing class is gaining rapidly; it must be reduced relatively, or the burden upon the workers will become beyond their power to sustain."

A despatch of the 21st inst. from Bangor, Me., says: "This whole section is suffering from a severe drouth, which, although the time is late in the growing season, must seriously affect crops. There have been few berries of any kind, very few apples, and a scant vegetable crop in this locality. Forest fires are raging at Mount Desert and at different points in Washington county, and along the Penobscot, in Hancock and Waldo counties. The air at Bangor is thick with smoke and fog, while the whole vicinity is under a mantle of dust."

Jason Hersey, proprietor of a livery stable in Abington, Mass., while on his way home from his stable Monday night, the 20th inst., was knocked down by two men, who robbed him of $415 and a gold watch. The robbers then made their escape.

The trial of Frank James began at Gallatin, Mo., Aug. 20th. The cases on the docket against him are for the Winston train robbery in 1881, when Conductor Westford was killed, and the Gallatin robbery and murder of Cashier Sheets in 1868.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE OR, SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book by every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled pearly, and in due were on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the great satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

HEART DISEASE
IS YOUR HEART SOUND?

Many people think themselves sick and doctor for liver or their troubles, when all the time it was the heart. The venous system, sluggish, causes one-third of my subjects show signs of heart disease. The heart weight about nine ounces, and pat man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.

Dr. Greene's celebrated physician has prepared a specific for all heart troubles and kindred disorders. Its known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1, per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' treatise and testimonials free.* (1)

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA
LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on improved farms (accepted only after careful personal inspection of the premises by our agents,) worth from two and one-half to four times amount of loans; run from two to five years; and the interest, payable semi-annually, is collected and paid by the Company at such points as the holder may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than either Government, State, City or Mining Securities. They pay a large interest, and are absolutely safe for the reasons stated above.

On application we will send our pamphlet, containing references to leading Bankers East and West, Address, for pamphlet and full information,

One of the men who knew it all rather took away Miss Georgia Cayvan's breath in the Luxemburg gallery, the other day, by explaining to her that a certain picture of Christ and the Magdalen was "our Lord pardoning the adulterated woman."

Didn't Want a Girl.

Last summer my wife's health was all run down, and she wanted me to hire a girl to do the work. In a little while I found one I thought would suit her, when to my surprise she said I need not hire any one, as she felt better, and thought another bottle of Sulphur Bitters would cure her. DONALD GREY, 41 Worcester square, Boston.

—"How pleasant is Saturday night, when we've tried all the week to be good," sings the poet. Suppose he lets up on trying when Saturday night comes.

Your health depends on the purity of your blood. People who realize this are taking Hood's Sarsaparilla with the best results.

—A local statesman of Marion, Kansas, offered $5 for a bedquilt produced in silence, rather than stitched in gossip, after the usual fashion of sewing societies. Twenty-three women performed the work in two hours, without speaking a word.

A good Baptist clergyman of Bergen, N. Y., a strong temperance man, suffered with kidney trouble, neuralgi, and dizziness almost to blindness, over two years after he was told that Hop Bitters would cure him, because he was afraid of and prejudiced against "Bitters." Since his cure he says none need fear but trust in *Hop Bitters.*

—Old Dr. A— was a quack, and very ignorant. On one occasion he was called by mistake to attend a council of physicians in a critical case. After considerable discussion, the opinion was expressed by one that the patient was convalescent. When it came to Dr. A—'s turn to speak, he said: "Convalescent! Why, that's nothing serious. I have cured convalescence in twenty-four hours."

That Husband of Mine

Is three times the man he was before he began using "Wells' Health Renewer." $1. Druggists.

—The Concord School of Philosophy has not yet determined how a woman should act when her hands are in the dough pan and an aggressive fly alights on her nose.

N. C. Perry, Esq., residing at 252 Hanover street, Boston, Mass., says: Ellis's Spavin Cure has cured two of the worst cases of wind-galls I ever met.

—"Yes," said the Vermont deacon, "I always go down to camp meeting, and always come back feeling good. Do you see that magnificent horse there in that field? Well, you ought to have seen the old plug I took down there."

Dr. J. P. Newman, Toccoa City, Ga., says: "Brown's Iron Bitters are very popular and their use always results satisfactorily."

—A Boston *Herald* correspondent thus refers to some of the Long Branch swells: "Over yonder, in dainty mull, is the wife of a face powder; going down the hallway are the two daughters of a soothing syrup; and the swell who drove past a few minutes ago in a dog-cart tandem was a son of a pill."

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew F. Preston, Druggist.

—A father remonstrated with his son, an Arkansas collegian, for wasting his time in writing stories for local papers, and cited Dr. Johnson as saying that a man who wrote except for money is a fool. The son wrote back: "I shall follow Johnson's advice and write for money. Please send me $50."

—"Dr. Benson's Celery and Chamomile Pills, are worth their weight in gold in nervous and sick headache."—Dr. H. H. Schlichter, of Baltimore.

—The London *Engineer* says that if a man had in his legs the muscular energy and leverage of a flea he could jump a mile in three leaps. But the flea would get away from him just the same.

Fast and Loose.

Decay loosens the teeth. Sozodont removes the cause of their destruction, and they retain their place in the dental process. After a few applications, it will be noticed that the natural identations in them, formerly filled with corroding tartar, present a spotless appearance and their enamelled surfaces glisten with becoming lustre. Thus beauty is heightened and health promoted.

Vital Questions!!

Ask the most eminent physician
Of any school, what is the best thing
In the world for quieting and allaying all
Irritation of the nerves and curing all
Forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly
"Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"
And they will tell you explicitly and emphatically, "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable
And compounded into Hop Bitters, such a

Charles Taylor was on the 22d inst. discharged from the quarantine station in Boston, where he had been detained since Aug. 12th. He has fully recovered from a light attack of the yellow fever, and left for his home in Connecticut on the 22d.

Extreme Tired Feeling.

A lady tells us "the first bottle has done my daughter a great deal of good, her food does not distress her now, nor does she suffer from that extreme tired feeling which she did before taking Hood's Sarsaparilla." A second bottle effected a cure. No other preparation contains such a concentration of vitalizing, enriching, purifying and invigorating properties as Hood's Sarsaparilla.

A train on the Memphis & Little Rock railroad went through a trestle bridge near Forest City, Ark., on the night of Aug. 21st, killing three men and wounding several others.

Hay Fever.

From Col. J. Maidhof, of New York: "I have suffered severely for the last ten years from Hay Fever in early and mid-summer and in the fall. I desire in the interest of my fellow sufferers to testify in favor of Ely's Cream Balm. My short use of it demonstrated its efficacy. J. MAIDHOF, 401 Broadway.

I recommend Ely's Cream Balm to relieve all persons suffering from Rose Cold and Hay Fever. I have been a great sufferer from these complaints and have used it. I have recommended it to many of my friends for Catarrh, and in all cases where they have used the Balm freely they have been cured. T. KENNEY, Dry Goods Merchant, Ithaca, N. Y.

Dr. W. P. F. Butler was fatally injured at Columbia, S. C., Aug. 21st, by being thrown from a horse while riding out with a lady. He is a son of Senator Massacre C. Butler, the hero of Edgefield.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

Capt. Rhodes is still infesting the vicinity of Buffalo, N. Y., but seems no nearer to the fulfilment of his avowed intention to swim the rapids of Niagara than heretofore.

Mr. E. G. Reed, of Boston, Mass., says: "One of my horses had Fistulous Withers, the ulcer being very large and deep. Ellis's Spavin Cure has cured him."

Senator Edmunds has announced himself in favor of a government telegraph, and will introduce a bill to that effect on the meeting of Congress and ask for its immediate consideration.

The fact that good health, strong muscles and sound nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

Sometime ago the secretary of the treasury ordered the removal of Mr. Boughton, keeper of the lighthouse at St. Joseph, Mich., and the appointment of a Mr. Platt to succeed him. Mr. Boughton has informed the treasury department that he does not propose to give up his place, and the officials are in a quandary as to what is best to be done in the matter. He is in possession of the lighthouse, and refuses to allow his successor to take charge of it. It looks as though legal measures will have to be resorted to in order to put Mr. Platt in possession of his office.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of L. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was cryspiclas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescott, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900

Notorious Offender Arrested!

The Chief of Police in Hartford has arrested and effectually brought to a standstill that old offender, "Cramps." "Cramps" was "known to the police" for a long time; in fact, the Chief had him in his bowels. "Cramps" came unexpectedly and at inconvenient times, with severe griping and neuralgic pains. Perry Davis's Pain Killer proved to be more than old "Cramps" could stand. The notorious villain surrendered, and acknowledged himself beaten.

Dana Grinds Out the Same Old Tune.

The New York *Sun* regards the despatch sent by the agent of the associated press from this city, concerning the cruise of the secretary of the navy in the Tallapoosa, to have been ambiguously worded. The *Sun* then proceeds to explain what the despatch means, if it means to indicate certain plans of the secretary, and demonstrates the proposition to its own satisfaction. There is much said in the democratic papers concerning absenteeism on the part of the heads of departments at Washington. The *Sun* proceeds to remark:

The secretary of the navy left Washington seven weeks ago, and has not been seen at his post since. In the meanwhile he has conducted a lively but unsuccessful canvass for his own election to the United States senate. He probably thinks himself entitled to a period of rest. Therefore the Tallapoosa was ordered to Portsmouth to take the secretary to sea.

There is no allusion to the fact that in the period named the secretary has followed to the grave a revered mother and a dearly-beloved brother. Such facts are not to the purpose of the writer. The democratic organs play the same tunes every year. They fail to obtain the new music, and the threadbare sheets of airs like "Complaint" are the only ones in their racks.

The world has moved. While employers take summer vacations, employees in like manner, at this season get some rest from their labors. True, the printer and editor work every day in the year; but not so the world at large. The strain of a winter's work in Washington must be succeeded by a summer's rest away from the field of labor. Is it to be supposed that our judges, cabinet ministers, legislators, lawyers or others who have in charge important functions of public or private character, are any less faithful in the discharge of their duties because of an annual rest away from the scenes and sounds of their labor? Does the *Sun* shine less brilliantly because its master spirit—the man who furnishes its lustre, recently went off on a "junketing?" No; this has become one of the settled customs of the country. It is for this kind of recreation and rest that New Hampshire has built its sea-side and mountain hotels, extended the rails of the steam road to the summit of Mount Washington, and has its hotel palace by the sea.

Does the secretary go to sea in the Tallapoosa, he is "spending the people's time and money, and eating the people's supplies on a cruise." Does he stick close to his desk and never go sea, he is "ignorant of everything pertaining to the discipline and actual needs of the navy." Are large sums expended in repairing naval vessels "look at the extravagant outlay!" Are naval ships suffered to be unused and in process of decay, with what satisfaction the democratic organs appear to gleat upon "the inefficiency of the navy."

Such is the programme of some of the democratic newspapers; which, finding the public debt so rapidly diminishing, the revenues being collected with such wonderful integrity, and that progressive ideas of improved civil service, and independence of political dictation, make the republican party about election time strong and active, though in the vacation it may seem, while criticising its own members, almost disrupted, seek some trivial circumstance in support of the watchword "the republican party must go!"

The republican party can maintain control of the government just as long as it is able to avoid certain errors likely to be committed by some of its members, of limited or selfish ideas. The tactics of the democracy will be to urge the necessity of a change of places at the public crib, inciting its own members in the first instance, to stand up to the rack in the hope of receiving fodder, and beyond that, to arouse in the hearts of those whom they are pleased to designate as the "Outs" in the republican party, the hope of a chance to come to the table in the sweet by-and-by. With no issue more cogent than this and with candidates not likely to inspire the great business element of the country with any confidence in its pretensions, the residuary legatees of this once proud and predominating party will next year stand around with hat in hand, begging for a little support from the people, because they need it so much. The incapacity of the party to govern, as seen in its history of Congressional power, its numerous breaches of trust in office, its lately-exposed corruptions in Maryland, (brought to light by Gov. Hamilton, a man known in our own community as too honest and too able to be managed for any corrupt political purposes,) all point to the fact that while the democratic leaders may whistle at an occasional elective result, when the republicans, for reasons of their own, do not turn out, the people have no confidence that the democracy, as to-day existing, is to be trusted with the power upon any issue they dare to stand upon.

New Hampshire Legislature.

In the house, on the 22d, the bill to incorporate the Hillsborough savings bank was ordered to a third reading. The committee on judiciary reported in favor of passing a bill for the better registration of births, deaths and marriages; ordered printed. Bills in relation to nuisances; to regulate the construction of buildings to be used for factories, hotels, tenement houses and places of resort; in relation to licensing transient traders; to preserve Endicott rock, at the Weirs; for the taxation of telephone companies; to incorporate the Dover & Barrington railroad; to abolish the police court in the town of Wolfeborough; to amend the charter of the city of Dover; providing for a bounty on woodchucks; and to incorporate the trustees of the Union Chapel fund in North Hampton, were passed. Bill to sever the farm of Henry H. Chesley from Newmarket and annex it to South Newmarket, was tabled.

Yellow Fever at Pensacola.

A despatch of Aug. 22d, from the city of Pensacola, Fla., (the previous reports of yellow fever were from the Pensacola navy yard, seven miles from the city,) says:

"The board of health announces two cases of yellow fever on Palafox street wharf. A guard has been placed around the building, which will be burned as soon as the sick are removed to quarantine. The men are sailors, who were stolen from a ship and hidden until the ship left port. They are supposed to have been hidden at Warrington. Dr. Owens is reported with black vomit. One new case reported at the navy yard."

Another despatch of the same date is as follows:

"The result of the house-to-house inspection at Pensacola, ordered by Surgeon General Hamilton, which commenced this morning, was the finding of two cases of yellow fever in a sailors' boarding house on Palafox street wharf. The surgeon general directed that the patients be removed to the quarantine hospital on Santa Rosa island, the bedding and clothing in the house destroyed, the house fumigated and surrounded by a guard. The cases were reported by Acting Assistant Surgeon White at three P. M. to-day. A boat was immediately chartered by the collector of customs, and the cases removed to the quarantine hospital in accordance with the surgeon general's orders. Dr. White's report was given to the operator at Pensacola at 2:25 o'clock, and telegraphed to Washington at three o'clock. It was immediately replied to, and at 4:15 P. M. notice was giviven that the cases were on a boat on their way to the hospital."

Cyclone in Minnesota.

A terrible cyclone raged in the southeastern part of Minnesota on the evening of Aug. 21st, passing through the counties of Winona, Olmstead and Dodge. There was great destruction of property and terrible loss of life. The damage to farmers will be severe, stacked wheat having been whirled before the blast and scattered broadcast. One third of Rochester, Olmstead county, is an entire wreck. It is believed from all the reports that have come in that the whole country surrounding that place is in ruins, and that the number of killed may reach into the hundreds. M. Cole, proprietor of the Zumbrota mills, at Zumbrota, was instantly killed. He was in one of the mills when the storm struck the town and wrecked the building. Gov. Hubbard has sent $5,000 to aid the sufferers. He has received word from Rochester stating that the town is in ruins, and that forty persons have been killed. It is impossible to get the full details of the ravages of the storm, as the telegraph wires are all down. The storm in other directions was severe. A passenger train on the Rochester & Northern railroad was blown from the track during the cyclone and a large number of persons were killed and wounded. Another despatch says that twenty-five persons were killed by the accident, and thirty-five were injured. The latter were taken to the hospital at Owattonna.

A despatch of the 23d inst. from Minneapolis says the court house, two churches, the railroad station, with roundhouse and bridge, two elevators, several mills and ten large business blocks in Rochester were damaged from $500 to $15,000 each; 250 dwellings were wrecked, and 200 others very greatly damaged, the total loss reaching at least $400,000. The number of lives known to be lost is twenty-six, and over fifty wounded are under medical care. The cyclone extended about twenty-five miles, and cut a path from one to three miles in width. Six persons are known to have been killed outside of Rochester, and the loss on crops exceeds $300,000.

ALL who have smoked "Sweet Bouquet" Cigarettes praise them. Try them and you will do the same.

"Meno sana in corpore sano:" "A sound mind in a sound body" is the trade mark of Allen's Brain Food, and we assure our readers that, if dissatisfied with either weakness of Brain or Bodily powers, this remedy will permanently strengthen both. $1.—At druggists.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

☞ Use HOOD'S TOOTH-POWDER.

THE *Admiration* OF THE *WORLD.* *Mrs. S. A. Allen's* WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, August 23d, Mayor Treat in the chair:

Present the full board.

The records of the last meeting were read and approved.

Bonds of City Marshal Entwistle, and Asst. Marshals White and Cole, were accepted.

Two bills approved by the late street commissioner, in favor of T. O'Leary and John Lee, were ordered paid.

Invitation to the board to take part in the firemen's muster was accepted.

Wm. S. Hazel declined serving as assistant engineer of the fire department, and Herbert A. Marden was chosen in his place.

Robert Anderson was appointed special police without pay, at the navy yard landing.

Ald. Caswell reported as to a well in the suburbs belonging to the city, which needed looking after. Referred to the mayor and Ald. Caswell, with power.

Question as to the election of six police officers was brought up. Ald. Martin moved that five be appointed. Ald. Caswell moved that the number be four. After discussion Ald. Caswell withdrew his motion, and supported Ald. Martin's; and a ballot was had, resulting in the choice of the following: Michael E. Long, Albert W. Parsons, James F. Shannon, Charles P. Abbott and John Turner.

The following were elected supernumerary watchmen: Charles W. Roberts, Charles W. Shannon, James W. Marden, Samuel Taylor, James A. Snow, George L. Parks, Edwin Underhill, John W. Shannon, John Sullivan Rand.

The following were appointed special police without pay: Frederick M. Moore, (at Commercial wharf,) Thomas Houghton, H. A. Peverly, and Moses Laighton.

Adjourned for two weeks.

GOSSIPS SAY

That a heavy surf has been breaking on the beaches outside the harbor for the past two days.

That a schooner from the Provinces in the lower harbor on Thursday morning had a fine cow and calf comfortably stalled on her deck.

That the Harding weir at the mouth of the harbor is being thoroughly overhauled and repaired.

That a party of ladies and gentlemen from Keene are spending a few days at Pocahontas point.

That the proprietors of the beach hotels in this vicinity contemplate keeping their houses open longer this year than usual.

That Centennial Cottage at Sea point, Kittery-by-the-Sea, under the efficient management of its gentlemanly proprietor, Captain George W. Patch, is one of the most desirable and best patronized places of summer resort in all the region round about.

That two hundred excursionists from Manchester were in this city on Thursday.

That "Prince John," the abused horse, is no more for this world, but is now wearing golden shoes in the equine heaven.

That there will be five divisions in the Firemen's Muster procession on the 29th inst. commanded by Messrs. Manson, Urch, Cunningham, Ford and Hayes, in the order named.

That the Firemen of Portsmouth claim the right of the procession, it being their jubilee.

That the visiting military will compete for a prize, to be given by the committee for the best drilled company.

That Gen. J. W. Patterson, of Concord, will command the land forces in the sham fight.

THE FIREMEN'S MUSTER.

The Pontoon Bridge will be placed in position on Monday next.

The Committee have full control of Pierce's Island, and a force of 100 police will be there two days of the muster.

Boats will not be allowed to land passengers except at the Pontoon Bridge.

Commodore Wells has acceded to the request of the Committee and will allow all strangers to visit the navy yard, and all objects of interest there, which will be quite a treat to people from the interior.

The Committee are contemplating the erection of seats on the east side of the North church from the corner the whole length on the outside of the sidewalk, which will seat about 800 people,

Mayor Treat has received letters from Mayor Palmer of Boston, Mayor Kimball of Concord, Mayor Norton of Nashua, and Mayor Darling of Portland, saying they should be present at the muster.

The committee desire it to be understood that they will not hold themselves responsible for any lodging or feeding arrangements except parties have a contract in writing signed by an official of the Executive Committee. Many people seem to think that because they left their names stating the number they could accommodate, they could go ahead and make preparations for them and the committee would see them fully occupied. Such is not the case; the committee will do all they can to fill them, but will in all cases do so in writing, and will be responsible only for such written contracts.

The Muster Parade.

The grand procession which is to form at 10:30 o'clock on Wednesday next, the second day of the muster, promises to be very brilliant. It will organize in five divisions under command of Chief Marshal Pierce and be commanded as follows:

1st Division, Portsmouth Fire Department, Herman Manson, Marshal.

2d Division, Military, Major David Urch, Marshal.

3d Division, Capt. Shirley B. Cunningham, Marshal.

4th Division, Capt. James E. Ford, Marshal.

5th Division, Captain Calvin L. Hayes, Marshal.

The following is the roster of Chief Marshal Pierce's staff:

Chief of Staff, George E. Hodgdon.

Marshals, Major David Urch, Capt. S. B. Cunningham, Capt. J. E. Ford, Herman Manson, Calvin L. Hayes.

Aids, Daniel M. Lenigan, Caleb N. Lord, George H. Sanderson, William Critchley, Michael Crowley, Wm. C. Denney, Herman W. Oxford, Oliver S. Loomis, Thomas Tredick, Jr., Irving Perkins, George D. Marcy, Dr. H. F. Clark, E. C. Stimson, all of Portsmouth, Charles F. Hayes, E. C. Neally of Kittery.

Jacob H. Thompson, Esq., of the New York *Times* editorial staff, was in town last Thursday on a flying visit.

Mr. Harry Edwards, the distinguished author, scientist and actor at Wallack's theatre, New York, is a guest of one of the well known citizens of Portsmouth.

Mr. Ira W. Brock and family on Thursday left this city for Cambridge, Mass., where Mr. Brock is to have charge of one of the college buildings containing ninety rooms.

The report that Mr. T. Keen had disposed of a controlling interest in the Kittery Point line of steamers was incorrect; he has sold a quarter interest only.

The steamer City of Portsmouth now starts on her evening trip at 5:45 o'clock, instead of 6:30 as heretofore.

The following appeared in the Boston papers of Thursday evening, as a despatch from this city: "A malarial disease has appeared on the New Hampshire beaches, and a wealthy Philadelphian named Lewis died at his cottage yesterday of malignant typhoid fever. The servants and family are ill. The cause was defective sewerage. The Rye lady ill was Mrs. Ward. A priest at a hotel at Rye beach died yesterday from the same cause, and more are sick."

The U. S. S. Tallapoosa, from this port with Secretary Chandler on board, arrived at Portland on the evening of the 22d inst., and was saluted by the U. S. S. Tennessee.

To all who enjoy a dainty whiff of "tired natures sweet restorer, balmy"—smoke, we recommend the new "Sweet Bouquett" cigarettes, no other cigarettes ever offered to smokers such combined purity, delicacy, and fragrance, achieved such instant popularity among connoisseurs.

The passenger trains from the eastward this week are all behind schedule time, owing to the very heavy return traffic from the summer resorts. A very large proportion of the adult passengers are accompanied by children, and the prospective opening of the schools in the large cities accounts for this leaving the comfortable sea-shore hotels and boarding houses while the weather is still oppressively hot.

J. W. Bartlett, grandson of Perley Bartlett of Stirling, Mass., was one of the young men on board the missing yacht Mystery.

The Haytien government has closed the ports of Jacmel, Jeremie and Miragoane to foreign commerce, those cities being in revolt. The president has issued a proclamation announcing that the insurgents have murdered in cold blood fourteen political prisoners, high officers of the government who refused to join the rebellion.

BRIGHTON CATTLE MARKET.

For week ending Tuesday, Aug. 21, '83.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 1207; Sheep and Lambs 7160; swine 11,038; Horses 96; number of Western Cattle 1207.

Prices of Beef Cattle ℔ 100 lbs, live weight—Extra quality $6 25 @6 75; first quality $5 62½ @6 12½; second quality $5 00 @5 50; third quality $4 37½ @4 87½; poorest grades coarse oxen, bulls, etc, $3 00 @4 25.

Brighton hides 8c ℔ lb.

Brighton tallow 6½ @7c ℔ lb.

Country hides, heavy ones, 7 @7½c ℔ lb; light ones, 6½ @7c ℔ lb.

Country tallow 4 @4½c ℔ lb.

Calf skins 11 @12½c ℔ lb.

Lamb skins 50 @75c each.

Sheep skins 25 @60c each.

The trade for beef cattle opened slow at a decline in prices equal to ½c ℔ lb from those obtained one week since. The quality of the cattle offered for sale was mostly of a good grade, prices for the larger portion of them ranging from 5¾ @6¼c ℔ lb, live weight. The trains did not get in until nearly noon on Tuesday. The demand for shipping cattle was light, most of those brought in being intended for the butchers' trade.

Sheep and Lambs—Prices for sheep and lambs have declined somewhat from those noticed one week since, western sheep costing from 5¼ @6½c, lambs 7c ℔ lb, landed at the yards. There were several hundred head of eastern sheep sent in during the week.

Swine—Western fat hogs cost, landed at the slaughter houses, from 5½ @6¼c ℔ lb live weight. In our number of western fat hogs we include all brought in over the several railroads, none being offered on the market for sale.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.
NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

Public Sale Of Supplies And Old Materials.

NAVY DEPARTMENT,
AUGUST 10, 1883.

In accordance with the provisions of the 2d section of the act of Congress, (Chapter 391,) approved August 5, 1882, there will be sold, at the times and at the Navy Yards herein mentioned, stores and supplies belonging to the Navy, unserviceable for use therein, and old articles and materials which cannot be profitably used by reworking or otherwise in the construction or repair of vessels, their machinery, armor, armament or equipment, viz: At Portsmouth, N. H., September 17; Boston, Sept. 20; New London, September 22; New York, September 25; League Island, September 28; Washington, October 1; Norfolk, October 4; Pensacola, September 22; and Mare Island, Cal., September 24, 1883.

The sales will be at public auction, for cash, to the highest bidder, and will commence at 10 A. M., and continue from day to day, if necessary, until all the articles are sold or offered. Inventories of the articles to be offered can be procured from the Commandants of the Yards, respectively.

EDWARD T. NICHOLS,
Acting Secretary of the Navy.

Solidly Endorsed by the "Spirit of the Times," and Leading Veterinary Surgeons.

"ELLIS'S SPAVIN CURE.—Of course, it is generally regarded as impossible to completely "cure a bone spavin and remove the enlargement," but *it is positively astonishing* what curative "properties exist in the mixture known as Ellis's "Spavin Cure, and those who have given it a fair "trial say *it is the best remedy* that they ever applied. In many cases it has not only removed "the lameness, but also the lump, and *we recommend it as far* superior to the ordinary blisters "prescribed by the faculty. We also learn that "Ellis's condition, colic, worm, and heave powders are *the best of their kind*, and just what every "very horse owner should have at hand ready for use." *May 12th, 1883.*"

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new and revised work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—*London Lancet.*

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of sores, which resisted to any treatment that was attempted. It was so severe that was suggested by friends, physicians was tried in vain. Allopathy, homœopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disease. It seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources. My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now considered incurable.) Searching upon his face, and the proposal, she gave a reluctant consent to the interview was sought with a most thoroughly educated physician of New York, who made a careful examination of the case, and promised a cure. Without the least hesitation he ordered the use of CUTICURA REMEDIES. In one week there was a marked change; the raw and angry sores began to grow pale and along the outedges a healthy growth of new skin began to appear entirely, until at the present writing the only vestage is one small spot upon the forehead, scarcely visible and fast disappearing.

This after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before the dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

HEART DISEASE
IS YOUR HEART SOUND?

Now people think these sick and doctor for liver or lung trouble, or dyspepsia, while it is with were issues, the real cause is at the heart. The renowned Dr. Cheesbrough, Worthingly says "one third of all sudden deaths are of heart disease." The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this small muscle deserves attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and kindred disorders. This known as **Dr. Graves' Heart Regulator** *and can be obtained at drug stores, $1, per bottle, six bottles for $5 express. Send stamp for Dr. Graves' Diseases and valuable treatise.* (1)

Much distress and sickness attributed to dyspepsia and chronic diarrhœa is occasioned by humor in the stomach. Hood's Sarsaparilla is the remedy.

The training-ship Portsmouth sailed from Gloucester, Mass., for Portland, Me., Aug. 20th.

A good Baptist clergyman of Bergen, N. Y., a strong temperance man, suffered with kidney trouble, neuralgi, and dizziness almost to blindness, over two years after he was told that Hop Bitters would cure him, because he was afraid of and prejudiced against "Bitters." Since his cure he says none need fear but trust in *Hop Bitters.*

Rear Admiral Cooper, commanding the North Atlantic squadron, reports to the navy department under date of Portland, Me., August 7th, that in compliance with the instructions of the department he will proceed with all of the available vessels of the squadron to Newburg, N. J., by Oct. 18th, to participate in the centennial celebrations which occur there at that date.

Commander Merriman, commanding the Adams, at Alaska, reports to the navy department that he has visited the different Indian tribes in Alaska, and that everything is quiet and in good order in that territory.

N. C. Perry, Esq., residing at 252 Hanover street, Boston, Mass., says: Ellis's Spavin Cure has cured two of the worst cases of wind-galls I ever met.

Commander Reed, of the Alliance, reports to the navy department that since July 30th that vessel has visited Arichat, Port Hawkesbury, Port Hood, Pictou and Cape Canso, in the British provinces. He says that Pictou, in common with the other places around those provinces, has suffered much on account of doing away with reciprocity with the United States. There were no American vessels in Pictou, and only one at Charlottetown. No American fishermen were met except at Cape Canso, but Commander Reed has information that there are a great many of them on the north side of Prince Edwards island, where the Alliance will go before visiting Georgetown and the Magdalen islands.

Dr. J. P. Newman, Toccoa City, Ga., says: "Brown's Iron Bitters are very popular and their use always results satisfactorily."

Washington advices say that when Secretary Chandler returns he will find a good deal of business on hand. Since his departure from Washington there has been an accumulation of court martial cases, the sentences of a number of which are dismissal from the service. His action in these cases will be of great interest to naval officers especially. The secretary will shortly after his return appoint a successor to Commodore Shock, late chief of the bureau of steam engineering.

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew P. Preston, Druggist.

Indications all point to a very successful exhibition under the joint auspices of the New England and New Hampshire Agricultural societies at Manchester, opening Sept. 4th. Unusual reductions in fare have been arranged by the Concord railroad, and if the weather is favorable a remarkably large attendance is expected, as well as a superior exhibit in most departments.

"Dr. Benson's Celery and Chamomile Pills, are worth their weight in gold in nervous and sick-headache."—Dr. H. H. Schlichter, of Baltimore.

The Norway Plains Manfacturing company at Rochester are engaged in filling an order from the United States government for 2,500 blankets for the army, and as many more for the navy.

Fast and Loose.

Decay loosens the teeth. Sozodont removes the cause of their destruction, and they retain there place in the dental process. After a few applications, it will be noticed that the natural identations in them, formerly filled with corroding tartar, present a spotless appearance and their enamelled surfaces glisten with beaming lustre. Thus beauty is heightened and health promoted.

The governor of Maine has nominated Wm. Flowers and Elijah Law, both of Bangor, as special constables for the enforcement of the liquor laws in Penobscot county.

"Beating around the bush," signifies circumlocution, or the use of many words to express one idea. The proprietor of Dr. Graves' Heart Regulator adopts no such methods in telling the public, as he does, that "this medicine is a certain cure for heart disease." In these days of hoaxes, "biggest on earth" advts, etc., this simple, straightforward style is impressive and convincing. We should like to see more of it.—*Indiana Sentinel.*

Shop without them. I consider your Sulphur Bitters a remarkable blood purifier. I know of several people whose cases were considered hopeless, that have been entirely cured by your medicine. A melancholy accident occurred near Bellefontaine, Ohio, Wednesday evening, the 22d inst., resulting in the death of John H. Moots. A team was running away, and Moots, in attempting to stop the horses, was killed instantly, the body being horribly crushed.

Human Blood.—On the purity and vitality of the blood depend the vigor and health of the whole system. Disease of various kinds is often only the sign that nature is trying to remove the disturbing cause. A remedy that gives life and vigor to the blood, eradicates scrofula and other impurities from it as Hood's Sarsaparilla undoubtedly does, must be the means of preventing many diseases that would occur without its use. Sold by dealers.

Gov. Robie of Maine has nominated John A. Peters of Bangor to be chief justice of the supreme judicial court of Maine, from Sept 20th.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

The fact that good health, strong muscles and sound nerves are attainable, should encourage every invalid to an earnest endeavor in the right direction. Remember all disease owes its origin more or less to a lack of iron in the blood. Iron in the blood means health, strength and vigor. Analyze the blood of an invalid and little or no iron will be found. Healthy men's blood is full of iron. The best method of supplying this lack of iron is by using Brown's Iron Bitters, a sure cure for dyspepsia, general debility, weakness and all wasting diseases.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. This original Nutrient and Tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

Swindlers and their Victims—How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the bes witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that

BENSON'S CAPCINE HOROUS PLASTERS

are pursued by a host of miserable and worthless imitators, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPCINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPCINE POROUS PLASTERS have stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPCINE is cut in it.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT, WASHINGTON, *August* 13, 1883.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Tuesday, November 20, 1883, at which time and place they will be opened, for the purchase of certain vessels at the Navy Yard, Mare Island, California, which have been stricken from the Navy Register, under authority of an act of Congress approved March 3, 1883, and which it is deemed for the best interests of the United States to sell.

The vessels offered and their appraised value are, the Monadnock, (old), $11,200; Alaska, $18,300; Benecia, $17,600; Tuscarora, $9,900; Narragansett, $8,900; Nyack, $4,900, and Saco, $5,500.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed "proposals for the purchase of vessels," so as to distinguish them from other communicati ns. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest prices therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check) of not less than ten per cent of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two or more sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent of the amount of such offer of proposal within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cent, or any part thereof within that time, said cash deposit of ten per cent shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels; also forms of bids and bonds, which much be used by bidders. The vessels can be examin d at any time by applying to the Commandant of the Mare Island Yard.

The purchasers must remove the vessels purchased from the limits of the Yard within such reasonab e time as may be fixed by the Department.

ED. T. NICHOLS, Acting Secretary of the Navy.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave her FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster-General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, T. M. Wescott, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	483,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Charlaron, Cashier	64,450
Paid to Citizens' Bank, E. L. Carriere, President	57,000
Paid to Germania National Bank, Jules Cassard, President	30,000
Paid to Hibernia National Bank, Chas. Palfrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	14,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,200
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,627,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

Commissioners.

Incorporated in 1868 for 25 years by the Legislature for Educational and Charity purposes—with a capital of $1,000,000—to which a reserve fund of over $550,000 has since been added.

By an overwhelming popular vote its franchise was made a part of the present State Constitution adopted December 2d, A. D., 1879.

The only Lottery ever voted on and endorsed by the people of any State.

It never sales or postpones.

Its Grand Single Number Drawings take place monthly.

Popular Monthly Drawing of the

COMMONWEALTH DISTRIBUTION CO.

In the city of Louisville, on

FRIDAY, AUGUST 31st, 1883.

These drawings occur on the last day of each month (Sundays excepted.) Repeated adjudication by Federal and State Courts have placed this company beyond the controversy of the law. To this company belongs the sole honor of having inaugurated the only plan by which their drawings are proven honest and fair beyond question.

N. B.—The Company has now on hand a large capital and reserve fund. Read carefully the list of prizes for the

Notorious Offender Arrested!

The Chief of Police in Hartford has arrested and effectually brought to a standstill that old offender, "Cramps." "Cramps" was "known to the police" for a long time; in fact, the Chief had him in his bowels. "Cramps" came unexpectedly and at inconvenient times, with severe griping and neuralgic pains. Perry Davis's Pain Killer proved to be more than old "Cramps" could stand. The notorious villain surrendered, and acknowledged himself beaten.

In New York George Beattie shot Elizabeth Cameron dead in the rooms occupied by the woman and her husband, and then fired a bullet through his heart. She was the wife of "Noremac," the walker, and Beattie was Noremac's barkeeper.

Dr. Jas. B. Mills, Saltmarsh, Ala., says: "Several of my patients have used Brown's Iron Bitters for chronic indigestion with benefit."

Surgeon Alfred M. Owen died at the Pensacola navy yard on the 23d inst., of yellow fever.

Robert Luppinger, of the extensive millinery firm of D. Luppinger & Co., committed suicide at his residence, in Highland, Ill., Wednesday night, Aug. 22d, by shooting himself through the heart with a shot-gun. Financial embarrassment was the cause.

Physicians recommend as a fine Bourbon Whiskey the G. O. Taylor brand bottled by the old and honorable house of Chester H. Graves & Sons, Boston. For purity and excellent this Whiskey is unsurpassed, To be obtained of Druggists and Grocers.

Portsmouth Chronicle.

SATURDAY, AUGUST 25, 1883.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

☞ Copies of the GAZETTE and of the DAILY CHRONICLE can be had of Moses Brothers, at their Newspaper Store in Congress Block.

Ex-Sergent-at-Arms of the U. S. Senate John R. French is giving a lecture entitled "Ten years about the senate." It contains sketches of the leading senators during the period between 1869 and 1879. This shows to what depths office-holding will sooner or later lead a man. Mr. French was once a respectable resident of New Hampshire, but now, alas! how he has descended from the senate mace to the role of the lecturer. If he knows half as much of the personal history of the leading senators as does obese Christie of senatorial surroundings, it must be quite interesting to listen to the French review of the American Senator.

New Hampshire Legislature.

In the house, on the forenoon of the 23d, the Colby railroad bill being under consideration, Mr. Sise of Portsmouth said it had been said that the people managing this bill had offered to buy members of the house at the rate of $5000 apiece.

Mr. Stevens of Nashua asked that the member put his charge in writing, and that it be investigated by the committee on judiciary.

After some further discussion Mr. Sise moved that the unfinished business on the table at four o'clock P. M. be referred to the next legislature, and that the legislature finally adjourn at two P. M. on the 24th.

Mr. Marston of Exeter said the committees having the business of the legislature in charge would indicate when the work of the session could be brought to a close, and would be very glad to get away from here. He moved to table the motion. Carried.

In the afternoon, after some reports of committees, the Colby bill was again called up, and after a long discussion an amendment offered by Mr. Briggs of Manchester was adopted, the vote being 125 to 125, and the speaker giving the casting vote in favor of adoption. The house then, at six P. M., adjourned.

The Man on the Reef.

The crew of the schooner Alice M. Ridgeway, which arrived at New York from New Bedford about the 15th inst., reported having seen, about noon on the 12th, a man standing on one of the rocks called the Hen and Chickens, at the entrance to Buzzard's bay. The schooner was about a mile distant from the reef, and the man was distinctly seen with a glass, holding both hands above his head, and waving a white cloth of some kind. The sea was running so high that the schooner's boat could not have lived, and the hapless castaway was left to his fate. No sign of a wreck was seen.

This tragic tale has been revived by the discovery near the Hen and Chickens reef on the 23d inst., by the tug Nellie, of New Bedford, of the wreck of a small sloop yacht, sunk in seven fathoms of water. The wreck answered the description of the missing Mystery, of New Haven, as to size, etc., and little doubt was felt that it was her, and that the doomed man seen on the reef on the 12th was one of her crew, she having sailed from New Haven for Nantucket on the 10th.

The bodies of Rupert Sargent of New York, and Robt. H. Hawkins, treasurer of the New Haven Ruffle Co., two of the crew of the Mystery, washed ashore at West Falmouth and Pocasset, have been fully identified by their friends through articles found on their bodies.

The Sham And The Real.

Every good thing has its host of imitators; every genuine article its counterfeits. Bad manners and wicked habits have theirs also; but he who shams virtues of the good or simulate the genuine never hesitate to place the counterfeit before the public in their most alluring tones. When these people imitate they always choose a pronounced type or popular subject to copy from; and when they claim to be as good as "So-and-So," or to sell an article equal to "So-and-So," the public may depend upon it that Mr. "So-and-So" and his article are always the best of the kind. Thus the sham is always proving the genuine merit of the thing it copies.

A firm of enterprising gentlemen produce and popularize an article of household use, such as the Royal Baking Powder, whose convenience, usefulness and real merit make for itself an immense and universal sale. A hundred imitators arise on every hand, and as they hold out their sham articles to the public, yelp in chorus, "Buy this; it's just as good as Royal, and much cheaper!" The Royal Baking Powder is the standard the world over, and its imitators in their cry that theirs is "as good as Royal" are all the time emphasizing this fact. In their laborious attempts to show by analysis and otherwise that the "Snowball" brand has as much raising power "as the Royal;" or that the "Resurrection" powder is as wholesome "as Royal," or that the "Earthquake" brand is "as pure as the Royal;" as well as by their contortive twistings of chemical certificates and labored efforts to obtain recognition from the government chemists and prominent scientists who have certified the superiority of Royal over all others, they all admit the "Royal" to be the acme of perfection, which it is their highest ambition to imitate. But the difference between the real and these imitations, which copy only its general appearance, is as wide as that between the paste and the true diamond. The sham all pay homage to the "Royal!"

Prince Bismarck's organ at Berlin, replying to the attacks of French journals on Germany and their cry for revenge, declares that France alone threatens the peace of Europe. It says that such a state of affairs cannot continue without serious danger, and that the passions fomented by the agitation may burst the bonds of peace.

HOUSE KEEPING.—While in Boston it will interest one to visit the warerooms of Paine's Furniture Manufacturing Co., 48 Canal street, or send to them for one of their new books of designs of furniture now in factory. They have on hand a very large assortment of Parlor and Dining-room Suits, Live Geese feathers, Hair Mattresses, Spring Beds, Lounges, Rattan and Cane Chairs, at Wholesale and Manufacturers' prices.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. eod1jan3,84

A despatch of Aug. 23d from Hillsborough Bridge is as follows: "The coroner's jury in the Deering shooting case adjourned its hearing until Sept. 13th. The evidence thus far has been strictly private, but it is understood that it has not been such as would fully implicate any one, and the affair remains more than ever a mystery, though the officers have done all that could be done to unravel it. A skilled detective is to be set to work upon the case at once, and if important facts are discovered the jury will be called together immediately. The theory is rapidly gaining ground that the killing was accidental. The funeral of the victim will take place to-morrow morning at ten o'clock."

The U. S. S. Tallapoosa, with Secretary Chandler on board, arrived at Bar Harbor, Mt. Desert, on the 24th inst.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the Vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists. Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

☞ Use HOOD'S TOOTH-POWDER.

WORLD'S
Hair Restorer
IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

TERRIBLE DROWNING ACCIDENT AT WELLS, MAINE.

At about half-past nine o'clock in the forenoon on the 23d inst., a barge which has been run daily from the Bald Head Cliff house in Cape Neddick to Ogunquit, Wells, to accommodate bathers (the shore near the hotel being rocky and bold, while the Ogunquit beach, two miles away, is sandy and shelving,) started from the house, having as passengers I. G. Kimball, Esq., a lawyer of Washington, D. C.; Mr. Gould, a stock broker of Boston, his daughter Emma, and his young son; Rev. Dr. Little of Washington, his wife, and their sons Arthur, Eddie and Norton; Mr. Greenough Thayer, aged twenty years, eldest son of Prof. Thayer of Harvard college, and a Harvard sophomore; Miss Kitty Safford, eldest daughter of Prof. Safford of Andover, Mass.; a Miss Marsh, of Andover; and a gentleman from Boston, name not learned.

On arriving at the river it was crossed in boats, and at about half-past eleven o'clock there were seven of the party in the water, namely: Miss Gould, Miss Safford, Miss Marsh, Mr. Thayer, Mr. Little and wife, and Eddie Little, the latter being an athletic young man of seventeen years. There was a quite heavy surf, the breeze being fresh from the south and east, and a strong undertow; but the merry party, apparently unaware of danger, kept venturing farther and farther out. Mr. Little and wife, Miss Safford and Miss Gould, were hand-in-hand, and the young ladies, in high spirits, kept pushing out for deeper water; the young flood gradually forced them to a deep spot near the mouth of the river, where the former level bottom has been scooped out by the sea; and the lines of surf reached nearer the shore with every moment, as the waters rose. Mr. Little, almost strangled, lost his hold, and was carried toward the shore; his wife was thrown against him by the sea, and together they were washed into shoal water, where in company with Miss Marsh, who was also swept in, they remained in an exhausted condition until assisted on shore.

The young ladies in the deep water, perceiving their peril, screamed for aid, and Thayer and young Little went gallantly to their assistance; and then ensued a long struggle for life, the young men seeming cool and collected, while the young ladies were frantic with terror. The alarm was heard by Mr. Samuel Perkins of Ogunquit village, and two fishermen, who hurried across the small stream, and carried Mr. and Mrs. Little and Miss Marsh ashore from the shoal water, thinking them the ones in most danger, as the other four appeared to the new comers to be all right, standing on the bottom with their heads out of water; but when they next looked the four had disappeared. After being thrown in shore once Mrs. Little again rushed into the surf to aid her friends, and when carried out by Perkins and the fishermen both she and Miss Marsh were insensible, and were not brought to until about four o'clock in the afternoon; on Friday Mrs. Little was reported as having nearly recovered, but Miss Marsh was still in a precarious condition. Prof. Safford arrived at Ogunquit in the afternoon, only to learn of the death of his beloved daughter. None of the bodies had been recovered up to Friday noon, and the fishermen doubted if they would be.

It was reported in this city on Friday that Mr. George Kimball, of the New York Associated Press, was one of the drowned. Mr. Kimball was at Bald Head cliff, and hastened to the scene of the disaster, where he devoted the night in caring for the rescued and organizing a force to search for the bodies of the drowned. The entire population of the neighborhood turned out to aid in the work, and patrolled the beach all Thursday night with lanterns, continuing the watch through Friday, but without result.

THE FIREMEN'S MUSTER.

Eureka engine Co. of Arlington, Mass. have entered.

Mayor Hill of Salem has notified Mayor Treat he shall be here at the muster.

Highland Hose Co. No. 2, of Arlington will be at the muster.

Judging from the preparations and progress already obtained, it looks now as though the sham battle in the harbor next Tuesday afternoon would be the most exciting event of the muster. By far the safest, as well as most conspicuous place for both carriages and pedestrians from which to witness every movement of troops and every gun that is fired from forts Sullivan and Washington, and the fleet in the harbor, will be from Goat Island, between the second and third Newcastle bridges. From this point a close observation of not only the land forces, but any and all movements by boats to storm or capture either fort can best be obtained.

About $2500 has already been collected, and there is $400 or $500 more subscribed.

The Silsbee Steam Fire Engine Manfg. Co. have sent to engage four gray horses of 1200 lbs. weight each, to haul an engine which they are to have on exhibition here during the muster.

GOSSIPS SAY

That Mayor Treat has ordered the erection of several sanitaries about town for the convenience and comfort of visitors during the muster.

That the steamer Gen. Bartlett will bring to this city from Biddeford on Thursday, during the muster, a thousand persons.

That the steamer Sirius on her passage to this port on Thursday, lost one of her crew overboard.

That the man was picked up by an inward-bound schooner.

That in the state senate, on the afternoon of the 23d inst., the house bill to amend the charter of the city of Portsmouth was defeated by a vote of thirteen to ten.

CITY OF PORTSMOUTH.

In the year of Our Lord 1883.

AN ORDINANCE prohibiting the discharge of fireworks in the compact part of this city.

Be it Ordained by the City Councils of the city of Portsmouth.

SECTION 1. No person shall exhibit any fireworks or discharge any rockets, squibs, crackers or any preparation of gun powder, or discharge any cannon or other firearms within the compact part of the city, in any street, highway, common or public place.

SECTION 2. The compact part of the city for the purpose of this ordinance shall be that portion so designated and described in section 17 chapter 17 of the Revised Ordinances of this city.

SECTION 2. Any person upon conviction of violating this ordinance shall be fined not less than five dollars and not more than twenty-five dollars.

Passed August 9, 1883.

ALBERT R. JUNKINS,
President Common Council.
JOHN S. TREAT, Mayor.

State Treasurer Carter has within a few days paid into the treasury of Strafford county $1,000, which had been in the state treasury ever since the Dover & Portsmouth railroad was built. At that time the commissioners of Strafford county refused to accept the award for land damages caused by the railroad's passing the land of the jail at Dover. The directors thereupon deposited the $1,000 required by law with the state treasurer, which the county is now glad to get.

The uniforms for the members of Gov. Hale's staff are being made at Newmarket.

Albert Downs, a boy nine years old, son of Capt. Levi Downs, was severely hurt on Friday at Star island, Isles of Shoals, by falling on a grapple.

The existence of malarial disease on the New Hampshire beaches is denied. It is asserted that of the many thousands of summer visitors this year but two have died, and those from natural causes, uninfluenced by local surroundings. Our sea-coast has always been considered exceptionally healthy, and with good reason, as the vital statistics of Newcastle, Rye and Hampton show.

A wooden overhead bridge in Durham was burned on the night of the 23d inst., delaying several trains on the Boston & Maine railroad.

Several housewives in town have been "sold" lately by a fellow engaged in peddling peaches, who has called at their houses and announced that "Mr. Blank ordered two dozen peaches left here,"—in every case the head of the house being absent, showing that the trickster is not a stranger in town—and charging twenty cents a dozen for the fruit. This wouldn't be so bad if the peaches were good for anything, but they are hard as rocks.

Sarah Perkins, aged fifty years, of North Berwick, Me., on the evening of Aug. 23d started to walk on the track from Dover to Salmon Falls. When about half way between the two places she was chased by an unknown man, and in running away fell through a bridge and broke one of her arms, and she returned to Dover, where her arm was set.

The postal department will be ready to issue to postmasters two-cent adhesive stamps on the 15th of September, and stamped envelopes the 1st of September, in anticipation of their use the 1st of October. The two-cent and three-cent stamps, and stamped envelopes, of the present designs, will continue to be valid after the 1st of October, and must be accepted in payment of postage whenever offered in appropriate amounts. The three-cent stamps may be used in combination with other denominations on letters requiring more than one rate of postage, and on parcels of third and fourth class matter.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

ARE THE BEST."

Solidly Endorsed by the "Spirit of the Times," and Leading Veterinary Surgeons.

"ELLIS'S SPAVIN CURE.—Of course, it is generally regarded as impossible to completely cure a bone spavin and remove the enlargement" "but *it is positively astonishing* what curative properties exist in the mixture known as Ellis' Spavin Cure, and those who have given it a fair trial say *it is the best remedy* that they ever applied. In many cases it has not only removed the lameness, but also the lump, and we recommend it as far superior to the ordinary blisters prescribed by the faculty. We also learn that Ellis's condition, colic, worm, and heave powders are *the best of their kind*, and just what every horse owner should have at hand ready for use. *May 12th, 1883.*"

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was of a character so disgusting upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and in due time were one by one to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the fullest satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

HEART DISEASE

IS YOUR HEART SOUND?

Many people think themselves sick and doctor for kidney or liver troubles, dyspepsia, while of the pain were known, the real cause is at the heart.

The renowned Dr. Cheesbrough, startlingly says "one-third of my subjects show signs of heart disease."

The heart weighs about nine ounces, and yet each twenty-four pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and kindred disorders. It is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Greene's thoughts on exhaustion (treatise free.)*

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA LOAN & TRUST CO.,
JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on Improved farms (accepted only after careful personal inspection of the premises by our agents,) worth from two and one-half to four times the amount of loans; run from two to five years; and the interest, payable semi-annually, is collected and paid by the Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than either Government, State, City or Mining Securities. They pay a large interest, and are absolutely safe for the reasons stated above.

On application we will take pleasure in sending references to leading Bankers East and West. Address, for pamphlet and full information,

EODERICK ROSE, Vice-President.

—Fragments of a dialogue heard between two languid swells at the Union Club: "Fellah told me you were engaged." "Yaas!" "Jolly girl?" "Awful!" "So glad." "Yaas!" "Married soon?" "No! It's off now." "Bless me. Don't say so." "Yaas. Heard the family ate beans. Couldn't stand that!" "Too bad!" "Yaas."

A good Baptist clergyman of Bergen, N. Y., a strong temperance man, suffered with kidney trouble, neuralgi, and dizziness almost to blindness, over two years after he was told that Hop Bitters would cure him, because he was afraid of and prejudiced against "Bitters." Since his cure he says none need fear but trust in *Hop Bitters.*

Didn't Want a Girl.

Last summer my wife's health was all run down, and she wanted me to hire a girl to do the work. In a little while I found one I thought would suit her, when to my surprise she said I need not hire any one, as she felt better, and thought another bottle of Sulphur Bitters would cure her. DONALD GREY, 41 Worcester square, Boston.

John C. Blaisdell, engineer of the steamer Lady of the Lake, was attacked with an epileptic fit on the 23d inst., just before the boat left the wharf at Wolfeborough, and fell overboard. When he was rescued life was nearly extinct. Medical aid was quickly secured, and there are hopes that he will recover.

Dr. F. R. Hudson of Hoosick Falls, N. Y., was shot and probably fatally injured on the 23d inst. by Charles Osterhoudt. Dr. Hudson was Osterhoudt's family physician, and upon his refusal to obey Osterhoudt's demand that he should go to his house and visit the latter's wife, who is an invalid, Osterhoudt fired two shots at him, one bullet lodging in his spine. Osterhoudt escaped.

Dr. J. P. Newman, Toccoa City, Ga., says: "Brown's Iron Bitters are very popular and their use always results satisfactorily."

The investigation committee of the New York exchange was on the 23d inst. inquiring into the circumstances attending the failure of Cecil Ward & Co., and E. C. Stedman. They will also investigate the failure of George William Ballou & Co., and Schott & Knight. The results will not be disclosed before the investigations are concluded.

"Dr. Benson's Celery and Chamomile Pills are worth their weight in gold in nervous and sick headache."—Dr. H. H. Schlichter, of Baltimore.

A despatch from Hong Kong says that Haiduong, Tonquin, has been taken by the French. They also captured 150 cannons and $50,000 of Annamite cash. The Annamites fled into the interior. Another despatch from Hong Kong states that on the 15th inst. an attack was made by the French on Phoubai, in the direction of Soutay, a strong post seven miles from Hanri. The French force was 2,000 strong, and the enemy numbered 15,000. The position was carried, but was found untenable. A portion of the troops retreated to the river, covered by gunboats, while the rest went in the direction of Hanri.

Fast and Loose.

Decay loosens the teeth. Sozodont removes the cause of their destruction, and they retain there place in the dental process. After a few applications, it will be noticed that the natural identations in them, formerly filled with corroding tartar, present a spotless appearance and their enamelled surfaces glisten with becoming lustre. Thus beauty is heightened and health promoted.

Ask the most eminent physician
Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable
And compounded into Hop Bitters, such a

Established 1756.

THE GAZETTE IS PUBLISHED EVERY THURSDAY AND SENT TO SUBSCRIBERS AT THE LOW PRICE OF $1.50 PER YEAR, PAID IN ADVANCE, OR $2 AT THE END OF THE YEAR.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires at their native city, and it

CONTAINS MORE ORIGINAL MATTER THAN ANY OTHER PAPER OF ITS SIZE IN THE STATE, THE EDITORS WORKING MORE WITH THEIR PENS THAN WITH THEIR SCISSORS.

THE

New Hampshire Gazette !

TO ADVERTISERS

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all desire to reach patrons in Rockingham and York counties will find it an economical medium. The Gazette is in many instances the only paper taken by families, and is read to a large extent in localities where it is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Official Programme.

NEW ENGLAND FIREMEN'S MUSTER.

August 28th, 29th, 30th.

Each day will be ushered in with the ringing of bells and firing of salutes.

Members of the Press, on their arrival will be furnished with credentials and badges by W. T. Dodge of the Associated Press, to enable them to receive such courtesies as may be for their convenience and comfort.

Notice of Bureau of Information for board, etc., will be found in another column. Strangers who desire such information, will find it there.

FIRST DAY.

Reception of visiting Engine, Hook and Ladder, and Hose companies, and housing of machines,—the several companies will be taken charge of by delegations from this department, and will be reviewed as companies by his Honor the Mayor at City Building. Collations will be given at Engine Houses, after which companies will go directly to encampments. Visits will then be made to the Navy Yard, vessels of War, &c.

In the afternoon at 3 o'clock a Sham Battle will take place at Forts Sullivan and Washington, in which the U. S. vessels and the visiting military will be engaged.

Visitors can take either the Pontoon Bridge to Pierce's Island, which will take them directly to the Forts, or go by Newcastle Bridge, which will take them to a point opposite.

In the evening a torch-light procession by all the companies who choose to participate. Prizes will be offered as follows: For best display of Fireworks on Richards avenue, $25. Companies will provide their own torches, and oil will be furnished by the Committee.

SECOND DAY.

In the morning the Portsmouth Cavalry, Capt. E. B. Coffin, will receive the Strafford Guards and other visiting military organizations, and march to railroad station to receive the Governor and Staff, Governors of other States, Secretary of the Navy, Mayors and Chief Engineers of Cities, and other distinguished guests, and escort them to the Rockingham House.

At 10.30 a. m. the divisions of the procession will form under the directions of the Marshals assigned, as follows.

1st Division in State street, west of and right resting on Pleasant.

2nd Division will form on left of the first.

3rd Division on Court street, west of and right resting on Pleasant.

4th Division on Court, east of and right resting on Pleasant.

5th Division on State street, east of and right resting on Pleasant street.

At 11 a. m. the column will defile up Pleasant street through Market, Deer, Vaughan, Congress, Islington, Cass, through to Middle, down Middle to State, Pleasant, Commercial to Bow, South street, through Water to State, Penhallow, Daniel, Market Square. Pleasant to junction Court, where equipments will be placed out of the column, and then proceed to Gate and from there to Pontoon Bridge.

At the close of the march, in which all the companies participate, a Grand Clambake will be served to visiting companies at Pierce's Island.

At 6.30 o'clock a drawing of numbers will take place at the Mayor's office, for Steamers, Hand Engines and Hose Carriages, as also all other drawings for positions where prizes are concerned. Companies not represented by one member at least, will have their numbers drawn by the Mayor of Portsmouth.

Steam Fire Engines will be classed by the steam cylinder and the pumps uniformly, independently of the maker's classifications. Companies entering to participate in the trials shall send the name of the steamer, sizes of the steam and water cylinder, diameter and length of stroke.

Each steamer shall have ten minutes, after taking its place at the water station, to get ready for playing. Ten minutes shall be allowed for each burst hose, in addition to the five minutes allowed for the trial,—fifteen minutes being all the time that will be allowed for each company,—except the engine is disabled by accident,—then the engine can be called off by the judges, and allowed to make such repairs as needed, when the said engine can have another trial, if the judges so order, and at such time, provided the accident was no fault of the engineer or fireman.

Each engine will draught its own water, and play through 250 feet of 3 1-2 inch hose, and through such size pipe as the company may select. The hose will be furnished by the Portsmouth Fire Department. Couplings regulation size, thread seven to the inch.

Each steam-gauge shall be tested by the U. S. standard, and sealed with the judges' seal, the gauges to be put on the engine as soon as they are tested, so the engine may be ready for use.

The safety valve shall be set at 100 lbs pressure. The length of the playing to be from the end of the pipe to the wet place on the board or paper; all water not striking on the board or paper will not be allowed by the judges.

When playing with pipe the engine can play the whole time allowed at once, or make two or three trials in the time allowed. In all cases the engine must play through one length of hose.

The committee on playing of steamers reserve the right to lessen the time of steamers in preparation for playing, if it is found to be necessary. In the playing of hand-engines the same rules as far as applicable will be observed, and the number of men to each company when playing will be decided by the judges the day before the trial.

At 7.30 a. Band Concert on Market square, when Bands will compete for prizes as follows: 1st prize, $50; 2d prize, $25. At the close all the Bands will consolidate as one Band.

THIRD DAY.

The bells of the city will be rung at sunrise, noon and sunset.

At 9 o'clock Steam and Hand Engine companies who intend participating in the contest for prizes will report with their machines on State street, in the numerical order which has been assigned them, ready for call. Hose companies will meet at 9 o'clock on Fleet street, in same order.

Companies of this city do not enter for prizes.

Prizes will be given as follows: To 1st class Steam Fire Engines, best horizontal stream, $100. To 2d class Steam Fire Engines, best horizontal stream, $100. To Hand Engines, 1st prize, $100; 2d prize, $50. And other prizes to Hand Engine companies without machines. To Hose companies, racing according to regulations, $50. The committee reserve the right to add prizes if they see proper.

Hose companies will be furnished one of this city's carriages for competition in the prizes offered under that head.

Engine companies without apparatus will not be allowed to assist other companies in any work wharever there prizes are designated.

Two special prizes, one of $75 and second prize of $25 to any Steam Fire or Hand Engine companies who may be present all three days, and who cannot bring their apparatus by reason of adverse action of their city or town authorities; said companies to be allowed to run with one of this city's Hose Carriages a distance of one-quarter of a mile, attach hose to a steamer, run off 500 feet of hose, attach pipe and be ready to play; connections to be safe for water.

All other arrangements to remain as by former circular.

At 10 o'clock a Regatta will take place on the River, as follows:

FIRST RACE.—Men-of-War six-oared boats. First prize $25.00; second prize $10.00.

SECOND RACE.—For ten-oared boats. First prize $30.00; second prize $12.00.

The above prizes will be given only to boats of U. S. vessels in commission.

THIRD RACE.—For four-oared pleasure boats, twelve foot keel or over, double scull, two men. First prize $15.00; second prize $10.00.

FOURTH RACE.—For Dories, twelve foot or over, two oared, one man. First prize $6.00; second prize $4.00.

All boats to be rowed on the gunwale. Course will be from buoy off Eastern and Concord railroad wharves to the Beacon, and return, turning the Beacon from port to starboard.

Entries must be made with O. H. Cook, No. 5 Congress St., Chairman of Committee on Regatta, on or previous to August 27th. Entries free.

Each crew and boatman will be given instructions in regard to the course.

All boats must be ready to take their position at 10 o'clock, A. M., at which time the races will take place.

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew P. Preston, Druggist.

She Preserved Per Own Fruit.

She had a fancy for peaches in the old "pound for pound" way, just as her mother used to do them. And she used her mother's old fashioned preserving kettle. The kettle upset and sent its scalding contents over the unhappy lady's feet, as she stood before the kitchen fire. They put her to bed and treated the scalded parts with Perry Davis's Pain Killer, the sovereign remedy for burns, scalds and blisters. In two or three days she was well.

Danforth, Clark & Co., dealers in carpets, etc., of Concord, have made an assignment. Their liabilities are $8000, attached for $4,000, and they claim sufficient assets to pay all debts.

John Casey, aged eleven years, was shot by unknown parties on Park common, Manchester, on the evening of Aug. 24th. The bullet entered his skull over the left eye, between the tables of his cranium. The chances for his recovery are thought good. There is no clue to the persons who committed the outrage. The cause of the deadly assault is unknown.

CIRCUIT COURT OF THE UNITED STATES.

In the suits brought by Dennis J. Lynch to recover the amount of insurance on his stock of groceries in store No. 44 Market street, destroyed by fire Nov. 28, 1882, entered in this court at the May term, the insurance companies filed a plea in abatement on the ground that the amount in their hands had been attached by a trustee process by various creditors of Lynch, and therefore they, the companies, were not liable to answer in this action. Judge Lowell has handed down an opinion overruling the demurrer filed in behalf of the insurance companies.

Circuit Court of the United States, District of New Hampshire.

Dennis J. Lynch vs. Hartford Fire Ins. Co.

Same vs. Phenix Ins. Co.

Lowell, J. The defendants severally plead in abatement of these actions that before the date of the writs they were summoned as trustees or garnishees of the plaintiff in three actions in the Superior Court of Massachusetts, and one in the Supreme Court of New Hampshire, which are still pending.

The plaintiff demurs.

The general rule is that a plea of *his alibi pendens* is not good, when the litigation is in a court of foreign jurisdiction. We may regret this, but it has been repeatedly so held. This rule is modified by courts of equity and admiralty, who will require a plaintiff who has a suit pending elsewhere for the same cause and with an equally advantageous remedy to elect which he will prosecute. I am much inclined to think that courts of law will hold that they may attain the same end through their power of postponing actions and suspending judgments. See the very able opinion of a late eminent judge in McHenry v. Lewis 22 Ch. D. 397, and of the judges in Peruvian Guano Co. v. Bockwoldt 23 Ch. D. 225, overruling Lord Dillon v. Alvares 4 Ves. 357, and doubting the case of Cox v. Mitchell 7 C. B. (n. s.) 55, if it is to be understood as deciding that a court of law will take no notice of the pendency of a foreign suit.

In the case of a garnishee process pending in a foreign court, the Supreme court of New York, Kent, J., decided in 1809 upon the authority of English cases which referred to domestic actions, and upon the ground that a garnishee could not otherwise be protected, that a plea in abatement was good: Embree v. Hanna 5 Johns 100. This decision was made before the law in this country had been settled that the courts of the states are to be considered as foreign to each other, and the courts of the United States as foreign to that of the states in this matter. It was held in New Hampshire as late as 1850 that a plea of an action pending in the Circuit court of the United States must be sustained: Smith v. Atlantic Mut. Fire Ins. Co., 22 N. H. 21.

Embree v. Hanna *Ubi Supra*, has often been cited and approved, but I have not found a case in which it has been followed when the precise point was in judgment, unless it be a case in 20 Howard which I shall presently consider.

The courts, when called upon to decide the question, have uniformly held that a creditor ought to be at liberty to secure himself by action against his debtor who may be about to become insolvent or to abscond, or who may be in collusion with the foreign plaintiff, notwithstanding an earlier garnishement, and that the only protection which the defendant can require is to have a continuance of the action, or a moulding of the judgment in such a form that he should not be obliged to pay the same debt twice. This, I understand, to be the decided law of Massachusetts, Alabama, California, New Hampshire, Vermont, Georgia, Indiana and Louisiana:

Winthrop v. Carlton, 8 Mass. 426;
Crawford v. Slade, 9 Ala. 887;
McFadden v. O'Donnell, 18 Cal. 160;
McKean vs. McDermont, 22 Cal. 667;
Wadleigh v. Pillsbury, 14 N. H. 373;
Drew v. Towle, 27 N. H. 412;
Hicks v. Gleason, 20 Vt. 139;
Shealey v. Toole, 56 Georgia 210;
Smith v. Blatchford, 2 Ind. 183;
Caswell v. McDonough, 10 Martin 609.

Judge Drake, in his valuable work on Attachments, cites most of the these cases, and gives his own opinion emphatically in § 701 note 4, that a plea in abatement should not be allowed. He gives rather more show of authority to the other side than it can maintain, for he puts New Hampshire on that side. The other cases which he cites in favor of the plea in abatement are correctly stated by him as *dicta* in these words; "similar views have been expressed by the courts of" etc. I have examined these, all except Near v. Mitchell 23d Mich. 382, which is not at this moment within my reach, and they are "views" and not decisions.

In the case of Mattingly v. Boyd, 20 How 178 (*Catron J.* giving the opinion of the Court,) Embree v. Hanna, which decides the point, and some other cases which contain the dicta above referred to, are cited, and the decision is that by the law of Tennessee the statute of limitations did not run against the defendant while he was under garnishment in a court of Virginia because he might have pleaded such garnishee action in abatement.

The law of New Hampshire which governs the case before me in matters of pleading is different from that of Tennessee, as I have already shown. In the courts of this state the plea would not be allowed, and therefore, and, as I conceive upon a very decided weight of authority and reasoning, it is not available in this action. I am further of opinion that, in all ordinary cases, a continuance should be granted *ex comitate*, that the plaintiffs in the foreign actions may have an opportunity to make their attachments available. The case of seamen's wages has been held to be an exception, for reasons of policy, in Ross vs. Bourne, 14 Fed. Rep. 858. The garnishee, of course, must be protected; but the ground taken in *Embree v. Hanna*, that his only protection is by plea in abatement is not the law at present. He may plead judgment and satisfaction in either court as a bar to further action in the other. *Bank of North America v. Wheeler*, 28 Conn. 433. *Eddy v. O'Hara*, 132 Mass. 56.

Plea in abatement overruled.

Action to stand continued.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such is the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use.

If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars.

THE *Admiration* OF THE WORLD. *Mrs. S. A. Allen's* WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE FIREMEN'S MUSTER.

Hon Marcellus Eldredge on Saturday sent in his check for $300 to the firemen's muster committee.

The work of decorating Market street commenced on Saturday.

The American Fire Hose Co., of Chelsea, Mass., on Saturday sent to this city 400 feet of their double or "jacket" hose, and couplings, for exhibition during the muster.

Owing to the scanty supply of water in the aqueduct, the water to be used at the trials of fire engines on Thursday will be pumped from the Hanover street reservoir, which is fed by a spring of its own, to the reservoir on Market square, so that the aqueduct supply will not be lessened.

No better place can be found from which to view the sham battle on Tuesday afternoon, than the second and third Newcastle bridges, and the island between them, the river and forts being in plain sight, and the places named being far enough away to avoid all possible danger from flying wads. The point of Great island at the end of the third bridge is also a good safe place from which to witness the mimic war; and no doubt boys enough will be found to man the top of the breakwater in good style. By arrangement with Major Urch, lessee of the bridges, the muster committee will receive a generous percentage of the receipts at the toll-gate, for the benefit of the muster fund.

Mr. Frank W. Hidden arrived in this city from Portland on Saturday last, to get things in readiness for his participation in the dory race on the 30th inst., he thinking it was to take place on the 29th, as first arranged for. Mr. Hidden proposes to pull for first money in that race, and whoever comes in ahead of him will have to do some good work, for he can just make a dory slip through the water. We remember that when he was a boy about twelve years old, living on Star island, he one day took a gunning-float and pulled to Newburyport, making the distance in three or four hours.

GOSSIPS SAY

That the Firemen's Muster festivities will commence this (Monday) evening with a grand open-air concert on Market square.

That Mr. Mahlon Bickford of this city has been appointed quarterman laborer in the construction department at the navy yard, under the consolidation order.

That the summer birds of passage have commenced their hegira homeward.

That a large force of special policemen are being mustered for duty this week.

That three hundred crates of peaches were brought to this city by the various express companies on Saturday last.

That included in the jolly party from Keene temporarily domiciled on Badger's island is a good-natured, pleasant-faced gentleman from the inland city, by the name of Charles Nims.

That Charles is considerable of a whist player, and feeling particularly frisky one evening suggested a game in card science, the loser to provide a bottle of champagne.

That he won as usual.

That the loser came to town, procured an ancient bottle of the Cliquot pattern, and having had it carefully filled with plain soda, hastened back to the convivial table.

That Charles' eyes danced with pleasure, and his lips resounded like a sucking pig's as the effervescing waters passed down his esophagus.

That having drained the bottle, the shouts of the party caused him to "tumble to the racket," since which time he finds no pleasure in gazing on the swift waters of the Piscataqua or upon the beauties of old Strawberry Bank.

BAND CONCERT.

The committee, in view of the liberal subscriptions from citizens, (which have been paid with a few exceptions,) have decided to give a band concert on Market square, at eight o'clock this evening. Programmes for the same are being distributed. W. J. SAMPSON, Chairman.

The remains of Mr. Lewis, who died at his cottage at Little Boar's head last week, left for Philadelphia on Sunday. At Mr. Lewis' cottage, the third from the eastern end of Little Boar's head, was a well into which, by reason of the ledgy formation of the land, the sewerage found its way. His coachman and one lady guest suffered from the consequence of this pollution of the well. Mr. Lewis' death was from an entirely different cause. The defect in the system of drainage was remedied sometime since. There has been nothing like malaria in this region, of course.

Mr. Harry Edwards, the well known actor of Wallack's theatre, New York, will give a unique entertainment at the Hotel Wentworth on Wednesday evening, the 29th inst., at eight o'clock. He styles his entertainment "Neglected Singers;" the material is fresh and racy, covering ground never before trodden.

The streets are being cleaned by the newly elected street commissioner. The upper part of Market street, which had been for months in as filthy a condition as the north pond, now looks as nice as a trotting park. The work was completed in a very efficient manner in less than three hours, to the great satisfaction of the neighborhood. STOREKEEPER.

A despatch of Aug. 24th, from Pensacola, reported that Mrs. Owen, widow of Surgeon Owen, U. S. N., who died at the navy yard there last week, has been taken down with the fever; also Paymaster Z. T. Brown, whose daughter, previously reported ill, was stated to be improving; Theodore Rush, a quartermaster, had died. The deaths in Pensacola which caused so much excitement last week, were not due to yellow fever.

The Rockingham County Temperance Association, in company with the State Temperance Union, held a two days' session at the camp-meeting ground in Epping on Thursday and Friday of last week. The meeting was in charge of Rev. J. H. Stearns, president of the county association, and was well attended. Rev. C. B. Pitblado, formerly of this city, was one of the principal speakers.

Ira Downs, (not Albert, as before stated,) the five-years-old son of Capt. Levi Downs, who was seriously injured on Star island at the Shoals on Friday, was on Saturday reported to be decidedly improving.

Excelsior Hook & Ladder Co., of Manchester, arrived in this city last Saturday morning and took the steamer City of Portsmouth for a trip to York beach.

Mr. Lemuel B. Caswell, of Smuttynose island, Isles of Shoals, was in from there last week, and reports bait very scarce so far this season, and consequently a poor catch of fish.

A portion of Commercial wharf was fenced off last week, to prevent too great a press of the crowd at the landing of the steamer Sirius.

Mr. John S. Vogeler, bookkeeper for Downs & Co., who has been seriously ill for about five weeks, has returned from a trip to the White mountains, with his health so much improved that he is again able to attend to his duties.

Capt. John G. Moses arrived home from Europe on Friday of last week.

Steamer Albatross, in the service of the United States Fish Commission, arrived at this port on Saturday from a cruise on the Grand Banks, and took a berth at the navy yard wharf; her errand here was to get a supply of coal.

Francis M. Hatch, Esq., who has been for some time past in the practice of law at Honolulu, Sandwich islands, is in town.

Among the coal freights to this port reported last week was one schooner of 1200 tons from Georgetown, D. C., at $1.55 per ton.

Mr. Oliver Athorn, of Eliot, on the 23d inst. fell from the ridge of his barn to the floor; he was unconscious when picked up, but escaped with a sprained ankle and a severe shaking up.

The Portland District camp-meeting of the Methodist Episcopal church was held last week at Old Orchard, closing on Friday evening with a sermon by Rev. Mr. Hamilton of Kittery.

The first sea-serpent of the season was seen off Old Orchard beach on the 23d inst., about half a mile from shore. Nobody thanks him for showing up now; it is too late for him to "draw."

A "popular" clerk of a country hotel in this region has been presented by the "enterprising" proprietor with an elegant gold combination pen and pencil. These are the days of combination and consolidation with railroads and hotels in our state.

The house of A. E. Voter at Old Orchard was entered on the night of the 23d inst. by some person who turned the door-key with nippers. The burglar entered Mr. Voter's sleeping room and took his pantaloons, from a pocket of which he procured a key which opened a safe, a drawer of which contained $380 in money, and valuable papers, all which the thief carried off.

Rev. Geo. Moore Payne, of York, Me., is to preach in Hampton Falls, where he was formerly settled, on Sunday, Sept. 2d.

It rather appears as though everybody was obtaining about all the railroad legislation asked for, at Concord about this time. The "Colby bill" will be amended so as to remove the objections of many of its opponents, and it is predicted will pass the house, and give the senators a chance to have the law expounded by Judge Harry Bingham.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

THE SCIENCE OF LIFE

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; OR, SELF-PRESERVATION. Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

26th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous city physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In one WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time went on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing our child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

The Wrecked Yacht.

It was on Friday made certain that the wreck discovered in several fathoms of water near Hen and Chickens reef was the yacht Mystery. A diver who went down distinctly read the name on the vessel's stern. He also brought up several coats, and in the pocket of one was Rupert Sargent's notebook. It appears that at the time of the disaster all sail was set, and the yacht was either capsized, or ran on the rocks and afterward sank while making for the shore.

On Saturday the yacht was towed into New Bedford harbor, and grounded on the flats where she could be examined at low water. No indications were found that she struck on the reef, the only damages discovered to her bottom being such as were evidently made in towing her in. When first discovered she had her jib, jib topsail, mainsail and gaff topsail set, and was probably rolled over by her press of canvass,—quite possibly in an attempt to avoid the reef by a sudden change of course. From various circumstances it is evident that destruction came upon the boat very suddenly. She is said to have been over-sparred and in poor condition, and none of her crew were experienced yachtsmen.

Official Programme.

NEW ENGLAND FIREMEN'S MUSTER.

August 28th, 29th, 30th.

Each day will be ushered in with the ringing of bells and firing of salutes.

Members of the Press on their arrival will be furnished with credentials and badges by W. T. Dodge of the Associated Press, to enable them to receive such attention as may be for their convenience and comfort.

Notice of Bureau of Information for board, etc., will be found in another column. Strangers who desire such information, will find it there.

The contest of companies for the prizes offered by the Committee for best display of fireworks as well as the special prize offered by Messrs. Masten & Wells, Fire Work Manufacturers, at 8 Chauncy St., Boston, will take place on Pierce's Island as soon as it is dark Wednesday evening. The North Berwick band will also be in attendance during the display.

Prizes won by Companies will be paid by Hon. John S. Treat, Mayor, on certificate of the judges to winners.

FIRST DAY.

Reception of visiting Engine, Hook and Ladder, and Hose companies, and housing of machines, over several companies, will be taken charge of by delegations from this department, and will be reviewed as companies by his Honor the Mayor at City Building. Collations will be given at Engine Houses, after which companies will go directly to encampments. Visits will then be made to the Navy Yard, vessels of War, &c.

In the afternoon at 3 o'clock a Sham Battle will take place at Fort Sullivan, on Kittery Bridge, in which the U. S. vessels and the visiting military will be engaged.

Visitors can take either the Pontoon Bridge to Pierce's island, which will take them directly to the Forts, or go by Newcastle Bridge, which will take them to a point opposite.

In the evening a torch-light procession by all the companies who choose to participate. Prizes will be offered as follows: For best display of Fireworks on Richards avenue, $25. Companies will provide their own torches, and oil will be furnished by the Committee.

SECOND DAY.

In the morning the Portsmouth Cavalry, Capt. E. D. Coffin, will receive the Strafford Guards and other visiting military organizations, and march to railroad station to receive the Governor and Staff, Governors of other States, Secretary of the Navy, Mayors and Chief Engineers of Cities, and other distinguished guests, and escort them to the Rockingham House.

At 10.30 a. m. the divisions of the procession will fire under the directions of the Marshals assigned.

At the close of the march, in which all the companies participate, a Grand Clambake will be served to visiting companies at Pierce's Island.

At 6.30 o'clock a drawing of numbers will take place at the Mayor's office, for Steamers, Hand Engines and Hose Carriages, as also all other drawings for positions where prizes are concerned. Companies not represented by one member at least, will have their numbers drawn by the Mayor of Portsmouth.

Steam Fire Engines will be classed by the steam cylinder and the pump uniformly, independently of the maker's classifications. Companies entering to participate in the trials should send the name of the engine, the size of the steam and water cylinder, diameter and length of stroke.

Each steamer shall have ten minutes, after taking its place at the water station, to get ready for playing. Ten minutes shall be allowed for each burst hose, in addition to the five minutes allowed for the trial,—fifteen minutes being all the time that will be allowed for each engine,—except the engine is disabled by accident,—then the engine can be called off by the judges, and allowed to make such repairs as needed, when the sand engine can have another trial, if the judges so order, and at such time, provided the accident was no fault of the engineer or firemen.

Each engine will draught its own water, and play through 300 feet of 1 1-2 inch hose, and through such size pipe as the company may select. The hose will be furnished by the Portsmouth Fire Department. Couplings regulation size, thread seven to the inch.

Each steam gauge shall be tested by the U. S. standard, and sealed with the judges seal, the gauge to be put on the engine as soon as they are tested, so the engine may be ready for use.

The safety valve should be set at 100 lbs pressure. The length of the playing to be from the end of the pipe to the wet place on the board or paper; all water not striking on the board or paper will not be allowed by the judges.

When playing with pipe the engine can play the whole time allowed at once, or make two or three trials in the time allowed. In all cases the engine must play through one line of Hose.

The committee on playing of steamers reserve the right to lessen the time of steamers in preparation for playing, if it is found to be necessary. In the playing of hand engines the same rules as far as applicable will be observed, and the number of men to each company when playing will be decided by the judges the day before the trial.

At 7.30 a. m. Band Concert on Market square, when Bands will compete for prizes as follows: 1st prize, $50; 2d prize, $25. At the close all the Bands will consolidate as one Band.

THIRD DAY.

The bells of the city will be rung at sunrise, noon and sunset.

At 9 o'clock Steam and Hand Engine companies who intend participating in the contest for prizes will report with their machines on State street, in the numerical order which has been assigned them, ready for call. Hose companies will meet at 11 o'clock on Fleet street, in same order.

Companies of this city do not enter for prizes.

Prizes will be given as follows: 1st class Steam Fire Engines, best horizontal stream, $100. To 2d class Steam Fire Engines, best horizontal stream, $50. To Hand Engines, 1st prize, $100; 2d prize, $50. And other prizes to Hand Engine companies without machines. To Hose companies, leaning according to regulation, $100. The committee reserve the right to add prizes if they see proper.

Hose companies will be furnished one of this city's carriages for competition in the prizes offered under that head.

Engine companies without apparatus will not be allowed to assist other companies in any work whatever where prizes are competed for.

Two special prizes, one of $75 and second prize of $25 to any Steam Fire or Hand Engine companies who may be present at other days, and who cannot bring their apparatus by reason of adverse action of their city or town authorities; said companies to be allowed to run with the hose of the city's Hose Carriages a distance of one-quarter of a mile, attach hose to a steamer, run off 200 feet of hose, attach pipe and be ready to play; connections to be safe for water.

All other arrangements to remain as by former circular.

At 10 o'clock a Regatta will take place on the River, as follows:

FIRST RACE.—Men-of-War six-oared boats. First prize $25.00; second prize $10.00.

SECOND RACE.—For six-oared boats; Free for all. First prize $25.00; second prize $10.00.

THIRD RACE.—For four-oared pleasure boats, twelve foot keel or over, double scull, two men. First prize $15.00; second prize $10.00.

FOURTH RACE.—For Dories, twelve foot or over, two oared, one man. First prize $6.00; second prize $4.00.

All boats to be rowed on the gunwale. Course will be from buoy off Eastern and Concord rail road wharves to the Beacon, and return, turning the Beacon from starboard to port.

Entries must be made with O. H. Cook, No. 5 Congress St., Chairman of Committee on Regatta, on or previous to August 28th. Entries free.

Each crew and boatman will be given instructions in regard to the course.

All boats must be ready to take their position at 10 o'clock, A. M., at which time the races will take place.

At 11 a. m. the column will defile up Pleasant street through Market, Deer, Vaughan, Congress, Islington, Cass, through Middle, down Middle to State, Pleasant, Countermarch on South street, through Water to State, Penhallow, Daniel, Market Square, Pleasant to junction with Court, where engines will wheel out of the column, and then proceed to Gate and from there to Portsmouth Bridge.

During the formation of the procession all carriages will be excluded from State and Court streets as the safety of the public requires this to be strictly enforced. All occupants of carriages are requested to observe it to avoid unpleasantness.

All companies are requested to observe promptness in moving into position for both torchlight procession and the general procession, to enable the Chief Marshal to start promptly on time as designated.

No carriages will be allowed on Court street on either side of Pleasant on Wednesday during the marching of the procession, as the Engines will all draw out from the procession when passing that point, and go on that street to their location of storage by order.

E. G. PIERCE, Jr., Chief Marshal.
GEO. E. HODGDON, Chief of Staff.

She Preserved Per Own Fruit.

She had a fancy for peaches in the old "pound for pound" way, just as her mother used to do them. And she used her mother's old fashioned preserving kettle. The kettle upset and sent its scalding contents over the unhappy lady's feet, as she stood before the kitchen fire. They put her to bed and treated the scalded parts with Perry Davis's Pain Killer, the sovereign remedy for burns, scalds and blisters. In two or three days she was well.

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew P. Preston, Druggist.

Brown, the old man who is suspected of having been connected with the Wood murder in Deering, was interviewed. Brown claims to be able to prove an alibi, and asserts that Wood's hat was placed near his house to throw suspicion on him.

Dr. W. D. Ewin, Keyser, W. Va., says: "Many esteem Brown's Iron Bitters as an excellent tonic."

Abraham G. Haley, a prominent resident of Salmon Falls, who will stand trial at the September term of court on a charge of blackmailing, has been drawn by the selectmen to serve on the petit jury. James Glidden, who shot Jerry P. Long at Durham some time since, is to be tried, and his father has been drawn grand juror from his town.

News and Notes.

Five persons lost their lives in a tenement house fire in Thatcher's court, Boston, early last Sunday. The building was an ancient and rickety affair, three stories high, of wood, and occupied by eight families, including that of the owner, one Ellen Dolan. The fire started in a kitchen on the top floor, and spread with great rapidity. Four persons were either burned to death or suffocated, and a fifth jumped from a window and received injuries which have since proved fatal. The building was a death-trap, and burned like so much tinder. The fire is supposed to have commenced in a drunken row, during which one man threw a kerosene lamp at another. Several persons have been arrested.

Phebe Couzens, the well known lecturer on woman's rights, is reported as among the killed by the late Minnesota cyclone.

A negro at Ogden, Utah, on Aug. 25th shot the city marshal and watermaster, while they were trying to arrest him. He was taken from jail that night, hanged and his dead body dragged around the streets.

Henry Hertel and wife, German shopkeepers, were found murdered in their store in the suburbs of Savannah, Ga., Aug. 26th. Five negroes have been arrested on suspicion. Hertel was supposed to have a large sum of money in his possession, and it is believed that he was murdered while defending his property from burglars.

At three o'clock Sunday morning, the 26th inst., the French steamship St. Germain collided with the British steamship Woodburn at the entrance to the English chanel. The Woodburn immediately went to the bottom, and eighteen of her crew were drowned. The St. Germain put into Plymouth, Eng., disabled, and landed her passengers, together with those saved from the Woodburn. The St. Germain was bound from Havre for New York, and the Woodburn from Orient for Liverpool.

Charges of malfeasance have been brought against Gov. Begole of Michigan, alleging that he has defrauded the widow of his son.

The steamer Palermo, bound from Hamburg, Germany, to Lisbon, Portugal, collided off Ushant, France, with the steamer Rivali, bound from Bilbao to Middlesborough, England. The latter steamer sank, and five persons were drowned. A thick fog prevailed at the time of the collision.

Col. H. C. Hoffman committed suicide in the village of Horseheads, N. Y., Aug. 26th, by taking strychnine. He told his wife, before his death, that he had carried the strychnine for the purpose of killing himself for ten years. Antidotes were given him, but failed to save his life, and he died shortly after taking the dose. Col. Hoffman was fifty-six years of age. He had been one of the most prominent men in his section for the past thirty years, and rose in the military service from a private to a colonel. Derangement of the mind is assigned as the cause for the suicide.

The first prize at the grand conclave of Knights Templar, at San Francisco, Cal., was taken by De Molay Commandry of St. Louis, Mo.; they chose the miners' vase, previously spoken of as the 4th prize, and valued at $1000 less than the 2d prize. The next grand conclave will be held in St. Louis.

Three families of negroes residing near Forestville, Ga., recently had a quarrel with Mrs. Walter Price. A few days ago Price carried home some beer and flour, which he distributed among the neighbors. Nine of the colored persons who partook of the beer, were taken sick with symptoms of arsenical poisoning. A woman and her child are dead, and three others are in a critical condition. Price has been arrested.

Hon. L. A. Emery of Ellsworth has been appointed associate justice of the supreme court of Maine.

Naval Constructor Thomas E. Webb, attached to the Boston navy yard, has been ordered to take charge of the construction department in the Portsmouth navy yard for the present, in addition to his other duties. This will take him from the Boston yard two days in each week.

Nathaniel G. White, Esq., of Lawrence, Mass., has purchased the Peabody cottage at Little Boar's head from its late owner, Mr. Peabody of Salem. The cottage is the second one from the eastern end of the bluff, and next to the one built by Judge Minot of Concord. It was built a few years since, and is one of the finest sea-side houses on the coast.

Friday night of last week a black mare, a sunshade carriage and silver-mounted harness were stolen from Frederick T. Hill of Lyman. The entire turnout is valued at $500.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD. Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE FIREMEN'S MUSTER.

If any person has flowers that they can send in made into bouquets, the Committee will be glad to have them sent to the Court house, Tuesday morning.

All citizens are requested to purchase tickets to the Island at the stores in this city, which are all supplied with them, and they will avoid the crowd at the ticket office.

Many people think they can land on Pierce's Island by boats, but as the Committee need all the funds they can get, and having hired the Island, they will not permit boats to land only at Ayer's wharf, and occupants to go over the toll bridge.

One hundred men from the G. A. R., are to be appointed special police, and (before the gate of the pontoon bridge is opened) will march to the Island, and all not having tickets or passes, will, like the "Chinese," have to go.

The headquarters for the press will be at the Committee's headquarters on Congress St.

No better place can be found from which to view the sham battle on Tuesday afternoon, than the second and third Newcastle bridges, and the island between them, the river and forts being in plain sight, and the places named being far enough away to avoid all possible danger from flying wads. The point of Great island at the end of the third bridge is also a good safe place from which to witness the mimic war; and no doubt boys enough will be found to man the top of the breakwater in good style. By arrangement with Major Urch, lessee of the bridges, the muster committee will receive a generous percentage of the receipts at the toll-gate, for the benefit of the muster fund.

The "new Gibson house," thirty by fifty feet on the ground, and capable of seating 250 persons for dinner at one time, was finished on Monday evening, all ready for business. This is not the permanent Gibson house, to take the place of the one burned, but a temporary affair in which to supply meals during the firemen's muster.

The muster festivities commenced on Monday evening with a band concert on Market square, which attracted many listeners, although the hour at which it commenced was unavoidably quite late.

An athletic exhibition is to be given in Franklin hall on Wednesday evening, and the management have engaged some of the best talent that has ever visited the east, including the Gilligan brothers of South Boston, very clever featherweight boxers. The company will arrive on the steamer Sirius on Wednesday.

Look out that the windows and doors of your houses are secured before you leave your dwellings this week; the swell mob are always around when there is any big time under way.

Owing to the lack of entries in the tenoared boat race, the regatta committee have decided on a six-oared race, free for all, for the second event; entries to be made on or before the 29th inst. The referee and judges will please meet the committee at the city building at nine o'clock on the day of the race.

N. B.

We are requested to announce to the citizens that *no ashes or other rubbish* can be removed by the street department from before dwellings on Wednesday of this week, so it will be of no use to set out barrels on that day. The harnesses of the street department horses will be used in the procession; and it is specially desirable to keep the streets entirely clear on that occasion. It is hoped all householders will remember this. On Saturday the city teams will remove rubbish as usual.

GOSSIPS SAY

That the family of Lieut. Commander Anthony of this city are spending the season at New Bedford, Mass.

That H. L. Aiken and S. J. Dimond were registered at Old Orchard on Saturday last.

That "you are quite electric" is the latest.

That Rev. C. L. Hutchings, of Medford, Mass., is building a cottage at York beach.

That the Decorative Art Society of Boston are holding a sale of articles at the Farragut house, Rye, this week.

That big bunches of variegated asters are the favorite corsage bouquets at present.

That the parapets of Fort Constitution are favorite promenades for the Newcastle damsels on Sunday afternoons.

That Mary Anderson is pronounced in London to be the most classically beautiful woman upon the stage.

That Walter Brown, Esq., of Kansas City, Missouri, is in town, and calling on our monied men with respect to organizing a stock-raising company.

That a fine assortment of lanterns, flags, etc., for decorating, can be found at H. B. Buzzell & Son's.

That they will furnish fireworks if ordered before Tuesday noon.

FROM THE ISLES OF SHOALS.

SMUTTYNOSE ISLAND, Aug. 27th.

The steamers Mystic, Gypsey and Empire State (the latter from Boston with a large excursion party) were at the Shoals on Sunday; also the yachts Gitana, of New York, Sparkle, of Boston, and Delusion and Nemo of Kittery.

An Indian encampment on Star island broke up to-day, the tribe—or fragment of a tribe—going in to the main land.

On Sunday, at Star island, a lobster car stored near the fish house of Mr. Downs took fire, and was about consumed, though an extended blaze was prevented through the early discovery of the fire by an Indian woman.

Frank W. Hidden, who is entered for the dory race on the Piscataqua on the 30th inst., has been improving the time here in practicing for the same. Accompanied by Philly, a son of Capt. Rand, he took a long row around the islands, and in one of his spurts broke a heavy nine-foot oar. Hidden means work, and victory, and is anxious to meet any who will fairly compete with him. He is using what is called the Swampscot clipper dory. Some other Shoalsmen may enter the race, but not to contest with him for first place. To-day he rowed from Little Boar's head, Rye, to Star island, a distance of nine miles, in an hour and seventeen minutes. G.

POLICE COURT--BATCHELDER, J.

MONDAY, Aug. 27th.

Edward Lolley, alias "Juba," of this city; Simeon Pickering, of Greenland; and Christopher Broderick and Charles Stuart, mariners, were each assessed $9.-90, fine and costs, for drunkenness.

Edward Lolley pleaded guilty to a charge of stealing butter, evaporated apples, pork, tea and other articles, from the store of George Herbert on Water street, and was held in $300 to answer at the October term of the supreme court. In default of sureties he went to jail.

A postal card from a gentleman on board the training-ship Portsmouth, dated at Portland, Me., Aug. 26th, bore the following: "We sail on the 27th for Portsmouth, and shall arrive the same evening or on the morning of the 28th. We expect three or four war vessels to be there to take part in the firemen's reunion. We shall enter four boats in the regatta."

A despatch of Aug. 25th from Pensacola, Fla., says: "At the naval reservation two new cases of yellow fever are reported, the patients being Lieut. David Whipple, U. S. M. C., and Mrs. Brown, wife of Paymaster Z. T. Brown. No deaths are reported there."

Mrs. John A. Jackson and daughter, of Florence, Italy, arrived in town on Monday, on a brief visit, and are stopping at the house of Samuel Adams, Esq.

John P. Hart, Esq., has just returned from his summer vacation season at Newport, N. H.

Hon. John A. Peters, the new chief justice of Maine, is a relative of Mr. George W. Haven, of this city. The chief justice of New Hampshire is son-in-law to Mr. Haven.

Mrs. Sarah H. Nutter of East Somerville, eighty-six years old, formerly of this city, is on a visit to friends here, and is as active as a young girl.

On Tuesday evening, at the regular meeting of Piscataqua Lodge, I. O. O. F., of this city, a grand representative's regalia was presented to Grand Representative John E. Colcord, who will attend the next session of the Sovereign Grand Lodge, to be held in Providence, R. I., next month, as a delegate from this state.

It was announced from Ogunquit, Sunday evening, that that the body of Mr. Greenough Thayer of Cambridge, Mass., one of the victims of the terrible drowning accident on the 23d inst., had been found. None of the other bodies had been recovered. Dr. Little, Prof Safford and Mr. Gould, the fathers of the other three victims, had been on the beach since the calamity occurred, eating and sleeping there; and a patrol had been kept up day and night on the beach for a distance of three miles along the shore. It was telegraphed on Monday that the body of Miss Kitty Safford was also recovered on Sunday evening, and that of Miss Emma Gould on Monday morning.

A. H. Lovett, an insurance agent of Boston, was thrown from a horse in this city on Saturday afternoon by the breaking of a stirrup and narrowly escaped death. His head was badly bruised, and both wrists sprained. He was unconscious four hours, but on Monday was well enough to return to Boston.

Bartlett Preston, aged about twenty-eight years, was killed on the Eastern railroad at Revere, Mass., Sunday afternoon about six o'clock, while walking on the track.

Mr. Albert E. Wood, of St. Louis, Mo., and Hon. James Shaw of Aurora, Ill., Portsmouth boys, members of the "press gang," and both formerly connected with this paper, concluded their visits home last week, and went to New York.

Capt. James W. Fitzgerald, of Florida, is stopping with relatives in this city, having with him his wife and five children. Before returning to his southern home he proposes to visit all the places of interest within reach, making this city his headquarters. Capt. Fitzgerald was a Portsmouth boy, but has for many years been engaged in steamboating in Florida, a large part of the time on the St. John's river, and is now general agent of an important line of steamers there.

The will of the late Montgomery Blair has been admitted to probate in the Orphans' Court of Montgomery county, Maryland. His widow is named as the sole legatee and executrix. The estate is apprised at $75,000, of which two-thirds is in real estate.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; OR, SELF-PRESERVATION. Exhausted vitality, nervous and Physical debility, premature decline of Man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample 6d. cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physical Debility ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

MEDICAL.

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short every one of that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, realizing the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease had now continued for nearly six nice, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In one WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as fast as the skin grew it began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

Recently the Catholics of Great Falls divided into two parishes, one Irish, the other French Canadians. The Irish kept possession of the church, which they built. The French subscribed money to buy a site for a church, and also got enough to start building the edifice. On Sunday last the corner stone was laid with much ceremony by Bishop Healey, forty priests of the diocese being present at the ceremonies. When finished the church will be a superior structure. The French-Canadians include a large proportion of the laboring classes of Great Falls, about all being operatives of the mills there.

Y., a strong temperance man, suffered with kidney trouble, neuralgi, and dizziness almost to blindness, over two years after he was told that Hop Bitters would cure him, because he was afraid of and prejudiced against "Bitters." Since his cure he says none need fear but trust in *Hop Bitters.*

"The Recollections of a Naval Officer," by Captain William H. Parker, is announced by Charles Scribner's Sons. Captain Parker writes from a varied and full experience. In 1841 he entered the United States navy. At the outbreak of the war he resigned his commission, and entered the confederate naval service. In these recollections he tells of the operations in the Gulf of Mexico during the Mexican war, in which he participated, and gives some interesting facts no; generally known. Writing of the civil war later, he describes the battle of Elizabeth City, the battle of Hampton Roads, the Merrimac and Monitor fight, the attack by Dupont on Fort Sumter, and other memorable engagements in which he was present.

Ask the most eminent physician
Of any school, what is the best thing
in the world for quieting and allaying all
irritation of the nerves and curing all
forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly
"Some form of Hops!"

— CHAPTER II. —

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women"—
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable

Daily Chronicle.

A despatch from Waco, Texas, says a south-bound passenger train on the Texas & St. Louis railroad, Sunday night, jumped the track, and the engine and the entire train landed at the bottom of a fifteen-foot embankment, upside down. Strange to say, no one was fatally injured, and the only ones seriously hurt were a Mrs. Chambers, who was bruised, and her child, who had a thigh broken.

A GOOD INVESTMENT.—One of our prominent business men said to us the other day: "In the spring my wife got all run down and could not eat anything; passing your store I saw a pile of Hood's Sarsaparilla in the window, and I got a bottle. After she had taken it a week she had a rousing appetite, and did her everything. She took three bottles, and it was the best three dollars I ever invested." C. L. Hood & Co., Lowell, Mass

A special despatch from Cettinje, Montenegro, says that a reign of terror exists in Albania. The Arnauts are murdering the Christians, and all the latter who can get away are fleeing from the country. The Turkish officials connive at the outrages on the Christians and have arrested and exiled a number of priests. In the Ipek districts ninety-two persons have been murdered. Twenty-three villages have been abandoned.

Being entirely vegetable, no particular care is required while using Dr. Pierce's "Pleasant Purgative Pellets." They operate without disturbance to the constitution, diet, or occupation. For sick headache, costipation, impure blood, dizziness, sour eructations from the stomach, bad taste in the mouth, bilious attacks, pain in region of kidney, internal fever, bloated feeling about the stomach, rush of blood to the head, take Dr. Pierce's "pellets." c

O'Donnell, who shot Carey, the informer, insists that he shot in self defence, and before doing so had to make a grab for Carey's pistol.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on Rats." 15c.

The Russian bark Dido, from Liverpool for New York, is ashore on the Irish coast, and will probably be a total wreck; crew saved.

Decline of Man.

Nervous weakness, dyspepsia, impotence, sexual debility, cured by "Wells' Health Renewer." $1.

Near Colquitt, Miller county, Ga., a few nights ago, two negroes entered the bed chamber of a prominent society lady with the object of outraging and murdering her. She was awakened by the touch of one of the men, and put them to flight with a pistol. On Sunday one of the culprits was captured, and after being lodged in jail was shot dead in his cell. The other man has not yet been captured.

Hay Fever.

For Hay Fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. Collyer, Clerk, 118 Broad street, Elizabeth, N. J.

My brother Myron and myself were both cured to all appearance of catarrh and hay fever last July and August. Up to this date, Dec. 28, neither have had any return of these troubles. Ely's Cream Balm was the medicine used. Gabriel Ferris, Spencer, N. Y.

Harry Packard of *Hartford*, Conn., an employe of Mr. Barnum's, was crushed at Cincinnati, Monday morning, by one of the elephants, and afterwards died at the Cincinnati hospital.

Avoid cheap goods. The Hop Plaster cures pains and aches where other plasters simply relieve; 25 cts. at all drug stores.

A despatch has been received in Paris by the ministry of marine from Saigon, announcing that the French have bombarded and captured the forts and batteries at the mouth of the *Hue* river after a brilliant land attack. The operations occurred on the 18th, 19th, and 20th instants. Seven hundred Annamites were killed during the engagement. The only casualties suffered by the French were the having several men slightly wounded. The gunboats Vipere and Lynn have entered the Thuaan passage. The French admiral has granted a truce. A blockade has been declared. M. *Harmand*, the French civil commissioner in Tonquin, has gone to *Hue*, the capital of Annam, to negotiate with the Annamite court, which is greatly alarmed at the movements of the French.

There is a constant effort on the part of that grim monster "Disease" to become master of mortal man. Only a careful observance of natural laws can render his efforts unavailing. Yet too often injudicious excesses, sudden changes, too great exposure, improper food or other abuses of nature open the gateway and Disease gains a victory. Sometimes its mastery is so complete that Nature of herself can never effect a dislodgment. In such instances reinforce nature with a judicious use of Brown's Iron Bitters and we guarantee, in a short time, all disease will be vanished.

—The telephone is very popular in Colorado. By means of the telephone an absent-minded stranger, while talking to a native, can feel in his hip-pocket for a handkerchief or a piece of tobacco without being shot. It is thought that very soon all conversation in Colorado will be carried on exclusively by telephone.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

GREENWICH, Feb. 11, 1880.

Hop Bitters Co.—SIRS:—I was given up by the doctors to die of scrofula consumption. Two bottles of your Bitters cured me. LEROY BREWER.

—"If you will let me take your stick of candy I'll show you how I can swallow it and make it come out of my ear." The candy was delivered. The young magician deliberately ate it. Then for the space of two minutes he threw himself into violent contortions. The candy failing to appear he said to the expectant spectator, with an air of great disappointment: "I believe I've forgotten the rest of it."

The renowned swimmer, Paul Boynton says he is never without a bottle of St. Jacobs Oil, the great pain-cure. It kills pains.

CERTAIN SHAMS.

Swindlers and their Victims---How Careless People Suffer in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crouches its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most motals. In fact the best witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that BENSON'S CAPCINE HOROUS PLASTERS are pursued by a host of miserable and worthless imitators, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster.

Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most pesons merely glance at them, understand partially and forget instantly. What result? This: Desiring to buy BENSON'S CAPCINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasters never do.

Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPCINE POROUS PLASTERS have stood the test of science and experience and are the product of both. Examine the article, and satisfy yourself that the word CAPCINE is CUT in it.

NATURE'S REMEDY. VEGETINE THE GREAT BLOOD PURIFIER

Remarkable Cure of Scrofulous Face.

WESTBROOK, CONN., June 19, 1879.

MR. H. R. Stevens—Dear Sir: I can testify to the good effect of your VEGETINE. My little boy had a SCROFULOUS sore break out on his head as large as a quarter of a dollar, and it went down his face from one ear to the other, under his neck, and was one solid mass of sores. Two bottles of your valuable VEGETINE completely cured him. Very respectfully, MRS. G. R. THATCHER.

Druggists take Vegetine and Recommend it.

H. R. Stevens, Boston: I have been selling Vegetine ever since it came into existence, and have recommended it to my customers. I have tried it myself, and find it a great blood purifier and renovator of the system. M. M. SALMON, Druggist, Burlington, Ia.

I Regard it as a Valuable FAMILY MEDICINE.

JAN. 1, 1878.

MR. H. R. Stevens—Dear Sir: I take pleasure in saying that I have used the Vegetine in my family with good results, and I have known of several cases of remarkable cure effected by it. I regard it as a valuable family medicine. Truly yours, REV. WM. MCDONALD.

Rev. Wm. McDonald is well known through the United States as a minister in the M. E. Church.

MEDICAL.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC!

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and unjrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescout, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550

Official Programme.

NEW ENGLAND FIREMEN'S MUSTER.

August 28th, 29th, 30th.

Each day will be ushered in with the ringing of bells and firing of salutes.

Members of the Press, on their arrival will be furnished with credential cards and badges by W. T. Dodge of the Associated Press, to enable them to receive such attention as may be for their convenience and comfort.

The contest of companies for the prizes offered by the Committee for best display of fireworks as well as the special prize offered by Messrs. Masten & Wells, Fire Work Manufacturers, at 8 Chauncy St., Boston, will take place on Pierce's Island as soon as it is dark Wednesday evening. The North Berwick band will also be in attendance during the display.

Prizes won by Companies will be paid by Hon. John S. Trout, Mayor, on certificate of the judges to winners.

SECOND DAY.

In the morning the Portsmouth Cavalry, Capt. E. D. Collin, will receive the Stratford Guards and other visiting military organizations, and march to railroad station to receive the Governor and Staff, Governors of other States, Secretary of the Navy, Mayors, Chief Engineers of Cities, and other distinguished guests, and escort them to the Rockingham House.

At 10.30 a. m. the divisions of the procession will form under the directions of the Marshals assigned.

At the close of the march, in which all the companies participate, a Grand Clambake will be served to visiting companies at Pierce's Island.

At 6.30 o'clock a drawing of numbers will take place at the Mayor's office, for Steamers, Hand Engines and Hose Carriages, as also all other drawings for positions where prizes are concerned. Companies not represented by one member at least, will have their numbers drawn by the Mayor of Portsmouth.

Steam Fire Engines will be classed by the steam cylinder and the pump uniformly, independently of the maker's classification. Companies entering to participate in the trials should send the name of the steamer, sizes of the steam and water cylinder, diameter and length of stroke.

Each steamer shall have ten minutes, after taking its place at the water station, to get ready for playing. Ten minutes shall be allowed for each burst hose, in addition to the five minutes allowed for the trial,—fifteen minutes being all the time that will be allowed for each company,—except the engine is disabled by accident,—then the engine can be called off by the judges, and allowed to make such repairs as needed, when the said engine can have another trial, if the judges so order, and at such time, provided the accident was no fault of the engineer or fireman.

Each engine will draught its own water, and play through 200 feet of 2 1-2 inch hose, and through such size pipe as the company may select. The hose will be furnished by the Portsmouth Fire Department. Couplings regulation size, thread seven to the inch.

Each steam-gauge shall be tested by the U. S. standard, and sealed with the judges seal, the gauges to be put on the engines as soon as they are tested, so the engine may be ready for use.

The safety valve shall be set at 100 lbs pressure. The length of the jet pipe, from the end of the pipe to the wet place on the board or paper; all water not striking on the board or paper will not be allowed by the judges.

When playing with pipe the engine can play the whole time allowed at once, or make two or three trials in the time allowed. In all cases the engine must play through one line of Hose.

The committee on playing of steamers reserve the right to lessen the time of steamers in preparation for playing, if it is found to be necessary. In the playing of hand-engines the same rules as far as applicable will be observed, and the number of men to each company when playing will be declared by the judges the day before the trial.

At 7.30 a. m. Band Concert on Market square, when Bands will compete for prizes as follows: 1st prize, $50; 2d prize, $25. At the close all the Bands will consolidate as one Band.

THIRD DAY.

The bells of the city will be rung at sunrise, noon and sunset.

At 8 o'clock Steam and Hand Engine companies who intend participating in the contest for prizes will report with their machines on State street, in the numerical order which has been assigned them, ready for call. Hose companies will meet at 11 o'clock on Fleet street, in same order.

Companies of this city do not enter for prizes.

Prizes will be given as follows: To 1st class Steam Fire Engines, best horizontal stream, $100; To 2d class Steam Fire Engines, best horizontal stream, $100. To Hand Engines, 1st prize, $100; 2d prize, $50. And other prizes to Hand Engine companies without machines. To Hose companies, racing according to regulations, $50. The committee reserve the right to add prizes if they see proper.

Hose companies will be furnished one of the city's carriages for competition in the prizes offered under that heads.

Engine companies without apparatus will not be allowed to haulat other companies in any work whatever where prizes are designated.

Two special prizes, one of $75 and second prize of $25 to any Steam Fire or Hand Engine companies who may be present all three days, and who cannot bring their apparatus by reason of adverse action of their city or town authorities; and companies to be allowed to run with one of this city's Hose Carriages a distance of one-quarter of a mile attach hose to a steamer, run off 50 feet of hose, attach pipe and be ready to play; connections to be made for water.

All other arrangements to remain as by former circular.

At 10 o'clock a Regatta will take place on the River, as follows:

FIRST RACE.—Men-of-War six-oared boats. First prize $25.00; second prize $10.00.

SECOND RACE.—For six-oared boats; free for all. First prize $25.00; second prize $10.00.

THIRD RACE.—For four-oared pleasure boats, twelve feet oar, double scull, two men. First prize $15.00; second prize $10.00.

FOURTH RACE.—For Dories, twelve foot oar, two oared, one man. First prize $6.00; second prize $4.00.

All boats to be rowed as the gunwale. Course will be from buoy off Eastern end of railroad wharves to the Beacon, and return, turning the Beacon from starboard to port.

Entries must be made with O. H. Cook, No. 5 Congress St., Chairman of Committee on Regatta, on or previous to August 29th, at 9 o'clock P. M.

Each crew and boatman will be given instructions in regard to the course.

All boats must be ready to take their position at 10 o'clock, A. M., at which time the races will take place.

JUDGES—John Amazeen, J. C. Mackenzie, Geo. E. French, David Urch. REFEREE—Wm. A. Ashe.

At 11 a. m. the column will defile up Pleasant street through Market, Congress, State, Congress, Islington, Cass, through to Middle, down Middle to state, Pleasant, Countermarch on South strength, through Water to Islington, Penhallow, Daniel, Market Square. Pleasant to junction with Court, where engines will wheel out of the column, and then proceed to Gate and from there to Pontoon Bridge.

During the formation of the procession all carriages will be excluded from State and Court streets as the safety of the public requires this to be strictly enforced. All occupants of carriages are requested to observe it to avoid unpleasantness.

All companies are requested to observe promptness in moving into position for both torchlight procession and the general procession, to enable the Chief Marshal to start promptly on time as designated.

No carriages will be allowed on Court street on either side of Pleasant on Wednesday during the marching of the procession, as the Engines will all draw out from the procession when passing that point, and go on to that street to their location of storages. By order,

E. G. PIERCE, Jr., Chief Marshal.
GEO. E. HODGDON, Chief of Staff.

The Sham And The Real.

Every good thing has its host of imitators; every genuine article its counterfeits. Bad manners and wicked habits have theirs also; but he who shams virtues of the good or simulate the genuine never hesitate to place the counterfeit before the public in their most alluring tones. When these people imitate they always choose a pronounced type or popular subject to copy from; and when they claim to be as good as "So-and-So," or to sell an article equal to "So-and-So," the public may depend upon it that Mr. "So-and-So" and his article are always the best of the kind. Thus the sham is always proving the genuine merit of the thing it copies.

A firm of enterprising gentlemen produce and popularize an article of household use, such as the Royal Baking Powder, whose convenience, usefulness and real merit make for itself an immense and universal sale. A hundred imitators arise on every hand, and as they hold out their sham articles to the public, yelp in chorus, "Buy this; it's just as good as Royal, and much cheaper!" The Royal Baking Powder is the standard the world over, and its imitators in their cry that theirs is "as good as Royal" are all the time emphasizing this fact. In their laborious attempts to show by analysis and otherwise that the "Snowball" brand has as much raising power "as the Royal;" or that the "Resurrection" powder is as wholesome "as Royal," or that the "Earthquake" brand is "as pure as the Royal;" as well as by their contortive twistings of chemical certificates and laborel efforts to obtain recognition from the government chemists and prominent scientists who have certified the superiority of Royal over all others, they all admit the "Royal" to be the acme of perfection, which it is their highest ambition to imitate. But the difference between the real and these imitations, which copy only its general appearance, is as wide as that between the paste and the true diamond. The sham all pay homage to the "Royal!"

A Demagogue on the Wave.

The Boston correspondent of the New York *Tribune* thus speaks of the cruise of the governor of Massachusetts:

The governor sailed yesterday in his yacht America, to be gone about ten days. He had a party of kindred spirits with him, and the announcement is that they will cruise to the eastward. Despite his unwieldy avoirdupois he is an enthusiastic sailor, and on a pinch can navigate the schooner himself. Judging from the generous larders and hampers which were sent on board the present trip is to be given up to festivity. The governor always puts on a suit of blue flannel as soon as he strikes his cabin, and on his own quarter deck with his little cap on his head and his face aglow with the sea air and other causes, entertains his friends as handsomely as any bold buccaneer ever did. He will devote September to the cattle shows over the state, and turn the opportunity there offered to advertise his re-election.

No chances are lost by him for displaying himself to the people. For instance, on his last yachting trip he hove to in Gloucester harbor Sunday morning. * An aide was sent on shore in state to announce to Dr. Quint, the New Hampshire politician-divine, that the governor would attend his ministrations that morning, for the doctor supplies at Gloucester, and looks after the railroad interests in the New Hampshire legislature during the week. Promptly in time the cortege from the yacht appeared, and after service the governor took care to hold an impromptu reception in the church.

Among his inordinate passions is to get himself into a uniform. When he used to be in the militia his array of swords and plumes was truly wonderful. As governor he has the same vanity. Friday he attended the Second Brigade muster at Framingham. Arrived at the station he exchanged his ordinary suit for his major-general's uniform. If the story is true, it took the combined efforts of several men to get him into it, but in the field he was as jaunty as any young subaltern airing a new regalia.

After all, there is something wickedly fascinating about him. He is a man who has been denounced by every party and organization with which he was ever connected, recreant to his promises, traitor to his friends, his record garnished with all that men despise, a trickster and a clown. Yet there is a piquancy about his wickedness, an assurance in the way in which every obligation is put aside that by its very daring makes him the idol of the unthinking. His administration has been a series of gigantic blunders. His opponents trip him at every step, but he comes up blinking at every round, and the more he is proved guilty of, the more cheerful he seems to be. Butler was designed by nature for a harlequin.

"Andrews' Bazar" for September, just received, justifies the claim of its new managers that they are "making the best and cheapest fashion paper now published." The designs in this number will be pronounced by all the ladies to be excellent. Aside from its abundance of fashion news, its stories, sketches, wit and humor, and illustrations, are of a high order. Subscription price only $1.00 a year, besides a choice from a list of sixty-seven valuable premiums. Send ten cents for a sample copy to the American Bazar Co., No. 202 Broadway, N. Y.

She Preserved Per Own Fruit.

She had a fancy for peaches in the old "pound for pound" way, just as her mother used to do them. And she used her mother's old fashioned preserving kettle. The kettle upset and sent its scalding contents over the unhappy lady's feet, as she stood before the kitchen fire. They put her to bed and treated the scalded parts with Perry Davis's Pain Killer, the sovereign remedy for burns, scalds and blisters. In two or three days she was well.

—The San Francisco *Post* is responsible for a story that during the latter part of the war David Davis was challenged to fight a duel by a fire-eating, southern ex-member of Congress. The former, it is added, very properly declined, because his antagonist refused to permit him to stand three-fifths behind a stone wall.

Dr. W. D. Ewin, Keyser, W. Va., says: "Many esteem Brown's Iron Bitters as an excellent tonic."

—Recently a clergyman took a pair of pants to a tailor to be mended. Shears looked at them critically, and then said, slyly: "Yes, I can mend them. The knees have not been worn any."

Physicians recommend as a fine Bourbon Whiskey the G. O. Taylor brand bottled by the old and honorable house of Chester H. Graves & Sons, Boston. For purity and excellent this Whiskey is unsurpassed. To be obtained of Druggists and Grocers.

—When two men of war have a fight, it is an engagement. A young man and woman have their fight after the engagement is consummated by marriage.

Mr. E. G. Reed, of Boston, Mass., says: "One of my horses had Fistulous Withers, the ulcer being very large and deep. Ellis's Spavin Cure has cured him."

—The proper thing to do these days is to bathe in the surf and rescue a beautiful heiress, only to find that she is engaged to be married to seven other fellows.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

—Almost any man will forget his $10 umbrella when he leaves a restaurant; but give a woman a parasol worth $1, and take her into fifty restaurants, and she will not forget it once.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. This original Nutrient and Tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

—A Gentleman whose custom it was to entertain very often a circle of friends, observed that one of them was in the habit of eating something before grace was asked, and determined to cure him. Upon a repetition of the offence, he said: —"For what we are about to receive, and for what James Taylor has already received, the Lord make us truly thankful."

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew P. Preston, Druggist.

—"Yes," he said, "Daggett was drunk last night. At any rate he declined a nomination for office."

Nervousness, Nervous Debility, Neuralgia, Nervous Shock, St. Vitus Dance, Prostration, and all diseases of Nerve Generative Organs, are all permanently and radically cured by Allen's Brain Food, the great botanical remedy. $1 pkg., 6 for $5.—At druggists.

MALARIA positively cured with **Emory's Standard Cure Pills**, a never failing remedy; purely vegetable, contain no quinine, sugar-coated.—25 cents.

The "Art Amateur" for September contains forty rosette designs for wood carving by Benn Pitman of Cincinnati, a profusion of monograms and jewelry designs, several choice flower designs for china painting, and two handsome designs for South Kensington embroidery. Fourteen notable pictures in the Munich and Amsterdam exhibition are illustrated, and some striking illustrations accompany a long and valuable account of the "Processes of Sculpture." An article on "Firing," by Miss Louise McLaughlin, should be read by every amateur china painter. There are also articles of particular interest on "French Picture Counterfeiters," "Errors and Anachronisms in Art," "Painted Woodwork," "Haunts of Collectors," "Antique Ivory Carvings," and a great variety of other topics. The Art Amateur admirably covers its chosen field, and no one interested in art, either pictorial or decorative, can afford to miss its monthly visits. Price, 35 cents; per annum, $4. MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

☞ Use HOOD'S TOOTH-POWDER.

ELY'S CREAM BALM has gained an enviable reputation where ever known, displacing all other preparations. An article of undoubted merit.

CURES ROSE COLD Cold in the Head HAY FEVER. *Is not a liquid or snuff.*

HAY-FEVER Apply by the finger into the nostrils. When absorbed it effectually cleanses the nasal passages of Virus, causing healthy secretions. It allays inflammation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment will cure. Send for circular. By mail, prepaid, 50c.—stamps received. Sold by all druggists.

THE Admiration OF THE WORLD.
Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!
Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.
COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.
"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE FIREMEN'S MUSTER OF '83.

The first out-of-town fire company to arrive came in on Tuesday morning from the eastward by the Pullman train, and marched to the court house to the tap of the drum, causing sleepy citizens to growl for a few moments before they went to sleep again on the other side. During the day the arrivals of companies were frequent, the following being as full a list as could be procured:

Triumph hand engine company of Berwick, Me., 90 men, 60 in uniform, Wm. H. Rich, foreman.

Four representatives of the Conelius Howland and Progress engine companies of New Bedford, Mass.

Eagle Hose Company of Peabody, Mass., 12 men, C. K. Mallard, foreman.

Abel Proctor, Hook & Ladder Company, Peabody, Mass., 13 men and 2 drummers, Joseph Miller, foreman.

Granite Hand Engine Company, New Market, 23 men, Geo. W. Webster, foreman.

Hercules Hand Engine Company, Farmington, 5 representatives, William W. Whitney, foreman.

Washington Hose Company, Beverly, 15 men, Joseph Pyne, foreman.

Safe Guard Hand Engine Company, Kennebunk, Maine, 35 men, Frank Getchell, foreman.

E. A. Straw, S. F. E. Company, Methuen, Mass., 13 men.

H. P. McIntosh, S. F. E. Company, Newburyport, Mass., 12 men, E. P. Allen, foreman.

Young America Hook & Ladder Company, 10 men, R. Bailey, foreman, Newburyport.

Andover S. F. E. Company, No. 1, Andover, Mass., 16 men, W. F. Findley, foreman.

Torrent S. F. E. Company, Nashua, 20 men, with machine.

Richard Vines Engine Company, Biddeford, 18 men, W. D. Sullivan, foreman.

Hook and Ladder Company of East Boston, 3 men. Not as a company.

Portland High School Cadets, Capt. J. L. Tryon, 30 men.

Fire King S. F. E. Company of Chelsea, Mass., 18 men, Daniel W. Pepper, foreman.

N. P. Banks Engine Company, Waltham, 8 men.

Prospect Hose Company, Waltham, 18 men, R. A. Jones, foreman.

Vidette Hose Company of Woburn, Mass., four men, P. M. Warland, foreman.

Veteran Hose Company of Marlborough, 30 men, William Witherby, foreman, with Chief Engineer and Assistant.

There were also three bands:

North Berwick band, 18 pieces, Charles Cook, leader.

South Berwick band, 20 pieces, F. F. Adams, leader.

Newmarket band, 22 pieces, George Rogers, leader.

An excellent and abundant collation was served to all comers at the court house and adjoining engine house.

In the afternoon several thousand people assembled on Peirce's island, Goat island and the Newcastle bridges, to see the Sham Battle, which did not come off, owing to the tide preventing the arrival of the U. S. S. Portsmouth until too late for her forces to take part in an attack. The Portsmouth Light Battery and Portland Cadets were on hand to "hold the fort," and when it became evident that there was to be no battle, burned some powder to show what they could have done if need be.

In the evening there was a torchlight procession, which dismissed at about ten o'clock, after a march of two hours.

Six policemen from Boston, including a sergeant, arrived in this city Tuesday forenoon, were sworn in by Mayor Treat, and assigned to duty—three of them at the Eastern railroad station, and the others at the landing of the steamer Sirius and about the city.

The Sirius on Tuesday brought down the largest company she has yet had, the number exceeding 2000.

A telegram was received on Tuesday evening, stating that a company from Charleston, S. C., (one of whose members was in this city on Tuesday,) would arrive in the Pullman train at four o'clock Wednesday morning. The southerners will receive a hearty welcome from our citizens.

THE SHAM BATTLE.

The sham battle announced to take place at three o'clock Tuesday afternoon drew a great crowd, but as the tide prevented the coming up of the U. S. S. Portsmouth till a late hour it was deemed best to postpone it till to-day, when it will take place at four o'clock, all the troops participating. The seamen from the ship, and the marines, will attack by water, and probably capture the fort. The land forces will be under command of Gen. J. W. Paterson. The postponement of the battle was a great disappointment to many, but it is intended to make amends for it to-day. The attack will be made on the northern end of Fort Washington, and Peirce's island is the best place from which to view it.

Oh! John; put on a tall hat, do.

The Wilbur Comic Opera Co., which will make its second appearance in this city next Tuesday evening in the comic opera "Billee Tayler," are great favorites in all the large cities of the United States and the Canadies. They appeared for the third time in Brooklyn, N. Y., this season, about six weeks ago, when the Academy of Music in that city was tested to its fullest capacity, the receipts for one night being over nine hundred dollars.

The annual meeting of the Portsmouth Baptist association will be held with the church at East Northwood on the third Wednesday in September.

Maggie E. Long, the eight-years-old daughter of Officer M. E. Long, was run over on Tuesday at the corner of Vaughan and Deer streets by a team, and might have been badly hurt had it not been for special officers Snow and Langdon, one of whom caught the horse by the bit and held him, while the other lifted the wheel of the carriage. As it was, the girl escaped with trifling injury.

The training-ship Portsmouth arrived from Portland on Tuesday, and was towed up to the navy yard by the United States tug Leyden. The Fish Commission steamer Albatross went to sea on Tuesday, having coaled at the yard.

A despatch or Monday, Aug. 27th, from Pensacola, Fla., says: "Rev. Mr. Chappell, who was reported ill with yellow fever and dying, Thursday, was up Saturday. Mrs. Owen, Paymaster Brown and Lieut. Whipple are reported doing well. Surgeon Owen is now reported as having died of pneumonia. Naval Surgeon Guiteras, who volunteered for service at the navy yard, has arrived here. The citizens are anxiously awaiting his opinion. Evidence is accumulating that the fever there has been exaggerated, and is not the yellow fever. There is no sickness of anything in Pensacola. There have been no new cases or deaths at the navy yard since Friday."

An open shed of considerable dimensions is being erected in the rear of Mason's mill, for the storage of lumber.

On Saturday last a shifting engine, while on the way from the station to the Eastern railroad wharf, came in collision with a car laden with shingles which was being pushed the other way, on Noble's island bridge, and Mr. Nathan Spinney was knocked overboard. Had the tide been out he would have likely enough been killed by striking some of the cut-off piles there; as it was he quickly swam ashore, unharmed.

There may be some considerable damages occurring against the city at some time from obstructions placed in the vicinity of the Eastern railroad crossing at Vaughan street, by the locating of empty wagons and carts there.

It is reported that there was a slight frost in low spots in this vicinity, on Monday night of this week.

The steamer Lancaster, Mills master, on her late trip to this port from Philadelphia with coal, brought around two hundred watermelons from Philadelphia for Downs & Co., which were landed here in fifty-two hours after being picked from the vines. The melons weighed from forty to fifty-two pounds each, and were speedily disposed of.

Editor Chronicle: In your issue of Aug. 27th "Storekeeper" gushes because "the upper part of Market street, which had been for many months in as filthy a condition as the north pond, now looks as nice as a trotting park." As the "upper part of Market street" was thoroughly cleansed on the 3d of July last by a large force of men from the street department, "Storekeeper" is either attempting to give his neighborhood away as being particularly uncleanly, or else is trying to donate a little taffy to the new street commissioner, which he doesn't care a fig for. SOUTH END.

Mr. George Bowden of York was in town on Monday. The old gentleman is so blind that he has to be led around.

The stages from the south-western part of York county come into the city this week loaded down with returning summer visitors and their baggage.

The practice-ships Constellation and Dale have arrived near Annapolis, Md., and a report has been made to the superintendent of the academy as to several cases of hazing. An investigation will take place. Hazing is a grave offence at the naval academy, and subjects cadets involved to dismissal. There are very few who will attempt it in view of the penalty attached, and for several years there has been but very little done there. Occasionally a "plebe" on entering the academy is approached by a higher class man and made to salute the latter in the manner prescribed by cadets toward a superior officer; but very few can be found willing to venture on hazing as known in former years, for engaging in which numbers have been sent to their homes in disgrace.

At Lafayette, Ind., several days ago, a boy named Harry Aldridge, whose mother, a widow, resides in Linwood, went to the millinery stores of Misses Falconer, Clark, Grover and Alexander, and left at each a box containing fruit, which was given him by a heavily-veiled woman, whom he did not know. The fruit was found to be very bitter. No one, however, ate much of it, except one young lady, who was taken quite ill, and now lies at the point of death. On an analysis being made, strychnine was found in quantities sufficient to have killed fifty people. Had the parties at the stores partaken of the fruit, at least thirty would have been poisoned and probably murdered. This is the third poisoning case in that town during the past month.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.
NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.
An Orchestra of twenty members of acknowledge professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.
At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MANHOOD

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life can be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Hydrology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon his forehead, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the satisfaction of knowing that the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?—

And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"

and they will tell you:

"Mandrake! or Dandelion!"

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clear and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Rheumatism? Why suffer with Indigestion? Why suffer with Liver Complaint? We guarantee that Sulphur Bitters will do all we claim for it in the cure of these diseases. We make this bold assertion because we know whereof we speak, and because we have the testimonials of many of our neighbors and citizens to back up our assertions. Sulphur Bitters is not a cheap rum or fusel oil whiskey drink, to be used as a beverage, but a medicine, which we feel sure will do all we claim for it when taken by the sick, feeble and broken down. It is composed of Sulphur, Peruvian Bark, Buchu, Dandelion, Mandrake, Dock, Juniper Berries, and other vegetable remedies, combined with the best Rye Whiskey, in such proportions as to obtain the desired results. Sulphur Bitters is not to be drunk like whiskey, but should be used regularly for a period of from one to six months, according to the nature of the case. It is a great blood purifier, and will make a healthy, vigorous body and clear complexion. Sulphur Bitters is not a cure-all, but we do claim that it will cure all diseases where there is a chance to cure, and we believe it will do more good than any other medicine now before the public. Sulphur Bitters is not a cure for Rum, Tobacco or Opium habits, but will cure Dyspepsia, Indigestion, Biliousness, Nervous Debility, Kidney Complaints, Rheumatism, Neuralgia, Blood Diseases, Boils, Blotches, Humors, Fever and Ague, Female Complaints, Liver Complaint, Constipation, Piles, Loss of Appetite, Loss of Sleep, Nervousness, Sick Headache, Pain in the Side, Back and Joints, Sour Stomach, Sore Throat, Dizziness, Coughs, Colds, Bronchitis, Consumption (in its early stages), Loss of Memory, Sleeplessness, Irritability, Fever Sores, Erysipelas, Swelling, Dropsy, Salt Rheum, Scrofula, Blood Taints, Poisons, Pimples, Blotches, Humors, Boils, Tetter, Ringworm, Scald Head, Sore Eyes, Sore Ears, Sore Legs, Sore Breast, Sore Nipples, Mercurial Diseases, Female Weakness, Nervous Prostration, Dyspepsia, Sick Headache, Jaundice, Dizziness

Official Programme.

NEW ENGLAND FIREMEN'S MUSTER.

August 28th, 29th, 30th.

Each day will be ushered in with the ringing of bells and firing of salutes.

Members of the Press, on their arrival will be furnished with credentials and badges by W. T. Dodge of the Associated Press, to enable them to receive such attention as may be for their convenience and comfort.

Prizes won by Companies will be paid by Hon. John S. Trout, Mayor, on certificate of the judges to winners.

THIRD DAY.

The bells of the city will be rung at sunrise, noon and sunset.

At 9 o'clock Steam and Hand Engine companies who intend participating in the contest for prizes will report with their machines on State street, in the numerical order which has been assigned them, ready for call. Hose companies will meet at 11 o'clock on Fleet street, in same order.

Companies of this city do not enter for prizes.

Prizes will be given as follows: To 1st class Steam Fire Engines, best horizontal stream, $100. To 2d class Steam Fire Engines, best horizontal stream, $100. To Hand Engines, 1st prize, $100; 2d prize, $50. And other prizes to Hand Engine companies without machines. To Hose companies, racing according to regulations, $50. The committee reserve the right to add prizes if they see proper.

Hose companies will be furnished one of this city's carts for competition in the prizes offered under that head.

Engine companies without apparatus will not be allowed to assist other companies in any work whatever where prizes are designated.

Two special prizes, one of $25 and second prize of $25 to any Steam Fire or Hand Engine companies who may be present all three days, and who cannot bring their apparatus by reason of adverse action of their city or town authorities; said companies to be allowed to run with one of this city's Hose Carriages a distance of one-quarter of a mile, attach hose to a steamer, run of 250 feet of hose, attach pipe and be ready to play; connections to be safe for water.

Steam Fire Engines will be classed by the steam cylinder and the pump uniformly, independently of the manufacturer. Companies entering to participate in the trials should send the name of the steamer, sizes of the steam and water cylinder, diameter and length of stroke.

Each steamer shall have ten minutes, after taking its place at the water, allowed to get ready for playing. Ten minutes shall be allowed for each burst hose, in addition to the five minutes allowed for the trial,—fifteen minutes being all the time that will be allowed for each company,—except the engine is disabled by accident.—Then the engine can be called off by the judges, and allowed to make such repairs as needed, when the said engine can have the opportunity, if the judges so order, and at such time, provided the accident was no fault of the engineer or fireman.

Each engine will draught its own water, and play through 260 feet of 2 1-2 inch hose, and through such size pipe as the company may select. The hose will be furnished by the Portsmouth Fire Department. Couplings regulation size, thread seven to the inch.

Each steam-guage shall be tested by the U. S. standard, and sealed with the judges seal, the gauges to be put on the engines as soon as they are tested, so the engine may be ready for use.

The safety valve shall be set at 100 lbs pressure. The length of the playing to be from the end of the pipe to the wet place on the board or paper; all water not striking on the board or paper will not be allowed by the judges.

When playing with pipe the engine can play the whole time allowed at once, or make two or three trials in the time allowed. In all cases the engine must play through one line of Hose.

The committee on playing of steamers reserve the right to lessen the time of steamers in preparation for playing, if it is found to be necessary. In the playing of hand-engines the same rules as far as applicable will be observed, and the number of men to each company when playing will be decided by the judges the day before the trial.

All other arrangements to remain as by former circular.

At 10 o'clock a Regatta will take place on the River, as follows:

FIRST RACE.—Men-of-War six-oared boats. First prize $25.00; second prize $10.00.

SECOND RACE.—For six-oared boats; Free for all. First prize $25.00; second prize $10.00.

THIRD RACE.—For four-oared pleasure boats, twelve foot keel or over, double scull; two men. First prize $15.00; second prize $10.00.

FOURTH RACE.—For Dories, twelve foot or over, two oared, one man. First prize $6.00; second prize $4.00.

All boats to be rowed on the gunwale. Course will be from buoy off Eastern and Concord railroad wharves to the Beacon, and return, turning the Beacon from starboard to port.

Entries must be made with O. H. Cook, No. 5 Congress St., Chairman of Committee on Regatta, on or previous to August 28th. Entries free.

Each crew and boatman will be given instructions in regard to the course.

All boats must be ready to take their position at 10 o'clock, A. M., at which time the races will take place.

News and Notes.

A duel took place near London City, Ill., Monday morning, Aug. 27th, between Louis Phillips and Jacob Rosenbrooke, both residents of Bowling Green township. The latter was instantly killed, and the former died shortly after. The weapons were pistols, and there were only two other persons present, Mack Swank and Jake Wren, who acted as seconds.

Canton, Mass., has a fool who should suffer for his idiotic "joking." A few weeks ago a daughter of Mr. F. Stevens of Livermore, while at work in Richmond's turning mill in Canton, was the object of a practical "joke." A young man killed an adder, and concealed it in a heap of boxes and shavings under a turning lathe from which the ladies were sorting boxes. Miss Stevens was filling her baskets from the heap when she uncovered the reptile with her hands. The sudden fright was such a shock to her nervous system that her reason was completely dethroned. Since that time she has been part of the time a raving maniac, with no signs of returning reason. Physicians say she cannot survive long, and if she does there is no hope of mental recovery.

To build a ship so that in case of accident to the bow the stern half can be instantaneously separated from it, and can continue the voyage securely and easily on its own account, is the latest contribution to the list of safeguards against the dangers of the sea. The idea is that of a German inventor, and is set forth with some detail in the Hamburg *Courier*, which sees no reason why it should not be entirely feasible. It would require many departures from the present mode of building vessels, as well as from their internal arrangement and equipment; but the inventor asserts that, as a whole, a vessel so constructed could be fully as sea-worthy and swift as one built on the present plan, and would be twice as secure against disaster.

The steamer Appledore made but one trip on Wednesday, the 29th inst., the sea being very heavy. The City of Portsmouth came in from York, but did not go out again. The steamer Sirius, expected from Boston with one or more companies of Massachusetts militia and a large complement of passengers on board, did not put in an appearance at all.

The schooner Idaho, seine fisherman of Swampscot, Mass., arrived at this port on the 29th inst. from Portland, Me. The loss of one of her crew, named John Joseph, residence unknown, off Boon island, was reported; it was supposed he was struck by the boom of the foresail in jibing, and sank immediately. There was a strong east wind and heavy sea at the time.

John Huntley of Kittery, fireman of the tug Ann, had his leg broken at eight o'clock in the morning on the 28th inst., by getting it caught in a coil of running rope while the steamer was towing a vessel to Newmarket, and was on board the tug until two o'clock P. M., when he was landed at his home and received surgical attendance.

She Preserved Her Own Fruit.

She had a fancy for peaches in the old "pound for pound" way, just as her mother used to do them. And she used her mother's old fashioned preserving kettle. The kettle upset and sent its scalding contents over the unhappy lady's feet, as she stood before the kitchen fire. They put her to bed and treated the scalded parts with Perry Davis's Pain Killer, the sovereign remedy for burns, scalds and blisters. In two or three days she was well.

The trial of James Nutt, the slayer of Lyman Dukes, who murdered his slayer's father, will commence at Uniontown, Pa., on Thursday of next week.

Dr. W. D. Ewin, Keyser, W. Va., says: "Many esteem Brown's Iron Bitters as an excellent tonic."

A number of horses have recently died in Keene from a new disease. They lose the control of their hind legs at first.

Physicians recommend as a fine Bourbon Whiskey the G. O. Taylor brand bottled by the old and honorable house of Chester H. Graves & Sons, Boston. For purity and excellent this Whiskey is unsurpassed. To be obtained of Druggists and Grocers.

A black frost did much damage to crops on low lands at Hanover, on the night of Aug. 26th.

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew P. Preston, Druggist.

Dr. Guitcareas at Vera Cruz, Mexico, reports its sanitary condition as terrible, and advises the greatest care in investigating vessels from that port for the United States. He is a brother of Assistant Surgeon Guitcareas, of the navy, who is now on duty at Pensacola.

There is a constant effort on the part of that grim monster "Disease" to become master of mortal man. Only a careful observance of natural laws can render his efforts unavailing. Yet too often injudicious excesses, sudden changes, too great exposure, improper food or other abuses of nature open the gateway and Disease gains a victory. Sometimes its mastery is so complete that Nature of herself can never effect a dislodgment. In such instances reinforce nature with a judicious use of Brown's Iron Bitters and we guarantee, in a short time, all disease will be vanished.

At Saratoga, N. Y., a sad accident occurred Monday night, Aug. 27th, in the burning of Miss Cora Clancy, through the explosion of a carelessly handled kerosene oil lamp. The young lady's sufferings were terrible, and her recovery is out of the question.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

GREENWICH, Feb. 11, 1880.

Hop Bitters Co.—SIRS—I was given up by the doctors to die of scrofula consumption. Two bottles of your Bitters cured me. LEROY BREWER.

A testimonial to the value of advertising is implied in the petition which the retail merchants of Broadway, in St. Louis, will present to the city council. It will ask that the former name of that thoroughfare—Fifth street—be restored, for the reason, principally, that the storekeepers have extensively advertised their business, and if the new name is allowed to remain they will lose a great deal of their custom.

Sanskrit is the ancient language of the Hindoos, long since obsolete in vernacular use, and preserved only as a dialect. The English is fast becoming the universal language of mankind. Dr. Graves' Heart Regulator—an infallible cure for heart disease—was first used by Americans, who speak the Anglo-Saxon language in all its purity.

—A triangular episode involving a young lady, a "stern parent," and a lover, which had a decided dash of romance in it, happened in the Canadian village at Laconia the other day. The village hotel keeper has a very winsome daughter, an operator for the telegraph company, with whom a railway man fell in love, and they went to ride together. The damsel's father was very indignant, warned her to do so no more, and rumor says horse-whipped her to enforce obedience. He then started down street to do the same thing for the girl's lover. But the railway man turned upon his father-in-law prospective, thrashed him severely, and going to the hotel met the daughter, who ran away with him, leaving the enraged father in bed from the effects of the beating intended for the unwelcome suitor.

—Twenty-five years ago a young lady of this town had a singular dream. She consulted a dream book and learned that she would have four husbands before she reached the age of thirty. This made her rather independent, and she is now an old maid of forty-two, and has never had a beau. Some dream books are not as reliable as they might be.—*Norristown Herald.*

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE *Admiration* OF THE *WORLD.*

Mrs. S. A. Allen's WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE FIREMEN'S MUSTER OF '83.

The second day opened auspiciously, being remarkably cool, and at an early hour the crowds began to assemble on the streets. At noon, the throng was almost innumerable. The procession of firemen was formed at 10:30, and moved shortly after eleven o'clock over the advertised route.

The following were the additional arrivals of companies on the second day:

Cocheco S. F. E. Co., Dover, 18 men, Herbert Canney, Foreman.

Phenix Hose Co., Keene, 18 men, M. L. Landers, Foreman.

Excelsior Hook & Ladder Company, Manchester, 15 men, Warren Harvey, foreman.

Four representatives of Amoskeag S. F. E. Company, Manchester, James R. Carr, foreman.

Andover S. F. E. Co. 1, Andover.
Veteran Hose Co., Marlborough.
Remington Fire Engine, Dilion, N. Y., sent by the Remington manufacturing Co., machine only.
Safeguard Hand Engine Co., Kennebunk.

Shortly before the start a battalion of 140 seamen from the U. S. S. Portsmouth arrived, in charge of Lieut. Edward W. Remey, the four companies being commanded as follows; 1st Co., Lieut. Samuel P. Conly; 2d Co., Ensign W. M. Constant; 3d Co., Ensign J. H. Sears; 4th Co., Mipshipman Wm. A. Gill. They made a great addition to the procession, and were frequently applauded by the spectators. At the end of the march they proceeded to the court house, where a collation was served.

Among the invited guests present today were Gov. Hale, Gen. Stephenson and Col. Johnson of his staff, Hon. John Wentworth of Chicago, Mayors Putnam of Manchester, Woodman of Concord, Lathrop of Dover, Norton of Nashua, Donovan of Lowell, Hill of Salem, Deering of Portland, Capt. Geo. W. Towle of Newcastle, Alex. H. Rowe of Lawrence, W. H. B. Currier of the Amesbury, Mass., *Villager*, Hon. E. C. Moody of York, Col. Frank Christie of Dover, Judge Jerry King of Wyoming, Col. S. C. Fisher of Dover, Col. Thomas Jameson of Great Falls, Gen. Patterson of Concord, Aldermen Chas. Morrill and Quaid of Dover, Ald. C. S. Buzzell of Nashua.

The clambake was served to the invited guests in a building located on Pierce's island. About fifty people being seated at the table, at a time. After the bake Mayor Treat called upon ex-Mayor Sise to conduct the post prandial exercises. Several gentlemen were called upon, among others, Hon. John Wentworth of Chicago.

The "bake" was cooked in a pen about twenty feet square, on the bottom of which was 1100 feet of steam piping, suppled with steam by S. F. E. Sagamore at a pressure of eighty pounds; 150 bushels of clams, and 100 bushels of green corn and sweet potatoes, were put in the pit with the usual rockweed, steam was turned on at 11:45, and at about two o'clock the best-baked clams ever served up in this vicinity were uncovered.

At four o'clock the sham battle took place, and was viewed by 5000 or more people; the principal feature was a fine artillery duel between the U. S. S. Portsmouth, lying at the navy yard, and the Portsmouth Light Battery, Capt. Marvin, stationed on Pierce's island. After a brisk cannonade the battery was charged and taken by the Portland Cadets.

A band concert for prizes of $50 and $25 was announced to take place on Market square in the evening. At the appointed hour three bands were present, namely: The North Berwick, C. S. Cook leader; South Berwick, F. F. Adams leader; Haverhill, Mass., T. D. Perkins leader. The leaders consulted with the judges, and the leaders of the two Maine bands declining to enter any contest, on account of the hard work done by those organizations during Tuesday and Wednesday, it was agreed that they should each give two tunes, the Haverhill band to complete the concert and receive the $50. The concert was listened to by a large concourse of people.

NOTES ON THE MUSTER.

Booths for the sale of ginger beer and other light drinks were to be found stuck in all sorts of places, and on Tuesday most of them did a good trade, but the cold easterly breeze of Wednesday interfered with their business. Hand-organs, street shooting-galleries, lifting and blowing machines, thimble rig, three-card monte and other amusements were provided in generous amount by the gentry who act as purveyors for such wares, following circuses, haunting military reunions and camp-meetings, and going anywhere that a crowd is expected; the steamer Sirius on Monday had a lot of these fellows on her trip down from Boston, and brought others on Tuesday, while more came by rail. The mere catch-penny amusements were allowed to be carried on wherever the stands did not interfere with public travel, but the gamblers were a good deal bothered in the prosecution of their several industries by the police.

A gambler who was on Tuesday afternoon engaged in running some kind of a "skin game" on Peirce's island was brought to the police station, and afterward left for Boston, being escorted to the railroad station by a guard of honor composed of one policeman.

In a tent near the Universalist church large quantities of "Newburyport clam chowder" were served out, and those who tasted it declared it the best thing of the kind they ever met. This tent is running to-day.

The treasurer of the Muster Committee has received from the Portsmouth Brewing Company a check for $200, as the company's subscription to the fund.

Nothing in the procession caused more interest than the Remington horse-power fire-engine, built in Ilion, N. Y. It is worked by horses travelling around it, capstan fashion, and throws a good stream.

The North Berwick cornet band, standing on the court house steps, were photographed Wednesday morning. This band is a fine one,—better than is often found outside of large cities,—and does credit to the Maine town it hails from. It has had a good deal of work to do, and has done it well.

THE REMINGTON FIRE ENGINE.

The Remington Horse-Power Fire Engine has interested our citizens and visitors very much. The machine consists of three double-acting pumps which are actuated by three pinions, the cogs of which interlock with the cogs on the inside of the large master wheel, in which levers are placed. The entire mechanism is mounted on wheels. To the levers one, two or four horses are attached; the horses travel around the machine at a slow gait; and the result is a continuous stream, and a very powerful one. The weight of the machine is 3000 pounds, and the cost about one-third that of a steamer. It is rigidly fastened to the ground, and can be put in operation in about two minutes after its arrival at a fire. It gives good promise of becoming a important factor in the task of extinguishing fires.

The navy department on the 29th inst. received information of the death at the Pensacola navy yard of Passed Asst. Paymaster Zachary T. Brown. He was formerly stationed at the Portsmouth navy yard, and married a daughter of Mr. Thomas J. F. Varrell of this city.

Bangor, Me., dedicated a new police station Monday night, Aug. 27th, with a full house. It is said that several citizens got drunk expressly for the occasion, desiring to occupy one of the cells on the opening night.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold misery that result from indiscretion in early life may be alleviated and cured. These who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; OR, SELF-PRESERVATION. Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jeweled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—(London Lancet.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—(Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every recently that was suggested by friends or physicians was tried in vain. Allopathy, homœopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the city papers, resolved to make one more attempt at a cure. (The disease was disfiguring his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In one WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges a shield of, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forehead, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the satisfaction of saying that our child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. EAYRE HINKLE.

Loans on Improved Farms negotiated and guaranteed by the

NORTH DAKOTA LOAN & TRUST CO.,

JAMESTOWN, DAKOTA.

THESE loans are all secured by FIRST MORTGAGE on improved farms (accepted only after careful personal inspection of the premises by our agents,) worth from two and one-half to four times the amount of loans; run from one to five years; and the interest, payable semi-annually, is collected and paid by the Company at such points as the holders may designate.

TRUSTEES, SAVINGS BANKS, CORPORATIONS or others, will find these loans equally safe and more profitable than other Government, Bank, City or Mining Securities. They pay a large interest, and are absolutely safe as the experience of thousands shows.

On application we will take pleasure in sending references to leading Bankers East and West. Address, for pamphlet and full information,

Justice for Job.

"Well, there is one thing sure," said Mr. Job Shuttle, as he closed a discussion on the wrong-sidedness of everything in general; "there is no justice in this world, and it makes me blue to think of it."

"Tut, tut, Job," said Patience, "but the reflection that there is justice in the next ought to make you feel a great deal bluer."

In Indianapolis, Ind., Aug. 28th, Jacob Oldenbarger and Jacob Bush had a lawsuit in a justice court, which was decided in favor of the latter. Meeting Bush on the street about one o'clock Oldenbarger drew a pistol and fired, killing Bush instantly. Turning from Bush he shot Samuel Campbell, who was passing at the time, probably fatally. He then crossed the street, and putting the pistol to his own head, and shot himself dead.

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women"...

And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"

and they will tell you,

"Mandrake! or Dandelion!"

Hence, when these remedies are combined with others equally valuable

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clear and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier.

SULPHUR BITTERS. Why suffer with Boils? Why are with that terrible Headache? Why lie and toss on that bed of pain, with Rheumatism? What makes you troublesome with Neuralgia? Nothing can need a good soaking with Sulphur Bitters to assist Nature to repair the damage which long years have caused. Sulphur Bitters is not a cheap rum or poor whiskey drink, to be taken by the glass. Its other properties are to assist in the DESTRUCTION of the Poisonous Boils, Blotches and Pimples, which disfigure the face, and make it a Nature's Great Nerve.

SULPHUR Bitters

The Dose is small—only a Teaspoonful. It is the *best and cheapest* medicine. Try it, and you will be satisfied. Get it of your druggist.

A Young Hero.

At Ipswich, on Saturday last, while a small party were bathing at the shore, Kate E. Lovell, the twelve-year-old daughter of Mr. Clarence P. Lovell of this city, slipped or was swept by the current from a platform of planks into deep water, and her frantic efforts were not equal to regaining terra firma. She disappeared below the surface, and an alarm was given by her companions. She rose again, and hopes were entertained by her friends who were not swimmers that she would be able to come near enough to the shore for them to reach her by wading. Again she sank, but to the grateful surprise of all, succor came in the person of a boy of nine years, who apparently not hesitating to weigh the dread possibilities, dived deep for the imperiled one, and brought her again to view. He held her up as best he could for a time, but his hold not being an effective one, Miss Lovell again sank, to the horror of those on the beach, this time drawing her would-be rescuer down with her. But his pluck did not desert him. He struggled manfully to accomplish his heroic object, and they reappeared, the girl in such a position that her companion was enabled to keep her all at and swim a little himself. Gradually they neared shoal water, where a lady, by wading to her shoulders, was enabled to reach the struggling boy, and his almost inanimate charge, and pulled them from the water. The name of this young hero is Lyman Clark, and he is the son of Lieutenant F. H. Clark of the United States navy. His bravery and noble action should receive some public recognition.—*Boston Transcript.*

—Little Jack's aunt had not been quite pleasant towards him for a day or two because he was very noisy. At tea he said all at once: "I wish we lived in England." "Well, what put that in your head?" inquired his father with curiosity. "Because if you lived in England you couldn't marry Aunt Fanny when mother dies." Great astonishment of the family at the precocity of the child.

Extreme Tired Feeling.

A lady tells us "the first bottle has done my daughter a great deal of good, her food does not distress her now, nor does she suffer from that extreme tired feeling which she did before taking Hood's Sarsaparilla." A second bottle effected a cure. No other preparation contains such a concentration of vitalizing, enriching, purifying and invigorating properties as Hood's Sarsaparilla.

Lieut. Wm. H. Reeder is detached from the Portsmouth navy yard and ordered as executive officer of the Dispatch. Lieut. F. M. Wise is detached from the Dispatch, and ordered to the naval academy.

Los Angeles, Cal.—Mr. A. W. Potts, county clerk, who had suffered for five years, with rheumatism, says the effect of St. Jacobs Oil was marvelous, effecting what all other remedies and physicians failed to do. It cured him.

Atlantic City, N. Y., was damaged to the amount of $75,000 on Aug. 29th, by a high tide and heavy sea. Much damage was also done at Long Branch.

"Your Skin Cure is superexcellent. It is fast curing my daughter's ring worm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass., Druggists Keep it, $1 per package.

George Pendleton, one of the crew of the steamer Mayfield, was drowned in the river at Bangor, Me., Aug. 29th. He leaves a widow and three children.

Favoritism

is a bad thing, but Dr. Pierce's "Favorite Prescription" deserves its name. It is a certain cure for those painful maladies and weaknesses which embitter the lives of so many women. Of druggists.

The steamers John Romer and Nahant were considerably damaged in Boston bay, Aug. 29th, by the heavy sea.

Hay Fever.

For Hay Fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. Collyer, Clerk, 118 Broad street, Elizabeth, N. J.

My brother Myron and myself were both cured to all appearances of catarrh and hay fever last July and August. Up to this date, Dec. 28, neither have had any return of these troubles. Ely's Cream Balm was the medicine used. Gabriel Ferris, Spencer, N. Y.

A. F. Towne, the agent of Princess Winnemucca, is in Boston circulating a petition to be presented to Congress, entreating it to restore to the Piute Indians their former reservations. The petition contains the names of over 250 prominent men, including Wendell Phillips and John G. Whittier.

Avoid cheap goods. The Hop Plaster cures pains and aches where other plasters simply relieve; 25 cts. at all drug stores.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT,
WASHINGTON, *August* 13, 1883.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Tuesday, November 20, 1883, at which time and place they will be opened, for the purchase of certain vessels at the Navy Yard, Mare Island, California, which have been stricken from the Navy Register, under authority of an act of Congress approved March 3, 1883, and which it is deemed for the best interests of the United States to sell.

The vessels offered and their appraised value are, the Monadnock, (old), $11,300; Alaska, $18,300; Benecia, $17,600; Tuscarora, $9,900; Narragansett, $8,900; Nyack, $4,900, and Saco, $5,600.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed "proposals for the purchase of vessels," so as to distinguish them from other communications. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest prices therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check) of not less than ten per cent of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two or more sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent of the amount of such offer of proposal within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cent, or any part thereof within that time, said cash deposit of ten per cent shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels; also forms of bids and bonds, which much be used by bidders. The vessels can be examined at any time by applying to the Commandant of the Mare Island Yard.

The purchasers must remove the vessels purchased from the limits of the Yard within such reasonable time as may be fixed by the Department.

ED. T. NICHOLS,
Acting Secretary of the Navy.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—

Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave her FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

MISCELLANEOUS.

NEW ORLEANS, August 1, 1883.

TO THE PUBLIC !

Investigate for Yourselves !

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1878, to present date:

Paid to Southern Express Co., New Orleans, A. M. Wescott, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana State National Bank, S. H. Kennedy, President	125,100
Paid to New Orleans National Bank, A. Baldwin, President	88,500

Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,627,416
Total paid by all	$4,881,066

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our legality and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

She Preserved Her Own Fruit.

She had a fancy for peaches in the old "pound for pound" way, just as her mother used to do them. And she used her mother's old fashioned preserving kettle. The kettle upset and sent its scalding contents over the unhappy lady's feet, as she stood before the kitchen fire. They put her to bed and treated the scalded parts with Perry Davis's Pain Killer, the sovereign remedy for burns, scalds and blisters. In two or three days she was well.

Jerry Wood was caught in a revolving shaft in Amoskeag mill at Manchester, Aug. 29th, and probable fatally injured.

Dr. W. D. Ewin, Keyser, W. Va., says: "Many esteem Brown's Iron Bitters as an excellent tonic."

Nearly a thousand people were present at the second day exercises of the second annual state grange picnic and festival at Weirs on Aug. 29th.

Positive Cure for Piles.

To the people of this County we would say we have been given the agency of Dr. Marchisi's Italian Pile Ointment—emphatically guaranteed to Cure or money refunded—internal, external, blind, bleeding or itching piles. Price 50c. a Box. No cure, no pay. For sale by Andrew P. Preston, Druggist.

H. A. Whiting's house in Wilton was burned Aug. 28th. Loss $6000; insured.

There is a constant effort on the part of that grim monster "Disease" to become master of mortal man. Only a careful observance of natural laws can render his efforts unavailing. Yet too often injudicious excesses, sudden changes, too great exposure, improper food or other abuses of nature open the gateway and Disease gains a victory. Sometimes its mastery is so complete that Nature of herself can never effect a disloidgment. In such instances reinforce nature with a judicious use of Brown's Iron Bitters and we guarantee, in a short time, all disease will be vanished.

Wiley Moore of South Washington, Pender county, N. C., now eighty-seven years old, has been twice married, and is the father of twenty-seven children. At last advices—with returns still coming in—he had 384 living descendants.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

Schedule of E. C. Stedman & Co.

In the matter of the assignment of E. C. Stedman & Co., for the benefit of creditors, the following schedule has been filed: Nominal debts, $117,940.83; actual depts, $62,940.83; nominal assets, $91,047.62; actual assets, $23,877.93. The principal creditors are as follows: National Bank of the Republic, $20,000; Bank of North America, $35,000; Emma E. West, $2,229.52; Jenny C. Croly, $2,567.23; Miss L. S. W. Perkins, $1,-239.17; John Durand, $27,644.05; Dwight Loomis, Rockville, Conn., $12,-296.95; M. L. Jones, $2,543.50; W. J. Whiting, St. John, N. B., $1,508; J. Holbrooke, $1,821.49; T. S. Dumont, Summit, N. J., $5,337.93. The debts due the two banks above mentioned are secured by stock which is nominally valued at $63,396,75. Among the assets of the firm is money to the amount of $7,053.73 on deposit with Mr. McGinnis, the assignee. E. C. Stedman's private assets amount to $4,000, including his library and copyrights, valued at $3,000. Frederick S. Stedman has no individual property. It is not yet known what is the amount of the individual liabilities of F. S. Stedman, as he has not yet been able to obtain a statement of his business transactions from Cecil, Ward & Co. The contingent liabilities of E. C. Stedman amount to $5,672.70.

New Hampshire Legislature.

In the house, Aug. 29th, the Colby railroad bill being under consideration, amendments making the penalty $500 for obstructing the highway with railroad trains, more than two minutes at one time; allowing the right of trial by jury in cases where land is to be taken by railroads; providing that the freights and fares shall remain the same after the consolidation or leasing of any railroad, and providing for a reduction in fares and freights in proportion to the diminished expenses of operating the consolidated lines, were adopted. In the evening the bill was passed by a vote of 144 to 105.

MATTERS IN YORK.

YORK, ME. Aug., 28th, 1883.

Mrs. Ruth Parsons, *nee* Wakefield, widow of Mr. Theodore Parsons of York, completed her 95th year on the 26th inst. She is now hale and hearty, and retains all her faculties to a remarkable degree.

Mr. Brackett has removed his "travelling Saw Mill" from the Agamenticus vicinity to a spot near the site of Chase's Mills, and is doing a rushing business. The whistle reminds us of our-yet-to-be narrow gauge railroad.

Capt. F. P. Emerson is again at work on his contemplated aqueduct, having recently been engaged in doing a large amount of haying.

Some of the Massachusetts papers have claimed the honor of having the first *pier* bridge in the United States, but history says that Sewall's bridge in York was built in 1761, and owes its construction to Major Samuel Sewall, a great architect in his time. The building of this bridge caused quite a sensation in the architectural world at the time, and Major Sewall was engaged *soon after* to build a similar one between Boston and Charlestown, so that Massachusetts must stand as No. 2. From this bridge the idea of pier or pile bridges, now practised, came in vogue. Major Sewall's superior workmanship is found in many pieces now in existence. Several large mahogany secretaries are about town, one in the possession of G. F. Plaisted being his masterpiece of the many he made, probably 150 years ago, or more.

Mr. Frank P. Woodward of our town is one of the few noted naturalists of this country. He has a very large collection of insects of all kinds, the whole collection being worth many miles travel to examine.

Work is still progressing on the Junkins store, the inside now being remodelled.

Forty guests left the Marshall house last Monday morning, and thirty arrived Monday night. The Marshall, nor in fact any of the other houses, have ever been so thoroughly filled and crowded so late in the season as this year.

More people have visited our beaches this year than ever before, and still the tide is increasing from the reason of our splendid beaches, etc. The advent of a railroad to run so near the beach as is intended for the narrow-gauge to run will be a serious and lasting detriment to the beach, and to the town, as we are credibly informed is the case at Old Orchard. Let the nearest point be at least two miles distant, and it would be better in every sense for the town, the beach, and the people—as well as for the hotels particularly. Hackmen could then earn a living, while to run the road near the beach the hotels must furnish free coaches. Gentlemen, don't hanker to have it too near the beach! Take the old "upper route" as surveyed by the Eastern railroad some twelve to fifteen years ago. Hastily yours, P.

News and Notes.

An appalling disaster is reported from Java, due to terrible volcanic eruptions and earthquakes. A piece of land fifty miles square, with mountains and villages, has disappeared in the sea; islands have sunk, and others risen; in Tanerang 1800 lives were lost, and many in Batavia; the total loss of life is estimated at 75,000. The lighthouse in the straits of Sunda disappeared, and the whole coast line near Anjier point is altered.

A life preserver, torn and evidently having been in recent use, was found Aug. 28th upon the shore of Vineyard sound, between Falmouth Heights and Mananhaut, Mass. The letters "C. H. Northam" stamped upon it, sufficiently indicated the owners. A party of children playing upon the beach near Falmouth village saw the body of a man swashing in the surf close to the sands. They were so frightened they ran away, and told no one until too late to recover the body, which was no doubt from the yacht Mystery.

H. Lockwood, on a charge of using the United States mail for the purpose of defrauding those who wrote to him, by a statement that he had money to lend, placed in his hands by a deceased banker, to the amount of $700,-000, to defaulters and those who had stolen money, was in the United States court at New Haven on Aug. 29th, found guilty and sentenced to confinement in the state prison at Wethersfield for one year, and to pay a fine of $50.

Commander Barker, commanding the Enterprise, reports to the navy department under date of Zanzibar, July 21st, inclosing a copy of a letter received from the French consul at Zanzibar, returning thanks for the Enterprise having rendered assistance to the French steamer Ville d'Alger, which was aground in the southern pass of Zanzibar on July 12th. The vessel was in a bad position, and the Enterprise got her afloat after about two and a half hours' work. The consul in his letter says: "I shall inform the minister of the marine of the French republic of this new act of courtesy of the navy to which you belong."

It is announced that the State Board of Health, having examined into the cause of the recent fatal sickness at Rye beach, find that six cases of typhoid fever originated at one cottage from the use of water drawn from a well into which an adjacent cesspool overflowed. The illness was local, and the cause being removed no more illness is expected. There has been no general sickness at the hotels or boarding houses, and the general health at the beach has been as good as in other years.

A fire broke out in the fifth story of the south wing of the Pepperell mill No. 3 at Biddeford on the evening of Aug. 30th, and ran the whole length of the room. It was drowned out, the damage by fire and water being estimated at over $10,000.

MEDICAL.

PROBABLY NEVER

In the history of proprietary medicines has any article met success at home equal to that which has been poured upon HOOD'S SARSAPARILLA. Why, such has been the success of this article, that nearly every family in whole neighborhoods have been taking it at the same time. Every week brings new evidence of the wonderful curative properties of this medicine.

Hood's Sarsaparilla Combines the BEST Remedies of the vegetable kingdom, and in such proportion as to derive their greatest medicinal effects with the least disturbance to the whole system. In fact this preparation is so well balanced in its action upon the alimentary canal, the liver, the kidneys, the stomach, the bowels and the circulation of the blood, that it brings about a healthy action of the entire human organism, that can hardly be credited by those who have not seen the remarkable results that have followed its use. If the Sarsaparilla does not prove sufficiently laxative, take a few doses of HOOD'S VEGETABLE PILLS. It is well in all cases of biliousness to take these pills in connection with the Sarsaparilla for the first ten days. That dull, sleepy, sick feeling can be wholly overcome by the use of these remedies. Will you give them a trial and be yourself again?

An ex-alderman of this city says of Hood's Sarsaparilla, "It is the strongest Sarsaparilla I ever saw."

Each dollar bottle contains one hundred (averages) doses. Sold by all druggists.

Price one dollar, or six for five dollars. Hood's Sarsaparilla, prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE Admiration OF THE WORLD. Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quality as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE FIREMEN'S MUSTER OF '83.

THIRD DAY.

The steam fire engines entered for competition were not classified, all the companies agreeing to play on the merits of their machines, with three prizes aggregating $225, instead of two of $100 each.

There were seven engines entered for the prizes, and were awarded positions as follows: Torrent of Nashua, No. 1; Richard Vines of Biddeford, No. 2; E. A. Straw of Methuen, No. 3; Victor of Salem, No. 4; Cocheco of Dover, No. 5; William R. Lee of Marblehead, No. 6; Gen. Grant of Haverhill, No. 7.

There were two competing hose companies, who ran in the following order: The Phenix Hose Company of Keene, and the Veteran Hose Company of Marlborough.

Two hand engine companies entered for prizes, the Granite of New Market working first and the Triumph of Berwick following.

The contest by the steamers for prizes of $100, $75 and $50, for best horizontal stream, resulted as follows:—Richard Vines of Biddeford, 269 feet 5 1-2 inches. This machine was built by the Amoskeag Company, but has recently been fitted with a new Le France boiler, built at Elmyra, New York. The first prize of this class, offered by the muster committee 12 years ago, also went to a Biddeford company.

Torrent of Nashua, 264 feet and 1-2 inch.

E. A. Straw of Methuen, 235 feet 5 1-2 inches.

William R. Lee of Marblehead, 234 feet 6 inches.

Victor of Salem, 220 feet.

Gen. Grant of Haverhill, 215 feet 5 1-2 inches.

Cocheco of Dover, 215 feet 2 1-2 inches.

The contest between the two hose companies, for a prize of $50, was won by the Phenix Hose Company of Keene, N. H., time 59 seconds, against 60 seconds, by the Veteran Hose Company of Marlboro. To decide this race, the judges were obliged to call for a second trial, the first resulting in a tie, time 1 minute.

The contest between the hand engines, was won by the Triumph of Berwick, having played 193 feet 9 1-2 inches, against the Granite company of Newmarket, which played 142 feet 6 1-2 inches.

The Remington horse-power engine gave an exhibition of her power worked by two horses, and threw a stream higher than the top of Congress block.

During the afternoon the victorious companies paraded the city with bands and new brooms, and between five and six o'clock were drawn up in front of the city building, from the balcony of which Mayor Treat made a brief and good address, which was responded to with cheers; the mayor of Salem, Mass., also spoke. The visiting companies mostly took the evening trains for home, the last to leave being the Richard Vines Co. of Biddeford, who marched to the depot with the South Berwick band in time to take the Pullman train east.

The boat races took place on the river between eleven and half-past twelve o'clock, and resulted as follows:

Ten oared boats, two entries. Lohr coxswain, time 19 minutes; against Kane, coxwain, time 20 minutes. Purses $25 and $10.

Six oared boats, four entries. First boat, James Hennesey, coxwain, time 16 minutes. Second boat, A. Sylvester, coxwain, time 16 minutes 30 seconds. Purses $25 and $10.

Four oared boats, four entries. First boat, Dixon and Goodwin, time 19 minutes 7 seconds. Second boat, Lynch and Burke, time 20 minutes. Purses $25 and $10.

Dory race, Frank W. Hidden and Alexander G. Jameson. Won by Frank W. Hidden in 18 minutes. Purses $6 and $4. Jameson pulls a strong oar, and made a plucky struggle to the end, though it was evident from the start that only an accident could give him the race. Hidden pulls with a long, sweeping, powerful stroke that sends a boat through the water at a rapid rate, and can keep it up a long time; and if he is not the champion dory rower of this section, we do not know who is.

CLAIMS IN THE COURT OF ALABAMA CLAIMS.

The testimony of the surviving members of the firm of Robt. Bayley & Son was taken at Newburyport on Wednesday of this week before Commissioner Hackett of this city.

The brothers Robert and Charles M. Bayley succeeded their father, Robert Bayley senior, in the Porto Rico business, and in connection with commercial houses at Mayaguez and other ports on the island, had a large trade in the export of fish and produce, and the import of molasses and other West India products at Newburyport. In fact, the firm paid nearly all the duties collected at the Newburyport custom house for several years. They bought in years past largely from Capt. Oliver and others at Newcastle, fish for shipment to Porto Rico. Their vessels were constantly plying between Porto Rico and Newburyport, and other northern ports, and the amount of war premiums paid during the rebellion upon their shipments was quite large. This business has entirely ceased at Newburyport, the firm having some time since retired from business.

Hon. Wm. L. Putnam of Portland appeared as counsel for the claimants, and Stephen H. Phillips of Boston was counsel for the United States.

VISITING FIREMEN.

Torrent hand engine company of Newburyport, Capt. John L. Lancey, thirty men, with the Newburyport band, arrived in this city by the first train from the westward last Thursday morning, and remained here during the day. They were accompanied by the following-named gentlemen, as guests of the company: Hon. Wm. Johnson, mayor of Newburyport, Willard Hale, president of the common council, and Alderman John Frost; Capt. Knight, Capt. Wm. Dodge, Capt. Wm. Porter and Capt. Selden Reed, assistant engineers of the Newburyport fire department; Ex-Chief Engineers Frost and H. P. Mackintosh, and Ex-Asst. Engr. Capt. Hicking. On arriving here the company escorted their guests to the Rockingham house, where they were quartered for the day, the members of the company passing the hours as interested spectators of the fire engine trials on Market square, the hose laying on State street, the boat races, etc. The party took the five o'clock train over the Concord & Portsmouth railroad to Manchester, their programme including a stay in that city until their return to Newburyport on Saturday.

THE REMINGTON FIRE ENGINE.

The trial of the Remington Horse-Power engine closed the exceedingly interesting trials of the competing engines on the morning of Thursday, the last day of the muster. This machine does not aim to compete with steamers; it simply claims to be a very simple, strong and powerful apparatus for deluging a fire with water. The horizontal stream was officially stated at 158 1-2 feet; the vertical stream could not be exactly measured, but it certainly exceeded 100 feet, and it was thought by some it reached 125 feet.

Great surprise and satisfaction were expressed at the operation of this engine; it was particularly noticed that the time required for placing it in position and discharging water at the nozzle was very short—it was stated to be only two minutes,—the pumps "picking up the water" the instant they were started.

A few persons commented on the power required to run the machine, but it should be remembered that the horses which worked it had never been trained to that duty; it is said horses that have worked on this machine two or three times, make comparatively easy work of it, so that a single pair of horses have kept it going at effective speed for hours. And it is but fair to remember that at an exhibition like that of last Thursday a dirposition exists to secure the best results without regard to expenditure of power, so that the steady work which would be put forth at a fire and which could be long maintained, is forgotten in the excitement of the moment; hence the horses were asked to do more than should be required of them. The men on the brakes of the hand engines illustrated this idea, working at the sharpest spurt only twenty or thirty seconds. A fire calls for regular, solid work from men or horses, and this kind of work horses can stand up to on the Remington engine for hours together. The machine exhibited was a new one, and consequently stiff.

It certainly was evident that it could respond to duty at a fire with promptness and efficiency, and that it is so simple a construction and working that skilled labor is not needed in its operation. We regard it as a valuable invention, not indeed for the superceding of steamers in large cities, but as a comparatively cheap, easily managed and very effective substitute for the hand engine, and in many cases for the heavier and much more costly steamers.

The corporators of the Jennings Machine Co. met in this city on Thursday last for the purpose of organization. The company owns the R. S. Jennings patent for treating air for drying and cooling, and other purposes. Mr. Jennings is the inventor of the process by which the room of the late President Garfield was cooled at Washington, during his last illness. The machines of the company will be used for the purpose of drying fabrics in process of manufacture, etc., without the application of heat, which in its effects is often injurious to fabrics. Capitalists in Boston, Providence and other cities will have a controlling interest in the company, which has a capital of $500,000. The directors elected were: John A. Brown, Albert C. Howard and S. S. Sprague of Providence, Ralph S. Jennings of Baltimore, Thomas S. Nowell, Allen C. Goss of Boston, and George A. Conkling of New Britain, Conn. The directors will meet for organization in Boston on Monday.

The steamer Sirius was obliged to put back to Boston, and abandon her trip to this city, Wednesday morning of this week, after having steamed fourteen miles beyond Nahant, the weather being too rough for the boat to continue. The steamer Empire State was advertised to make a trip from Boston to the Isles of Shoals, but did not leave her wharf.

The steamer Gen. Bartlett came to this city from Newburyport on Thursday last, with about 200 excursionists.

Ship Chocorua of this port, Locke master, before reported put into Hong Kong June 30th in distress, was two days ashore in Mindoro straits, on the voyage from Hiogo for Iloilo in ballast, and damaged keel, rudder and copper, and lost three anchors, hawsers and warps. She was intending to dock for repairs.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder,"
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.

NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!

Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homeopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, resolved to make one more attempt at a cure. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was a marked change; the raw and angry sores began to grow pale and along the outer edges scaled off, and as time wore on they began to disappear entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. KAYRE HINKLE.

Ask the most eminent physician
Of any school, what is the best thing
in the world for quieting and allaying all
irritation of the nerves and curing all
forms of nervous complaints, giving natural, childlike refreshing sleep always?
And they will tell you unhesitatingly
"Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:
"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"—
And they will tell you explicitly and emphatically "Buchu."
Ask the same physicians
"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.,"
and they will tell you:
"Mandrake! or Dandelion!"
Hence, when these remedies are combined with others equally valuable
And compounded into Hop Bitters, such a

She Preserved Per Owa Fruit.

She had a fancy for peaches in the old "pound for pound" way, just as her mother used to do them. And she used her mother's old fashioned preserving kettle. The kettle upset and sent its scalding contents over the unhappy lady's feet, as she stood before the kitchen fire. They put her to bed and treated the scalded parts with Perry Davis's Pain Killer, the sovereign remedy for burns, scalds and blisters. In two or three days she was well.

Balsan, the French diver, who went to Buffalo, N. Y., to swim in the Niagara rapids, is now reported by his friends to have fully decided to make the attempt. He says he is under a wager of 50,000 francs, made in Paris after Webb's death, and is not his own backer, but comes under the agreement of a nobleman's wager.

Dr. W. D. Ewin, Keyser, W. Va., says: "Many esteem Brown's Iron Bitters as an excellent tonic."

A portable sawmill owned by Irwin & West exploded near Georgetown, Ohio, Aug. 29th, killing Newton Irwin, George Morehead and Joseph West. Richard Steele was dreadfully scalded. The explosion was caused by using muddy water in the boiler.

Positive Cure for Piles.

At Atlanta, Ga., Aug. 29th, Officer Green killed a colored burglar, Frank Bures, whom he had under arrest. The officer had succeeded in getting his prisoner almost into the caboose when Bures drew a knife and made a lunge at the officer, who fired in self-defence and with fatal effect.

There is a constant effort on the part of that grim monster "Disease" to become master of mortal man. Only a careful observance of natural laws can render his efforts unavailing. Yet too often injudicious excesses, sudden changes, too great exposure, improper food or other abuses of nature open the gateway and Disease gains a victory. Sometimes its mastery is so complete that Nature of herself can never effect a dislodgment. In such instances reinforce nature with a judicious use of Brown's Iron Bitters and we guarantee, in a short time, all disease will be vanished.

The court martial which has been trying Egyptian soldiers who participated in the massacres in Alexandria last year, has sentenced thirteen culprits charged with having organized the massacres to be hanged opposite the police station, and two to fourteen and six to five years penal servitude.

If any invalid or sick person has the least doubt of the power and efficacy of Hop Bitters to cure them, they can find cases exactly like their own, in their own neighborhood, with proof positive that they can be easily and permanently cured at a trifling cost—or ask your druggist or physician.

Good Works for the Press Gang.

In Mr. Harry Edwards' admirable entertainment at the Hotel Wentworth, Wednesday evening, the 29th ult., he made a striking allusion to the great advance of newspaper literature over that of the past: "From being the bare chronicle of deaths and marriages, the arrival and departure of ships, the notice of sale and barter and of political doings, it has become the epitome of the world's wisdom, the history of the world for one day, the repository of men's best thoughts, the cabinet in which are contained the brightest jewels of the human mind, the crystallized efforts of genius and of power. It is hard, if not impossible, to set a limit to its influence, and perhaps the somewhat sweeping dictum of a recent writer that it would be better that every book now existing should perish from the earth rather than the newspaper be destroyed' has in it something of truth." He paid a high tribute to the fidelity of the toilers of the press, restless and untiring in their avocation, full of energy in the acquisition and extension of thought, bound by circumstances to a somewhat dull path of routine and duty, but turning aside from it to pluck perchance a flower growing by the way, and presenting it freshly for us to enjoy its fragrance and its beauty. Following out this thought, he selected some of the rarest gems ever presented to an audience, all of which were first published in newspaper columns, and were publicly read for the first time by Mr. Edwards on this occasion.

A despatch of Aug. 31st from St. John's, Newfoundland, reports a great storm on the Grand banks on Sunday, the 26th; it came from the eastward when hundreds of dories were tending trawls, and many were lost. A French schooner lost four dories and their crews; and the total loss of life is placed at eighty. Many dories were swept from the schooners' decks.

Ex-Congressman Urner of Maryland is confident the republicans will elect their state ticket this fall, owing to a probability of the Hamilton wing of the democracy joining issues with the republicans to defeat the opposite faction.

The steamer Sirius made a trip from Boston to this city on Friday last, having omitted her trips for the previous two days on account of the heavy sea running.

Willie Beckwith, who with his sister recently gave daily exhibitions of swimming at Commercial wharf in this city, on Thursday evening last swam a match with Prof. Thomas Riley in Boston harbor, for a purse of $500. Beckwith won with ease.

The Dover *Democrat* of last Thursday says: "The muster at Portsmouth causes a great falling off in the number of street loafers. They are taking a vacation."

Samuel Blatchford, while "fooling" with a friend on Water street the first of this week, had both bones of his right fore-arm broken.

Hon. C. E. Rymes came in from the Oceanic hotel at the Shoals this week, and proceeded to his home in Somerville, Mass.

Mr. Samuel G. Hooper, for many years well known as a prominent merchant on Water street, remains quite unwell at his residence on South street.

A yacht race was arranged to come off at Old Orchard on Friday, the 31st ult., for prizes aggregating $400. Among the entries was the sloop Nemo, of Kittery, Capt. Samuel H. Pillsbury.

Some time ago, in North Berwick, Mr. Robert Quint and wife were thrown from their carriage through a dog jumping up and catching the horse by the head. Recently Mr. Amos L. Prescott, the owner of the dog, paid Mr. Quint $300 in settlement of damages.

Mr. John I. Lamprey of Hampton, who was committed to our jail a short time ago was brought before Judge Allen on a writ of habeas corpus and discharged on account of the want of jurisdiction of the Exeter court in which he was tried, there being a police court in Hampton, where the offence is alleged to have been committed.—*Times.*

The steamer Startled Fawn, on her return from the eastward, whither she had been as a tender to Gov. Butler's yacht America, made the run from Whitehead, Me., to this port, a distance of 110 miles, in seven hours, on Thursday last,—an average of over fifteen miles an hour.

MEDICAL.

If it were possible to get the testimony of the multitude who have used HOOD'S SARSAPARILLA for debility, languor, lassitude, and that general feeling of stupidity, weariness and exhaustion which every one feels during this season, we should be able to present to our readers such an overwhelming mass of commendatory passages, that the few who have not tried it would do so at once. It is a positive fact, and has been so effectually demonstrated that no one to-day denies it, that Hood's Sarsaparilla contains more real medical value than any article before the people.

What a Man Did with Kidney Complaint

DRACUT, MASS.
MESSRS. C. I. HOOD & CO., Lowell, Mass.:
Dear Sirs—I have suffered from kidney complaint and biliousness for fifteen years. Have tried everything and never got any good. Last January, before I commenced taking HOOD'S SARSAPARILLA, everything I ate bloated me all up, pain in my chest and arms, headache and dizzy. I could not get up without feeling weary and all fagged out. Many mornings I was obliged to lie down on the lounge. To do any work seemed almost impossible. Have taken two bottles. The backache, dizziness, pain in my chest and arms, and that feeling of intense weariness are all gone. I can eat anything and it does not press me at all. Feel just like work; in fact, like a new man. Can heartily recommend HOOD'S SARSAPARILLA, and hope all who desire to know anything about it will come to me and ask what I think of it. Very truly yours,
JONATHAN J. COBURN.

THE *Admiration* OF THE WORLD.

Mrs. S. A. Allen's WORLD'S *Hair Restorer* IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

NOTES ON THE MUSTER.

The number of visiting engines and companies at the late muster was much below the attendance in 1871, when there were over seventy fire-extinguishing organizations in the procession, a large proportion of them being accompanied by their machines, there being thirty steamers in the line; and there were thirty-nine bands and drum corps. In the procession of the 29th ult. there were about twenty out-of-town fire organizations represented, with eight steamers, one horse-power engine and two hand engines.

There were no finer appearing companies in the procession than those of the Portsmouth department. Another company that won special commendations from the spectators was the Torrent of Nashua; their engine isn't much of a beauty to look at, but can do good work, as the record of the test playing proved.

The pair of dapple-grey horses belonging to the Eldredge Brewing Co. attracted much attention and admiration in the procession, drawing engine No. 4 of this city. They came from Pennsylvania, are four years old, and weigh together 2900 lbs. Their forelocks, manes and tails were braided up with ribbons in a most gorgeous style.

Another object of interest in the procession was the big and highly respectable dog who sedately marched over the entire route with Moses H. Goodrich Engine Co., wearing a blanket bearing the engine's name.

The Dover engine company had a band consisting of one man. He was rather a little fellow, but made a tremendous racket on a tenor drum which he carried, seemed to be absolutely tireless, and marked perfect time; we haven't heard such drumming for a good while. Lucky he wasn't any bigger; if he had been six feet high he'd have drowned all the bands in the procession. It was said he was the drummer of the Dover cornet band.

Maine fire companies made a good showing in the competitive trials, carrying off the first prizes for steamers and hand engines. The Portland Cadets also carried off a prize—a handsome ice-water service for the best drilled military company competing for the same.

The Triumph hand engine, of Berwick, Me., which won the prize in that class by throwing water about 194 feet, in a contest at Saco, Me., six years ago, played a distance of 218 ft. 6 in.; and at Lewiston, Me., played 216 feet.

The judges at the steamer contest were Mr. Edwin C. Nealley of Kittery, who looked after the pressure of steam, etc.; Mr. Frank Neal of Iowa, formerly of Kittery; and Mr. Henry W. Taylor of Kittery, superintendent of steam fire engines on the navy yard, Messrs. Neal and Taylor taking their stations to look after the streams played. All three are practical men, and performed their duties effectively and satisfactorily.

Four two-horse barges came down from Lynn, Mass., on a freight train, the Monday night preceding the muster, and were run all through it; they apparently did a good business on Tuesday and Wednesday.

The old north mill had more tenants during the muster than it had had for a long time before, or probably will ever have again, ninety men being quartered in it—the Triumph engine company of Berwick, Me., sixty uniformed men, and thirty honorary members. Residents in that immediate vicinity say the company behaved in a manner to reflect credit upon themselves and the town they hail from. Their engine was stored in Capt. J. G. Moses' stable.

The outward-bound trains on the Eastern railroad, Thursday afternoon and evening, were all considerably delayed in starting, in consequence of the crowds desiring transportation.

The Spring market has resumed its former quietude since the departure of the firemen. One hundred and seventy-five men were catered for there by George E. Atkins & Son, who had contracted to provide for 125; they were a good humored and orderly set, and not the slightest unpleasantness occurred. The last to leave was the victorious Triumph company, of Berwick, which departed Thursday afternoon. Mr. Atkins made a brief address, thanking them for their agreeable visit; the company responded with three cheers, and moved off in the best humor to the music of the drum and fife band.

On the evening of the second day of the muster the Haverhill band serenaded Mayor Treat at his residence, and were hospitably received by his honor. On the afternoon of the third day the South Berwick band paid a complimentary visit to Alderman Sampson, chairman of the muster committee, and performed several selections.

Of the fire companies taking part in the muster the last to leave in a body was the Phenix Hose Co. of Keene, victors in the hose-running contest on Thursday. This company, composed of smart looking young men dressed in a neat uniform of dark blue, went away via the Concord & Portsmouth railroad on Friday morning.

The muster committee request us to say that any one having bills against the committee must present them at once, or they will not be paid.

THE WILBUR OPERA CO.

Billee Taylor was given in an unusually efficient manner last evening at the Opera House, before an audience of good numbers, considering the intense heat. The music was attractively sung, the acting was spirited and pleasing, and the costumes exceedingly tasteful and handsome. It was, perhaps, the most satisfactory rendition the favorite opera has ever received in Manchester.

The above is what the Manchester *Union* said of the entertainment given in that city some time since. It will be seen by an advertisement elsewhere that the company will appear in Music hall on Monday evening, September 3d.

BOAT RACING.

The most closely-contested of the boat-races on the 30th inst. was that between the two boats which took the prizes in the six-oared race—a seine-boat owned by Michael Ryan and manned by Sherman T. Newton, Oscar Johnson, Irvin Burke, Herman Clark, Frank Allen and Alvin Clark, oarsmen, with James Hennessey as coxswain, which took the first prize, and a man-of-war's gig pulled by six seamen of the navy. The race between these two boats was sharp, up to the finish; and a whale-boat from the U. S. S. Portsmouth was a good third through most of the race, though she ceased pulling when success became hopeless. The fishermen had intended to use a light and very fast seine-boat now at Lunging island, Isles of Shoals, but owing to the heavy sea could not reach her.

A second race between the two winning boats was arranged for Friday, a purse of $140 being made up and placed in the hands of Capt. Edward Jameson; an officer of the Portsmouth, and Mr. George E. French, acting as judges. The fishermen's crew in this race was composed of Alexander Jameson, James Hall, Herman Clark, Jerry Cummings, Daniel Falvey and John Ready, with James Hennessey coxswain, as before. The time made is not given, but it was quicker than on the previous day, the seine-boat again winning, by about the same distance as in the other race. The fishermen's crew would have preferred a five-mile course to one of two miles, long pulls being of frequent occurrence in their daily avocation.

It was reported that the winners would invite the United States seamen to a supper on Saturday evening, provided the consent of their officers was given.

CARD OF THANKS.

Kearsarge Engine Co., No. 3, desire to publicly express their thanks to Hon. Frank Jones for the use of a pair of his horses on the day of the firemen's procession.

A CARD.

PORTSMOUTH, N. H., Aug. 31st.

The undersigned takes this method of expressing to the officers and members of Engine Companies William R. Lee of Marblehead, Mass., Veteran of Marlboro', Mass., Triumph of Berwick, Me., and Safeguard of Kennebunk, Me., his appreciation of their gentlemanly bearing toward him and his employes at the Spring Market restaurant during the New England Firemen's Muster; and also to return his thanks to the Muster Committee for the favors shown.

GEORGE H. ATKINS.

Mr. Alexander McCourt, the head waiter at Hotel Wentworth, was one evening this week presented with a handsome gold-headed cane by the table girls, the presentation being made by Mr. Flagg F. Grant, the steward of the hotel.

Mr. William L. Libby, proprietor of the New England Glass works at Cambridge, Mass., died at his residence at West Newton, Thursday morning, Aug. 30th, from inflammation of the bowels. He was fifty-seven years of age, and a worthy member of the Methodist church. He was for many years at the head of the glass works at New Bedford. He leaves a wife, who is at present on a visit to the British provinces, a son who is connected with him in business, and several other children. He was born in this city, being a son of the late David Libby.

The Government Chemist Analyzes two of the Leading Baking Powders, and what he finds them made of.

I have examined samples of "Cleveland's Superior Baking Powder" and "Royal Baking Powder," purchased by myself in this city, and I find they contain:

"Cleveland's Superior Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Flour.

Available carbonic acid gas 12.61 per cent, equivalent to 118.2 cubic inches of gas per oz. of Powder.

"Royal Baking Powder."
Cream of Tartar,
Bicarbonate of Soda,
Carbonate of Ammonia,
Tartaric Acid,
Starch.

Available carbonic acid gas 12.40 per cent, equivalent to 116.2 cubic inches of gas per oz. of Powder.

Ammonia gas 0.43 per cent, equivalent to 10.4 cubic inches per oz. of Powder.

NOTE.—The Tartaric acid was doubtless introduced as free acid, but subsequently combined with ammonia, and exists in the Powder as a Tartrate of Ammonia. E. G. LOVE, Ph. D.
NEW YORK, Jan'y 17th, 1881.

The above shows conclusively that "Cleveland's Superior" is a strictly pure Cream of Tartar Baking Powder. It has also been analyzed by Professor Johnson of Yale College; Dr. Genth of the University of Pennsylvania; President Morton of the Stevens Institute; Wm. M. Habirshaw, F. C. S., Analyst for the Chemical Trade of New York, and other eminent chemists, all of whom pronounce it absolutely pure and healthful.

MANHOOD

KNOW THYSELF.

A Book for Every Man!
Young, Middle-aged and Old.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt their ability should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE, OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, and more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

SKIN HUMORS

Wonderful Cure of a Lad 12 years old, who for 8 years, from the top of his head to his ankles, was One Mass of Scabs.

MY SON, a lad twelve years of age, was afflicted with the worst form of Eczema for a period of eight years. So virulent was it that from the top of his head to within a few inches of his ankles he was one mass of scabs, which refused to yield to any treatment that was attempted. Every remedy that was suggested by friends or physicians was tried in vain. Allopathy, homœopathy, herbs, roots, salt-water baths, flaxseed poultices, soaps, ointments, and in short everything that could be done to eradicate the disorder seemed only to aggravate it, and the child's life became a burden to him, and the expense of the various experiments was a constant drain upon our resources.

My wife, reading the advertisement of the CUTICURA REMEDIES in one of the daily papers, received a bottle of CUTICURA and a cake of Cuticura Soap. (The disease was now encroaching upon his face, and seemed incurable.) I gave a reluctant consent to the proposal, and an interview was sought with a famous lady physician of New York, who made a most thorough examination of the case, and promised a cure without the least hesitation by the use of your CUTICURA REMEDIES. In ONE WEEK there was no sign of change; the raw and angry sores began to grow pale and at the outer edges scaled off, and at time were on the point of disappearing entirely, until at the present writing the only vestage is one small spot upon the forearm, scarcely visible and fast disappearing.

Thus after eight years of expense and anxiety, we have the intense satisfaction of seeing the child's skin as fair and smooth as it was before this dreadful cutaneous disorder attacked him.

Sincerely yours,
CHAS. LAYRE HINKLE.

Consumption.

To prevent night sweats, to ease the cough and arrest emaciation and decline, no other form of malt or medicine can possibly equal Malt Bitters. This original Nutrient and Tonic is rich in nourishment and strength. It tides the patient over the most critical stages of the disease, digests and assimilates food, enriches and purifies the blood. It builds up the system by stimulating into new life the entire process of digestion.

The High School Cadets returned from Portsmouth on the noon train yesterday, well pleased with their visit. They speak in enthusiastic terms of the Portsmouth cavalry, whose guests they were while in that city. The Portsmouth boys showed them every attention, and were untiring in their efforts to entertain them. The Cadets brought back with them the prize which was offered for a competitive drill. No company entered against the Portland boys, so they went through the drill in a perfect manner and were awarded the prize. This consists of an elegant silver ice pitcher, goblets and bowl, valued at $75.—*Portland Press.*

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellowish-brown spots on face or body, frequent headache or dizziness, bad taste in the mouth, internal heat or chills alternated with hot flushes, low spirits and gloomy forebodings, irregular appetite, and tongue coated, you are suffering from "torpid liver" or biliousness." In many cases of "liver complaint" only part of a these symptoms are experienced. As remedy for all such cases Dr. Pierce's "Golden Medical Discovery" has no equal as it effects perfect and radical cures. At all drug stores.

Tuesday afternoon of last week the house and barn belonging to L. Cousins, of South Buxton, took fire from a spark from the chimney falling on the roof of the house. The furniture was saved, but the hay in the barn was consumed. The barn was built last year, a previous one on the same site having been burned a year ago. The house was a story and a half structure. There was an insurance of $1,000 on the entire property.

Catarrh.

The remarkable results in a disease so universal and with such a variety of characteristics as catarrh, prove how effectually Hood's Sarsaparilla, acting through the blood, reaches every part of the human system. A medicine, like anything else, can be fairly judged only by its results. We point with pride to the glorious record Hood's Sarsaparilla has entered upon the hearts of thousands of people it has cured of catarrh.

A family of assisted emigrants, consisting of husband, wife and three children, which had been sent from Ireland to Canada, applied for relief last Friday at Castle Garden, N. Y. They were placed on board the Ethiopia, which sailed Saturday for Londonderry, Ireland.

When you feel yourself gradually breaking down don't wait until you have taken to your bed. While you are still able to be up and about fight the grim monster disease by the use of proper restoratives. The best remedy for malaria, indigestion, weak kidneys, constant fatigue, fits of dizziness, heart disease, short breath and other complications of a disordered system is Brown's Iron Bitters. Its magic influence in conquering disease of an exhaustive nature is most astonishing.

PROPOSALS FOR PURCHASE OF VESSELS.

NAVY DEPARTMENT, WASHINGTON, June 21, 1883.

In accordance with the provisions of the 5th section of the act of Congress making appropriations to supply deficiencies approved March 3, 1883, sealed proposals will be received at the Navy Department until noon on Monday, September 24, 1883, at which time and place they will be opened, for the purchase of certain vessels which have been stricken from the Navy Register, under authority of an act of Congress approved August 5, 1882, and which the department deems the best interests of the United States to sell.

The vessels offered, their appraised value and their locality, are, the Congress, $23,400; Guard, $2,800; Kansas, $6,100; and Sabine, $10,400; at Portsmouth, N. H., Iowa, $44,600; Niagara, $9,000; and Ohio, $75,700, at Boston. Blue Light, $500, and Florida, $64,400, at New London, Conn. New Orleans, $200, (on the stocks), at Sackett's Harbor, N. Y. Susquehanna, $9,000 at New York. Burlington, $3,000; Glance, $400; Supply, $1,200; Sorrel, $200, and Dispatch, $33,800; at League Island, Pa. Frolic, $8,500; and Relief, $2,600, at Washington, D. C. Worcester, $25,400; Shawmut, $1,300, and Savannah, $4,600 at Norfolk. Roanoke, $37,300, at Chester, Pa. Pawnee, $5,800, and Seaweed, $500, at Port Royal, S. C.

Proposals must be submitted in a sealed envelope, addressed to the Secretary of the Navy, Washington, D. C., and endorsed "proposals for the purchase of vessels," so as to distinguish them from other communications. No offer for more than one vessel should be included within one proposal.

The vessels will be sold, for cash, to the person or persons, or corporation or corporations, offering the highest price therefor above the appraised value thereof. Each bid or proposal must be accompanied by a deposit in cash (or satisfactory certified check) of not less than ten per cent. of the amount of the offer or proposal, and also a bond with a penal sum equal to the whole amount of the offer, with two or more sureties, to be approved by the Secretary of the Navy, conditioned for the payment of the remaining ninety per cent. of the amount of such offer or proposal within thirty days from the date of its acceptance. In case default is made in the payment of the remaining ninety per cents., or any part thereof, within that time, said cash deposit of ten per cent. shall be considered as forfeited to the Government, and shall be applied as directed in the act of March 3, 1883. All deposits and bonds of bidders, whose proposals shall not be accepted, will be returned to them within seven days after the opening of the proposals.

On application to the Department, a printed list will be furnished, giving general information concerning the vessels, also forms of bids and bonds which must be used by bidders. The vessels can be examined at any time by applying to the Commandants of the Yards.

The purchasers must remove the vessels purchased from the limits of the Yards or Stations within such reasonable time as may be fixed by the Department.

MRS. C. W. CHAMBERLIN

State and Ark Sts., Springfield, Mass.—

Her Good, Kind Words will do Much for the Afflicted.

Mrs. Chamberlin is the wife of C. W. Chamberlin, an employee in the United States Armory in Springfield, Mass. She says: "Every Spring I have been, for some time past, more or less troubled with nervous debility and weakness. Some years I've been completely run down. My physician has recommended various strengthening and blood medicines, but I never received any permanent benefit until I tried Dr. Kennedy's FAVORITE REMEDY. It was recommended to me by Mrs. Newcombe, on State St. I think it a wonderful medicine to give one strength and enliven a person. I have recommended it to family after family among my acquaintances in Springfield, Mass., and FAVORITE REMEDY has done a great deal of good wherever it has been placed. I have a sister, Mrs. Harmon, 29 Tremont St., Lowell, Mass., who was troubled with nervous weakness and loss of strength and appetite, but by using Dr. Kennedy's FAVORITE REMEDY her health was completely restored. I consider it an excellent medicine. Dr. Kennedy's FAVORITE REMEDY is used extensively among the Armory men here."

No, Sir!

A Scotch minister once said no woman could bear pain as well as man. That is not so. The fact is generally the other way. Mrs. Edward Meyers of Rondout, N. Y., submitted to the operation of the removal of her hand by amputation, without taking ether, or moving a muscle or uttering a groan. Dr. Kennedy, also of Rondout, N. Y., who performed the operation, said he never saw such heroism. The lady's disease was erysipelas, and afterward the doctor gave his FAVORITE REMEDY to cleanse the blood. Mrs. Meyers is now well and strong.

TO THE PUBLIC !

Investigate for Yourselves!

Postmaster General Gresham having published a grossly unjust statement in regard to the character of The Louisiana State Lottery Company, the following facts are given to the public to prove his statement, that we are engaged in a fraudulent business, to be false and untrue:

Amount of prizes paid by The Louisiana State Lottery Company from January 1, 1879, to present date:

Paid to Southern Express Co., New Orleans, J. M. Wescout, Manager	$1,366,300
Paid to Louisiana National Bank, Jos. H. Oglesby, President	463,900
Paid to Louisiana National Bank, S. H. Kennedy, President	82,100
Paid to New Orleans National Bank, A. Baldwin, President	88,550
Paid to Union National Bank, S. Charlaron, Cashier	64,450
Paid to Citizens' Bank, E. L. Carriere, President	57,900
Paid to Germania National Bank, Jules Casseard, President	30,000
Paid to Hibernia National Bank, Chas. Paitrey, Cashier	37,000
Paid to Canal Bank, Ed. Toby, Cashier	14,150
Paid to Mutual National Bank, Jos. Mitchel, Cashier	8,300
Total paid as above	$2,253,650
Paid in sums of under $1,000 at the various offices of the Company throughout the United States	2,027,410
Total paid by all	$4,881,060

For the truth of the above facts we refer the public to the officers of the above-named corporations, and for our integrity and standing to the Mayor and Officers of the City of New Orleans, to the State authorities of Louisiana, and also to the U. S. Officials of Louisiana. We claim to be legal, honest and correct in all our transactions, as much so as any business in the country. Our standing is conceded by all who will investigate, and our stock has for years been sold at our Board of Brokers, and owned by many of our best known and respected citizens.

Popular Monthly Drawing of the

COMMONWEALTH DISTRIBUTION CO.

In the city of Louisville, on

FRIDAY, AUGUST 31st, 1883.

These drawings occur on the last day of each month (Sundays excepted). Repeated adjudication by Federal and State Courts have placed this company beyond the controversy of the law. To this company belongs the sole honor of having inaugurated the only plan by which their drawings are proven honest and fair beyond question.

N. B.—The Company has now on hand a large capital and reserve fund. Read carefully the list of prizes for the

His First Day at Saratoga.

Saratoga was a new idea to him. It was so jolly to go from spring to spring and take a drink of the water of each. No two of the springs tasted alike. There are about forty springs at Saratoga. After tasting nearly half of these, he began to have a queer feeling inside him. After spending most of the day in this way, he went to bed. It seemed as if all the water-works of the lower regions were raising a riot within him. After several hours of agony, he thought of Perry Davis's Pain Killer. It gave him relief and comfort, and charmed him to sleep.

The fall term of Dartmouth college opened Thursday. The size of the new classes will be about as follows: Dartmouth college, seventy; Chandler scientific department, twenty-five; New Hampshire college of agriculture and mechanic arts, fifteen.

For Medical and Domestic

Use, a pure Whiskey is often required. Ask for the G. O. Taylor Old Bourbon. It is a standard article. Druggists and Grocers have it. Chester H. Graves & Sons bottle it.

Rev. Cyrus Richardson was installed as pastor of the First Congregational church of Nashua last Thursday afternoon. Rev. George B. Spalding of Manchester preached the sermon; the charge to the pastor was delivered by Rev. E. H. Abbott, and an address to the public by Rev. E. K. Greeley. There was a large attendance of pastors.

Dr. John B. Sawyers, Iuka, Miss., says: "Browns Iron Bitters give general satisfaction."

While the Pinafore, a small excursion boat was making her last trip from Weirs to Lake Village, Friday night, she collided in Weirs channel with the Minnecola, and had a hole stove in her side. Both boats were crowded, but nobody was hurt.

Hay Fever.

For Hay Fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. Collyer, Clerk, 118 Broad street, Elizabeth, N. J.

My brother Myron and myself were both cured to all appearance of catarrh and hay fever last July and August. Up to this date, Dec. 28, neither have had any return of these troubles. Ely's Cream Balm was the medicine used. Gabriel Ferris, Spencer, N. Y.

Another Telegraph Co.

A new corporation has been formed under the general laws of the state of New York, the object of which is to be the construction and operation of independent telegraph and cable lines in the United States and Canada, and across the Atlantic. The company is one of the outgrowths of the recent telegraphers' strike, and will be an organization in which the rights of both capital and labor are to be recognized and conserved. The movement is backed by solid capitalists, and the bonds will be subscribed for as soon as issued. Every officer and employe of the company will hold stock. The corporators named in the document are Eugene J. O'Connor, Charles E Chute and Thomas W. Green, all of Boston. It is alleged that the selling out of the company to any other is so carefully guarded against as to be practically impossible--but we have heard just such talk as this before, when new telegraph schemes were broached.

The Mackerel Fishery.

Capt. David Plumer, of the ship Henry S. Sanford, at New York from Bath, reports passing through large schools of mackerel Aug. 23d in latitude 40 24, longitude 67 40, on the edge of the Gulf Stream.

The vessels arriving from the bay of St. Lawrence report a good catch, and several have returned for a second trip, there being but little news of an encouraging character from the large fleet employed upon the American shore. August is usually a good month, and was looked to to redeem the ill success early in the season, but the hopes have not been realized. For the remainder of the season the mackerel fishery is attended with considerable uncertainty, but with good weather it is possible to make considerable addition to the stock within the next six or eight weeks, not, however, to bring the supply up to the usual amount, or the quantity demanded by the trade.

The total receipts at Gloucester, Mass., this season, have been about 48,000 barrels, against 128,000 barrels in round numbers for the same period last year, and 81,000 barrels the year before. Last year the fall fishery was poor, the Gloucester mackerel catch after Sept. 1st. being 42,000 barrels; but in 1881 the fleet were more fortunate, taking 72,000 barrels after Sept 1st. Even should the like good luck await the fleet the coming two months, the Gloucester catch will be some 50,000 barrels behind last year's, and it is probable that there will be no marked decline in prices, which are much higher than usual at this time of year.

The schooner Lucy Devlin of Swampscot, Mass., caught 120 barrels of mackerel off Eastern point, on the afternoon of Aug. 31st, and sold them to Gloucester Canning Co.

The public schools open to-day.

The Wilbur Opera Co. will present the comic opera "Billee Taylor" to-morrow (Tuesday) evening, Sept, 4th, instead of this evening, as an error in the advertisement as at first printed stated.

The trench in which is to be laid the gas main from the Jones brewery to the Rockingham house, has been dug as far down as Cabot street.

Vacation is over for the pupils of the public schools, and now the parents will take a little rest. Anything wanted in the shape of school books and school stationery can be found at the new bookstore of O. M. Knight, in Mechanics' block.

The steamer Sirius took 400 passengers to Boston from this city on Saturday. On Wednesday, the 29th ult., when she did not arrive here, she had on board a military company, two hose companies and a hand-engine company, on their way to the muster.

Five thousand people were in attendance at the Hedding camp grounds, at Epping, last Thursday. The morning sermon was preached by Rev. Mr. Eakins of Rochester, and the afternoon sermon was preached by Dr. Chapman of New York. The meeting closed on Friday.

Col. Charles G. McCawley, commandant of the marine corps, paid an official visit to the navy yard last Saturday forenoon, and received a salute of eleven guns.

The dry dock at the navy yard had its fresh-water tanks filled on Saturday, and was hauled out to the piers to be in readiness to take up the U. S. S. Marion on Monday.

The U. S. S. Portsmouth is to sail today.

The funeral of Emma Gould, Kittie Safford and Greenough Thayer, who were drowned at Ogunquit, occurred at Andover, Mass., on Friday forenoon last. The services were held in the Seminary chapel, after which the remains were conveyed to Forest Hill and Mt. Auburn cemeteries, Miss Gould being interred at the former place. The body of Eddie Little, the last of the victims of the drowning disaster, was found on the evening of Friday near where the other three bodies were washed ashore. It was badly decomposed, and was taken to Andover on Saturday, for burial.

The steamer General Bartlett, of Haverhill, Mass., running on charter this summer in the Saco river as an excursion boat, and which was in this harbor on Wednesday afternoon of last week with an excursion party from the eastward, met with an accident late on Friday evening, striking a rock at the mouth of the Saco river and knocking a hole in her bottom, when on the return to Saco from Old Orchard with a Portland party. She was hauled off the rocks by another steamer, but made water so fast that she was run ashore on the bank, where she filled. It was expected she would be pumped out on Saturday.

Mr. Elvin Newton came in from the Lunging island fishing station, Isles of Shoals, Monday of last week, on a visit to his home. He reports small mackerel plentiful, but large ones very scarce. During the ten days previous to his coming in he supplied twenty-two vessels with bait.

It is reported that the wife of Rev. J. E. Robins, pastor of the Methodist Episcopal church in this city, is seriously ill at Weirs.

During the three days of the firemen's muster the steamer Mystic transported across the river 3927 passengers, exclusive of her monthly patrons and children. On Wednesday, the day of the procession, she had 1867 paying passengers.

An exchange informs us that "Rev. C. R. Crossett, who has been the pastor of the Advent church and society in Manchester, has resigned, and accepted a call to Portsmouth."

The steamer Appledore took to the Shoals on Sunday an excursion party consisting of conductors, engineers, station masters and other employes of the Eastern railroad, with ladies, to the number of 300 or more, returning with them in the afternoon. The steamer Mystic made her usual Sunday trip to the islands with the mail and Sunday papers—probably the last trip of the kind she will make this season. The steamer Gypsey was also at Appledore with a small party from the Hotel Wentworth.

Nervousness, Nervous Debility, Neuralgia, Nervous Shock, St. Vitus Dance, Prostration, and all diseases of Nerve Generative Organs, are all permanently and radically cured by Allen's Brain Food, the great botanical remedy. $1 pkg., 6 for $5.—At druggists.

MALARIA positively cured with **Emory's Standard Cure Pills**, a never failing remedy; purely vegetable, contain no quinine, sugar coated.—25 cents.

The Richard Vines engine company, of Biddeford, Me., were received in that city on the arrival of the Pullman train from Portsmouth last Thursday night, by a large party of firemen and friends, with a drum corps, and escorted to their engine house, where a collation had been prepared. The fire department of Keene turned out with full ranks and a band, accompanied by many ex-firemen, on Friday, to receive the victorious Phenix hose company.

Two pairs of Dover men who drove to this city on Wednesday of last week to witness the festivities of the firemen's muster, met with mishaps to their teams in Newington on the way home. Dennis Kennedy and P. Coskor, Jr., driving a team belonging to M. R. Kennedy, while going at a rapid rate collided with a telegraph pole and were thrown out; the men and horse were unharmed, but the carriage, valued at $250, was a total wreck. Samuel C. Fisher, driving a span of fine horses and accompanied by Jerry Kingman, Esq., of Wyoming, was run away with about half a mile from the Dover point bridge; both men were thrown out of the carriage, and Mr. Kingman had an ankle sprained; one wheel of the carriage was demolished.

Mr. Lemuel B. Caswell, who keeps the hotel on Smuttynose island at the Shoals, has been spending a few days at his home in this city, but will soon go out again. He reports a moderately successful season.

Jessie Town, who was seriously injured by a carriage accident a few days ago, died of her injuries, Friday, in Stowe, Vermont.

MARRIED.

MEDICAL.

If it were possible

to get the testimony of the multitude who have used HOOD'S SARSAPARILLA for debility, languor, lassitude, and that general feeling of stupidity, weariness and exhaustion which every one feels during this season, we should be able to present to our readers such an overwhelming mass of commendatory messages, that the few who have not tried it would do so at once. It is a positive fact, and has been so effectually demonstrated that no one to-day denies it, that Hood's Sarsaparilla contains more real medicinal value than any article before the people.

What a Man Did with Kidney Complaint

DRACUT, MASS.

MESSRS. C. I. HOOD & CO., Lowell, Mass.:

Dear Sirs—I have suffered from kidney complaint and biliousness for fifteen years. Have tried everything and never got any good. Last January, before I commenced taking HOOD'S SARSAPARILLA, everything I ate bloated me all up, pain in my chest and arms, headache and dizzy. I could not get up without feeling weary and all fagged out. Many mornings I was obliged to lie down on the lounge. To do any work seemed almost impossible. Have taken two bottles. The backache, dizziness, pain in my chest and arms, and that feeling of intense weariness are all gone. I can eat anything and it does not press me at all. Feel just like work; in fact, like a new man. Can heartily recommend HOOD'S SARSAPARILLA, and hope all who desire to know anything about it will come to me and ask what I think of it. Very truly yours,

JONATHAN J. COBURN.

THE Admiration OF THE WORLD.

Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quality as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

SUPREME COURT.

At the adjourned term of this court held in Concord last week, the following cases on the Rockingham docket were disposed of:

E. F. Sise & Co. v. County of Rockingham Appeal from civil docket of police court, upon a question of how many pounds of coal per ton were to be delivered under certain proposals for supplies advertised by the commissioners. The commissioners in one part of their advertisement mentioned 2240 lbs. as a ton; in another part the number of pounds was not stated. The police court gave judgment in favor of Sise & Co., and on appeal the case was tried by the chief justice, who gave a verdict for the county, and the full bench now sustain the verdict. Page for Sise & Co.; Hatch: Bartlett for the county.

Dunbar & Co. v. John W. Locke. Claim for liquors sold. It was shown that Dunbar & Co. are dealers in Boston, but their agent or travelling salesman solicited the sale of their goods in Seabrook. At the January term a special verdict was taken for the plaintiffs. The court now holds that the soliciting a sale in this state, of liquors to be sold in violation of the laws of New Hampshire, is in itself such a violation of the spirit of the law that the courts cannot enforce a contract for the price of such liquors. The deft. cannot recover pay for the cider delivered in payment of pliff.'s bill. Page: Frink for pliff.; Marston & Eastman for deft.

John W. Wheeler vs. Traders Ins. Co.
Same v. Shawmut Ins. Co.
Same v. Hartford Fire Ins. Co.

These actions were entered at the April term, 1880. They were brought to recover upon certain policies of insurance against loss by fire of the pliff.'s factory in Salem in this county, payment being resisted on account of a clause in the policy prohibiting naphtha or benzine to be kept or used on the premises. This the pliff. contended was but an occasional use for cleansing purposes, but the court held to a literal construction of the terms of the policy, and ordered judgment for the defendants. [*Note.* It is stated that the companies at one time offered to pay Ex-Councillor Wheeler fifty per cent of his claims, which was declined. A suit against another company is now pending in the Circuit court of the United States. —*Rep.*] Motion for rehearing denied. Case discharged. Marston & Eastman: Frink for Wheeler; S. C. Eastman for the Ins. Companies.

Willis G. Mason v. George Bilbruck. The question here involved was whether a sale of certain land, etc., at the corner of Creek street and Boyd's road, which had been sold for taxes assessed thereon, was valid. The court determined that the tax sale was invalid. Bilbruck had purchased the property at an auction sale by the collector of taxes, and as the sale was found to be illegal there was ordered judgment for the defendant. The name of the occupant of the land should have been inserted in the advertisement of the sale, which in this instance did not state it, and the sale was not within the year after June 1st. Emery for pliff.; Page for deft.

Derry v. County of Rockingham. Opinion by Blodgett J. Pauper case. The valuation by selectmen is not conclusive. Evidence as to the value of property assessed may be received in such cases. Bartlett for town; Hatch for county.

Ayer v. Joseph How, executor of D. Messer. Probate appeal; dismissed. Bartlett: Wiggin & Fuller for appellant; Frink for appellee.

Tuck v. Nelson. The pliff., who is also administrator of his wife's estate, could not testify as a witness in his own behalf upon a claim against the estate, that certain shares of stock standing in his wife's name were his property and not that of the estate. Decree accordingly. Marston & Eastman for pliff., appellant; Wiggin & Fuller for appellee.
